TWO CUBAN VICTORIES FOR SPAIN

The Winslow Disabled amd Fivo Men Killed at Cardenas Harbor.

An Unsuccessful Attempt to Land Men and Arms at Cienfuengos.

KILLED HIM INSTANTLY

Death of the Great Independent Leader, Dalton McCarthy.

Italy Is Still Writhing in the Throes of Bloody Revolution.

Special Dispatch to the Kaslo Morning News.

Key West, May 12.—There was an engagement off Cardenas yesterday. The United States gunboat Machias and the torpedoboats Foote and Winslow and the revenue cutter Hudson participated on the American side. The Winslow was disabled, one officer and three men were killed and several wounded.

Details of Cardenas Harbor Fight.

Special Dispatch to the Kaslo Morning News.

Key West, May 12.—When the United States gunboat Hudson came to the government dock at 8 o'clock this morning the bodies of five men were lying on her floor deck. They were the remains of Ensign W. Bayley and four others of the crew of the torpedo boat Winslow, killed in the engagement off Cardenas harbor yesterday afternoon. Several others of the Winslow's crew were slightly wounded. The engagement took place inside the harbor of Cardenas. The cruiser Wilmington, the torpedoboat Winslow, and the gunboat Hudson were the only vessels engaged. They entered the harbor for the purpose of attacking some Spanish gunboats known to be there. The latter were not discovered by the American forces until the Spaniards opened fire. The land batteries at Cardenas supported the fire of the Spanish gunboats. The engagement commenced at 2 p. m. and lasted an hour. The battle, while it lasted, was terrific. The Wilmington and the Hudson ahead opened fire on the Spanish boats which were lying at their docks. Firing began at a range of 3,500 yards. A few minutes after the firing began the Winslow came up and also opened fire. In an instant the entire attention of the Spanish gunboats and land batteries was directed upon her. From all sides shot and shell seemed to pour upon the little torpedo boat, The Wilmington and Hudson still kept up their fire but could not turn aside the terrible storm of fire and death pouring in. The crew of the Winslow never faltered. At 2:35 a shot crashed into the hull of the Winslow and knocked out her boiler. In an instant she began to roll and drift helplessly. There was a moment of awful suspense. Then a fierce cheer of triumph went up from the Spaniards on the gunboats. Fire opened upon the helpless boat. The gunboat Hudson started to assist the Winslow and ran alongside and tried to throw a line to her crew. Up to this time, with the exception of the shot which disabled the boiler, the firing of the Spaniards had been wild, but as the Winslow kept rolling in the water the range grew closer and the shells began to explode all around her.

It was difficult for the Hudson to get near enough to throw a line to the Winslow so terrible was the fire. Finally a line was thrown, Ensign Bailey and six men were standing in a group on the deck of the Winslow. The line was thrown at the same instant that a shell burst in the very midst of the group of men on board the torpedoboat. Bayley was instantly killed and the others dropped about him. Finally the Hudson succeeded in getting a line on board the torpedoboat and towing her out of the deadly range of the Spanish guns when the line parted and both boats were again at the mercy of the Spanish fire. The Hudson managed to get another line to the torpedo boat and she was towed to Pedras island where she was anchored.

Americans Repulsed at Cienfuegos.

Special Dispatch to the Kaslo Morning News.

London, May 12.—A special dispatch from Havana says four American ships opened fire on Cienfuegos Wednesday morning and attempted to land men and arms in barges. Spanish troops, assisted by the fort, drove off the invaders. Four Spaniards were wounded. American guns destroyed the cable station.

Dalton McCarthy Dead.

Special Dispatch to the Kaslo Morning News.

Toronto, May 12.—Dalton McCarthy died shortly after 9 o'clock last night the result of a runaway accident last Saturday. His funeral is fixed for Saturday, and will be private, but very many citizens will doubtless attend. Many telegrams of sympathy with the bereaved family were received this morning. He was aged 62.

Italy in the Throes of Revolution.

London, May 12.—Reports by way of various continental cities fully confirm the early reports of the extreme gravity of the situation in Italy. It will be many days before the extent of the riots and the number killed and wounded can be estimated.

BIG FIRE IN CHICAGO.

Elevator and Contents Worth $1,200,000 Destroyed, Besides Three Great Lumber Yards.

Special Dispatch to the Kaslo Morning News.

Chicago, May 12.—Grain elevator D belonging to the Chicago, Burlington & Quincey railway was destroyed this afternoon. The loss on building and contents will aggregate about $1,200,000. The elevator contained 1,115,000 bushels of grain valued at $890,000, the property of P. D. Armour. The grain was fully insured. The Lord & Bushnell Lumber Co. was the first concern whose property was set on fire from the elevator. The lumber yard of D. S. Tate & Co. was next destroyed and 40 freight cars on their side tracks were consumed with their contents of finished lumber. Arthur Goosley & Co.'s yard caught fire but quick work on the part of the firemen headed off the flames in that direction. Francis, Beldeler & Co.'s yards adjoining the Goosley property caught next and before the fire department steamers on the river could reach the Beldler plant it was entirely destroyed. At 2 p. m. the fire was under control but there were four acres of timber piles still burning.

Teach Cooking in Public Schools.

Special Dispatch to the Kaslo Morning News.

Hamilton, Ont., May 12.—Hamilton workingmen will ask the board of education to give the teaching of domestic science a trial in one or two public schools.

BLACK DIAMOND NOT TO CLOSE

Denial of a Paragraph in Ainsworth Correspondence.

Supt. T.M. Gibson, of the Black Diamond Mine at Ainsworth, authorizes the News to state that the paragraph in the Ainsworth correspondence yesterday was unauthorized and incorrect. There is no reason to believe that the bond will not be paid as it falls due. Twelve men are at present employed and there is more probability of that number being increased than diminished. Ainsworth's old stand by has many a year of prosperity yet ahead of it.

W. J. Twiss, Kaslo's popular financial agent, added his cheery smile to the sunshine of Sandon's streets this week.—Paystreak.

London, May 12.—It is said here that Germany has intimated to the United States that she expects to have a voice in the disposition of the Philippines.

Spanish Spy Suicides.

Washington, May 12.—Geo. Downing, the supposed Spanish spy arrested here several days ago, committed suicide this morning by hanging himself in the barracks where he was confined.

KOOTENAY'S NEW DAILIES.

Rossland Times Says Kaslo News is Best of the Batch.

Dailyism is the most recent malady that has attacked the newspapers of West Kootenay, where it seems to be an epidemic just now. Kaslo is in the proud position of having as many dailies as Rossland or Victoria.

The Kaslo Morning News is the best looking of the three infants [two of which are] lately born on the strength of election needs. The Evening Kootenaian and Revelstoke Herald are lusty on their legs, but will no doubt be relegated to a little grave in the garden when the fight is over.—The Rossland Times.

Military Company Growing.

The roster of the new military company was increased yesterday by the names of Ernest King, H. Brown and Pat Walsh. Bob Grant, of Burns & Co., says that he will enlist if he can be assigned to a protected position behind Pat. Lieut.-Col. Peters, of Victoria, has been informed of the organization, and further movements of the company are held in abeyance until he is heard from, except the enrollment of new names, which can continue. The name of Fred Green should have been mentioned as bugler in yesterday's report.

A big strike is reported by Ainsworth parties on the Tecumseh claim, 11 miles up Woodbury creek, the property recently under bond to L. A. Scowden.

C. G. Dixon, general agent of the Great Northern railway at Spokane, and G. H. Martin, auditor of the Spokane Falls & Northern railway, came in on the Kokanee last night, and went out at 3.30 this morning on the International.

FIGHT NO. 2 IN PACIFIC

A U. S. Warship Sinks a Spanish Warship.

Insurgents in Philippine Islands Are Uncontrollable and Dewey Unable to Restore Order.

Special Dispatch to the Kaslo Morning News.

London, May 12.—A dispatch from Lloyds agent at St. Thomas, of the Danish West Indes, says that the American fleet is bombarding San Juan the capital city of Porto Rico.

San Juan's Fortifications Crumbling.

Special Dispatch to the Kaslo Morning News.

London, May 12.—News is said to have been received here from Hayti saying that the fortifications of San Juan de Porto Rico are rapidly crumbling under the bombardment of the American fleet.

Another U. S. Victory on the Pacific.

New York, May 12.—A Hong Kong special says that a trading vessel from the Philippines reports that the United States ship Concord engaged a Spanish warship off City of Iloilo. The Spaniard went down with its flags flying. The Concord was unharmed.

Bad Conditions in Philippines.

Hong Kong, May 12.—The British gunboat Linnet which left Manilla Sunday brings news that the insurgents are uncontrollable and the whole country is in a state of anarchy. Admiral Dewey is said to be powerless to restore order. Even if the Spanish rule should be abolished it will require a large force to restore order in the interior.

Think Spain Wants to Quit

London, May 12.—The prevalent opinion in political and diplomatic circles is that Spain will, before long, find means of proposing indirectly to Washington the surrender of Cuba on condition that the United States retire from the Philippines.

EDITORIAL OUTCROPPINGS.

The most exciting news across the line, next to war events, is the continual rise in the price of wheat. And silver rises also.

The man at San Francisco who threw his false teeth at the chandelier after hearing Melba sing, probably didn't have any other possession left after paying for his ticket.

Do you notice how silver keeps climbing? Just reconsider before you decide to look for something better than the silvery Slocan, and remember the fate of the rolling stone.

Rioting seems catching. Spain and Italy are emulating each other in rapid order on home disturbances. Both have doubtless plenty of grievances for their civil population to feed upon, and as long as Italy's trouble continues Spain has one less possible ally for foreign fighting.

There are various kinds of bigness, neighbor. A mine may be big by reason of its development as well as by its profits. We are willing to acknowledge the supremacy of the Payne as far as profits are concerned. Too bad you're so much concerned about our motives. Now, if you're looking for something "sinister," why not try introspection and consider violent political flops?

The editor of the East Kootenay Miner, published at Golden, has a level head, as evidenced by the following clear cut statement of fact:

"There is more joy in a printing office over one subscriber who pays in advance and abuses the editor on every occasion, than over ninety and nine who borrow the paper and sing its praises without contributing one solitary cent to keep it out of the poorhouse."

The quality of the telegraph is rather variegated of late, and steps from the sublime to the ridiculous are frequent. For instance, after living on such mental pabulum as highly spiced war accounts, one of our subscribers asserts that it is a positive shock to his system to be floored with the startling information in yesterday's Morning News, that the people of Tweed, Eastern Ontario, have the measles. It reminds him of the popular song of boyhood days, which dealt with great notables in this manner:

"Emperor William's very sick;
Napoleon's got the measles;
All around the cobbler's bench,
Pop go the weasels."

In a recent dispatch from Hong Kong it is stated that reliable reports show 25,000 insurgents on the hills surrounding Manilla. It is proposed to arm them with repeating rifles and have them co-operate with the United States forces in subduing the islands. Let the Americans remember that these are the insurgents Spain has tried in vain to crush. They are the Mohammedan Malays, fierce, fanatical and ready to fight to the death for Islam. The sale of gunpowder and its ingredients has been prohibited on the islands, and that fact alone has immeasurably helped Spain to control her possessions. Now they are to be armed with as good guns as the Americans possess.. What would be the result if they were to turn on their new conquerors as soon as the former were expelled, and were furnished ammunition by hostile powers? The United States should hold the islands with her own soldiers, and not trust to the wild enthusiasm of savages, whose actions are governed by religious fanaticism, and whose history shows their undying hatred for all Christians.

The Way it Looks in Slocan City.

The B. C. News and Kootenaian have blossomed out into dailies, and are a credit to the town in which they are published. These strokes of enterprise are unpertaken with the sole object of supplying their readers with the latest war news, and not because the publication of a daily in Kaslo will prove a paying proposition. [Well, well, now! who told you that?] Their patrons should extend to them liberal support, and encourage them in every possible way, for they richly deserve a substantial recognition of this forward move, which means nothing in dollars and cents to the publishers of the papers, but represents an incalculable amount of good for the town of Kaslo and every one doing business there.—Slocan City News.

["Means nothing in dollars and cents to the publishers," eh? But of course that's satire. If not, we wish you would just assume our telegraphic bill for a month, Bre'r Young.—EDS. NEWS.]

Subject Introduced at Ottawa Too Late For This Session.

Hewitt Bostock, M. P., has written to the secretary of the East Kootenay Miners' Association, stating that he has represented to the Dominion government the desirability of encouraging the lead smelting industry, as per their resolution, but he is afraid the session is now too far advanced to enable the subject to be dealt with this session.—Nelson Miner.

"Persons having normal vision will be able to read this print at a distance of 14 inches from the eyes with ease and comfort; also will be able to read it with each eye separately. If unable to do so your eyes are defective and should have immediate attention. When the eyes become tired from reading or sewing, or if the letters look blurred and run together, *it is a sure indication that glasses are needed* The lenses sold in the cheap goods are of unequal density and have imperfectly formed surfaces. Collapse of a Concentrator.

The last Sandon Paystreak says that Friday afternoon the bins of the concentrator of the Scottish Colonial Co. one mile from Three Forks, broke down under the pressure of 1,000 tons of ore. The damage to the building will amount to about $3,000, while the cost of shovelling the ore out will swell the loss to at least $4,000.

LOWERY'S LUCUBRATIONS.

New Denver Ledge Man's Impressions on Kootenay Dailies.

"Kaslo seems to be an unfortunate city. In the past she has suffered from fire, flood and hard times. Now the greatest calamity of all has struck it. It has two daily papers, which goes to show how desperate editors can become under the strain of financial laxity."

"Times are hard in Kaslo. The price of chips in the horse poker games has fallen to 2½ cents, and there is no telling how low the price will go, if the local dailies continue to brokify that city."

"The Nelson Miner is to become a daily. Its proprietor has the sympathy of us in the chute of grief that yawns across his journalistic trail."

[Imaginary war report.] "The contingent from Kaslo has stood the campaign in the fever tainted ozone of Cuba better than any other body of men. No wonder; they belong to a town where two daily papers and a comique make the terrors of war seem like a summer picnic."
