MAKE ADDITIONS TO PAVING PROGRAMME

Paving, Victoria—At the last meeting of the council additional paving work, amounting to $60,000, was authorized. The by-laws for this work were passed two or three years ago and up to date about $22,000 has already been spent thereon. The streets for which paving was authorized were: Blanchard, from Humboldt to Douglas, $15,000 already spent and $15,000 more required to complete; Burdett, from Douglas to Quadra, and Quadra from Burdett to Blanshard, $5,855 already spent and $25,000 required to complete; Graham, from Summit to Hillside, $5,614 spent and $18.000 required to complete.

HOSPITAL NEEDS HELP TO CONTINUE THE WORK

NEW WESTMINSTER.—Assistance from the provincial government for the Royal Columbian hospital will be asked, and for that purpose a deputation will wait on Acting-Premier Bowser in the near future. The board wishes to complete the construction of the hospital, for which there is no money in sight. At present $16,000 is due on the contract, and to complete the work $25,000 will have to be secured. As it will entail heavy extra expense if the work is stopped now, and resumed at a later date, the board think that the government will furnish the required money. The same method as that adopted in connection with the Vancouver hospital, by issuing a letter of credit to enable the institution to borrow money from the bank on the security of a grant to be placed in next year's estimates, is considered a good solution.

FURTHER IMPROVEMENTS TO MARINE DRIVE

NORTH VANCOUVER—Further expenditures upon the Marine Drive in North Vancouver district are proposed by the district council on condition that the difference of the indebtedness between North Vancouver and West Vancouver, which is in the former's favor, is wiped off. The amount which the North Vancouver council is prepared to expend is $15,545.77, being the balance of the Keith road work loan now in their hands.

KELOWNA MAY INSTALL HYDRO ELECTRIC PLANT

KELOWNA—The city council is taking up the matter of a hydro electric scheme with the engineering firm of DuCane, Dutcher & Co., Vancouver. At the present time only the first principles have been discussed but it is estimated that the undertaking will cost about $120,000 if it goes through. The proposition will probably be submitted to the ratepayers in the near future.

TO DREDGE CREEK.

VICTORIA—The council has decided to apply to the department of public works to do some dredging in the creek leading to the Garbally road wharves. This is necessary to enable the department to bring scows to the asphalt plant to unload material. About 3,500 yards of material has to be moved.

TO ERECT SCHOOL.

CARDSTON, ALTA. — The school board is planning the erection of a twelve-room brick school building to replace the one recently destroyed by fire.

RECEIVING TENDERS FOR DOMINION OBSERVATORY

OTTAWA—R. C. Desrochers, secretary, department of public works, will receive tenders up to 4 p.m. Tuesday, May 18th, for the construction of the Dominion Observatory at Little Saanich Mountain, Victoria, B. C. Plans, specifications and form of contract can be seen and forms of tender obtained at the office of Mr. William Henderson, resident architect, Victoria, at the Postoffice, Vancouver, and at the department of public works, Ottawa. For further particulars see official advertisement for tenders on page 4, this issue.

TO START WORK ON ADDITIONAL WING

School, Calgary—The special meeting of the school board held last week to consider the recommendation of the joint committee to make an addition to the present collegiate institute costing $200,000, adopted the suggestion as outlined in the report of the committee. Plans will be prepared in the office of the building commissioner and work will be started as soon as possible. It is expected that the plans will be finished within a month's time.

ARRANGEMENTS MADE TO COMMENCE WORK

KAMLOOPS—The work of constructing the new pipe line and other improvements to the power plant at Barriere will commence at once. All arrangements have been made. The contract for supplying the lumber necessary for the wood stave pipe has been let to the Canadian Western Lumber Co., and the steel materials contract to the Ballard Drop Forge Co., Vancouver.

TO BUILD TRAMWAY AT THE LANARK MINE

REVELSTOKE—The Lanark Mining Co., intend to begin work the coming week on a 7,000 foot tramway at the Lanark mine, 32 miles east of this city. The new equipment will cost in the neighborhood of $12,000. Ultimately it is the plan of the company to install a power plant and erect a new mill on the property.

FIRE IN PORTLAND.

PORTLAND, Ore., Fire originating from an unknown cause early on Sunday on the third floor of the Albers Brothers' dock on the waterfront spread to the firm's mill adjoining, and before it was quenched caused damage to machinery and stock estimated at $140,000.

BOUNDARY ROAD GRADING.

Edmunds—After a conference in the Municipal Hall at Burnaby with regard to the grading work begun by the relief gangs at Boundary Road, which had been objected to by Burnaby, city and municipal representatives, went to the scene of operations and succeeded in coming to an agreement. The grade on the city side of the 132-foot wide street will remain the same, but the central strip sloping up to the Burnaby side will be moved slightly westward so as to give Burnaby more room when they come to lay out their roadway on the higher level.

CONGOLEUM
Floor Coverings
If you have Congoleum on your floors, you can run a mop over them and they will be cleaner than any swept floor. Congoleum is waterproof right through—water cannot injure it. Compared with printed linoleum, Congoleum is more durable, more attractive, more waterproof, yet the price is less. Congoleum requires no fastening—any one can lay it—it won't curl up.
Congoleum Rug Borders, laid next to a rug or carpet, give the actual appearance of polished oak.
