AWARD MADE FOR CIVIC CENTRE SCHEME

Civic Centre, Vancouver—At a meeting of the Vancouver Civic Centre Committee yesterday afternoon the report of Mr. Thos. Adams, who was appointed assessor to judge the designs submitted for the proposed civic cenrte, was read and resulted as follows:

First Prize—Thos. Korner and M. Matocks, of Vancouver.

Second Prize—F. L. Townley, of Vancouver.

AWAITING WORD FROM GOVT. ON BRIDGE REPORT

Bridge, Vancouver—The directors of the Burrard Inlet Tunnel & Bridge Co., are anxiously awaiting word from the Provincial government in connection with the proposed Second Narrows Bridge. An answer was promised last week but no information has been forthcoming as yet. The Government were asked to state whether a contract should be awarded to the Canadian Bridge Co., whose design was classified as being the best of the three submitted, or whether a new set of plans should be prepared as per the suggestion of Mr. Modjeski, and tenders invited upon that design alone. A meeting of the Board will be held immediately following word from the government.

GOVERNMENT WILL ERECT LIGHTHOUSE ON COAST

Lighthouse, Uselet Arm—Plans for the proposed reinforced concrete light house to be erected at Amphitrite Pt., Uccuelet Arm, have been received by the Marine Department. It is said that const. will be started early in the new year and tenders will probably be invited in the very near future. The structure will be thirty feet high. Owing to the difficulty in landing material for the structure it will take some time before completed. The lighthouse tender Leebro will be used for transporting material for the work.

EXCAVATION STARTED FOR PROPOSED SCHOOL BLDG.

School, Point Grey—The contract for excavating the proposed West Point Grey school for which the B. C. Granitoid & Contracting Co., were recently awarded the contract has been awarded to the Point Grey Supply Co., Kerrisdale, and work is progressing rapidly. General construction work will be rushed as soon as this portion of the work is completed and a large gang of men will soon be on the job.

Preparing Estimates.

Victoria—The expenditure estimates for the coming year for the various departments have all been completed and will be submitted to the council soon.

COURT OF REVISION HELD FOR IMPROVEMENT BY-LAWS

Improvements, Saanich—The court of revision on Lake Road and Shelbourne street, held at the Royal Oak hall yesterday afternoon, found it necessary to adjourn till the owners on Shelbourne street have had a week to consider the situation.

It is estimated that the expropriation will cost about $26,000, and together with other costs will make the total $30,000.

Little objection was taken to the Lake Road improvement, which will cost about $30,000, and it is expected that a contract will be awarded to the lowest tenderer at the meeting of the council this afternoon.

ENGINEERING PLANT WILL REMOVE TO NEW QUARTERS

NEW WESTMINSTER—The Heaps Engineering Co. of New Westminster will have their entire plant moved to the new location on Lulu Island by the first of the year, where the main bldgs. are now completed and others are under the course of construction. Work on the pattern shop and foundry started last week for which Barrick Bros. have been awarded the contract. The new plant will be modern in every respect and will compare with any on the coast.

COMPANY FORMED TO EXPORT HARDWOOD FOR LOCAL MARKET

NEW WESTMINSTER—It is reported from New Westminster that a company has been formed by a party of Hindus with a capitalization of $250,000, for the purpose of exporting valuable hardwoods from the vast forests of India into British Columbia for local market. It is said that promoters of the scheme have left for California to purchase necessary equipment to install a complete plant in India. The head office of the company will be in New Westminster.

WILL AWARD POINT GREY PAVING CONTRACT SOON

Paving, Point Grey—The Municipal Engineer has completed tabulation of the tenders submitted for the paving of University Ave. from Alma Rd. to Blanca St. and a meeting of the council will be held in the very near future and a contract awarded. A meeting of the council was held yesterday morning but nothing was done with the matter. Five firms submitted alternative figures.

The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.
