Library Legislative Assembly DEC 3 VICTORIA, B. C.

MAY SUCCEED

Arbitration Court in Session Yesterday

COMPROMISE IS IN SIGHT

FURTHER HEARING IN THE CASE OF THE CONSOLIDATED COMPANY AND ITS EMPLOYEES AT THE ST. EUGENE—AN INFORMAL SITTING.

The arbitration board under the Lemieux Act in the case of the application of the employees of the St. Eugene mine for an increase in wages and a counter application by the company for a reduction in wages, held a sitting in the court house yesterday at 10 o'clock in the morning. This was the first sitting of the board in Nelson, but a good deal of evidence has already been taken in Moyie. Judge P. E. Wilson of East Kootenay presided, the other arbitrators being J. A. Harvey on the part of the company and S. S. Taylor on the part of the men.

The proceedings throughout were characterized with informality, no counsel being permitted on either side. The sittings, after the taking of the evidence of one witness, were adjourned until December 19th and the hope was expressed by the board that in the meantime an endeavor would be made, under the light of the facts that had already been elicited, for an adjournment of the difficulty in which case all that would be necessary to be done would be to make a formal report to the board of the end of the trouble.

At the opening it appeared that the issue before the court was whether the men at Moyie are to get the scale in force in the Boundary just before the close down, or the wage paid in the spring months of the year. The Moyie miners are getting a scale that is neither one nor the other. Machine men are being paid $4 a day and muckers $3.25. The men want an increase on the part of the muckers to $3.50 a day whereas the company desire that the muckers should be reduced to $3 and the machine men to $3.50, all other wages being governed in proportionate scale.

Thomas Kelly, secretary of the Moyie Miners union, asked at the opening for an adjournment. This he did on the ground that Ernest Mills of Greenwood, who had been managing the case of the miners from the outset was not able to be present. He belonged to the executive of the Western Federation of Miners, which was holding a meeting at Denver, Col., on December 2. That meeting might be protracted and Mr. Kelly therefore asked for a three week adjournment. He urged that for the last two years two of the chief officers of the Federation, Moyer and Pettibone, had been unable to attend the meetings of the executive of their society. This was the first occasion on which they would be able to do so and therefore it was imperative, to a certain extent, that as many members of the executive as was possible, should attend the impending meeting. Mr. Mills was practically the chief counsel of the men in the important case that was now being tried. He had handled the case from the outset and, therefore, the men felt at a loss in an endeavor to conduct the case without him. Mr. Kelly further urged that, after all, the Lemieux Act, under which the present court was being held, was in its trial stage. At first the men had looked with suspicion upon it and though, perhaps, there was not the same suspicion now that had existed at its inception, yet the public view of it, as far as the working men were concerned, would be largely influenced by the outcome of the present instance of its workings.

Judge Wilson said that he was personally inclined to adjourn the case inasmuch as the act looked rather to conciliation as its chief usefulness. Arbitration, while desirable, should not cause friction. If the company had been deprived of the services of W. H. Aldridge they would possibly have liked to have an adjournment. The judge then proceeded to compliment both sides not only upon the fair way in which they had presented their arguments since the inception of the board, barely two months ago, but on the legal acumen, if not knowledge, which either side had exhibited before, an acumen which, so the judge averred, he was not always aware of when listening to cases presented by the men of the gown.

On the other hand S. S. Taylor, who was chosen by the men as the arbitrator, was opposed to the adjournment, if it was to come from the court. He believed that the issue of the case, as Mr. Kelly had argued, would have its influence upon the Kootenay public. If that public were to believe that these proceedings were vexatiously drawn out there would be a serious drawback to the working and to the usefulness of the Lemieux act. Hence he would like to see that the company agreed to the adjournment and so take the onus off the shoulders of the board.

W. H. Aldridge said that an adjournment might prejudice his own side. There he had missed the general meeting of his company in order to attend the arbitration, but later on would have to go east. Moreover his star witness, R. H. Stewart, manager of the company's mines, was leaving for the east in a month's time and would be absent several weeks. He would, therefore, like to have his evidence taken. Mr. Aldridge went on to say that he thought the present time a highly propitious one for the settlement of the dispute inasmuch as since the last sitting of the court of aritration many things had happened. Butte had gone back to its old scale, the Coeur d'Alenes were working on the old $3.50 a day, while the Boundary had closed down. He thought that these facts should be taken into consideration and a solution of the difficulty would not be particularly difficult to be arrived at. The men had asked for an increase in wages on certain lines and on certain reasons. What these reasons were could be seen by referring to a letter received by his company, the letter being then and there produced. This letter, which was written from Phoenix on April 7 last and signed by a committee of miners, asked for an increase on the grounds of general prosperity, increased cost of living, high price of copper and because the wages of the men had not been increased for a long time past. Mr. Aldridge maintained that the general prosperity was non-existent, that the increased cost of living was a matter of figures which had already been presented to the board, that the price of copper was abnormal and that wages had been increased inasmuch as the hours of labor had been cut down from ten to eight, equivalent, in Mr. Aldridge's opinion, to an increase of 25 per cent.

To this secretary Kelly replied that the increase in wages had been asked for at a time when the price of copper was higher than it was today, and further maintained that if the price of copper were abnormal in the earlier months of the year it was also abnormal at the present. Taking up the question of an increase in wages Mr. Kelly pointed out that if the miners were put back to the scale of $3.50 a day they were put back to a scale which had been in force for nine years without a raise. It was true that the other side claimed that the reduction in point of hours was an increase in wages but he maintained that men could do as much in eight hours as they could in ten, and that, therefore, there had been no such increase and hence his arguments still held good.

There was some discussion on this point, informally conducted between the board and the representatives, J. A. Harvey and S. S. Taylor, both of the latter pointing out that there must be a limit somewhere as to the proper number of hours a man could advantageously work in a day, year in and year out, not taking special stretches of work.

It was then agreed that the board should adjourn, but that as R. H. Stewart was called away to the east his evidence should be taken before adjournment.

Manager Stewart of the company's mines was then called. Mr. Stewart first showed that the average of tonnage extracted per man in the St. Eugene or in Rossland was one and a quarter to one and a half tons a day. In the Snowshoe, a Boundary mine, the amount per man ran from three to six tons, and would be around five tons.

His next point was that the Butte miners had gone back to $3.50 a day, Calumet and Hecla five to ten per cent, the Copper Queen, Arizona, was working two-thirds of its force at about 15 per cent reduction of wages. Now the Boundary had closed down and the wages at the St. Eugene were at the present time higher than elsewhere. Also the company gave the men every chance under the Workmen's Compensation act, reporting every case of injury, however slight, so long as a man was laid off a shift.

Mr. Stewart then showed that the price of metals had fallen considerably, giving the quotations of Nov. 27, silver, 57-3-8; lead, £16 15s.; copper 13 1-2.

Testifying as to the eight hour law, Mr. Stewart thought it was palpable on the face of the matter that a man could not do as much work in eight hours as he might be able to do in ten hours

Secretary Kelly then asked some question as to the value of the ore as between the ores of the Boundary and those of the St. Eugene, seeking to show that if the men broke down larger amounts in the Boundary than in East Kootenay, yet the company got proprotionately greater receipts. To this the witness replied that the witness replied that this was the case to a certain extent but as the St. Eugtene had to concentrate its ore and lost 20 per cent of the values, therefore the diffreence wos not three to one. In fact there was but little difference in the general result between the cost of production and the profit.

In reply to S. S. Taylor, Mr. Stewart said there had been no threat of a shut down of the Rossland mines The action in taking a reduced wage had been voluntary on the part of the miners and this, he understood, had also been the case with regard to the Trail smelter.

Mr. Aldridge said the men of Rossland had come to the mine officials and had asked certain vrey leading questions and had got straight answers. The Snowshoe had closed down because there was no profit.

A talk between Mr. Stewart anu Mr. Taylor elicited that costs of production had fallen but had fallen since the inauguration of the eight hour law, not necessarily because of it. So many improvements had been made of late that it was very hard to compare the difference in results between the eight and ten hour day. Witness said that men on long contracts produced more than on day labor.

There was some talk as to whether or not there was a strike at the Calumet and

(Continued on page eight.)

CASE PROVED

McKenzie King Completes His Investigation

BAD FAITH OF JAPANESE

GOVERNMENT OF TOKIO HAD NO OBJECTION TO EXPORTING HUNDREDS TO FILL LABOUR WANTS OF B. C. RAILWAYS, MILLS AND MINES.

Vancouver, Nov. 29.—According to the testimony of Gotoh, manager of the Canadian Nippon Supply company, before commissioner King today, it appears that enterprising Japanese on both sides of the Pacific got busy immediately upon the signing of the present treaty with Japan, which they claimed wiped out all previously existing restrictions of immigration.

Gotoh admitted that from last June to September, 1400 Japanese laborers had been brought direct from Japan by his company for work on the railways, mills and mines. He said his company was not bringing in any now, since there was a surplus on hand.

Gotoh's first plunge in immigration work followed the receipt of a letter from the late E. G. Russell, intimating that the G. T. P. would require five thousand men for its work on the coast. He made a trip to Tokio on this business and effected connections there. He stated that the arrangements for immigrants were made with the full knowledge of the local consul and the Japanese government, all that was required was the assurance that the men would be provided with employment.

The witness said duplicate agreements with each of the six companies, with whom the men were placed, were made and endorsed by the local consul and sent to Yokohama. The local concerns who took the fourteen hundred arriving from June to September were the B. C. General Contract company; the C. P. R.; McDonnell, Gzowski & Co.; the Wellington Colliery, and the saw mills in Kootenay.

An interesting fact was disclosed when the witness stated that his partner, Yoshi, was the private secretary to consul Morikawa before the organization of the company.

Much of the above testimony was forced from the witness by commissioner King, who read translations of the documents taken from the company's office. At the conclusion Mr. King said he considered the object of the commission was completed and there was no need to call more witnesses.

Charles Wilson, K.C., asked for an adjournment until tomorrow so that he could examine Gotoh and possibly call local men connected with the Nippon company.

Vancouver, Nov. 29—How the Japanese foreign office has evaded the treaty limitation that no more than 500 Japanese would be permitted to come to Canada in a single year, was the chief feature of the promised admissions by Sarioa Gotoh in which he frankly made good today, in what is probably the final session of the immigration inquiry.

Gotoh said in effect: "Iexpected to get large contracts with the railwyas and had a promise from the late E. G .Russell for 5000 men for the G.T.P.. We formed the Canadian-Nippon company here, with a branch in Tokio. I also had relatives in the Tokio Immigration company. We finally got over the difficultty of the treaty limitation by sending a duplicate of the agreement which we would make with a company here. That duplicate bore the signature of the local Japanese consul which the foreign office required that they would know that the outgoing Japanese laborers were going to be employed and would not become public charges. Then we got the laborers.

HYMAN RETURNS.

Back From the Land of the Mikado—Lemieux's Mission.

San Francisco, Nov. 29.—Returning to his home in London, Ont., from a tour in China and Japan, Charles Smith Hyman, former Canadian minister of public works, arrived here yesterday on the steamer Korea. He said that the Japanese had no hard feelings against Canadians on account of the treatment of Japanese at Vancouver a few months ago.

"I heard very few expressions of hostility either against Canada or the United States. There have been inflammatory articles, but the mass of the people did not seem to attach any seriousness to the various race outbreaks."

He was inclined to think that the Lemieux mission was largely an experimental one, for the Canadian government has not idea in advance of what it was prepared to grant and what it would accede to.

FIRE AT CODY.

Business Portion of Wyoming Town is Destroyed—Loss $100,000.

Butte, Nov. 29.—A telephone message from Cody, Wyo., says that practically the entire business portion of the town was destroyed by fire this morning. The loss is estimated at $100,000.

CHANCE FOR NELSON.

Montreal, Nov. 29.—The bank of Montreal today received word from London branch that the city of Vancouver loan of £244,900 sterling, at four per cent, offered at 91, has been considerably over subscribed. This, taken with recent taking of the Edmonton loan, has caused bankers here to come to the conclusion that British interest for Canadian municipal loans, is encouraging.

COMMERCE OF PACIFIC

JAPAN HAS ALREADY CAPTURED THE CHINESE TRADE

HAS DRIVEN OUT OTHER LINES BY LOW PAID CREWS

San Francisco, Nov. 29—That Japan is not only planning to outdistance the United States in the struggle for the commerce of the Pacific, but has already driven the steamship lines of every other nation out of the Chinese trade, is the statement of Harry L. Paddock, United States consul at Amoy, China, who was yesterday on the steamer Korea on his way to Washington.

"The Japanese have captured the entire ocean carrying trade of China from Hongkong to Shanghai," he said. "the British lines, which some years ago monopolized this business, are doing nothing and the same is true of the German and other lines. All have succumbed to the competition aided by the low pay of the crews."

FRUIT GROWERS' BANQUET.

(Special to The Daily News.)

Vancouver, Nov. 29.—The city council has decided to tender a complimentary banquet to the delegates of the Northwest Fruit Growers' association next Friday evening. Secretary Smith states that over four hundred delegates will be in attendance.

ARE FAIRLY CHEERFUL

PROSPECTS FOR CANADIAN TRADE ARE IMPROVING

BANK CLEARINGS FOR THE PAST SEVEN DAYS

Montreal, Nov. 29—Bradstreets tomorrow will say:

Canadian trade reports are fairly cheerful despite the continued stringency in money. As regards this latter matter however, the feeling is that an improvement may be looked for shortly.

Canadian failures for the week number 36 as against 35 last week and 25 in this week last year.

Bank clearings for the week with the respective increase and decrease for the same period a year ago are as follows:

		Inc.	Dec.
Montreal	$29,095,000	....	7.0
Toronto	21,606,000	....	21.5
Winnipeg	15,064,000	5.0	....
Vancouver	3,563,000	6.9	....
Ottawa	2,861,000	....	9.5
Halifax	1,785,000	1.3	....
Quebec	2,337,000	31.6	....
Hamilton	1,558,000	3.5	....
St. John	1,223,000	.8	....
London	1,128,000	....	2.3
Victoria	1,004,000	....	.1

NOW AN OLD STORY.

A telegram was received in Nelson yesterday from R. G. Tatlow announcing the receipt of a cablegram from London from R. M. Palmer stating that at the exhibit of the Royal Horticultural society the province of British Columbia had obtained a gold medal for its fruit exhibit and that thirteen silver and bronze medals had also been awarded to individual exhibitors.

BANK MANAGER DEAD.

Montreal, Nov. 9.—F. H. Mathewson, local manager of the Canadian Bank of Commerce, who was stricken with heart failure as the result of his horse running away on Wednesday evening, died this morning. Deceased had been for years a most prominent figure in Canadian cities and was looked on as the logical successor to Alex Laird, when the latter should retire from the general managership of the Canadian Bank of Commerce. Prior to his appointment as manager of the Montreal branch of the bank, Mr. Mathewson was for thirteen years manager of the Winnipeg branch.

BIG RAILWAY ORDER

Montreal, Nov. 29—The Grand Trunk railway today placed orders for 100 freight and passenger engines with the different Canadian and United States builders. The cost will be about $1,500,000 and delivery is to be completed the first nine months of next year.

ACCIDENTALLY SHOT

Victoria, Nov. 29—W. E. Knapp of Duluth, manager of the Red Cliff Lumber company, who have large interest on Vancouver island, accidentally shot himself in the leg with a revolver, while out walking.

A LONG TALK

City Council Again Discuss Power Plant

ZAVITZ CONCEDES LITTLE

INSTALLING COMPANY AND CITY OFFICIALS DISAGREE—COURSE OF ACTION IS YET TO BE DECIDED ON BY CITY FATHERS.

A special meeting of the city council was held last evening at 8 o'clock, with a view making definite arrangements for the completion of the work upon the power plant. The session lasted from 8 o'clock until nearly 11:30 and was taken up by the hearing of the city officials on the condition of the power plant. Several proposals were made to the representative of the Allis-Chalmers-Bullock company but all were negatived by him. No action will be taken directly on the matter until the regular meeting of the council on Monday night next.

There were presen the mayor and all the aldermen with the exception of Ald. Rose. City electrician Brown and J. Boyes who has been watching the interests of the city at the poyer plant from November, 1906, to September, 1907.

At the beginning of the proceedings a letter was read from R. H. Zavitz, confirming his verbal report of the previous day and asking for a shut down for 30 days in order to compete the work. This shut down is to take place at once and the writer, on behalf of his company, declined to meet any expense the city may be put to in consequence of this shut down.

A supplementary letter was read from Mr. Zavitz, dated June 12 last in which he said that the trouble was not the governor but was the gates and asking for a shut down of 30 days as soon as the water would allow of it; the letter complaining that the city engineer's construction of the plant was such as not to allow of an inspection of the gates except at low water.

To this the city had replied on June 20 asking that a new governor be installed before any shut down should be asked for.

The mayor showed according to the specifications of the machinery that the water gate should fit so tightly. That there should be no leakage and hence the plant could be shut down immediately If this gate were pared down and did not fit tightly, there would be a leakage and consequently the generator would not run for half an hour or more. Hence the council should think carefully before giving the desired permission.

J. Boyes then was asked to give a report and accordingly went into several faults of construction. These included some bent bolts in the gates, a shaft that had to be stretched, faulty thrust and bearings, a governor that had to have an auxiliary or helper to enable it to do its work, that and a fly ball which was not certain in its action, something that might cause a terrific catastrophe, and defective rotatory pump. Mr. Boyes recommended a stronger governor which would take care of the friction of the water gates, which friction would necessarily decrease with time. As to the draught tube, Br. Boyes said that it was defective in the manner of its specified, even if it had been anchored afterwards. Mr. Pfau had examined the tube, the water having been taken out ofr that purpose. Mr. Boyes was of the opinion that a governor doubly as strong would work the gates with lots of margin. He did not think that the grinding down of the gates would be effective. He admitted however, that an auxiliary had been install which would double the power of the governor.

Electrician Brown said that if a proper governor, costing about $3000, were installed the gates could be worked without shutting down.

Ald. Annable said itt would be cheaper to install a new governor than to shut down for 30 days.

Ald. Irving thought th council should notify Mr. Zavitz that it was not satisfied with his explanation and, therefore, the plant should not be shut down.

Ald. Irving said that as the plant had not been taken over, the company possibly had the power to shut down if they so desired.

Ald. Selous thought Mr. Zavitz should be called before proceeding to extremeties.

Mr. Zavitz was thn called and listened to an explanation by Mr. Boyes, as to a test of the gates being made by Mr. Pfau. After its conclusion Mr. Zavitz said that th's experiment which, he declared, was not a proper, or a tore test, confirmed his belief that the trouble was with the gates and not with the governor.

eH was further of the opinion that the governor could govern he gates up to their full opening.

Mr. Boyes differed—the governor was not strong enough.

Ald. Selous said that Mr Pfau was acknowledged as the chief governor expert of the company and yet he had confessed the governor was weak. Mr. Zavitz replied that Mr. Pfau had come to his conclusion without a tore test. The difficulty of the council was to understand why this acknowledged should have failed to make such an obvious test. This Mr. Zavitz could not explain and yet the council was asked to act upon the matter.

Mr. Zavitz reiterated his opinion which, he declared, was based on three weeks of careful tests.

Mayor Gillett asked if Mr. Zavitz on behalf of his company, was prepared, in case his reduction of the water gate friction, failed of efficacy, to foot any further expense the city might be put to in consequence.

Mr. Zavitz said he was not so prepared.

Ald. Selous said the position was that the city preferred a new governor before a shut down and the company a shut down before a new governor. Mr. Zavitz wanted his own way, which would cost the city $4000 and yet would not guarantee the city against further expense if his own way proved not to be correct. Although Mr. Zavitz admitted that if his way was not successful a new governor would be imperative.

The mayor proposed, under the advice he had received from the city officials, that the city pay the difference for a new governor and then, if that failed, to have the shut down.

Mr. Zavitz objected on the ground that the proposed new governor would not do its work, it would not be at hand for several months, whereas his own proposal meant the city would have a power plant within 30 days.

Electrician Brown thought that teh friction was not in the gates or vanes but in danger of leakage which would occur if the gates were ground down.

Mr. Zavitz agreed.

Mayor Gillett proposed arbitration with a third party.

Mr. Zavitz said that the city could arbitrate at its own cost. He was convinced he was right. He then retired and thet council held a shor conference, in which the shifting ring, hence there was not a the mayor was empowered to get further evidence as to the city's position and to report at Monday's meeting.

HORNET'S NEST.

Calgary Alderman Charges City With Graft and Corruption.

Calgary, Nov. 29.—At a "mens' own" meeting, held at one of the churches recently, ex-alderman Hunt openly charged the officials of the city with graft and corruption. It has stirred up a hornet's nest and the city council has voted five hundred dollars to cover the cost of an investigation. Hunt is not nearly so strong in his statements since he has found that a thorough investigation is to be made. Judge Stuart will conduct the investigation and the expenses of any witnesses will be met by the city council.

FLORENCE NIGHTINGALE

London, Nov 29—Florence Nigaingale, the English philanthropist, has been decorated with the order of merit by the king She is the first woman to receive this distinction, which up to the present time has been bestowed only upon 19 men, each of marked prominence

KIDNAPPED A MARQUIS

Naples, Nov. 29—The kidnapping of marquis Giuseppe Citro, a cousin and aide of the king, who, after being tortured and compelled to give up $5000 was released by his captors ,has caused much astonishment through the discovery that the organizer of the plot is in reality a policeman. On being arrested he confessed. The The British embassy is interested in the case as marquis Citro is a trusted antiquarian for sovereigns, including king Edward.

TO CURE LEPROSY.

Honolulu, Nov. 29.—The board of health, on the petition of twenty-seven of the lepers, have agreed to appoint J. L. Wallach to attempt the treatment of twelve lepers from the leper settlement. This is the rsult of an agitation which has been carried on by Wallach and his friends for several months, during which he has persistently asserted that he can cure leprosy and has aroused the hopes of the lepers and their friends.

LIBERAL CANDIDATE

Macleod, Nov. 29—The liberal convention for the new constituency of Macleod which extends north within six miles of Calgary, and west to the boundary of British Columbia, was held yesterday. On the first ballot nine names were brought forward, six of these retired. On the second ballot A. B. Macdonald of High River, was chosen as the candidate.

REASONABLE LEGISLATION.

Toronto, Nov. 29.—The insurance companies of Canada are considering the presentation to the dominion government of a giant petition of policy holders, requesting what the companies call "reasonable legislation," and objecting to some at least of the clauses of the proposed draft insurance ill.

CAN'T AFFORD IT.

Regina, Nov. 29.—County judge E. C. McLeory will probably not accept the appointment given him last week by the dominion government. He is a Moosomin lawyer and states that the salary as district court judge, which is only $4,500, is not enough to warrant him discontinuing his practice and moving to Saskatoon.

DOMINION BANK

Toronto, Nov. 29—A meeting of the board of directors of the Dominion bank was held at the head office here this morning, for the reorganization of the bank staff. Among the changes is the appointment of L. W. Hamber ,manager, Calgary branch, to the managership of the Vancouver branch, to be opened in a few days.

SHORT IN ACCOUNTS.

St. John, N. B., Nov. 29.—The report of the auditor on the Portage city chamberlain's office shows some $11,000 unaccounted for on November 1st.

ENFORCE LAW

Diseased Japanese Not Allowed to Land

NOSSE MAKES COMPLAINT

RAILWAY COMMISSION WAITING FOR REPORTS OF WESTERN BOARDS OF TRADE—STATE DINNER AT THE OPENING OF PARLIAMENT.

(Special to The Daily News)

Ottawa, Nov. 29.—Japanese consul-general Nosse complained to the immigration department today that a number of Japanese holding passports were not allowed to land at Victoria.

Hitherto it has been the habit to allow diseased immigrants to land at Victoria for treatment. In this way the steamship companies have been working off a large number of this class. The dominion government has therefore decided to permit no more diseased immigrants to get off the steamers. This is the system pursued in the United States. The Japanese in future cannot land until they get medical certificates, passports or no passports, as the privilege hitherto granted diseased immigrants has been abused.

Ottawa, Nov. 29.—The government's annuity bill is practically in the same terms as that which Mr. Cartwright introduced in the senate last year. Its purpose is to encourage thrift and saving among the working classes of the country and give the beneficiaries an income after they have reached the age of 60 or 65.

About a hundred guests attended the state dinner at government house last night. After the toast of the king was honored, Laurier drew attention to the fact that the day was Earl Grey's birthday, and proposed the health of his excellency which was drank with enthusiasm.

The executive committee of his excellency's musical and dramatic trophy competition, which will take place at Ottawa during the week commencing February 24th, has decided for various reasons to throw the competition open to the whole of Canada and Newfoundland, irrespective of provinces. The committee, however, reserve the right to reduce the number of entries from any one city, or province, in case the total number of enries exceeds the number which can be conveniently handled during the week of competition at Ottawa. All entries, therefore, instead of bing forwarded to the chairman of the respective provinces may in future be sent to F. C. T. O'Hara, honorary secretary, Ottawa. The two handsome trophies at present held by Winnipeg and Quebec will again be offered.

Mr. Hardwell, chief traffic officer of the railway commission, is looking into the new freight rates, while the commissioners are waiting to get the complaints of the board of trade from the west. It is likely that chairman Killam will go to Winnipeg early in January to hear the evidence of the question. He will be too busy to go away before then.

The senate chamber of parliament is tonight a scene of brilliance, as it is also the governor general's drawing room, as is usual on the opening of the session. This is one of the most splendid functions of the capital's season in society and the event is more than usually well attended by ministers, senators, members, officials and citizens with their wives, daughters and relatives. Visitors from far and near have crowded in to see the scene, unique on this continent, of a state drawing room.

FOUND GUILTY

Defendants in London Bribery Case Convicted by Judge Winchester

Toronto, Nov. 29—John Gorman, and the other three defendants in the London bri- conspiracy by judge Winchester, who granted a reserve case for the court of granted a reverse case for the court of appeals of the question of jurisdiction. In the event of the higher court upholding Judge Winchester's ruling as to his having a right to hear the case, the four prisoners will come up for sentence on the first Tuesday in March, at the spring assizes. Meantime they are out on bail, which was renewed at the termination of today's session.

MOIR AND BURNS.

Fight Will Take Place in London on December 2nd—Next Monday.

London, Nov. 29.—The fight for the heavy weight championship of world between Tommy Burns, America, and "Gunner" Ojim Moir, England, is scheduled to take place at the National Sporting club on December 2nd. The even is exciting the liveliest interest here, and high prices are being offered for seats. The public, however, will have little chance of viewing the fight as members of the club will occupy all the space. The betting this afternoon was 5 to 4 on Burns who expects to enter the ring weighing between 168 and 175 pounds. Moir will weigh in at about 180 pounds.

RETARDING SETTLEMENT.

The Daily News has repeatedly discussed the question of the survey of public lands and we have on every occasion pointed ou the obstacle to settlement presented by the lack of exact information regarding our public lands and the inability of government officials to give intending settlers information that would assist them to locate in this province.

The Vancouver World publishes a letter from a Manitoba correspondent that emphasizes the points we have so frequently made and that should bring home to the provincial authorities the necessity of taking early steps to remove the obstacles complained of.

The letter, in part, reads as follows:

"Myself and two others have just returned from British Columia. Our intention was to locate on wild land out there and farm, but the difficulties are insurmountable. In the first place the greater portion of your unoccupied lands are unsurveyed and the land buyer is utterly helpless after he leaves the trail or settlement—the settlement is very scarce any way. In case of finding a good piece of land you are supposed to stake it, according to regulations, and then in time have it surveyed at your own expense. You always take the chance that some one else may have staked it previously and unknown to you, the other stakes may have fallen down or burned, or you may not find them—but thit is your look out.

"It appears to me that something much more definite will be necessary before many people will penetrate into those wilds and cultivate what is now a wilderness. The cost is too great to take a chance. Your system may not be wrong, but it is very complicated, and certainly very conducive to keeping people off your lands. Your officials may not be at fault, because they may be ignorant as to the amount or probable location of any arable land in the province, but, personally, I should say the men behind the counter in Victoria are too indifferent to be bothered discussing the question of a probable location of a pre-emption with an ordinary "hayseed."

"I may say that we spent on our trip looking for land in British Columbia over $700 in cash, to say nothing of our time. We have nothing for it but experience, which tells us to leave British Columbia lands alone until some radical changes occur in your land department. We were prepared to purchase at least 320 acres each, as we found out then that would mean a pre-emption and one-quarter section besides, and it was our intention to cultivate it. Now, that $700 we wasted should have been a first payment on 700 acres. We can buy land on the prairies from the big colonization companies on a dollar an acre down, on condition that we move on and cultivate the land. They take us to see the land and if we buy pay all our expenses, and we lose no time or money, but how different with your government, or, I should say, your government officials—'the go-away-and-don't bother-me' style is very pronounced."

The perfunctory attitude of government officials in this connection is quite intelligible in the light of the facts. The government they serve do not think it worth while to survey the public lands or to secure useful information regarding the same for the benefit of intending settlers, consequently the clerks in the land office treat the matter and all enquiries with equal indifference.

Finance minister Tatlow could make no better use of his promised surplus than to devote a very large proportion, if not all, of it to defraying the cost of a survey of unoccupied public lands and the compilation of reliable information concerning the same for distribution. This would be the best and most effective immigration work that could be undertaken by the provincial government. It should be a sine qua non, however, that these surveys and the information thus gathered should be utilized for the exclusive benefit of bona fide settlers and not to facilitate the manipulations of land speculators.

EDITORIAL NOTES.

A few days ago a despatch was sent out from Ottawa that R. G. Macpherson, M.P. for Vancouver, had been appointed warden of the penitentiary at New Westminster. This proves to have been merely the wild guess of some over-enthusiastic press correspondent. The appointment has gone to J. C. Brown of the royal city, formerly a well known member of the provincial legislature and sometime postmaster of New Westminster.

The Toronto World, conservative, has been devoting come care to reviewing the prospects of the conservative party in the coming dominion general elections and has come to the conclusion that there is "No hope for Borden." It concludes its review of the situation thus: "With Quebec reasonably solid against them, the conservatives will look in vain for success at the next election. Outside of Ontario and Quebec, there will be but 70 members of the next house of commons. If the two parties break even outside of the two big provinces, it will be all that the most sanguine conservative can hope for. This then, is the question: Can the conservative majority in Ontario equal the liberal majority in Quebec? It can not, if Quebec remains solid or nearly solid because there will certainly be a divided Ontario."

MATERNITY HOME

Mrs. Harris is prepared to receive maternity cases at her home 1115 Water street. 181-24

A PITHY STATEMENT

MR. RUTHERFORD GIVES AN APT ILLUSTRATION.

His Views on Vinol Worth Learning

THIS IS THE PREPARATION THAT IS BEING TALKED ABOUT.

A reporter asked Mr. Rutherford the same question that hundreds have asked him in the last few days, "tell me please, why Vinol is better than cod liver oil"

Mr. Rutherford replied in his genial way. "Suppose you had never seen a hen's egg. A man who knew of them should tell you to eat three every day. I do not say that you would, mind you, but I am inclined to believe at the start you would make an heroic effort to get away with the whole thing, shell and all. The meat of the egg would be what you needed, the shell rather superfluous. In fact, as a matter of nourishment not quite the thing for your stomach.

"There you are with cod liver oil. In it you have a medicine, or rather in the liver of a live cod there is a medicine known to be valuable for certain forms of wasting disease, a great reconstructor. Doctors have administered it for years. They were like the man who had never seen an egg before. They gave it to their patients just as they found it, shell and all. Yes, that is exactly it. The grease was useless and as bad for the stomach, almost, as would have been the shell of an egg. The kernel, or the meat of the remedy, the vital principles that they were after, were contained in it. Science has stepped in and done exactly what the man with the egg might have done—found a way to separate the healthful interior from the worthless husk.

Dr Price's Cream Baking Powder

Used in Millions of Homes. 50 Years the Standard. A Pure, Cream of Tartar Powder. Makes finest cake and pastry, light, flaky biscuit, delicious griddle cakes, palatable and wholesome.

NOTE.—Avoid baking powders made from alum. They look like pure powders, and may raise the cake, but no one can eat food mixed with alum without risk to health.

Now we have the active medical principles of the cod's liver. We have thrown away the useless encumbrances that formerly enclosed it, namely, the objectionable fat. We have taken this extract, placed it with organic iron and beef peptone, dissolved in a delicious wine, and there you are. Patients who have needed cod liver oil and could not take it, have no trouble in taking Vinol. The medicinal properties of the cod's liver heal damage done by disease that are of a wasting nature, and the same principles give strength to the weakened digestion and enable the poor sufferer's worn-out stomach to digest and obtain nutriment from everyday food. These same principles are also active disease germ annihilators."

AT THE THEATRE

In Paris, that city of gaiety and tears; of splendor and poverty; the scene of the Two Orphans is laid. Henrietta and Louise the orphans, have been made well nigh immortal by the celebrated women of the stage, who have won success and fame in these trying roles. Pierre, the cripple is destined for ever to remain in the realms of stageland because of its beautiful and convincing characterization. Nor does the play appeal to only one class, far from it. It numbers among its delighted patrons people in all walks of life, the rich, the poor, the old, the young, all are moved by its story, so human. It is pre-eminently a play for the masses. It presents tender pathos; delightful comedy; while its magnificent costuming and marvellous story has always made it a favorite with hte women and children. The Dominion stock company presents this comedy drama on Monday evening next. The advance sale is moving rapidly.

The band will be in attendance at the Alice roller skating rink on Tuesdays, Thursday and Saturday evenings. Children are requested on Saturdays to come in the forenoon, as the management cannot supply skates for them in the afternoon and evening. 190-tf

This is Wallace's big sale week in suits and overcoats.

If you read the ads regularly you do not suffer from the "blues." One whose mind is alert through analysing opportunities, never worries over-much.

ATTENDANCE AT SCHOOL

FIGURES FOR THE MONTH OF NOVEMBER

AVERAGE LOWER THAN USUAL ON ACOUNT OF ILLNESS

The enrolled school attendance for the month of November was 524 and the average actual attendance was 465.44. These figures include the high, public and Hume schools.

The Wilson Banner for the month was won by principal Sullivan's class, division No. 1.

The average attendance for the month was lower than usual owing to illness of several pupils. All the figures in detail are appended:

HIGH SCHOOL

	Enrol.	Att.	P.C.
Division 1	19	17.64	92.84
Division 2	19	17.52	92.21
Total	38	35.16	92.52

PUBLIC SCHOOL

	Enrol.	Att.	P.C.
Division 1	26	24.00	92.31
Division 2	30	27.63	92.08
Division 3	39	34.43	88.27
Division 4	42	37.05	88.21
Division 5	51	45.80	89.80
Division 6	42	37.40	89.04
Division 7	37	32.45	87.70
Division 8	52	45.72	87.92
Division 9	35	31.35	89.57
Division 10	48	42.45	88.44
Total	402	358.28	89.12

HUME SCHOOL

	Enrol.	Att.	P.C.
Division 1	29	25	86.20
Division 2	55	47	85.45
Total	84	72	85.71

The list of those who attended perfectly at the public school throughout the month is as follows:

Division 1, A. Sullivan, principal—Lottie Annable, Beatrice, Ebbs, Clyde Emory, Enid Etter, Beatrice Fennell, Hugh Fletcher, Arthur Gilker, Hugh Gunn, Willie Gunn, David Hardie, Dawn Hume, Charles Pearcy Albert Poupore, Charles Steele.

Division 2, Miss Kate Scanlan, teacher—Ina Stead, Georgia Patrick, Edna Graves, Hester Pierre, Bert Donaldson, Clifford Irvine, Frank Pogue, Robert Macleod, Keith Kettlewell, Mary Donaldson, Ida Zuehlke, Anna Palmquist.

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love.

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

Mrs. T. E. Gillis

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular periods, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. T. E. Gillis, Windsor, N. S., describes her illness, and cures, in the following letter:

Dear Mrs. Pinkham:—

"When I commenced to take Lydia E. Pinkham's Vegetable Compound I was suffering with weakness and womb trouble, headaches, backaches, and that worn-out, tired feeling. I have only taken the Vegetable Compound a few short weeks, and it has made me well, strong and robust. I believe that Lydia E. Pinkham's Vegetable Compound is without equal for female troubles."

Women who are troubled with painful or irregular periods, backache, bloating, (or flatulence), inflammation or ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

PLANNING TO BUILD.

I want you to write for my new Book "COUNTRY AND SUBURBAN HOMES." It is especially prepared for prospective home builders and is full of valuable practical and useful information on the subject. Each residence is illustrated by half-tone plates of the original, showing exactly how the building will look when completed. There are complete descriptions of each home and accurate estimates of cost. This book will cost you nothing, but will be worth a great deal of money to you. Write to-day. I prepare at low cost special designs and plans for new work or for remodelling old buildings.

POSTOFFICE BOX 51 - NELSON, BRITISH COLUMBIA

Synopsis of Canadian Homestead Regulation

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother, or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy Minister of the Interior.

TENDERS WANTED

In pursuance of the Order of the Hon. Mr. Justice Morrison dated the 15th October, A. D. 1907, tenders will be received by the undersigned for the purchase of lots 594, 595, 717, 1848, 1849, 2343 and 593, known as the "Blue Jay" "Starlight No. 3," "Last Chance," "Silver Cord," "Blizzard," "Little Widow," "Starlight Fraction," and "Galent" mineral claims respectively; one hundred tons more or less of zinc ore, whereof sixty tons are now lying at Kaslo, and forty tons at the mines; and all other the assets of the Last Chance Mining company, Limited.

Such tenders to be made in writing to meon or before the 1st day of December, A. D. 1907.

The highest or any tender will not necessarily be accepted. Further particulars of the property will be furnished on application.

Dated this 17th day of October, A.D. 1907.

LOUIS PRATT,
Official Liquiator,
The Last Chance Mining Company, Ltd.
Sandon, British Columbia.

IN THE SUPERME COURT OF BRITISH COLUMBIA

IN THE MATTER OF "THE WINDING UP ACT"
AND IN THE MATTER OF THE METROPOLITAN GOLD AND SILVER MINING COMPANY OF LARDEAU, B.C., Limited (Non-Personal Liability)

Before the Honourable Mr. Justice Clement, Saturday, the 16th day of November, A.D., 1907.

UPON the petition of John E. Burchard of the City of St. Paul, in the State of Minnesota, in the United States of America, creditor of the above Company, which petition is dated the 25th day of October, A.D., 1907 and preferred unto this Court on the 28th day of October, A.D., 1907; and upon reading the said petition and the affidavit of the said John E. Burchard, sworn the 28th day of October, A.D., 1907 and filed in the Nelson Registry of this court on the first day of November, A.D., 1907, verifying the said petition; and upon reading the affidavit of service of said petition on the above Company of Samuel Parker Tuck, sworn the 6th day of November, A.D., 1907; and upon reading the appointment granted by His Lordship the Chief Justice dated the 5th day of November, A.D., 1907 and the affidavits of service thereof and of notice of the hearing of the said petition which notice is dated the 6th day of November, A.D., 1907, said affdiavit of service being made by Walter Clayton on the 8th day of November, A.D., 1907, Mary E. Smith, sworn on the 8th day of November, A.D., 1907, and Fred C. Elliott, sworn the 14th day of November, A.D., 1907 (and leave having been given to read the said affidavits before filing); and upon the hearing having been adjourned on Friday, the 15th day of November, A.D., 1907, to come on for hearing before the presiding Judge in Court on the 16th day of November, A.D., 1907; upon hearing S. S. Taylor, K.C., of counsel for the petitioner:

THIS COURT DOTH ORDER as follows:

1. That the above named "Metropolitan Gold and Silver Mining Company of Lardeau, B.C., Limited," (Non-Personal Liability) be wound up under the provisions of the "Winding Up Act."

2. That Edward Blake McDermid of Nelson, B.C., accountant, be constituted Provisional Liquidator of the affairs of the Company, without security, and power is given him to take and hold subject to further order of the Court, all the papers, books, books of account, titles, documents or other papers or books whatsoever of the said Company.

3. That 10:30 in the morning of Tuesday, the 3rd day of December, A.D., 1907, or so soon thereafter as Counsel can be heard at the Court house in Nelson, B.C., is hereby fixed as the time and place when and where an application will be heard for the appointment of the Official Liquidator of the above Company, and notice of such application shall be sufficiently given to all persons concerned and the said Company by advertisement of this order in The Nelson Daily News for seven days prior to the said 3rd day of December A.D. 1907.

4. That the costs of the petitioner be reserved until the appointment of the Official Liquidator.

By The Court,
J. C. DOOKERELL,
Deputy District Registrar

"W.H.P.C.," J.
The Supreme Court of British Columbia.
Nelson, Nov. 25, 1907, Registry Supreme Court.
Entered Nov. 25, 1907, at Nelson.
(L.S. (L.)

We Guarantee
to cure your cough or cold

No "ifs" or "buts"—just a straight statement—Shiloh's Cure will cure your cough or cold and do it quicker than anything you ever tried, or your druggist will return the purchase price. Get a bottle to-day, and cure that cough or cold.

Shiloh's cures colds and coughs

Shiloh's Cure is a safe and sure cough and cold medicine for children. It has been effecting cures for 34 years. All druggists—25c., 50c., and $1.00.

Always Right

Fit-Reform couldn't pretend to be right.

Fit-Reform styles and Fit-Reform fabrics must be right.

Fit-Reform must know "What is going to be worn"—and Fit-Reform must be able to interpret every whim of fashion.

Thousands of men, in every part of Canada, depend on Fit-Reform to tell them "what's what" in Suits and Overcoats.

Stop in and let us show you how faithfully Fit-Reform lives up to its reputation.

Suits and Overcoats, $15 up. 256

Fit-Reform

EMORY & WALLEY

Nelson, B. C.

Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. For sale by all druggists and dealers.

Minard's Liniment Cures Diphtheria.

LINGERING COLD.

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My local dealer recommended Chamberlain's Cough Remedy and Expectorant to me and I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by all druggists and dealers.

Expert piano tuner and regulator, Jas. R. Muir. Strictest attention to all details. Leave orders at Daily News office

We are prepared to do auction business in the city or any part of the province. J. Green and Co., P.O. box 233. 189-6

If you want Fruit Land
That has soil—not sand or rock,
That is directly on existing lines of transportation,
That lies level—not mountain side or cliff,
See us.
We can give it to you.
We have ten - acre blocks which the intending settler can pay for at the rate of $10 per month.
We have large blocks suitable for colonization.
And our land has quality.

A. G. LAMBERT & CO.

THE OLD SUIT WHICH MOTHER MADE NEW BY THE USE OF DIAMOND DYES.

"I have used DIAMOND DYES for many years with great profit and success. They are true money-savers for mothers who economize. This week I colored a Wool serge suit for my boy. The suit had been worn for about six months, and was faded and spotted. After a bath in NAVY BLUE DIAMOND DYE for WOOL, the old suit looks as good and fresh as a new one. I recommend DIAMOND DYES to all mothers who wish to save money."

Mrs. Frank Hartley, Halifax, N.S.

It has been proved beyond a doubt by expert color chemists that no dye made to color Cotton or Linen (vegetable materials) can give the same rich shade on Wool or Silk (animal materials) that is obtained by the use of the special DIAMOND WOOL DYES.

The one dye which some merchants claim will dye equally well all classes of goods (Cotton, Linen, Wool and Silk), is a delusion and a snare; such a dye is a destroyer of valuable materials and fabrics.

When dyeing Cotton or Linen, be sure to ask for DIAMOND DYE for Cotton. If you are dyeing Wool or Silk, ask for DIAMOND DYE for Wool. At all times beware of Substitutes for DIAMOND DYES.

Send us your full address and we will mail you free of cost The Diamond Dye Annual, New Teddy-Bear Booklet and Diamond Dye Direction Book.

WELLS & RICHARDSON CO., LIMITED

MONTREAL, P. Q.

NELSON NEWS OF THE DAY

Fruitvale is to have a postoffice, the first mail leaving tomorrow night for that thriving new settlement.

If some of your "problems" are entrusted to want advertising you may sleep as soundly as though they were solved.

John Hyslop left last night for Fruitvale with his family and will make his future residence there. He is clearing up a ranch of 16 acres which he considers to be as good land as can be had anywhere in Kootenay.

A few dollars in purse, a little preliminary ad. reading, and a two-hour shopping trip make a pleasant and popular combination nowadays.

A charge of drunkenness preferred by sergeant Wheeler was made before police magistrate Crease yesterday morning and dismissed, the magistrate holding that the offender had been sufficiently punished, under the circumstances, by his nightse detention.

The mills of civilization turn out an always-increasing crowd of home-seekers—and they are all ad.-readers.

The students of the high school are making preparations for their annual At home, which will be held this year on Friday, Dec. 21.

STRANGE BUT TRUE

PRESCRIPTION RUINS SALE OF PATENT MEDICINES.

MAKES THE KIDNEYS ACT TO OVERCOME RHEUMATISM.

To make up enough of the "Dandelion treatment," which is claimed to be relieving nearly every sufferer who uses it for backache, kidney complaint, sore, weak bladder and rheumatism; get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon and three ounces Compound Syrup of Sarsaparilla. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

Those who have tried it claim that it acts gently but thoroughly on the kidneys, relieving backache and bladder trouble and urinary difficulties almost instantly. Many cases of rheumatism are known to have been relieved within a few days, the pain and swelling diminishing with each dose.

A well-known local druggist, who is in a position to know, asserts that this prescription, wherever it becomes known, always ruins the sale of the numerous patent medicine rheumatism cures, kidney cures, etc. It is a recipe which the majority of patent medicine manufacturers, and even certain physicians dislike to see published. Few cases, indeed which will fail to fully yield to its peculiarly soothing and healing influence. Being composed of common every-day ingredients, which can be had from any druggist, it makes up a good, honest and harmless remedy and at nominal cost.

Minard's Liniment Cures Colds, &c.

There will be a masquerade carnival on the evening of December 4th at the Alice Skating rink. Prizes will be given for best costume ladies, best costume gentlemen, best represented costume, and best comic costume. 190-tf

Her many patrons will be sorry to learn that Mrs. Elliott is giving up her home made bread and cake business to take effect Nov. 30.

The day you overlook the ads. may be the day you should look-over them.

A METHODIST MINISTER RECOMMENDS CHAMBERLAIN'S COUGH REMEDY.

We have usde Chamberlain's Cough Remedy in our home for seven years and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it. It is especially good for croup and whooping cough,

Rev. James A. Lewis,
Pastor Milaca, Minn., M. E. Church.

Chamberlain's Cough Remedy is sold by all druggists and dealers.

Lame back—swollen hands and feet—Rheumatism and Sciatica—Neuralgia—all are cured to stay cured, by

Fruit-a-tives

OR—FRUIT LIVER TABLETS.

They heal the kidneys and purify the blood. Made of fruit juices and tonics. 50c a box—at all druggists'. 130

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

THE DAILY NEWS CLASSIFIED ADS.

The best and cheapest means of reaching the people of the Kootenays. A small advertisement in these columns will bring big results.

RATES—One cent per word per issue; six insertions for the price of four is paid in advance.

Classified ads. will be received for insertion until 9 o'clock on the evening previous to publication. Phone 144.

ONE Insertion OF A Want Ad

DOES NOT ALWAYS CONSTITUTE A COMPLETE CLASSIFIED ADVERTISING CAMPAIGN — ALTHOUGH SOMETIMES IT DOES!

The first "try," in any line of effort, is not usually enough. "Try again" is a slogan as old as—experience of human affairs.

There is probably nothing else in which the first "try" is so often rewarded as in WANT ADVERTISING.

And there is surely nothing else in which reasonable persistence is so certain of a reward!

FOR SALE

FOR SALE—Several blocks of fruit lands from 50 acres to 1000 acres near transportation, excellent land, well watered and very easily cleared in the vicinity of Kootenay lake. Price from $6 to $15 per acre. Will also guide mountain climbers, land seekers and fishermen. Apply or address Lindsay's boathouse. 173-25

YOUR EYESIGHT

Nature provides you with but one pair of eyes, and it is up to you to keep them effective, it is not only necessary that you see well without any discomfort or inconvenience; if you don't you are producing an eye strain, which will sooner or later impair your vision.

We employ an expert optician, and are prepared to treat any case of impaired vision. We fit you with the latest improvements in lenses and frames, and our charges are moderate; our customers are our best recommendation.

FERNIE XMAS TRADE

HOLIDAY BUSINESS PROMISES TO BE VERY GOOD

PRESIDENT LINDSEY RETURNS TO TORONTO

Fernie, Nov. 29—Andrew Colvile, who for the last five years has been superintendent of the Coal Creek mines of the Crow's Nest Pass Coal company, has resigned and will be succeeded by J. Strachan, who is at present acting superintendent of the Michel mines.

Local Christmas trade promises to be very brisk this year owing to the substantial and steadily increasing pay roll and the merchants have every reason to be satisfied with the outlook. They are carrying heavier stocks than usual and of a better quality, and already much money is being put into circulation and as the mines have been working regularly this month another record pay day is assured.

G. G. S. Lindsey, K.C., president of the coal company, accompanied by his father, Charles Lindsey, left today for Toronto where he will reside in future.

QUICK TIME

Liverpool to Edmonton in 11 Days by the Dominion Express

The following clipping is taken from the London Daily Mail and speaks for itself:

To the Editor of the Overseas Daily Mail—Sir, I attach a cutting from a local paper concerning some birds, which we had shipped out here the other day. Surely this achievement will require some beating. Yours truly, Knowles Bros.

Edmonton, Alberta, Canada—To transfer goods from Liverpool, England, to Edmonton, Alberta in 11 days is the record of the Dominion Express, in connection with a consignment of five Indian game fowl ordered by Knowles Bros., Edmonton. They were shipped from Liverpool on Sept. 20, and arrived here on Oct. 1, beating a letter posted on the same day. The express goods came over by the Empress of Ireland, via Montreal, and the letter by the Lusitania, via New York. Both steamers left on the same day.

WHY HE WAS KNIGHTED.

Maker of Famous Britonsloom Serge Has a Town Named After Him.

Sir Titus Salts was knighted because he made a British serge which is famous throughout the world. The "Britonsloom" serge is made in Saltair, England in sir Titus' mills. By a special arrangement the Semi-ready Company has the exclusive rights for the whole of Canada.

"Britonsloom" suits are sold in Canada for $25. The average custom tailor has to pay 50 per cent more to the middlemen or commission houses for serge of like quality, and cannot sell as good a suit for less than $35. The "Britonsloom" makes a fine business and travelling suit. At the Royal Alexandra in Winnipeg recently six travellers were chatting in the rotunda and it developed that five out of the six were wearing these famous serge suits.

Minard's Liniment Cures Diphtheria.

A RELIABLE REMEDY FOR CROUP.

Mrs. S. Rosinthal, of Turner, Michigan, says: "We have used Chamberlain's Cough Medicine for ourselves and children for several years and like it very much. I think it is the only remedy for croup and can highly recommend it." For sale by all druggists and dealers.

The band will be in attendance at the Alice Roller Skating Rink on Tuesday, Thursday and Saturday evenings. Children are requested on Saturday to come in the forenoon as the management cannot supply skates for them in the afternoon and evening. 190-tf

PLAIN TALK FROM THE DOCTOR

A prominent physician, famous for his success in the treatment of kidney and bladder troubles, stated that to the following prescription is due a great deal of his success:

One ounce fluid extract dandelion;
One ounce compound salatone;
Four ounces compound syrup sarsaparilla.

Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water.

This mixture will, he says, positively cure any diseases arising from weak, clogged or inactive kidneys, and will assist these organs to cleanse the blood of the poisonous waste matter and acids, which if allowed to remain, cause lumbago, lame back, rheumatism and sciatica, and at the same time will restore the kidneys to healthy normal action. The ingredients, which are purely vegetable and entirely harmless, can be procured from any good druggist and mixed at home at very little cost.

This advice will undoubtedly be much appreciated by many readers.

NELSON NEWS OF THE DAY

Today, being the festival of St. Andrew the Apostle, there will be a celebration of the holy communion in St. Saviour's church at 10:30 a.m.

A big German is to be indicted today for disorderly conduct and for the drawing of a knife with intent to assault at a house on Lake street on Thursday night.

The regular monthly meeting of the Women's Hospital aid society, will be held next Monday at 3 p.m. in the Presbyterian school room. The officers for the ensuing year will be nominated.

The mayor is of the opinion that, if the weather continues favorable, he will be able to erect the principal roofs of the new court house before being compelled to close down for the winter.

The antituberculosis ball at the armory last night was a decided success. The society has certainly netted a fairly large sum and those present as certainly enjoyed themselves. The supper was a success and so were the other arrangements. A novel fature was th auctioning of flowers given by E. Grizzelle for the decoration of the hall. All helps in a good cause.

The Scotsmen of the city will celebrate St. Andrew's day by a banquet on Monday next at the Strathcona hotel. The entertainment will be something unique as the songs and dances will be given altogether by recent arrivals from auld Scotia who include some first class singers and at least one superlative dancer. The toast list is being well taken care of and the speech making ought to be good, entrusted as it is into the hands of such well known men as Judge Forin, W. A. Macdonald, F. Starkey, E. A. Crease, T. Scanlan, D. Fraser, Capt. Robertson, A. L. McKillop, T. G. Procter and others. The haggis is to be brought in by four hieland pipers wi' their kilties, not forgetting their sporrans and their skene dhus. Truly an awesome sicht.

The local branch office of the Canadian Bank of Commerce has been removed from the od quarters at the corner of Baker and Stanley street, to the marble faced stone and brick building owned by the bank and just completed on the north side of west Baker street. Business will be transacted today in the new premises for the first time.

Hon. Alexander Bruce, son of the earl of Elgin, his majesty's secretary of state for the colonies, was a visitor at the Strathcona yesterday. He is on a tour of the dominion and spent a night this week at earl Grey's ranch up the lake. He is much pleased with the climate and scenery of the neighborhood of Nelson and with the hospitality shown him and his companion, H. C. Verney of Bucks' England. They proceed today enroute to Rossland and the coast.

MUST BE GOOD.

Moral Wave Strikes Fernie and All Slot Machines Are Closed Down.

(Special to The Daily News)

Fernie, Nov. 29.—A moral wave has struck this town, and henceforth the slot machines, which for some months past have been doing a lucrative business in the hotels and tobacco stores, will be relegated to the lumber room or back shed. For some time it has been felt by a portion of the citizens that the town was being run in a wide open style, and the operation of slot machines came in for much adverse criticism; it was therefore determined to remedy the matter if possible, and then proceed to the enforcement of other reforms. Today the first definite action was taken, and owners of the machines were notified by chief of police Pennywick to remove them.

Frank Sherman will occupy the position of district president of the United Mine Workers of America for another term, Wm. Douglas of Michel, whose name was placed in nomination for the office, having withdrawn from the contest, thus giving the presidency to Sherman by acclamation.

The C. P. R. express from the west was an hour and a half late last night, being held up a few miles from town by a freight engine which broke down on the steep grade between here and Cokato.

FROM BLOOD POISONING

Toronto, Nov. 29—This morning, Robert F. Tate, resident engineer of the Mackenzie and Mann company, died at the Western hospital from blood poisoning. Mr. Tate was 53 years of age and for the last ten years had been connected with his late employers, and for several years had held the position of resident engineer. He was a son of the late A. J. Tate of Belleville.

Hecla and whether or not there did or did not exist the same conditions at the Copper Queen, Arizona, explanatory possibly of the drop in wages

To secretary Kelly witness said that if the wages were reduced in the Boundary that might make the difference between profit and loss and the mines might resume.

Mr. Aldridge quoted a newspaper interview from manager McAllister of the Greenwood smelter in which the causes of shut down were set to the cost of supplies and of transportation and labor, taken in conjunction with the price of copper.

This ended the taking of evidence and the court adjourned to meet again on Dec. 19.

Mr. Aldridge promised that he would try to enter into negotiations with the Moyie Miners union at Moyie, Mr. Kelly being unable to speak for the whole committe, especially in the absence of Mr. Mills A short conference afterwards took place between the representatives of the both sides and it seems likely that the differences my be adjusted in the near future.

HUGH MURRAY DEAD

Hamilton, Nov. 29—Hugh Murray, grand secretary of the grand lodge of Canada A.F. and A.M., and one of the best known Masons in Canada, died suddenly this morning at his home, aged 65 years. He was taken suddenly ill at his office on Monday, but it was thought the illness was not of a serious nature. He leaves one son and four daughters.
