The Why? of Another Victory Loan

WHEN, on the morning of November 11th, 1918, the guns were hushed and glad tidings flashed across the world, there followed with the Nation's Prayer of Thanksgiving, one yearning query, which found echo in the faster beating hearts of wives, mothers, fathers, brothers, sisters and sweethearts. That query was, "How soon will our boy be home?" And, from France and Flanders, from Italy and Egypt, from Palestine and from far-off Siberia, there came an answering echo, "How soon, how soon, may we go home?"

CANADA caught the spirit of these longings, and at once resolved to satisfy them. It was an appalling task. Shipping was tragically scarce. The composition of the Army of Occupation had not then been settled. And other parts of the Empire as well as Canada were looking for the speedy return of their men.

THE problem was this. The half-million men that Canada had overseas had taken more than four years to transport to the field of battle. To bring them home in a few months was a gigantic undertaking—one to tax all Canada's ingenuity and resources. Canada solved the problem, but it meant crowding into a few short months, an expense for demobilization which it was impossible to foresee.

THEN, too, besides the sentimental aspect of the necessity for bringing the men home quickly the economic side could not be overlooked. That was, to transform efficiently and speedily the nation's army of fighters into a national army of workers.

✦ ✦ ✦ ✦ ✦ ✦

Need Divides Itself in Two Parts The answer to the question "Why does Canada need another Victory Loan?" divides itself into two parts. (a) To finish paying the expenses of demobilization, and the obligations we still owe to our soldiers. (b) To provide national working capital.

Obligations to Soldiers The obligations to soldiers include:
That already incurred cost of bringing home troops from overseas.
The payment of all soldiers still undemobilized. This includes more than 20,000 sick and wounded who are still in hospital, and who of course remain on the Army payroll till discharged.
The upkeep of hospitals, and their medical and nursing staffs, until the need for them is ended.
These three items alone will use up at least $200,000,000 of the Victory Loan 1919.

Gratuities There is also the gratuity which has been authorized, and has been and is being paid to assist soldiers to tide over the period between discharge and their re-adjustment to civil life. For this purpose alone, $61,000,000 must be provided out of the Victory Loan 1919, in addition to the $59,000,000 already paid out of the proceeds of the Victory Loan 1918.

Land Settlement Furthermore, soldiers who desire to become farmers may, under the Soldiers' Land Settlement Act, be loaned money by Canada with which to purchase land, stock and implements. The money so advanced will be paid back; meantime each loan is secured by a first mortgage. Up to August 15th, 29,495 soldiers had applied for land under the terms of this Act; and 22,281 applications had been investigated, and the qualifications of the applicant approved. For this purpose Canada this year requires $24,000,000.

Vocational Training For this work which, with the Vocational Training and Soldiers' Service Departments, embraces the major activities of the Department of Soldiers' Civil Re-establishment, an appropriation of $57,000,000 is necessary.

These national expenditures are war expenses. They will be accepted readily by every citizen who gives thought to the task which Canada faced following the Armistice, and to the success with which she has met it.

National Working Capital Canada needs national working capital, so that she may be able to sell on credit to Great Britain and our Allies the products of our farms, forests, fisheries, mines and factories.

You may ask "Why sell to them if they can't pay cash?" The answer is, "Their orders are absolutely essential to the continuance of our agricultural and industrial prosperity."

The magnitude of these orders and the amount of employment thus created, will depend upon the success of the Victory Loan 1919.

The "Why" of Credit Loans Farmers and manufacturers (and that includes the workers on these orders) must be paid cash for their products. Therefore, Canada must borrow money from her citizens to give credit, temporarily, to Great Britain and our Allies. Actually, no money will pass out of Canada. If Canada does not give credit, other countries will; and they will get the trade, and have the employment that should be ours, to distribute amongst their workers. And remember, we absolutely need these orders to maintain employment. If we don't finance them business will feel the depression, employment will not be as plentiful, and conditions everywhere will be adversely affected.

For Transportation Money must also be available to carry on the nation's shipbuilding programme, and other transportation development work.
For loans to Provincial Housing Commissions who are building moderate priced houses.

These, then, are some of the things for which Canada needs national working capital. She is in the position of a great trading company, and her citizens who buy Victory Bonds are the shareholders.

Those who give thought to our outstanding obligations to soldiers, and to our need for national working capital, cannot fail to be impressed with the absolute necessity for the

LIGHT-WEIGHT CHAMPIONSHIP OF B.C. WILL BE DECIDED TONIGHT IN ILO ILO

TOMMY MOORE, Nanaimo, B.C.

Ex-Sergeant JIMMY CLARK,

A championship boxing contest will be staged in the Ilo Ilo Theatre, Cumberland, on Saturday, October 11th, when Jimmy Moore, of Nanaimo, will box 15 rounds for the championship of British Columbia, at 135 pounds, with ex-Serg. Jimmy Clark, for three years lightweight champion of the Canadian and Australian Forces, 1917-18-19. Tommy Moore was the lightweight champion of the Canadian Forces in England in 1915-16, and defended his title in that time by meeting all comers until he was called to France, and was there when Clark took the title in 1917, and has not been defeated since. Moore has been anxious to meet Clark since that time, but this is the first chance he has had.

The Cumberland promoter knows these boys and is aware of what they can do, and seized the opportunity of matching them. The Cumberland people have not had the chance to see such a match staged here before, and it looks as if the seating capacity of the Theatre will be taxed to the limit.

Anyone wishing to secure good seats can have same reserved from the following: F. Dallos, Waverley Hotel; McMillan, Cumberland Barber Shop.

MOUNTED POLICE OF NORTHWEST ARE HEROES IN THIS SERIAL

It is said and never disputed, that the Canadian Northwest Mounted Police never fail to get a man once they start after him, if the trail leads around the world. The reason why is strikingly shown in Vitagraph's latest adventure serial, "A fight for Millions" which will begin in the Ilo Ilo Theatre tonight. A troop starts after the outlaws in the first chapter and for fifteen thrilling, swift-moving episodes it is give and take, first one and then the other getting the upper hand, until the troopers finally win out. There are many battles with hard riding and quick shooting, all screened under the direction of William Duncan, who plays the leading male role, supported by Edith Johnson, Joe Ryan and other "Fighting Trail" favorites.

"EVERYBODY'S GIRL"

Caught on a burning pleasure boat with a girl whom he had met several weeks before in a park, and whom he had grown to love, a young millionaire saves her after she leaps into the water, and their romance comes to a happy ending. This is one of the highly dramatic scenes in "Everybody's Girl," the Vitagraph Blue Ribbon feature which will be seen at the Ilo Ilo Theatre tonight.

The present estimated value of the railways of Canada is two billion dollars. That does not include the street railways which are valued at one hundred and sixty millions. Canals are worth one hundred and twenty three millions; shipping, thirty-five millions; telegraphs, ten millions; and telephones, ninety-five millions. These utilities are a portion of the security of the security for the Victory Loan 1919. The estimates are made by Dr. P. H. Coats, Director of the Dominion Bureau of Statistics at Ottawa. He places the total of the National Wealth and Income of Canada at $19,002,788,-125.00.

CUMBERLAND CHORAL SOCIETY START PRACTICE

All persons interested in choral work are invited to attend a meeting to be held in the Methodist Church at 8 p.m., Sunday evening, October 12, to consider selections to be rendered during the coming season.

James M. Savage, of Victoria, general manager of the Canadian Collieries (Dunsmuir), Ltd., arrived on Tuesday.

THE CITY COUNCIL

The regular meeting of the City Council was held in the Council Chambers on September 29th, with a full board present, with the exception of Mayor MacDonald, and Ald. Parham on motion was voted to the chair.

A communication from the Good Roads League was received and filed.

Accounts as follows were referred to the Finance Committee:

Freight	$ 60.50
Evans, Coleman & Evans	262.00
William McLellan	19.00
Thos. E. Bate	1.70
Alex. McKinnon	12.95
C. H. Tarbell & Son	6.05
S. D. McLeod	100.00
A. H. Peacey	7.85
A. Shibata	2.50
Waterworks Co., Ltd.	3.00
Electric Light Co., Ltd.	54.04

A. Halliday, chairman of the Board of Health, reported an overflow in the basement of the public school and that the drinking fountain was out of order. The matter was referred to the Board of School Trustees.

Ald. Thomson suggested that the paving of the intersection of Third Street and Dunsmuir Ave., when completed be opened with a carnival, and the proceeds devoted to the clearing of the City Park. The suggestion was accepted and the Council appointed a committee to carry out the project.

A special meeting of the City Council was held on Monday, October 6th, when City Clerk McKinnon read the Auditor's Report, up to and including the 30th day of September, 1919. The report showed a balance on hand of $3,121.96
Royal Bank temporary loan 1,000.00

Balance on hand $2121.96

The report was received and filed, and City Clerk McKinnon's resignation after 13 years' service, went into effect.

Thomas Mordy, recently appointed City Clerk, was then sworn in by His Worship Mayor MacDonald and took charge of the books of the Corporation of the City of Cumberland.

Provincial Constable Evans laid an information against John R. Johson, of the Palmer House, on Monday, charging him with a breach of the Game Act. On Wednesday he was fined $25.00 and costs.

City Clerk's Office is now in the Council Chambers. Hours: 4 to 6 p.m., Mondays, Wednesdays and Fridays.

THE VULTURE

Drive out the vulture from your soul. God would not allow the Jews to eat it. It lives on carcasses; it fattens among the dead; with leaden wings it circles about battlefields. Wilson, the American ornithologist, counted two hundred and thirty-seven vultures around one carcase. If crossing the desert, when there is no sign of wing in the air, a camel perish out of the caravan, immediately the air begins to darken with vultures. There are many professed Christians who have a vulture in their souls. They prey upon the character and feelings of others. A doubtful reputation is a banquet for them. Some rival in trade or profession falls, and the vulture puts out its head. These people revel in the details of a man's ruin. They say, "I told you so!" They rush into some business house and say, "Have you heard the news? Just as I expected! Our neighbor has gone all to pieces!"

That professedly Christian woman, having heard of the wrong-doing of some sister in the Church, instead of hiding the sin with a mantle of charity peddles it all along the streets to every willing ear. She takes the afternoon to make her long-neglected calls. She tells the story ten times before sundown, and every time tells it larger. She rushes into the parlor to tell it, and into the nursery to tell it, and into the kitchen to tell it. She says, "Would you have thought it? Well, I always said there was something wrong about her. Why, I should not speak to her if I saw her in the street. Is it not horrible? But better not say anything about it, because there may be some mistake. I do not want my name involved in the matter. I think I will just go over and ask them at No. 263 whether they have heard it. Surely it must be so, for Mary Ann says that her husband saw a man who heard from his business partner that his blind old grandmother had seen something that looked very suspicious!"

The most loathsome, miserable, God forsaken wretch on earth is a gossip. I can tell her on the street, though I have never seen her before. She walks fast, and has her bonnet strings loose, for she has not had time to tie them since she has heard that last scandal. She looks both ways as she passes, hoping to see new evidences of depravity in the windows. I think that when Satan has a job so infinitely mean that in all the pit he cannot find a devil mean enough to do it, and all bribes and threats have failed to get one willing for the infernal crusade, he says to one of his sergeants, "Go up to the city, and in such and such a street get that gossiping woman and she will be glad to do it." And sure enough, like a hungry fish, she takes the hook in her mouth, and Satan slackens the line and lets her run out farther and farther, until after a while he says, "It is time to haul in that line," and with a few strong pulls he brings her to the beach of fire. What do you say? That she was a member of the Church? I cannot help that. When Satan goes a-fishing, he does not care what school the fish belongs to, whether it is a Presbyterian mackerel or an Episcopalian salmon. Amidst the thunder-crash of Sinai, God said, "Thou shalt not bear false witness against thy neighbor." And in Leviticus He solemnly says: "Thou shalt not go up and down as a tale-bearer."

Take not into your heart that scum of hell that people call tittle-tattle. Whosoever willingly listens to a slander is equally guilty with the one who tells it, and old writer says they ought both to be hanged, and one by the tongue and the other by the ear. Do not smile upon such a spaniel, lest, like a pleased dog, he put his dirty paws upon you. Throw back the shutters of your soul, O Christian men and women! and see if there be within you a vulture with filthy talons and cruel beak. Let not this unclean thing roost in your soul, for "ye shall hold in abomination the vulture."

Drive out the bat from your soul. No wonder God set this bird among the unclean. It is an offence to everyone. Let it fly into the window of a summer night, and all the hands, young and old, are against it. It is half bird, half mouse. It seems made partly to walk and partly to fly, and does neither well, and becomes an emblem of those Christians who try to cling to earth and heaven at the same time. They want to walk on earth in wordliness, and yet fly towards heaven in spirituality; and their soul, between feet and wings, is constantly perplexed.—Dr. Talmage.

ONE MORE EFFORT

Far beyond the expectation of the Empire and the world, Canada fought and strove and paid gallantly for five years. Indeed it may be doubted if any native Canadian witnessed the notable effort of the Dominion without amazement. The true spirit of the people was not understood until the guns began to speak in Belgium.

It rose, month by month, to greater, and still greater, heights. The double climax came in the autumn of 1918, when the Canadian Corps marched from Cambrai to Mons, and when the nation subscribed $610,000,000 for Victory Bonds.

In the war Canada found herself. The name "Canadian" is respected the world over; not only in the nations allied with the British Empire in the defence of liberty, but in Germany itself.

The fighting is over. The great task of dearticulating the organization built by four years of ardent effort is almost complete. The work of maintaining the army until it is fully repatriated, and of fulfilling completely the national obligations to the soldiers has added much to Canadian War expenditure.

For that reason there is instant need of a new Victory Loan. The patriotic people whose ardor and energy brought Canada into the sunlight are asked to keep the Dominion there by buying bonds. The honor of the nation is involved in the success of the Loan. The people who supported the soldiers constantly while they were in France will not fail in one particular to continue that support until the men are re-established in profitable civilian occupations.

Considering the achievemnets of this proud people, there is reason for the belief that the success of this latest Victory Loan will be instant and overwhelming. But all citizens must have a part in it. It is not a task to be half done by the whole people, or wholly done by half the people. Let every citizen subscribe!

"A Joan of Arc Machine"

"SHE withstood everything in the field and above all was, and still is, the last and only car to survive until the cessation of hostilities"—Extract from letter received by Ford Motor Company from a British Soldier, *in Africa.*

Over shell-torn roads, through water soaked fields, second only to the tanks in its power to climb debris and crater holes, the Ford car made a world famous record in the fighting area of the great war. In press despatches, in field reports, in letters, in rhyme and song the praises of the Ford were sounded.

In France -	700 cars out of 1,000 were Fords
In Italy - -	850 cars out of 1,000 were Fords
In Egypt -	996 cars out of 1,000 were Fords
In Mesopotamia	999 cars out of 1,000 were Fords

The Ford power plant that established this world-wide record in every theatre of the war remains the same. It will be in the Ford you buy.

ON WHAT EFFECTIVE SERVICE DEPENDS

Effectiveness of your telephone service depends upon the co-operation of those concerned. If the person calling consults the directory and callls by number, it woll very probably be found that the response by the operator is prompt and efficient. If the person called answers without delay, the satisfaction of teephone service is then made complete. Consideration and courtesy are two main points of co-operation.

The Expenditure of $610,000,000

How the last Victory Loan was spent

BEFORE buying Victory Bonds again you may want to know how Canada used the money you loaned her last year.

Canada borrowed the money to carry on the war and to provide credits for Great Britain and our Allies.

CONSIDERABLY more than one-half of the Victory Loan 1918 was spent on our soldiers. This included $312,900,000, for paying them, feeding them, bringing them home, separation allowances to their dependents, maintenance of medical services and vocational training schools.

For Demobilization

$59,000,000 of the Victory Loan 1918 was paid on account of authorized Soldiers' gratuities.

$9,000,000 was spent at Halifax for relief and reconstruction after the disaster.

✦ ✦ ✦ ✦ ✦ ✦ ✦

For Trade Extension

Other disbursements were not, strictly speaking, expenditures, but National Re-investments.

To Great Britain for example:

$173,500,000 was loaned for the purchase of our wheat and cereals.
$9,000,000 for our fish.
$30,000,000 for other Foodstuffs.
$2,900,000 for Canadian built ships.
$5,500,000 to pay other British obligations in Canada.

Making in all $220,900,000 advanced to Great Britain.

To our Allies, we loaned $8,200,000 for the purchase of Canadian foodstuffs, raw material and manufactured products.

The Re-investments will be paid back to Canada in due time, with interest.

These credits were absolutely necessary to secure the orders for Canada because cash purchases were impossible.

They have had the effect of tremendously helping agricultural and industrial workers to tide over the depression that would have followed the Armistice, had we not made these credit loans.

As far as money is concerned, 1919 has been, and is still—just as much a war year as 1918. Our main expenditures for war cannot be completed until well on into 1920. Thus another Victory Loan is necessary—*Get ready to buy.*

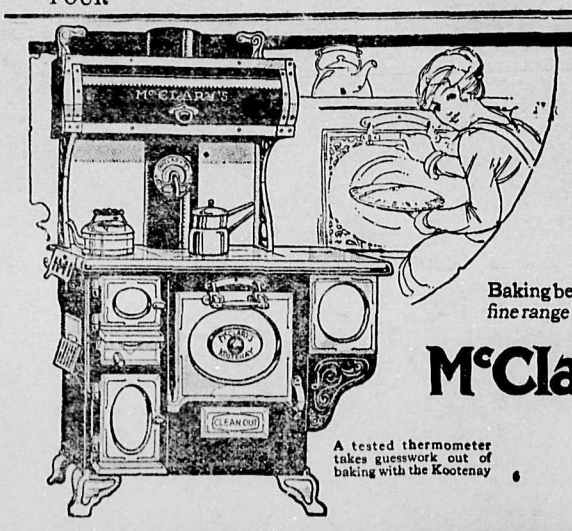
PRE-WAR DAYS ARE QUICKLY RESUMED

It's funny how quickly we slip back into the old grooves of life, even though jarred out of them by years of war and wrenched by sad partings.

Isn't it true that in most Canadian homes life goes on today pretty much as it did five blank years ago, the stalwart sons come to the breakfast table with the same noisy greetings, though there is, perhaps, a shade deeper ring to their voices? Returned from [illegible] of a [illegible] in the old accustomed place at story time, perhaps bringing a new kind of prince and knight for the youngsters.

With the men home life goes on pretty much as before. The harsh old realities of war are slipping into the misty background. We can never forget the price in flesh and blood; we could easily forget the price in treasure. When we hear of plans for the Victory Loan 1919, we are brought back with a jerk to the hard fact that the cost of Canada's victory has not been fully paid, and [illegible] upon us also.



THINK of the time and trouble you can save with this dependable range.

MORE EQUIPMENT FOR THE FORD GARAGE

LECTRO

The Electric Trouble Shooter for FORD Cars.

It will burn out shorts in coils, which are caused by pieces of wire, etc., getting across the contact, recharge the magnets without taking down the engine, in one and a half hours' time. We can test out your motor in ten minutes and tell you if you have a broken magnet. There is absolutely no guess about it. If your Ford is missing and does not pull as it should, let us test out your magneto.

A Test will Cost You Nothing.

A weak spark will case missing and a great loss of power and waste of gasoline.

Re-Charge and Burnt Shorts, $5.00
