I am very much obliged to you for your papers and it just came in time for I have a dress to make and I did not know how to make it but I have picked out a pattern in your paper. I think this is all I have time to write now for they are pretty near ready to go to Woodford to post it.

The deer loves the valley
The fox loves the hills
The boys love the girls
And I guess they always will.

Well I dont know as I have much to say now for I am awful sleepy I can hardly keep my eyes open for I have been late in getting to bed for there is such a rumpes here it keeps me picking things up all the time and I think it will be a while before we will get things straightened again. Well I guess I will go to bed now as soon as I get my bread set so I will tell you the rest next time I write for I cant write any more now. So Good night now and I wish you good health and happiness. We are all pretty well at present Father has been splendid for nearly two months now I hope he keeps so for it is like living in a different house. Your loving niece
