Dear Sir,

Re Potatoes. Ship only 1 car of the Potatos to us. While I was in Vancouver our people bought Potatoes and we have too many, we cannot use them, but we will take the one car if that is satisfactory at the price agreed upon ship one car right away. If I can sell the other, I will do so, but we are blocked with Potatoes just now so thought I better let you know right away. Of course I suppose your Potatoes are all right when you take them out of the pit.

Ship one car right away if satisfactory at the price we spoke of. Of course the matter will be kept confidential.

Yours truly,

Simon Leiser
