Gross average daily cost of each, including Keepers, Wages, Provisions, Clothing, &c., 59cts.

Note.—Against this, the value of the labor of the prisoners must be set off.
This has been carefully estimated, and found to amount in round numbers to $2,000, which gives a daily average rate of gain for work performed of 12 cents on the average daily number, making the net average cost 47 cents per man per diem.
