MAYOR ALLOWS BARS TO OPEN ON ELECTION DAY

MADERO WINS BIG BATTLE IS DECLARED PRESIDENT

Mexican Insurgents are Victorious After a Desperate Day and Night Battle at Juarez---General Navarro, Federal Leader, is a Captive and His Men Have Surrendered the Fortress to Victors---Juarez is Made the Provisional Capital.

(Canadian Press Dispatch)

Jaurez, Mexico, May 11—This little bullet-riddled city of Juarez is today the provisional capital of Mexico, and Francisco Madero is the provisional President. President Madero and his staff have taken complete possession after winning one of the bloodiest in the revolution. General Navaree the Federal Commander is a captive, having surrendered today with almost the entire garrison, several hundred men. Everything is quiet.

El Paso, Texas, May 11.—Desperate efforts were made by the Federals last night to beat back the fires which threatened their barricaded position near the church at Juarez. Owing to the high wind which sprang up the battle with the flames was rendered almost a hopeless struggle, but the Federals managed to hold their own.

Seeing that they were not to be driven from their place by the fire, the rebels immediately made a determined attack upon the Federal position. Swarming over the barricades at a point insufficiently guarded while the defenders were battling with the fire, the insurrectionists all but succeeded in carrying the position by a hand to hand conflict.

A dozen Federal soldiers died in a heroic struggle to beat back the invaders before they could force their way over the barriers. But the attacking party paid dearly for their momentary advantage. Leaving the burning buildings, the Federals concentrated upon the defence of their position and by a withering fire beat back the rebels with great loss. The dead strewed the approaches to the broken barricade, and every single rebel who had forced an entry there was killed.

Fortunately a change of wind gave the Federals the advantage over the fire, and helped them after the skirmish, to repair their defences.

OUGHT BARS TO BE OPEN

By-Election Breeze This Morning

UP TO POLICE CHIEF

Mayor Manson and Licence Commissioners Waited on by Electors. Law was Looked Into. Police Chief Decides on Open Bars.

Voting has been proceeding steadily during the day in the by-election, and all three candidates have been in attendance at the City Hall. Up to noon about fifty votes had been recorded, and each candidate felt confident that he had the most of them.

A small sensation was caused about eleven o'clock, when some of the electors discovered that the bars were open all over the town. One bar is almost next door to the polling booth. There was a stampede for the License Commissioners and Chief of Police.

Mayor Manson, Chairman of the License Commission, Com. Merryfield, M. M. Stephens and the Chief of Police were all buzzing around like bees looking up Acts and Election Regulations at the government office, and Chief Vickers decided to allow the bars to remain open. "There is nothing in the Municipal Clauses Act against it," he said.

Not to "know" when buying is little better than not to care. Either failing in a housewife grows, sooner or later, into financial "trouble" in the home.

NELSON MILITARY OFFICERS SEND IN RESIGNATIONS

There is a Mute Rebellion in the Ranks of the 102nd Regiment Over a Slackness in Bringing Pay Day On---There is Also a Dispute as to Whether They Must Attend Camp or Not---Regiment May be Disbanded.

Nelson, May 11.—There is almost a rebellion in the ranks of the 102nd Regiment, familiarly known as Nelson's Own. This morning every officer of the local company sent in his resignation to the Department of Militia, and their example is to be followed by others. It is expected that the regiment will be so decimated of its officers that the Department will be obliged to disband the regiment.

The dissatisfaction has been brewing for a long time past. Today was merely the climax. It is claimed that the men in the ranks have not as yet been paid for the drills they put in last year, as well as for those in this year. This has been a grievance to the men.

Poor Kamloops

In addition, an order has recently been issued ordering the regiment to go into camp at Kamloops. The order reminded the men that jail or a fine awaited those who neglected to obey the odre. This was considered an unnecessary and offensive order.

Army Goes on Strike

The men in the ranks are obliged to fulfil the term they engaged for, but the officers are not so bound. Accordingly the officers of the Nelson company agreed to send in their resignations together, as a protest against the treatment accorded the regiment There are other companies in neighboring towns, and these it is expected and hoped will follow Nelson's example.

The regiment being classed as a city corps is entitled, it is claimed, to perform its drills at its own headquarters, and was exempt from the order to go to camp.

"READY IN JULY"

Telegraph Line to Stewart Is Promised Soon

Construction has been resumed on the new Dominion Government telegraph line from Kitsumkalum to Stewart, a distance of 150 miles, and it will be ready for operation early in July, announced Mr. T. J. Phelan, superintendent of Dominion Yukon telegraphs this morning. The Stewart extension from Kistumlakum is a branch from the Prince Rupert line which in turn is an off-shoot from the direct line betweenAshcroft and Dawson.

The construction work, which was commenced last year, is now about half way to completion, it is stated, and gangs are now stringing wires from Lava Lake to the Naas and from Alice Arm to the same river. When the line is finished direct communication will be afforded between Vancouver and Stewart without relays of any description.

Learn to Shoot

Tomorrow evening the annual meeting of the Prince Rupert Civilians' Rifle Association will be held in the Government Buildings. Every young man should be able to use a rifle and Mr. William Godson, in the Government office, will be pleased to receive applications from young men at any tie.

HOSPITAL BOARD PRESENT A FINANCIAL STATEMENT

Although on Paper They Are $43,000 Ahead, They Are Still in Need of Ready Cash—Are Going to Get After Subscriptions Promised Them

A surplus of over $43,000.00 is shown by the Hospital Accounts the audit of which has just been completed. Among other recommendations, it was suggested by the auditors that further insurance should be effected upon the building. The building is valued at $20,534.26 and so far only $13,000.00 is insured. At yesterday's meeting of the Hospital Board the President, Mr. D. G. Stewart, dealt with this matter which is referred to the Finance Committee.

Outstanding Subscriptions

About $3000 is represented in the accounts by outstanding subscriptions. This sum the auditors recommend should be reduced as far as possible. Steps will be taken to collect as many of these as possible. The president, himself, is looking after the matter with the help of a committee which he will convene.

Contract Patients

It has been proposed by the Medical Association that arrengements be made for doctors' contract patients by the issue of Hospital Tickets at $1.25 per month, or $15 per year. Fifty per cent of the receipts are to go to the Medical Association, and fifty per cent to the Hospital.

A committee consisting of Mayor Manson, President D. G. Stewart, M. M. Stephens, and J. Kirkpatrick met the Medical Association to discuss the matter, and Mr. Manson presented the proposal to the Board. There was some discussion, and the matter is left in the hands of the committe for further consideration. The alternative to the contract patient system is for the Hospital to have a resident physician. It is probable that an arrangement will be come to with the doctors for a year at first.

Fire Escapes

A letter from the City Clerk reminding the Board of the necessity of having proper fire precautions taken at the Hospital, and suitable escapes, was read. The Assistant Secretary was instructed to inform the City Clerk that these are on order.

There was also some reference to the heating plant which has been guaranteed in good and lasting order by the engineers.

Application has been sent to the Provincial Secretary to have the hospital put on the list of those receiving Government Aid.

Secretary's Resignation

Nothing further has been done in the matter of Mr. A. Cuthbert's resignation. The Assistant Secretary is carrying on the work, and the Board will consider shortly, the selection and appointment of a Secretary to take Mr. Cuthbert's place.

Receipt was acknowledged of the sum of $25.75 from Miss Sutherland, Deaconess of the First Presbyterian church.

Balance Sheet Issued

The balance sheet issued shows a surplus of assets over liabilities of $43,170, this being the balance of the revenue account, and not of course cash in hand. $17,900 of the revenue account is for the 18 lots donated by the Grand Trunk Pacific and the B. C. Government. The subscriptions total $13,568, hospital fees $2,410, while other subscriptions and donations include Ladies' Auxiliary $1,243, Miss Sutherland $135, Tsimpsean Masonic Lodge $250. There are still outstanding accounts to be paid of over $10,000, with outstanding subscriptions and fees of nearly $5,000.

Two grants figure on the balance sheet, one of $10,000 from the Provincial Government and one of $1,000 from the city of Prince Rupert.

EIGHT NEW CANNERIES

Will Operate in Alaska This Year, Making Fifty in All

Seattle, May 10.—Eight new salmon canneries will be in operation in Alaska this season, making fifty in all. The new canneries have a capacity of 1,000,000 cases. The run of quinnat salmon, the most valuable species, has started heavily, and a big year is expected. The orice of salmon in all the world's markets is higher than ever before.

Name and Style Changed

In order to avoid confusion with other restaurants of similar name the management of the old Royal Lunch have decided to change its name to the Victoria Cafe. At the old Royal Lunch one could get a good lunch, but at the Victoria Cafe one can get a square meal and a good lunch. Our chef only handles the pure goods, Swift's Premium Hams and Bacons, Cowichan eggs, etc.

WILL COMMAND TROOPS AT CORONATION

Lord Kitchener Will Have Charge of Troops from All Parts of Empire

(Colonial Press Dispatch)

London, May 10.—Lord Kitchener, having finished his extensive tour, has returned to England to take up his new duties in connection with the Coronation. Some of his tours of inspection have ended disastrously for the inspected.

A certain commanding officer was putting his troops through a series of manoeuvres before Lord Kitchener, but somehow or other he managed to get his men thoroughly mixed up. In the end, however, the C. O. bobbed up, smiling, and trotting proudly up to "K. of K." he remarked: "There sir, I flatter myself that was extremely well done."

"Oh, excellently," was the suave reply: "but, may I ask, what on earth were you trying to do?"

It is estimated that more than 52,000 troops will be employed in London during the Coronation ceremonies. No fewer than 25,000 soldiers and sailors from every state and dominion of the Empire will line the route and take part in the royal procession on Coronation Day. The various contingents it is expected, will be as follows:

Royal Navy	2,000	Territorial Force	6,000
Cavalry	2,000	Various Departments	180
Royal Regiment of Artillery	500	Total	25,000
Corps of Royal Engineers	400		
Infantry	10,500		
Army Service Corps	150		
Royal Army Medical Corps	100		
Army Ordnance Corps	100		
Military Cadets	350		
Special Reserve	1,000		

Indian Empire	500
Overseas Dominions	1,500
Colonies and Protectorates	200
Channel Island Militia	20

The massed bands of the Foot Guards, Household Cavalry, Royal Artillery, Royal Engineers, Royal Marines, and the Royal School of Music, with the bands of single units, will provide 2,000 performers.

DOMINION ASTRONOMER IS BUSY IN PRINCE RUPERT

Mr. A. T. McDiarmid and Staff are Calculating the Exact Latitude and Longitude of City—Delicate Job Requires Succession of Starry Nights

To determine the exact latitude and longitude of Prince Rupert,an intricate series of observations and calculations are in progress at present by two of the Dominion Government astronomers. One of them Mr. A. T. McDiarmid of Ottawa, assisted by Mr. F. W. Dowling who has charge of the local meteorological station, is busy on Prince Rupert making observations. The other, Mr. Jaques, also of Ottawa, is in Vancouver taking observations. They are connected by the wireless telegraph, for the observations must be taken at precisely the same moment to determine the longitude.

Watch the Stars

The ordinary seaman's calculations of latitude and longitude made from the sun are not nearly fine enough for the Government experts who are making hydrographic surveys. With powerful telescopes they take observations of far distant stars which have little movement. By working out the calculations made from two different points on the earth they arrive at exact results. It takes nights of watching. Even last night, beautiful and starry as it was in Prince Rupert proved fruitless, because it was cloudy in Vancouver.

Valuable Instruments

The telescopes and other instruments brought here by Mr. McDiarmid are very valuable, and are the property of the Government. In order to avoid any vibration, a special concrete pillar has been built at the meteorological station to stand them on, and a shack to protect the astronomers from the weather. Every night for a week at least they will be busy while the rest of Rupert sleeps. Mr. McDiarmid expects to be in the neighborhood taking observations for scientific work until well into June.

LOOKS LIKE VILLAINY

Big Log and Rock Placed on a Railway Line

PLOT IS SUSPECTED

Temiskaming and Ontario Ry. Commissioners Were Inspecting the New Electric Road at the Time—Motorman Found the Obstructions.

(Canadian Press Dispatch)

Cobalt, May 11.—This morning motorman Berry of the Nipissing Central Electric line found a large log lying across the rails a mile from here. A little further on he found a huge rock. The T. and N. O. commissioners who spent the night in their private car at North Cobalt were expected to make a tour of inspection over the new electric road this morning, and the incident pointed to designs on their safety. The incident is being investigated.

SURPRISE PARTY

Last night a surprise party called on Mr. George Leek to give him a little send off before he leaves for England tomorrow. Music and a general good time made up the programme. Those present were: Messrs. Frank Ellis, W. Harker, J. White, H. M. Lever, H. M. Birch, C. Ravenli, M. Henderson and James Moir.

Freemasons are requested to attend an Emergent Communication of Tsimpsean Lodge tonight at 8 o'clock p.m.

V. W. Bro. H. E. McDonald will make his official visit. Third degree.—J. Christiansen, Sec'y.

"The newspaper, with the law, should assume the accused innocent until proven guilty; should be the friend, not the enemy of the general public; the defender, not the invader of private life and the assailant of personal character. It should be, as it were, a keeper of the public conscience."—Henry Watterson.

DAILY EDITION. THURSDAY, MAY 11

ARE IMPROVEMENTS TO BE TAXED?

The snub administered by the Mayor to Alderman Morrissey at the council meeting on Monday evening when the latter wanted to know if it was the council's intention to tax improvements,is a snub that was quite undeserved. In asking the question, Alderman Morrissey was only doing his duty as a public servant. The question was asked on behalf of a large number of citizens, most of whom it may be assumed under the law of averages were once supporters of Mr. Manson.

In all progressive communities it is considered a virtue for the citizens to take an interest in public affairs. Even were it not so, the fact that it is the citizen's money that supplies the taxes ought to entitle them to ask the question through their representatives whether the council proposes to tax improvements or not. To say that the time is not yet ripe to discuss the council's taxation policy, is a most unsatisfactory way of evading the question.

If there are difficulties ahead, the council may be assured of a sympathetic and helpful consideration being given them, if they will take the public into their confidence. If there are no difficulties ahead, then the public is at loss to assign any reason why they should not be informed of a policy, in which they are all deeply interested. As things now are, the fear is abroad that the council are muddling along without any clear policy,or with a policy which they are not anxious to enlighten the public on.

This fear has been intensified, owing to the scant manner in which the public has already been treated over the assessment returns Even though one member of the Finance Committee has exceptional advantages for addressing the public nightly,nothing more than the bald statement of the assessment has been given out. The task of dissecting and expounding the council's fiscal programme is one we would much prefer to leave to the aldermen themselves—if they will take it up.

Eight weeks ago we suggested that the Mayor might enlighten the public on the economics of the city's assessment problems. We detailed a number of topics on which the public interest demands that enlightenment be given. The suggestion was made in a spirit of friendliness and not as criticism. In the same spirit the News again invites the Mayor to the task, in courtesy offering him the privilege, before we take it up ourselves.

So too, in regard to the question as to whether the council proposes to place taxes on improvements—in other words impose a fine on those citizens who during the year have attempted to build up the town—we would invite the Mayor to answer, not ourselves, but the host of his own supporters, who are anxious to have this simple question answered. As tax-payers they feel they have the right to ask the question either personally, through an alderman, or through the press They, at least, do not relish being snubbed for taking an interest in the work of the council.

NOTES DUE

Two special efforts in the newspaper field call for special mention. The first is an excellent illustrated edition of the Omineca Herald. Its theme is progress and opportunities, with a number of well written articles describing the country, and giving intending settlers a fund of useful information. The pioneer newspaper has difficulties enough without getting out special editions. It is to such efforts that the province is indebted for a great deal of its "progress and opportunities."

The second special occasion is the receipt of a newspaper from the new mining camp of Steamboat. "The Steamboat Nugget" is the title, though an intimation is conveyed that its name will likely be changed to the Hope-Steamboat Nugget, as the paper is to be published in Hope "owing to the impossibility of taking a printing plant into Steamboat." What a story is conveyed in that last clause. It recalls the story of the rush to the Klondike, when $14,000 was spent on teaming in a $3,000 linotype in order to start the first paper.

Percy F. Godenrath, of the Portland Canal Miner is the publisher, and the Nugget, bears a family likeness to the Miner.

The value of the wireless was demonstrated again yesterday, when after the Daily News had the exclusive story of the rescue of the crew of the Fish Maid on the press, a wireless message from Captain Baughman of the Humboldt came to say that his vessel had sighted the overturned craft, righted her, and left her adrift one mile from Dead Tree Point, Alaska. Twenty minutes later Mr. McKay, the owner of the boat, was in the Daily News office seeking confirmation of the news, and at once despatched a tug to Dead Tree Point in search of his vessel.

ARE AFTER IMMIGRANTS

Want to Bring Danish Farmers Into B. C.

MR. HOLM'S PLAN

Is Now Interviewing Heads of Three Big Canadian Railways to Arrange for Bringing Out Suitable Settlers.

A big colonization scheme is at present in its initial stage, but when preliminaries are concluded it is expected that arrangements will be made to bring to this province many hundreds of the best class of Scandinavians and Danes. The man who is working to bring about this immigration is Mr. Bert T. Holm, formerly agricultural editor for "The Standard."

Mr. Holm is now engaged in communication with Sir Thomas Shaughnessy, Sir William Mackenzie and C. M. Hays, the heads of the three big Canadian railroads.

In his letter to Sir Wilfrid Laurier in which he outlined his scheme, Mr. Holm said in part: "I know that results would soon follow: for where can the Danish farmer, dairyman, poulterer and fruit grower find a better sphere of activity than in the Dominion of Canada; where can the Norwegian fisherman and lumberman obtain better conditions or reap greater harvest from the seas, lakes and forests, and where can the Swedish miner, woodman and agricultural worker find a better home, when the confines of little Scandinavia become too narrow? And where can the Dominion of Canada expect to find a class of settlers better adapted for the climate, conditions and work?"

The settlers he would locate in British Columbia would be those who had ready cash and therefore in a poisition to buy land almost immediately upon arrival and commence farming right away.

INGENIOUS BOAT STAGE

Tidal Variation Successfully Overcome

SAFE LANDING FOR LADIES

Device Contrived by H. Robinson at the Rupert Marine Wharf Does Away with the Old Raft Hauling Stunt.

Boating is one of the principal summer recreations in Rupert, and many residents who enjoyed themselves last summer on the water will be glad to notice this season the great improvements that have been effected along the waterfront. Last year to reach the boathouses it was necessary to do a navigation stunt by means of a rope-hauled raft. This year there is a difference.

At the Rupert Marine wharf newly completed, Mr. H. Robinson has just designed and constructed a most ingenious landing stage for small craft. Although there is a twenty-six foot tidal variation to contend with the plan adopted makes it possible for passengers to embark or disembark at all stages of the tide with perfect convenience. The contrivance consists of a floating platform 30 ft. by 15 ft. which slides between piles of the wharf quite freely up and down with the rise and fall of the water but cannot move away from the gangway reaching to it. The gangway is a broad 28-ft. ladder fitted with hand rails. It is fixed at one end to slide upwards and downwards responding to the movement of the platform below, and the result is a perfectly safe means of access to launches and small boats whether the tide is high or low.

The new contrivance was in use for the first time on Sunday when a detachment of Earl Grey's Rifles embarked for their shooting practice across the harbor.

A store would soon fail it if paid for any considerable amount of advertising which it could not make it TO YOUR INTEREST AND PROFIT TO READ AND ANSWER.

PRINCE RUPERT ASK UNCLE JERRY OPPORTUNITIES

$3200 Buys 160 acres of Fruit and Vegetable land at Kitselas. Half mile from Railway. Fine cabin included.

$600 Buys lot in section 6. Price $1025. Good terms on bal.

$400 Buys lot in section 6. Price Price $850.

THERE is an increasing demand for dwelling houses and apartments. Anyone having houses and apartments for rent to be vacant at any time in the near future should list them with us at once as we have many demands by mail from parties who desire to secure quarters by the time they arrive here.

I AM daily asked my opinion as to the permanent values of real estate in Prince Rupert for investment. To all such enquiries I honestly state that any Prince Rupert properties, at present valuations, are a good investment. but I advise my clients who are desirous of taking advantage of "snaps" to invest only where offerings are made at much below present market quotations.

WE are able to pick up for our clients who have ready cash for investments good properiies at from 20 to 40 per cent. below the market by careful watching of fluctuations and chances by our staff. If you have cash for investment and are looking for real bargains call in and talk it over. I can show you how to make quick profits.

Jeremiah H. Kugler

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

Bell-Shaped Hat

For the woman who can becomingly wear a small hat this is one of the most attractive shapes shown among spring models. It requires little or no trimming, and of the simplest kind—a plume or a bow of ribbon is all that is necessary. Above model differs slightly from the majority of this type hat in that the brim is bent at intervals in small points. It is a fancy straw in green and blue shadings, with a band of narrow blue velvet ribbon about the base of crown, and a blue willow plume prettily arranged on left side, near back.

TOILET TABLE TOY

Girls Can Cleverly Enhance Their Own Boudoirs

A potpourri or salts jar is a popular novelty of the moment. The new potpourri jars are low square glass bottles with large openings, so that when the glass stoppers are removed the pungent odor of delicious lavender salts will at once fill the entire room. The salts should be encased in cotton wadding, lest they dty up too quickly. The bottle should have a cover of brocade bound with narrow gold braid, with perhaps a small French print as a medallion in each side. A medallion should also be pasted in the top of the stopper and inside the glass, where it will show through without rubbing off every time the bottle is handled.

Ordinary paper books of white pins, silk or chintz covered, will also bring in a handsome advance on their dost at a bargain. A set of toilet articles, all covered in the same piece of brocade or cretonne, should bring a good price. This set will include the small box of nose powder, the larger bottle of talcum, a jar of tooth powder, a cologne bottle, a little tin box for soap, a book of pins, needle book, work bag, chamois lined jewel case, small bag for ribbon for the lingerie, and so on through an almost indefinite list as long as the ingenuity of the maker and the materials at her command last.

WESTWARD HO!

Ho! for the land of the iron steed,
With ribbons of steel of a thousand leagues,
Like the veins of a nation's arteries
That beat and pulse from sea to sea.

Ho! for the land of the golden sea
That makes an empire's daily bread,
A home for millions yet to be,
Where grows the grain of the golden head.

A cheer for the sun-capped mountains bold
Like God's eternal sentinels stand,
Twixt the land of wheat and the mighty deep,
As guardians of the sea and land.

A prayer for a country young and brave,
Inspired with hope for its heritage,
Lord grant its counsels, wisdom, strength,
For the nation's weal from age to age.

COOKING HINTS

These Three Will Repay Reading

If chicken is roasted or panned with the breast down instead of up it will be more juicy and tender. It should be turned over ten minutes before it is done to brown.

For a very simple apple pudding cut some nicely flavored apples in quarters. Sprinkle with sugar and bread crumbs and bake until the top is brown. Serve with a hard sauce.

A delicious dessert is made by stiffening grape juice with gelatine and folding the whites of eggs whipped to a stiff froth through it while it is thickening. Serve with whipped cream.

FOR COLD CREAM

Good Formula for Making It

There are a number of satisfactory cold creams on the market, but some persons prefer making their own. The following is a formula for a simple cold cream, very good for general use. Buy the ingredients from a reliable druggist who will give them to you pure. Put an ounce of white wax and an ounce of spermaceti broken in pieces in a bowl and set the bowl in a pan of hot water on the stove, where the contents will melt slowly. When they are dissolved add four ounces of oil of sweet almonds, and mix well, then take the bowl off the stove, and beat the mixture with a silver fork, While beating, add very gradually, two or three ounces or rosewater more or less according as you want a thin cream or not. Beat briskly until the mixture forms a soft white cream.

It might be advisable to use only half the above quantities the first time, in case you are not quite successful. Much of the success depends on the continuous beating.

Keep the cream in small china pots with screwed on covers.

There's satisfaction in getting all of the value that a dollar will buy—and there's thrift and prosperity in it, too.

PASSING OF THE POLES

Queen Charlotte Islands Are Losing Indian Adornments

Two more totem poles left Massett by the last outgoing steamer. They were of the 'Door Type" and were sent to New York, by Alfred Adams. Before long all the old totem poles which stand in the pleasant places along the shores of the Queen Charlotte Islands will have been removed and scattered all over the world among curio hunters, and museum authorities.

THE DAUNTLESS THREE

Candidates for Civic Dignity Are All Working Quietly

While the other candidates for the onerous office of alderman are very quiet about their candidature, H.Douglas was not letting grass grow under his feet. He was busy today with a new hammer and box of tacks, fixing up his election posters in prominent places. Some of his Mayoral Contest Posters are still in position, a little weather-beaten, but good enough to show that their candidate is a "won't-be-beaten." W. J. Alder's supporters were working quietly for their man, and R. Ferguson's backers are confident of victory.

Look and See

Perhaps a very small item, in some one of to-day's store ads, may contain enough "meaning" for your hurrying to the store!

The steel and concrete stadium of the New York National League baseball club is to be only one detail of a $6,000,000 "Olympia" which will be built on the Polo grounds and adjoining property as a center for athletic activities of all kinds.

Herbert Dickson, formerly a halfback on Queen's football team, and the crack firstbaseman of the Kingston City League, has been signed by "Chaucer" Elliott for his St. Thomas team in the Canadian League.

Mike Ryan, of New York—and Johnny Hayes of New York, winner of the Olympic Marathon, are on the way to England for the English Marathon to be run on May 27th.

Frank Truesdale, secondbaseman of the St. Louis American League baseball team has been released to the Buffalo Eastern League team.

"Pal" Brown, of Hibbings, Min., "the fighting kid of the Iron ranges," who is to meet Jack White at Winnipeg, May 15, is planning on a trip to England to meet a fighter there if he succeeds in beating White. He has intervening bouts scheduled with Tommy Garry, but feels sure of winning that. Brown expects to get a match with Matt Wells, England's latest pugilistic sensation.

Harry Davis, a veteran captain and first baseman of the World's Champion Athletics, is very much perturbed over the poor showing made the the champs thus far this season. Davis figures that notwithstanding the bad start the boys from Philadelphia got, they are likely to come with a rush and make the other teams suffer for the trouncings administered to them in the first two weeks of the campaign.

BOWLING MATCH

Kaien Islanders and G. T. P. Team Had Close Contest

The team of bowlers representing the G. T. P. managed to put it over the Kaien Island team by the narrow margin of 170 in three games the other night. In the first game the score stood G. T. P. 879, K. I. C. 777. In the second game the score read K. I. C. 815 and G. T. P. 794. In the third game the G. T. P. team led again the score being G. T. P. 822, K. I. C. 733. For the K. I. C. were playing Levenhagen, Cade, Johnston, Miller and Stenstrom. For the G. T. P. Crandall, Melville, Holtby, Mader and Edy. Stenstrom made a score of 215 in the first game, and in the second game Edy scored 238. The match was played in Morrison's popular bowling alley.

A PRIEST IS IN CUSTODY

Charged with Being the Leader of the Cammorra

CAPTURED IN RAID

Was Arrested at the Headquarters of the Organisation on Mount Vesuvius—Is Accused by Some of the Band.

(Canadian Press Dispatch)

Naples, May 11.—Still another priest has been arrested in connection with the criminal activities of the Cammorra. He is Angelo Francese, who, with seventeen others, was captured in a raid on the Cammorrists' burglary headquarters at Poggo Marino, on the slope of Mt. Vesuvius. Francese denies knowledge of the criminal activities of the band, but several of the prisioners are said to have confessed and accused him of being the leader.

Classified - - Advertisements

One of the best services the modern newspaper gives the public is in the classified advertisement columns. There buyer and seller, employer and worker, landlord and tenant, and a host of others meet on common ground. To put this modern convenience in reach of everyone the News will reduce its rate to a nominal price of a cent a word per insertion. Minimum charge of 25 cents. Here is our Classified Advertising Column for today. Watch it grow.

IRISH WANT A NEST EGG

Ask for Fifteen Million Pounds to Start on

HOME RULE PROBLEM

They Want England to Give the Irish Exchequer a Big Sum of Money to Start National Housekeeping with.

London, May 11.—The Times says that differences of opinion exist in the cabinet concerning the Home Rule Bill, which has been some time in preparation. It is intended to establish a separate Irish exchequer. The Nationalists demand that England at the outset pay thereinto fifteen millions of pounds sterling as a nest egg, apart from the annual subsidy. This question is found difficult. There is also a difference of view as to the number of representatives to be retained at Westminster and as to the conditions of their retention.

HER CAPTAIN IS TAKEN ILL

Gasoline Launch "Outlook" Detained Here

SKIPPER IN HOSPITAL

Pneumonia Developed While He was Taking the Boat from Seattle to Alaska. Customs Officer Summoned Aid.

Captain Charles White of the 40 ft. gasoline launch "Outlook" belonging to the Hawk Fish Co. of Seattle, is lying in the hospital suffering from pneumonia. The launch was on her way from Seattle to Alaska. Captain White took ill when the boat was still a little way from Rupert, but held on manfully until port was reached when he collapsed. Mr. Humble of the Customs Department here at once had Dr. Kergin called, and the skipper was removed without delay to the hospital yesterday. The launch remained here today, but may proceed on her journey without him.

The merchant must relax his anxiety to create buying opportunities for his patrons—not one now and then, but an endless chain of them!

"ASK UNCLE JERRY"

NEIGHBORS WERE NOISY

Ladies Had Wild Time at Denver Convention

POLICE CALLED IN

"Royal Neighbors of America," a Ladies Organisation Had a Royal Neighborly Time in Electing a Supreme Oracle.

Denver, Col., May 10.—Disorderly scenes characterized the sessions of the Royal Neighbors of America yesterday, and the climax came when a police automobile filled with bluecoats appeared on the scene of the meeting in answer to a riot call. The police sergeant in charge, after reviewing the turmoil in the convention hall, decided that it was nothing that required his attention and retired without taking action. The Royal Neighbors of America is a society of women. For three hours and fifty minutes the faction supporting Mrs. E. A. Enright for Supreme Oracle, kept up an increasing noise, while two of their number stationed themselves at the end of the rostrum and urged the rest to "keep it up." Quiet was not restored until an overnight truce was declared.

AUTO WRECK AT VICTORIA

Herbert Thomson Reported Dying of His Injuries

STRUCK TELEPHONE POLE

Car was Travelling at Rate of Fifty Miles an Hour on Rockland Avenue This Morning. Three Occupants Injured.

(Canadian Press Dispatch)

Victoria, May 11.—An automobile owned by Herbert Thomson containing Mr. Thomson and two friends Bryan Coombe, and Napier Gowen, were racing down Rockland avenue at fifty miles an hour this morning when the car struck a telephone pole, demolishing the car and hurling the occupants out. Mr. Thomson is now in the hospital dying of his injuries. Coombe and Gowen though badly hurt will recover.

TRIAL AT VICTORIA

Request for Trial in Prince Rupert is Turned Down

A telegram was received in the city this morning notifying the solicitors for the men charged with rioting during the strike that the trial is to take place in Victoria on June 5th. The request to hold the trial in Prince Rupert has been refused.

When looking for a good cup of tea call at Reilly's Bakery Lunch.

ENGINEERS EXAMINED

Provincial Inspector of Machinery Here

MANY ASPIRANTS

Examinations Now in Progress. Candidates for Certificates Still Entering. Inspectors' Warning to Both Employers and Employees.

In the Provincial Court House today the examination of aspirants for various classes of B. C. Engineering certificates is in progress. S. Baxter, Provincial Inspector of Boilers and Machinery, is taking charge of it, and laready about twenty candidates are sitting. Others are expected to present themselves tomorrow.

Inspector Baxter mentions for the benefit of all using machinery in this district, that the penalty for running an engine without a proper certificate is $300 for each offence. The same applies to employers also, if their men are not certificated.

The examinations are for First, Second, Third, Fourth and Fifth class certificates. First Class means that the holder can be entrusted with the charge of any size of plant. Second class, up to 500 H. P., Third class up to 250 H. P., Fourth class up to 50 H. P., and Fifth class applies only to small logging plants of low power, or small engines used for any purpose.

After the examination of engineers is ended, Inspector Baxter proceeds to inspect boilers and machinery all over the district from Prince Rupert over Stewart, Atlin and the Naas.
