Dear Sir

Your letters of 3rd Dec. enclosing accounts for month of Novem. are to hand.

Enclosed are $280 being payment order on Sanion Rhodes & Co

"Sun of the Ocean" the cargo is for Messrs. McPherson Metherbee, S. Francisco

B/L to Dickson Melbolf & Co, send here as soon as she is loaded a note of the quantity she has on board in order that the invoice may be certified by the American consul.

"Prince Victor" goes to Callao shipped by J. R. Stewart, & consigned to Graham Rowe & Co. B/L to order.

I again return you the cash

account for October; I cannot understand what induced you to enter the $90 on both sides of your cash account, it should not be there, the money was paid here, charged to your account here through the cash book, and the vouchers are here and you have never been advised from this office to make any entry for it; you will be good enough therefore to take it out of the account returning the account to me. no vouchers are sent for $8 and $2 marked in red ink: please send them.

You seem to have changed the form of keeping the journal by entering your cash transactions as they occur into it, this is no improvement. I suppose you

still keep a cash book if not you should and dont enter your cash transactions through the journal but send me a copy of the Journal and Cash account monthly which is by far the simpler way of doing both for you and me.

Capt Stump will be up next trip and arrange about the Store accounts.

I send you $550 this money is to pay a note of Richardson's in favor of Cranbarner & Black please see these people and let them know that the money is sent you to pay the note but before paying it send a copy of it here that we may see if it be in proper form
