The British Columbia & Vancouver Island
Spar Lumber & Saw Mill Company, Limited.

Victoria, B.C
12th Decem: 1868

W. H. H. Nagle

Dear Sir,

Yours of 9th Decemr is just to hand, I think you will find it the better plan and one that will save both you and me a great deal of trouble not to enter your cash transactions through your journal in the way you did in November.

H. Mallaney's account enclosed, which please return

List of Prices sent, I still think that by referring to old accounts you would find all you want, there is no immediate hurry for this book being returned

Sales Book is sent p "Isabel", do you require any new books for 1869? would a diary be of any use to you?

I enclose you a list of sums payable to the Store and shall feel obliged if at your leisure you would look over and see if the amounts are charged to the men's accounts and if so certify to the same and return the list here.

Frank Richardson this order may now be paid.

over

"Mary Belle Roberts" B/L to order, cargo shipped on account of M. R. Roberts, San Francisco. invoices will be made out here

"Knowesly" Please collect the enclosed bill for Tonage of this ship to the Inlet and send the money here by Capt Devereux.

A number of orders, several of which were drawn in favour of the Store, came down in your November list with a X mark instead of a signature in such cases the mark should be witnessed, Mr Truttall neglected this in many instances although I ~~mentio~~ called his attention to it. Captain Stamp will most likely talk about it next time he goes to the Mill.

I am

Dear Sir

Yours Faithfully

C. G. Sanders
