NOTE—All Dimensions less than 1 inch in thickness to be charged as inch. All Dressed Lumber shall be charged for contents before planing. The size of Rough Lumber used is the standard for measuring and invoicing Flooring and other Dressed Lumber; thus, 1" x 6" Flooring is ⅞" x 5½" when finished. When ordering Flooring, state size ⅛" thicker and ½" wider on face than is required after planing, tongueing and grooving, as the extra thickness and width are taken off in working; thus, Flooring 1"x6" will be ⅞"x5½" when finished.
