PREPARING PLANS FOR LARGE FRAME RESIDENCE

Residence, Caulfield — Archt. Wm. Frederick Gardiner, 347 Pender St. W., is preparing plans for a 1½ story fr. residence to be erected at Caulfield for Stuart Cameron, of the Pacific Coast Dredging Co. There will be nine rooms, five of which will be bedrooms; hardwood flooring on ground floor, two sets of plumbing, one open fireplace, etc. The plans will be completed by Monday, after which time tenders on the general contract will be called for by Mr. Gardiner from selected contractors.

No Award As Yet.

Mr. Gardiner states that although he is in constant communication with the head office of the Canadian Bank of Commerce, the officials have not advised him definitely as to who would be awarded the contract to erect their Grandview building. It is expected, however, that the award will be made in the very near future.

TO ERECT A SCHOOL BUILDING AT WHONNOCK

School, Whonnock—The Provincial Government has decided to erect a one-room addition to the existing school building at Whonnock, in the Maple Ridge Municipality and the Dewdney Electoral District. Tenders are now being called and will be received by the Minister of Public Works up to noon, Saturday, July 17. Plans, specifications, etc., may be seen at the office of J. Mahoney, Government Agent, Vancouver; F. C. Campbell, Government Agent, New Westminster; J. B. Martyn, Secretary of School Board, Port Haney; and the Public Works Department, Victoria. For additional particulars, see official advertisement for tenders, page 4, this issue.

These supplies for which the requisitions are now being drawn, are sufficient to construct about 45 miles of the new government road, and will be the largest order placed so far this year by the commission.

Steel Pipe, Victoria—W. Galt, City Purchasing Agent, will receive tenders up to 4 p.m. Monday, July 12, for the supply of steel pipe, for the Selkirk Syphon on the Northwest Sewer. Specifications may be secured at the office of the above mentioned official.

CALLING TENDERS FOR WESTMINSTER FIRE HALL

Fire Hall, New Westminster — The city is calling for tenders for the erection of a fire hall at Queensborough, on the same lines as the hall at Sapperton. Plans and specifications may be seen at the city hall. The tenders will be received up to noon, Wednesday, July 7, and will be opened at the meeting of the council which will be held that afternoon. The city has leased the site for the hall from W. S. Collister for five years with an option of renewal for five years more.

BULKHEADING FOR MARKET BUILDING ABOUT COMPLETE

NEW WESTMINSTER—The fir bulkheading for the waterfront extension at the foot of Tenth St., where the new market is to be located, is now driven, with the exception of a few feet on the westerly side, and the brush curtains are in place. Everything is now ready for the sand fill, which will be proceeded with as soon as the government dredge No. 303 is available. The dredge is at present on the ways for minor repairs and overhaul, and as soon as she is ready to go to work again, this will be the first job she will tackle. A number of the pontoons for the accommodation of the mosquito fleet have been built and are in position.

RESIGNATION ACCEPTED.

RICHMOND—The resignation of Clerk Willson, acting as clerk and collector to the municipality, has been accepted by the Richmond Council. Mr. S. Shepherd, who held the position from 1907 to 1910, was re-appointed to fill the vacancy, and will take up his duties on July 1.

TO EXAMINE BRIDGE.

The Board of Works has authorized the City Engineer to examine the Coal Harbor bridge. Repairs and improvements may have to be made to the structure.

CONGOLEUM
Floor Coverings
If you have Congoleum on your floors, you can run a mop over them and they will be cleaner than any swept floor. Congoleum is waterproof right through—water cannot injure it. Compared with printed linoleum, Congoleum is more durable, more attractive, more waterproof, yet the price is less. Congoleum requires no fastening—any one can lay it—it won't curl up.

GETTING ON THE MAP.

In an address to the members of the Chicago Garment Manufacturers' association—representing an annual business of $20,000,000—President Joseph L. Eisendrath recently heralded 1915 as the most prosperous period that the industry had ever faced. He urged his fellow manufacturers to advertise, Advertise, and then ADVERTISE some more.

"Don't forget that it is your advertising man who puts you on the map. Unless you want to fail, don't listen to any backwoodsman who tells you that it doesn't pay to advertise. It DOES pay to advertise, and the men who are successful today are the men who realize this fact and practice it.

"Your advertising man is a great factor in putting you on the map.

"It's a good system to keep telling people about your goods, whether they are buying them at the time or not. It is even true that they may not buy them tomorraw, but they are going to buy them ULTIMATELY.

"Cease to advertise and you'll be forgotten."

"Keep up your advertising constantly and consistently. Do not give a big splash, followed by a whole lot of silence.

"Advertising is salesmanship. You send out salesmen in a new territory and you find that they have to do a deal of missionary work before the territory becomes profitable. It's something like that in starting advertising. But use of advertising as an advance agent breaks the ground for the salesman in these days of successful and profitable business.

"Make the public want your goods."
