CONDITIONS

SEC. 1. The Carrier of any of the goods herein described shall be liable for any loss thereof or damage thereto except as hereinafter provided.

SEC. 2. In the case of shipments from one point in Canada to another point in Canada, or where goods are shipped under a joint tariff, the Carrier issuing this bill of lading, in addition to its other liability hereunder, shall be liable for any loss, damage or injury to such goods from which the other Carrier is not by the terms of, this bill of lading relieved, caused by or resulting from the act, neglect, or default of any other Carrier to which such goods may be delivered in Canada, or under such joint tariff, or over whose line or lines such goods may pass in Canada, or under such joint tariff, the onus of proving that such loss was not so caused or did not so result being upon the Carrier issuing this bill of lading. The Carrier issuing this bill of lading shall be entitled to recover from the other Carrier on whose line or lines the loss, damage, or injury to the said goods shall have been sustained the amount of such loss, damage, or injury as it may be required to pay hereunder, as may be evidenced by any receipt, judgment, or transcript thereof. Nothing in this section shall deprive the holder of this bill of lading or party entitled to the goods of any remedy or right of action which he may have against the Carrier issuing this bill of lading or any other Carrier.

SEC. 3. The Carrier shall not be liable for loss, damage, or delay to any of the goods herein described, caused by the act of God, the King's or public enemies, riots, strikes, defect, or inherent vice in the goods, or the act or default of the shipper or owner; for differences in weights of grain, seed, or other commodities caused by natural shrinkage or discrepancies in elevator weights when the elevators are not operated by the Carrier, unless the weights are evidenced by Government certificate; the authority of law or by quarantine. For loss, damage, or delay, except where cartage is to be performed by the Carrier or its agent, caused by fire occurring after forty-eight hours (exclusive of legal holidays), or in the case of bonded goods seventy-two hours (exclusive of legal holidays), after written notice of the arrival of said goods at destination or at port of export (if intended for export and not covered by a thorough bill of lading) has been sent or given, the Carrier's liability shall be that of warehouseman only. Except in case of negligence of the Carrier (and the burden of proving freedom from such negligence shall be on the Carrier), the Carrier shall not be liable for loss, damage, or delay occurring while goods are stopped and held in transit upon the request of the party entitled to make such request. When in accordance with general custom, on account of the nature of the goods, or at the request of the shipper, the goods are transported in open cars, the Carrier (except in case of loss or damage by fire, in which case the liability shall be the same as though the goods had been carried in closed cars) shall be liable only for negligence, and the burden of proving freedom from such negligence shall be on the Carrier.

SEC. 4. No Carrier is bound to transport said goods by any particular train or vessel, or in time for any particular market or otherwise than as required by law, unless by specific agreement endorsed hereon. Every Carrier in case of physical necessity shall have the right to forward said goods by any railway or route between the point of shipment and the point of destination; but if such diversion be from a rail to a water route the liability of the Carrier shall be the same as though the entire carriage were by rail.

The amount of any loss or damage for which the Carrier is liable shall be computed on the basis of the value of the goods at the place and time of shipment under this bill of lading (including the freight and other charges if paid, and the duty, if paid or payable and not refunded), unless a lower value has been represented in writing by the shipper or has been agreed upon or is determined by the classification or tariff upon which the rate is based, in any of which events such lower value shall be the amount to govern such computation, whether or not such loss or damage occurs from negligence.

When under the terms of the classification or special reduced tariffs, the goods are carried at owner's risk, such conditions are intended to cover only such risks as are necessarily incidental to transportation and shall not relieve the Carrier from liability for any loss, damage, or delay which may result from any negligence or omission of the Carrier, its agents or employees, and the burden of proving freedom from such negligence or ommission shall be on the Carrier.

Notice of loss, damage, or delay must be made in writing to the Carrier at the point of delivery, or to the Carrier at the point of origin, within four months after delivery of the goods, or in case of failure to make delivery, then within four months after a reasonable time for delivery has elapsed. Unless notice is so given the Carrier shall not be liable.

Any Carrier or party liable on account of loss or damage to any of said goods, on reimbursing to the insured the premiums paid in respect thereof, shall have the full benefit of insurance that may have been effected upon or on account of said goods, so far as this shall not avoid the policies or contracts of insurance.

SEC. 5. Grain in bulk consigned to a point where the Carrier has an elevator or warehouse, or where there is a public or licensed elevator or warehouse, may be there delivered and placed with other grain of the same kind and grade without respect to ownership: Provided that this shall not apply to a point of final delivery if it is otherwise expressly noted hereon, unless the grain is not promptly unloaded after written notice of arrival has been sent or given to the person named herein. Grain so delivered shall be subject to a lien for elevator charges in addition to all other charges hereunder.

SEC. 6. Goods not removed by the party entitled to receive them within forty-eight hours (exclusive of legal holidays), or in the case of bonded goods, within seventy-two hours (exclusive of legal holidays), after written notice has been sent or given, may be kept in car, station or place of delivery or warehouse of the Carrier, subject to a reasonable charge for storage and to the Carrier's responsibility as warehouseman only, or may at the option of the Carrier (after written notice of the Carrier's intention to do so has been sent or given), be removed to and stored in a public or licensed warehouse at the cost of the owner, and there held at the risk of the owner and without liability on the part of the Carrier, and subject to a lien for all freight and other lawful charges, including a reasonable charge for storage.

Goods in carloads shipped from a private siding or a station, wharf, or landing, where there is no duly authorized agent, shall be at the risk of the owner until the car is lifted or bill of lading is issued by the Carrier, and thereafter shall be at the risk of the Carrier. Goods in carloads destined to a private siding, or station, wharf or landing, where there is no duly authorized agent, shall be at the risk of the Carrier until placed on the delivery siding.

All goods shall be subject to necessary cooperage and baling at owner's cost.

SEC. 7. No Carrier shall be bound to carry any documents, specie, or any articles of extraordinary value not specifically rated in the published classification of tariffs unless a special agreement to do so (the duty of obtaining such special agreement to be on the Carrier when the nature of such goods is disclosed herein) and a stipulated value of the articles are endorsed hereon. If such goods are carried without a special agreement and the nature of the goods is not disclosed hereon the Carrier shall not be liable for any loss or damage thereto.

SEC. 8. The owner or consignee shall pay the freight and all other lawful charges accruing on said goods, and, if required, shall pay the same before delivery. If upon inspection it is ascertained that the goods shipped are not those described in this bill of lading, the freight charges must be paid upon the goods actually shipped, with any additional penalties lawfully payable thereon.

SEC. 9. Except in case of diversion from rail to water route, which is provided for in Section 4 hereof, and except as provided hereafter, if all or any part of said goods is carried by water over any part of said route, such water carriage shall be performed subject to the liabilities, limitations and exemptions provided by statute and to the conditions contained in this bill of lading not inconsistent with such statute or this section, and subject also to the condition, that no carrier or party in possession shall be liable for any loss or damage resulting from the perils of the lake, sea, or other waters; or from explosion, bursting of boilers, or breakage of shafts not arising from the negligence of the Carrier, or from any latent defect in hull, machinery, or appurtenances; or from collision, stranding, or other accidents of navigation or from prolongation of the voyage. And any vessel carrying any or all of the goods herein described shall be at liberty to call at intermediate ports, to tow and be towed, and assist vessels in distress, and to deviate for the purpose of saving life or goods.

The term "water carriage" in this section shall not be construed as including lighterage or car ferriage across rivers, or in lakes or other harbors, and the liability for such lighterage or car ferriage shall be governed by the other sections hereof.

If the goods are being carried under a tariff which provides that any Carrier or Carriers part thereto shall be liable for loss from perils of the sea, then as to such Carrier or Carriers the provisions of this section shall be modified in accordance with the provisions of the tariff, which shall be treated as incorporated into the condition of this bill of lading.

SEC. 10. Every party, whether principal or agent, shipping explosives or dangerous goods without previous full written disclosure to the Carrier or its agent of the nature, shall be liable for all loss or damage caused thereby, and such goods may be warehoused at owner's risk and expense, or destroyed without compensation.

SEC. 11. Any alteration, addition or erasure in this bill of lading shall be signed or initialed in the margin by an agent of the Carrier issuing the same, and if not so signed or initialed shall be without effect, and this bill of lading shall be enforceable according to its original tenor.

Re Physical Fitness

1. The Medical Officers of the Unit have given careful attention to the report on your medical examination, and I hereby advise you that in the opinion of these officers you are not medically fit for military training. You will not, therefore, be required to take any training until such time as you may be called upon to appear before another Medical Board.

2. You may, if you wish, take the course of lectures, one hour per week, on military subjects, or any of the courses of optional lectures being offered to the Basic Military Training Group.

3. I regret that we are unable to offer you the practical work or physical training. However, I trust that your disqualification is due to some technicality in the military physical standards, and that your health will permit you to engage in other outdoor activities.

APPROVED BY THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA UNDER ORDER 162, DATED MARCH 30, 1916

It is agreed between the sender of the message on the face of this form and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of any unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case the Company shall be liable for damages, suffered by the sender to an extent not exceeding $200, due to the negligence of the Company in the transmission or delivery of the telegram.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent for any distance not exceeding 1,000 miles, and two per cent for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

Dear Sirs:

We hope you are having a wonderful holiday business and that it will be convenient for you to send us check covering your account as per the enclosed statement, by the 10th of the month.

In times such as these, the active and prompt turn-over of money is an important factor in making business good. We are trying to do our share and the money that comes in to us we put into circulation immediately by paying our own obligations to those who also will without delay put the funds into circulation.

We are certain you see good logic in this, and that is the reason your check at this time will be especially appreciated.

With our kind regards, we are

Cordially yours,

Dear Sir:

We take this opportunity in sending you our usual 1st of the month statement, to call your attention to the fact that your October account is now overdue. The amount of your account is $171.50.

Therefore, we hope you have had a good season and that you will not hesitate to send us check to reach us by the 10th of the month. We are quite anxious that your account be maintained on our books in a creditable manner which will require that your account be paid promptly as we are finding it more necessary than ever to confine our open accounts to such customers as will pay within our terms.

We are marking our files to hear from you as above, and sincerely trust you will not disappoint us, and wishing you the most happy and prosperous year you have ever had in your history, we are
