MORE CORRESPONDENCE.

Mr. Retallack Proposes Joint Meetings, but Mr. Green Demurs.

The following letters suggest that Mr. Green is not altogether anxious to continue to meet Mr. Retallack on the platform, at least not on equal terms. As to disarranging his itinerary, Mr. Green has already done that himself to a considerable extent in order to be able to follow Premier Turner. For instance, he was to have been at Slocan City Monday night, at Silverton last night and at New Denver tonight:

KASLO, B. C., 27th June, 1898.

R. F. Green, Esq., Kaslo:

Dear Sir—I am today leaving Kaslo for two or three days, being engaged in a canvassing tour with the Premier. Upon reaching Slocan City the Premier leaves for another district, and I shall then be at liberty, if you are agreeable, to meet you frequently on the public platform.

What I propose is that both candidates with one speaker each make a tour through the riding and hold a series of joint meetings. In addition to the speakers travelling with us we could arrange for addresses by local men in each place.

Will you be kind enough to let me know whether this proposal meets with your approval. I expect to reach Slocan City tomorrow night, and should then be pleased to commence such a tour with you from any point you may prefer. Yours Truly,

J. L. RETALLACK.

KASLO, B. C., 28th June, 1898.

John L. Retallack, Esq., City:

Dear Sir—In reply to your favor of this date, I have to say that my itinerary for the campaign has already been prepared and published. I shall, however, be pleased to meet you and your supporters at any and all of my meetings, but cannot consent to confine my speakers to any prearranged number. If, therefore, you cannot consent to these general terms and will announce your meetings, I shall endeavor to be represented at each of them as I request and trust that you will be represented at mine. Yours Truly,

R. F. GREEN.

Tenders Wanted.

Sealed tenders, so marked, will be received at the office of the City Clerk, Kaslo, B. C., up to 8 p. m. July 4th, 1898, for the building of a City Hall in the said city. Plans and specifications to be seen at the office of the City Clerk, Kaslo, and at the office of Ewart & Carrie, Architects, Nelson, B. C. Bids must be accompanied with a certified check of not less than five per cent. of the total bid. Lowest or any tender not necessarily accepted.

ADMIRAL SAMPSON TO BE ATTACKED FRONT AND REAR

A Portion of Admiral Camera's Fleet Reported Coming With that Object in View.

The War Department Notified of the Safe Arrival of the Yale---Dominion Cabinet Trying for a Quorum.

London, 28.—The Star today prints a story from a foreign correspondent to the effect that part of Admiral Camera's fleet left him off Alegria near Gibraltar and is now on its way to Porto Rico to join the squadron of torpedo boats which Capt. Vallemil has had cancealed hear there for three week's past. The correspondent adds: "This fleet will attack Admiral Sampson in the year while Admiral Cervera attempts a sortie simultaneously with the commencement of the land battle. Thus Admiral Sampson will be too much preoccupied to help General Shafter."

Arrival of the Yale.

Washington, June 28.—The war department late this afternoon posted the following: "Baiquiri, June 27th, via Playa del Este, June 28.—To the Secretary of War, Washington: The Yale arrived this Monday night and her troops are now disembarking. SHAFTER."

Dominion Cabinet Trying for a Quorum.

Ottawa, Ont., June 28.—The governor-general returned to the capital last night, and the first minister returned today. There is barely a quorum of ministers for the transaction of pressing business. Tare, Fielding and Schrieber, deputy ministers of railways and canals have gone to Levis to arrange for increased accommodation in intercolonial commerce there.

REV. NEWCOMBE IN VANCOUVER

The Province Refers Pleasantly to a Former Kaslo Clergyman.

The issue of the Vancouver Province of latt Saturday gives an account of the present work of Rev. H. C. Newcombe in the Mt. Pleasant Baptist church of that city. It also publishes his portrait and a picture of his church edifice. Mr. Newcombe's many friends in this city will be pleased to hear of his success in his larger field.

The following concerning his varied experiences is from the Province's article:

"Mr. Newcombe is a New Brunswicker by birth, and when quite young went to sea. For seven years he followed the sea and has seen more of the world than most men. His voyages were chiefly to the East Indies, South Africa, and South America, but still he was in British Columbia waters several years ago. While an officer on a ship in the African trade Mr. Newcombe carried from Port Natal to Calcutta a load of liberated slaves. Having decided to enter the ministry, Mr. Newcombe took the Arts and the Divinity course at McMaster Hall, Toronto, and then devoted himself to missionary work at Kaslo, whence he came here at the beginning of the year.

THOSE AFFIDAVITS.

They are Fading Like the Baseless Fabric of a Vision.

People are wondering why Mr. Green does not produce those affidavits alleging undue influence of voters, etc. In addition to the card published in yesterday's News by Mr. Young asking Mr. Green to produce the affidavit or withdraw the statement, Mr. Young says that on approaching one of Mr. Green's representatives on the matter, it was admitted that Mr. Johnson had not made such an affidavit. As to the alleged affidavit against Mr. McGregor by Chas. Martin, it still seems to linger in obscurity also.

Supplementary Voters' List Court.

Alexander Lucas, collector of voters for Slocan riding, will hold a supplementary voters' list court today at his office at 10 a. m. and continuing until after mail distribution in the evening to consider objections if any be urged, as to why the different names of some forty voters transfered to Slocan riding from different portions of the province should not be placed upon the regular voters' list.

New Town and New Paper.

The first issue of the Brooklyn News has reached us. The paper is published by Blackmer & Esling of the Trail Creek News. This is an instance of the paper coming almost in advance of the town. Brooklyn is a new town on the west bank of Lower Arrow lake about 20 miles north of Robson. It is the eastern terminus of the new C. P. R. work of the Robson & Penticton Ry. and bases its future support not only on its position but also upon the fact that a mile tunnel is soon to be begun there. The town is mostly in tents at present but building is progressing rapidly and the population numbers several hundred. The Brooklyn News is very neat typographically and is well edited.

A Sad Errand.

Jas. Hunter of Hunter Bros., the well-known Rossland merchants, goes up to Sandon this morning to take away the remains of his sister, Miss Hunter, who died there yesterday. Two weeks ago Mr. Hunter accompanied her to Sandon to visit his brother's family. He received a telegram yesterday summoning him to come as his sister was very sick. Hastening from Rossland he arrived in Kaslo to find a message awaiting him that she was dead.

THE CONTRACT LABOR SYSTEM.

When Mr. Cliffe in his speech, Monday evening stated that he thought all public works should be let by contract, he doubtless presented fairly the views of the Opposition. When Mr. Retallack, in reply, met the issue squarely, and stated that he was unqualifiedly opposed to letting the labor of the country go out of the hands of those who were interested in the country's development, he struck an important keynote.

The effects of the contract labor system are seen in the kinds and conditions of the employees on the Crow's Nest Railway. There Canadian citizens have been degraded to a lower level than the Chinese.

The cheese-paring economy which would save a few cents to the government at the expense of the manhood of its subjects is very poor policy.

We have had some examples of this sort of thing recently right here in Kaslo under the administration of Mayor Green, the Opposition candidate, and its continued policy under Mayor McAnn, one of Mr. Green's chief supporters. Work has been let by tenders at such low rates as practically to exclude Kaslo's citizens from employment under the contracts, and it was found necessary to send away for cheap foreign laborers to do it. As a consequence, very little of the $12,000 voted last fall for street improvements has remained in Kaslo, but has been carried out of town to a great extent by people whose mode of life is such that self-respecting men of family cannot compete with them.

The working people of Slocan riding will applaud Mr. Retallack's vigorous stand upon this live question, and will be glad to know that he has thrown his influence toward securing good pay for home people on the Lardo-Duncan work now in progress, and thus shown that his actions preceded his public utterances on this subject.

EDITORIAL OUTCROPPINGS

If you are in favor of home people doing home work at living prices and help develop their own country, vote for Mr. Retallack. If you want this work performed by contract labor at at a figure which will require the employment of Dagoes, Slavs, Chinese, etc., vote the Opposition into power in this Province.

As will be seen by a government advertisement in another column, Ten-Mile Creek on Slocan lake has been established as a polling place. This will not only prove a convenience for the voters of Aylwin, noted in yesterday's issue, but will also be convenient for Vevey voters near by.

MR. RETALLACK'S ACCEPTANCE

To the Electors of the Slocan Riding of West Kootenay Electoral District:

Gentlemen—At the request of a large proportion of the community representing every section of the Riding, I beg to announce myself as a candidate for your suffrages in the coming elections.

In respectfully soliciting your votes and support, I declare myself a supporter and follower of the Hon. J. H. Turner as the leader of the only party in this Province with a defined policy and coherent existence.

During my eight years' residence in this district I have been a consistent supporter of his party in recognition of their attitude in meeting, and in cases anticipating the requirements and expansion of this great mining region.

I am in favor of the following reforms:

1. The abolition of the tax upon working miners.
2. The abolition of the Mortgage Tax.
3. The distribution of seats in the Legislature in direct proportion to population.
4. I do not approve of the policy of the late Legislative Assembly in using their influence to exclude foreign railroads, such as the proposed railroad to Boundary Creek.
5. I favor certain revisions in the Mineral and Land Acts, particularly some easy plan by which the holders of claims can advertise out their defaulting co-owners.
6. In filling all government appointments I am in favor of appointing bona fide residents of the district in all cases where such can be found competent to act.
7. I believe that the Provincial Legislature should bring all the aid and influence at its command to the assistance of the lead mining industry, especially in the direction of obtaining stronger recognition from the Federal Government at Ottawa of the importance of this industry and the disadvantages under which it now labors.

If you do me the honor to elect me as your representative, I will at all times endeavor to protect and further the interests, not only of the prospector, but also of all those employed in and around our mines, recognizing that our entire community is dependant upon the mining industry.

I am, gentlemen, your obedient servant, JOHN L. RETALLACK.

CHANGES IN MINING LAWS.

The following changes in the British Columbia mining laws should be carefully studied by those interested in mining in this Province:

First of these refers to the location of fractions. In all fractions surveyed from now on, whether staked correctly or not, the surveyor may adopt the boundary lines of the surrounding claims, provided no side exceeds 1500 feet in length. In other words, the locator is entitled to the vacant ground that he claims, even if he does not stake it in such a manner as to include it all, which he seldom does.

By a recent decision of the courts a prospector lost a claim because of inability to secure the post necessary to mark the location. The amendment provides that in cases where claims are staked above the timber line, or the prospector can not secure the necessary posts, he may erect monuments of earth or stone.

In staking an extension the posts are often planted so as to form a wedge-shape fraction between two ends of the two claims. These fractions have often incurred great expense, not only in recording and surveying, but in cases where they carry the lead, and thus become of such value as to promote litigation. The amended act authorizes the surveyor to include such fraction, provided it does not cover more than 51.65 acres, the area of a full claim, and provided further that two location posts are together.

By failure to record assessment work within the required period of one year, either through oversight or the misunderstanding of partnership interests, valuable claims have been lost. Now, if a prospector fails to record the work within a year, he has 30 days' additional time in which to make the record by payment of an extra $10.

Another change regarding the assessment work is in that particular which called for work to the amount of $100 each year. Now, a miner can do and record as many assessments as he pleases in a year by paying the recording fee for each assessment done to the extent of $100.

In case anybody should adverse an application for a certificate of improvement and crown grant, the contestant must have his claim surveyed immediately and file a plan made and signed by an authorized provincial land surveyor with the writ.

To obtain a crown grant in 1896 it was necessary to do assessment work to the amount of $500 and to have the claim surveyed, which meant another $100. In 1897 the act was amended so as to provide that up to May 1, 1898, the cost of such survey should count as work done on the claim, not to exceed $100. In plain English, it counted as an assessment and as work toward the crown grant. A survey generally costs $100. The last legislature extends the time to May 1, 1899.

Hereafter, in adverse proceedings in connection with the title to mineral claims, before any court, each party to the proceedings shall give affirmative evidence of title. Heretofore the burden of proof was on the contestant.

The fee for recording assessment work has been reduced from $2.75 to $2.50. Heretofore the fee for recording assessments has been 25 cents higher than other fees.

Anybody who pulls down a legal post erected to mark a boundary or location of a mineral claim, or any writing by law required to be thereon, is liable to imprisonment for six months or a fine of $250, or both. This is supposed to be directed particularly toward preventing the use of old posts by people who restake a claim and sometimes destroy evidences of a prior location.
