GENERAL STRIKE OF SAILORS CALLED FOR JUNE 18

CAPT. SMITH FOUND DEAD IN ROOM AT KNOX HOTEL

Was Well Known as Jailer at the Provincial Prison---Medical Examination Shows Death Was Due to Heart Failure---Has Son in Melbourne, Australia, Whom He Intended Visiting

Captain Smith of the City Police Department was found dead in bed this morning in his room at the New Knox Hotel. He died of heart failure. Dr. Reddie examined the body today, and with his certificate to this effect there will be no need to hold an inquest. Government Agent McMullin went over to the hotel this morning while Chief Vickers was there

Captain Smith who acted as jailer at the Provincial Prison used by the city was apparently in good health up to last night. He was a man well over fifty years of age, and had had a varied experience all over the world as a seafaring man in charge of large sailing vessels and steamships. Born in England, the Captain had a more intimate connection with Australia than with the old country. His nearest known relative is a son who is believed to be engaged in the hardware business in Melbourne, Australia.

Only the other day while looking over some newspapers which he had received by last mail from his son, Captain Smith mentioned that he intended to return to Australia before long, if some investments of his in this city turned out profitable. While he was quite well known to a number of the citizens the Captain had never talked much about his personal affairs to anyone, and his circle of friends is widely scattered, many of them being men in command of ships sailing the seven seas.

Captain Smith was a member of the Masonic order and though he was not connected in any active way with the Prince Rupert Masonic Lodge, Mr. J. Christiansen, and Mr. M. M. Stephens are making arrangements for a funeral with Masonic rites. Messrs. Hayner Bros. are in charge of the other funeral arrangements, and deceased's personal affairs will be looked after by Chief Vickers. News of the Captain's sudden death came as a shock to many who had seen him in apparent good health over the week end.

C.P.R. MAY TAKE A WHARF OVER

Rumor That Foley Welch & Stewart Dock Will Come into Their Hands.

There are active rumors going round the waterfront, and in shipping circles that the Foley, Welch & Stewart wharf is to be taken over in September by the C. P. R. who will repile and replank portions of it, and use it as their permanent home on the waterfront. At present they have reciprocal relations with the G. T. P., who use the C. P. R. wharf at Vancouver.

Asked if he had received any intimation of the proposed change, Mr. J. G. McNab, the local agent of the C. P. R., said he had heard nothing about it, and was inclined to think it was merely a rumor.

DESPATCH FROM GEO. LEEK

Describes the Review on the Plains of Abraham—Glad to Leave Quebec.

(Special to the Daily News)

Quebec, June 2nd.

Tomorrow we leave Quebec for the trip across the ocean, and I for one will be glad. We have had a lot of hard work here in camp, and the food has been nothing to boast of. A few of the men went home, and a few more were sent home as inefficients, but the remainder are as fine a body of men as will be seen in the whole Coronation procession.

The troops included both mounted and dismounted divisions, made a fine showing and large crowds of people assembled to witness the parade through the streets and the review on the Plains. The troops arrived from the camp at St. Joseph de Levis in the morning and assembled on the Terrace, whence they marched out to the Plains. There they were minutely inspected by Lieut.-Col. F. L. Lessard, C. B., A. D. C., Adjutant General, Lieut.-Col. H. McLean, commander of the contingent, and other officers. There was a large gathering of leading citizens on the Plains to witness the review. Among those present were Lieutenant-Governor and Lady Langelier. The contingent was put through a number of evolutions including the march past, all of which were performed in good style.

I am writing this late at night. In a few hours we will be marching down to the ferry at St. Joseph, to embark on the Empress for England. By the time you receive this, we will probably have arrived there.

Yours truly,
GEORGE LEEK

(News of the safe arrival of the Canadian contingent was cabled to the Daily News, and appeared in Saturday's edition.—Ed.)

Coal for Govt. Boats

The S.S. Cetriana came in yesterday with 120 tons of steam coal for Messrs. Rogers & Black to be stores here for the supply of the Government vessels which call here. The Cetriana went on to the Naas River, and thence returned south.

Princess Royal In

Looking very spick and span the C. P. R. "Princess Royal" came steaming up the harbor at 2 o'clock this afternoon, for her first northern trip of the season. She made good time on her northern run, and got in several hours vefore she was expected.

MESSAGE FROM THE DEAD SENT BY HOMER WOOD

Man Who Shot at Alex. Mathieson at the Fish Plant on Saturday Had Previously Written Letter Announcing His Intention to Kill Mathieson and Then Commit Suicide

Homer Wood who attempted to take his own life after firing several shots at Alex Mathieson at the Cold Storage Plant on Saturday afternoon, is recovering from his wound at the General Hospital. He was suffering severely from shock though Dr. Tremayne did not anticipate any immediate risk to his life when he landed at the wharf and was conveyed to the hospital .

Under Supervision

Wood is of course under supervision while an inmate of the hospital, and as soon as he is sufficiently recovered he will be charged with attempted murder and suicide. Undoubtedly the trouble arose over a woman, and there is very clear evidence that the act was premeditated. Wood was intensely jealous of his wife who resides in San Francisco. That this jealousy was the cause of his reckless attempt is proved by the wording of a letter found about him, which he had intended to post.

"Message from the Dead"

The letter is hastily scrawled on paper headed with Homer Wood's business bill head. It is addressed to Mrs. Homer Wood, 139 Twelfth Ave., near Lake St., San Francisco, and runs as flolows:

"Eileen,—This is a message from the dead, for I am just going to kill Alex Mathieson, and then myself. Let this be a lesson to you. Give the baby to the old man. That is best.

"Homer."

Wood purchased the revolver used with ammunition, from the Prince Rupert Hardware Co., on Friday night saying that he wanted to scare intruders away from his premises. He appeared quite reasonable and responsible then, but is said to have been under the influence of drink when the shots were fired.

Evidence that the men had been on unfriendly relations for some little time will be produced.

TWO POPULAR MEN WILL RACE

Fire Chief McInnis and Jack Beatty are Rivals for a 220 Flat Race.

Excitement is aroused in athletic circles in the city today by the whisper that Fire Chief McInnis has offered to give Jack Beatty a ten yard handicap in 220 yards and beat him.

Both men have won laurels in Flat Racing. Jack Beatty is fresh from his victory on Empire Day, and Fire Chief McInnis was among the fleetest men in the fastest hose reel team in Winnipeg.

Similar in build and weight, the men would make a splendid pair of rivals in a Flat Race, and the rumor that Jack Beatty is ready to reverse the offered handicap in favor of Mr. McInnis and run the race on Dominion Day is readily believed.

So far no formal challenge has been issued by either man, but admirers of both are expecting them to make the test of their prowess as sprinters by actual contest.

ELECTION DAY IN MEXICO

Successor to Porifiro Diaz to be Chosen in October

Mexico City, June 12.—By an official decree issued yesterday by Provisional President De La Barra, a special presidential election was called. Electors will be chosen October 1, and thsee will elect the successor to Porfirio Diaz, Sunday, October 15.

Governors are instructed to define and publicly announce, prior to June 30, electoral districts in their states and territories, using the census of 1910.

Mrs. Humble will not receive on Wednesday of this week nor again this season.

AN EXCURSION TO STEWART

S.S. Prince George Inaugurates Reduced Rate for the Sunday to Monday Trip.

Cheap excursion rates are now available to Stewart by the G. T. P. steamer Prince George. For $9 instead of $13 as formerly the Sunday morning to Monday morning excursion up the Portland Canal can be enjoyed. This service has been inaugurated to benefit business men and Prince Rupert people who wish to see Stewart the district during the summer at small cost yet in the most enjoyable way possible, from the promenade decks of the palatial Prince George The schedule allows of course for a stay in Stewart long enough for business or merely inspection of the city.

J. F. Ritchie Returns

J. Fred Ritchie returned from Stewart by the Camosun yesterday Mr. Ritchie has spent some time at Stewart since his return from the south as he has considerable interest in mining and other property there.

BUSY STEWART IS THRIVING

Week End Spent There by J. H. Rogers Gives Him Impression of Brisk Progress and Prosperity.

On his return from Stewart yesterday by the S.S. Camosun, J. H. Rogers mentions that there are excellent signs of brisk progress up there just now. Very rapid strides are being made with the street grading. Of course the problem there is far less formidable than that of Prince Rupert's rock work.

Rapid progress is also being made on the railway to Bitter Creek. It is expected that the line will be at Bitter Creek in about nine or ten days now, and trains will be running to and from there this summer.

Apparently business is also pretty brisk in Stewart. Mr. Rogers spent only the week end there, but accounts of the merchants whom he met were rosy, and the indications were all in favor of good business.

MAYOR HAS LEFT FOR VICTORIA

Signature of Minister of Lands Required Before Assessment Agreement Can be Submitted to People.

This morning the Mayor left by the Prince George for Victoria to obtain the signature of the Minister of Lands to the assessment agreement.

"A few other minor matters may occupy me down below," remarked the Mayor this morning, "but the principal object of my going to Victoria is to have the agreement signed on behalf of the Government. With the signature of the Minister of Lands the document is ready to be passed upon by the people of Prince Rupert, and for its formal ratification in the event of its being approved by the people, in the House at Victoria."

His business in Victoria will not take more than a day or two, thinks the Mayor, and he mentioned that he would be back by Saturday unless something unforseen occurred to detain him.

Alderman Smith will be Acting Mayor during Mr. Manson's absence.

MINERS' STRIKE HARD TO SETTLE

PAINT MERGER ANNOUNCED

Montreal, June 12.—A big paint merger to include in the Canadian business of the Sherwin-Williams Company, the Canada Paint Company and a number of other concerns is announced. The capital will be $4,000,000 common and $3,000,000 p eferred. It may be offered at 95 and 20 per cent of the common stock issue.

REVISION COURT AND G.T.P. LANDS

Loopholes Left in Case the Rate Payers do not Approve the Assessment Agreement.

No reduction in assessment have been granted on any of the Grand Trunk Development Company's lots by the Court of Revision. The appeals against the assessment of those parcels of land which the city is acquiring have been laid over so that in the event of the rate payers not approving the agreement these parcels of land will still remain assessable against the Development Company

The appeals against the Railway Company's lands were also allowed to stand over so that in the event of the agreement not being ratified the company will still have the right to appeal against the valuation placed upon the railway lands.

LOOK FOR BIG PROGRESS IN G. T. P. CONSTRUCTION

There are Lots of Men Available, and an Attack Will be Made on the Mountain Section From Both Ends This Summer—Mr. Schrieber Coming to Prince Rupert

(Special to the Daily News)

Ottawa, June 12.—It is announced that great progress may be looked for in the construction of the G. T. P. main line through the mountains this summer. There is an abundance of men available for labor on the Alberta side of the mountains and prospects are good for a large supply on the Pacific side.

Attack From Both Sides

It is expected that before operations are held up by the arrival of winter the line will be driven far into the mountains from both sides, and the ends will be brought so closely together that the following summer the gap can be spanned, thus completing the western through line from Winnipeg to Prince Rupert.

Mr. Schrieber Coming

Mr. Collingwood Schreiber will leave Ottawa for Prince Rupert on June 15 to inspect the work done so far. After going over the Pacific end he will go to Edmonton and go over the eastern end as far as operations have been carried on. Good progress is being made with the National Transcontinental in the east. Some portions of the line east of Winnipeg are ready for freight. That portion from Winnipeg to Superior Junction has been operated all winter.

Get Quebec Line

The National Transcontinental Commission are about to hand over to the Grand Trunk Pacific for operation a 320-mile stretch from Quebec bridge to Mont Auchene. This stretch will have a heavy lumber, pulpwood and pulp traffic to handle from St. Maurice. Negotiations are going on for the transfer of the section between Moncton and Plaster Rock to the Grand Trunk Pacific for operation but it looks as if this would not be done until next autumn. Good progress has been made with construction all the way between Levis and Moncton, but there are a couple of big bridges to be put in which will hold back the transfer of the Maritime section for some little time.

TWO ROADS ARE RACING FOR TETE JAUNE CACHE

G. T. P. Has Slight Lead Over the C. N. R.—Steel is Laid to Within Sixty-Five Miles of the Yellowhead Pass—Roads Parallel Each Other

"Steel is at present laid to 65 Alberta, which means 65 miles from the Yellowhead, while grading is being actively pushed throughout and will be completed to the Cache in August. And it will not be surprising if steel reaches the Cache by November." This is the report of John Macdonnell who recently visited the construction camps of the G. T. P. and the C. N. R. in the mountains.

The two roads are today running a race for the coveted honor of being the first to reach Tete Jaune Cache.

The Canadian Northern parallels almost entirely the line of the G. T. P. west from Edmonton, up to the Yellowhead Pass and down to the Cache. One advantage the Canadian Northern has over the transcontinental in point of economy is that they are utilizing the abandoned camps and wagon roads of the Grand Trunk railway for base of operations in the immediate rear of active work conducted by their rival company. In other words they are dogging the big company, and if the Canadian Northern is not at the Cache as soon as the Grand Trunk, they will be there shortly after.

After the Cache is reached both roads will ruminate in opposite directions—one down the Thompson and the other down the Fraser river to Fort George and on to its Pacific terminus at Prince Rupert.

DAILY EDITION. MONDAY, JUNE 12

ONE BENEFIT OF THE AGREEMENT

There is one real benefit which the assessment agreement will bring, and that is to the lot owners in the far easterly portion of the city. As a result of the city accepting the two hundred feet of water-frontage at Fairview, the lands in the section of the city will be enormously increased in value.

The reason for this is that the section is at present cut off from the remainder of the townsite by the stream which flows down Morse Creek. "It is on an island," is the description of the property that one alderman innocently and truthfully enough gave to the News.

At present it is not possible to reach the property on foot. To use the Fairview water-frontage at all it will be necessary for the city to construct a high level bridge, across Morse Creek to Section Two. This bridge will cost thousands of dollars. But it will improve the properties in Section Two by very many thousands of dollars.

Who are the owners of the lots in Section Two?

Three quarters of them are owned by the Grand Trunk, and one quarter by the Provincial Government.

WANTS ITS ASSESSMENTS INCREASED

As a pleasing contrast to the experience that Prince Rupert is having with the Grand Trunk Pacific over the assessment comes the dispute which the North Western and Omaha, and the Union Pacific are having with the city of Omaha over their assessments. In these cases the railways are fighting to have their assessments increased.

The Union Pacific has turned in a schedule showing that the real value of their property within the city limits exceeds $16,000,000, whereas their assessed value is only a third of that sum.

The North Western roads have put in a schedule which also makes the assessors valuation blush for shame. "It is nothing more than the real valuation of our railroad property," declared Benjaimn T. White, the general attorney for the road.

"Years ago the railroads of this state valued their property on an equivalent basis with what the owners of property near them were placing their valuations. Today we disregard the valuations of farmers and other property owners along our right-of-way and pay taxes on what it is worth to us."

"It has certainly come to a pretty pass when a railroad is not permitted to pay taxes on an assessment of more than one-third of what it, itself, returns," comments the local press.

Of course, no one questions but that the railroads of Omaha, have a method in their madness, and do not expect in the end to be the loser by paying taxes on the real value of their property.

But the incident is a refreshment to us. It also shows the remarkable manner in which railroads can alter their pleas to suit their interests. Prior to 1907 when the terminal tax law went into force in Nebraska, the railroads were as little loth as the G. T. P. to pay even a very low assessment without a struggle to get it still further reduced.

JAP KILLING CASE ADJOURNED

Constable Forsyth Still in Hospital after Being Thrown 18 Feet by Accused.

The case of the Jap Isshi under investigation at present has been adjourned until the 15th inst. The evidence of Constable Forsyth is required. The constable who was taking the Jap to Rupert shortly after the killing, was pushed by the prisoner over the side of the wharf into a scow below, a distance of 18 feet. Forsyth is still in the hospital at Port Essington.

CARRIE NATION IS DEAD AGAIN

Expires This Time at Leaven-Worth, Kansas, from Paralysis, after a Long Illness.

(Canadian Press Despatch)

Leavenworth, Kan., June 10.—Mrs. Carrie Nation, the famous Kansas saloon smasher and tempernace advocate, died at her home here last evening. Ailing for a long time, her end came peacefully. The cause of her death is said to be paralysis.

This is the second time that the American press agencies have announced the death of Mrs. Nation. The last time was nearly four months ago, when this journal in common with many others announced the lamentable event. The later announcement corroborates the main features of the former announcement.—Ed.

Lots of talk about the lively cork-centred ball these days, but it is usually the supporters of the losing team that raise the kick. It might be mentioned by the way, that Ban Johnson, president of the American league has just announced that a change was not even being considered or is likely for the reason that the new ball has proved satisfactory.

Rod. Mackenzie has left for Indianapolis, where some of his horses are racing. A report from the south, published some weeks ago, seems to be an error as to the selling of his whole string of racers. According to one of his friends close to him, all he intends doing is to sell his runners and keep his side-wheelers, to which class he seems to be decidedly enamored. He has the best class of sulky horses in the country.

KILLED BEAR UP THE SKEENA

Popular Old-timer "Billy Wall" Had a Scrap with a Cross-grained Cinnamon in the Bush and Came out Conqueror.

Burdened with the trophy of the chase the pelt of a huge cinnamon bear, W. H. Wall returned the other day to Prince Rupert. His many friends among the old-timers here made him welcome, and heard with interest the story of his bear hunt up the Skeena which resulted in the slaying of one large cinnamon bear. Modestly "Billy" does not enlarge on his scrap with Bruin, but rumor hath it that the furry one had serious objections to the intrusion of the hunter, and after dancing round in a furious rage just missed getting in a clip on "Billy's" ear which would have meant all day for Bill.

Mrs. L. W. Patmore will receive again the second Wednesday in each month.

A CHOICE OF TABLE LINEN

Wise Housewives Used a Magnifying Glass Before Buying

Somehow or other, when there is a large family the linen chest always needs replenishing. Ink is spilled on the best damask tablecloth, frequently launderings wear the linen cloth in holes, and the housewife, therefore, is always on the lookout for the sale of table linen.

She may acquire reduced linens at reasonable prices, but the best is never sold at extraordinary low prices.

Our great-grandmothers, when they went forth to buy linen, would attend the sales with a magnifying glass, and through this they would scan the threads, to see that they lay close and flat.

WITHOUT TUCKS

Sleeves May be Arranged to Lengthen by Simple Plans

To avoid making tucks in the sleeves of dresses for growing children, run a piece of tiny linen tape through the French seam on the inside of the sleeve. Fasten this at the wrist, and another shorter piece at the armhole. Draw up the tape to the desired length and tie at the armhole. In this way the sleeves may be lengthened or shortened as need be. This is especially convenient for infants.

Jim Flynn and Carl Morris have finally signed articles for a scrap on July 4. The go will take place down in Oklahoma. Both of the participants have agreed not to engage in any battles between now and then.

WILL AVENGE A ROYAL MURDER

King Peter of Servia is Put "in Coventry' by Monarchs

(Colonial Press Despatch)

June 10.—King Peter of Servia, whose last chance to break the ostracism of European courts because of the foul murder of King Alexander and Quuen Draga has gone, with the refusal of Emperor

KING PETER OF SERVIA

Francs Jospeh of Austria to grant him a proposed audience.

King Peter's tenure of the throne of Servia has been one of lonely solitude, unbroken by friendly overtures from the surrounding European courts. Time and again this monarch has signified his intention to travel abroad to take part in the court functions of his neighbors. All overtures on his part, however, have been repulsed by those to whom they have been made, and he sits in lonely majesty upon a throne steeped in the blood of a murdered king and queen.

WAY WITH CUSTARD

Prevents This Sweet from Curdling

When baking custard in the oven set the dish in a dripping pan with a little sweet water in the tin. It is so simple that it seems unnecessary, but it prevents water from gathering in the custard The temperature of the custard may also be easily changed by adding cold water to the dripping pan. Thus the custard is kept from curdling.

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

A REAL LIVE LITTLE WOMAN

Twenty-six Years Old and Only Twenty-six Inches High Has Just Bought Her Trousseau.

Probably one of the smallest people in the world is Mlle. Anita who recently went from Hungary to England for the purpose of buying her trousseau. She is twenty-six years old and twenty-six inches high. She is perfectly proportioned and dresses beautifully. She is extremely accomplished, and besides her own language, Hungarian, can speak English, French and German.

NEW PLAN TO KEEP STORIES

Carefully Taken from Old Magazines They Can be Made into Charming Booklets for Idle Moments.

You may easily remove a story you want to keep from a magazine by carefully clipping the pages or loosening the wire arrangement which holds the pages together. Next thing to do is to get some booklet paper and bind your story.

Dainty lettering of the title on the cover will add to the attractiveness, or you can punch little holes in the paper and tie the whole thing together with fancy ribbon or silk cords.

This makes a thoughtful, charming, yet most inexpensive gift, and one that is pretty sure to give the recipient some happy moments.

POPULAR STYLE THIS SUMMER

Feminine Fashion Followers Favor the Square Neck Shirtwaist for New and the Fall.

The square neck bids fair to be popular this summer, if signs point aright. Many of the new shirt waists have these small square instead of a round opening, the neck being trimmed with bands of lace or embroidery insertion mitered at the corners. For a neck of this sort the material is not cut away at all at the sides or at the front and back. If it is, the square will be much too low for smartness and good taste When the bands of insertion have been laid around the opening, coming up close to the edge at front, back and sides, the little triangular pieces at the corners are snipped out, which leaves a very becoming square neck opening

HANDY HOME HINTS

Six Well Tried Tips from a Home Maker's Notebook

A few chopped almonds added to the top of sweetened buscuit are very good and make a pleasant change.

Boiled or roasted meat which is to be used cold should be put away in a wet cloth to keep it mosit and tender.

When ivory becomes discolored paint it with spirits of turpentine and lay it in the sun for tow or three hours.

✦ ✦ ✦

If shoes have become mildewed rub them well with vaseline. This will usually remove all traces of the green.

✦ ✦ ✦

Ham soaked in milk over night will be found exceedingly tender and sweet when used for breakfast next morning.

✦ ✦ ✦

For spring suppers sliced oranges and shredded cocoanut, put into a dish in alternate layers, are very appetizing.

QUEEN MARY'S CROWN IS LIGHT

Specially Designed for Coronation Ceremony by the Queen Herself It is no Heavier than a Hat.

Queen Mary's crown has just been completed. It is according to her own design, with an elegant lace-like tracery, wholly in diamonds, the Kohinoor being in the center. The crown weighs eighteen ounces. the Queen having insisted that it should not exceed the weight of an ordinary hat. It will be used at the coronation, after which the gems will be dismounted and used in regular articles of jewelry. The King will wear the crown that was his father's.

PRINCES OF IMPORTANCE

Two Royal Families with Several Princesses to One Solitary Prince Sole Heir to the Crown of His Country.

Two interesting groups of children are those belonging to the royal families of Italy and Russia. In each family there is but one boy, a proportion that is not pleasing to a king anxious for his direct descendant to succeed him as ruler. Czar Nicholas II. of Russia was particularly unfortunate in being the father of four pretty girls before a son came to bless his home and prepare to take his place. The first of his daughters was Olga, born in 1895. Then came Tatjana, born in 1897; Marie, born in 1899, and Anastasia, born in 1901. With four daughters and no son the hopes of the czar and of all Russia were at a low ebb when, on August 12, 1904, the Czarevitch Alexis was born, and the hopes of those not in direct line of the descent of the crown were cast down. King Victor Emmanuel III. of Italy was married in 1896 to Princess Helene of Montenegro. Their first daughter, Princess Iolande, was born in 1901; Princess Mafalda was born in 1902; then came Prince Humbert, the heir apparent, born September 15, 1904, and the Princess Giovanna, born in 1907.

PREACHER HELD AUCTION

Sold Off the Young Men of Baptist Church for a Mess of Pottage.

Some were worth 250 beans, some were worth 5 beans. It was all according to the popularity of the young man.

The sale room was the parlor of Mrs. W. T. Robinson's house one evening last week and the auctioneer Rev. W. H. McLeod, of the Baptist Church.

Mr. and Mrs. Robinson had a number of young people at their home and after several games and a programme of music the young men were put up by auction to be bought by the girls as partners for supper.

It would not be fair to state who fetched high prices and who low prices. It is enough to know that the incident was the cause of a heap of fun and Mr. McLeod made as good an auctioneer as he is a preacher.

ITEMS OF .. SPORT

Three amateur athletic records were made at the track and field carnival of the Irish-American Athletic Club at Celtic park, New York. Gwynne Henry, of Eden, Tex., who ran unattached, won the special 125-yard scratch dash in 12 1-5 seconds. This is a new American record, the old figure being 12 2-5 seconds, made at Berkeley, Cal., twenty-two years ago by Charles A. Sherrill, of Yale and the New York Athletic Club.

✦ ✦ ✦

John Eller, of the Irish-American Athletic Club, the champion hurdler, ran his trial and final heats in the 250-yard hurdle event in 29 1-5 seconds. The former world's record, 31 4-5 seconds, has stood since 1889, when George Schwegler, of the New York Athletic Club, won at Staten Island.

✦ ✦ ✦

Third record to go was in the hop, step and jump, when the world's champion, Daniel F. Ahern, Irish-American Athletic Club, beat his own figures twice, finally making 50 feet 11 inches. Just a year ago he made the old mark of 49 feet 7 3-4 inches.

✦ ✦ ✦

Freddie Welsh, the English lightweight, and Matty Baldwin have been matched to fight twenty rounds at 'Frisco before the Metropolitan Athletic Club some time in June.

✦ ✦ ✦

Alex. F. Gardner, a young Scotch man, met death the other day by drowning in the swimming tank of the Montreal A. A. A. It was the first accident hat has ever occurred at the tank since it was opened some five years ago, although two somewhat similar cases have occurred at the Laurentian baths during the past year.

✦ ✦ ✦

Arrangements have been completed for the holding of two motor cycling events at the picnic of the Modern Woodmen of America, which takes palce at Portage la Prairie on Dominion Day.

✦ ✦ ✦

A plan has been launched here by the Greater Baltimore booming committee to place Baltimore in the big league baseball circuit. It is planned to raise at least $200,000, and make bids for one of four franchises. These are the Boston Nationals, Brooklyn Nationals and the St. Louis Nationals and Americans. The main purpose of this scheme is to advertise Baltimore.

✦ ✦ ✦

It is reported that application will be made to the National Commission for the re-instatement of Mike Donlin, the old Giant outfielder, who a few years ago left the ranks to become a Thespian. Mike has met with success on the stage, but the call of the diamond seems hard to resist and the old-timer may again be seen on the field.

✦ ✦ ✦

Jack Gillis, Canada's all round athletic champion, has abandoned the idea of competing for the world's all-round title this season. The elongated athlete has been under the weather for the past two months, and figures that it would pull him down too much to attempt to get into shape in such a short time for the big test.

✦ ✦ ✦

Fred Graydon, Tecumseh Lacrosse Club's star defence player, assistant manager of the team, was much wanted by the Vancouver team this year, but declined a good offer out west to stick with the Indians of Toronto.

✦ ✦ ✦

Already the professional lacrosse players of the east have found a method of beating the penalty check system and unless strict official action is atken, the most important of a contestant's accoutrement will be a lead pencil. It has been discovered that some of the men have changed the figures on their penalty cards, which they then handed to the timers. President Murphy of Toronto has decided that any player, who substitutes a penalty card for the one given him will be subjected to a fine of $10 for the first offence.

PASSENGER TRAINS WILL BEGIN ON WEDNESDAY

Government Sanction is Obtained and Regular Trains Are to Run Twice Weekly Connecting With River and G. T. P. Steamers---Prince Rupert's First Train Schedule.

Passenger traffic on the first 100 miles of the G. T. P. Railway up river opens on Wednesday. General Superinetendent Mehan is in receipt of the necessary sanction from the Government, effective on Wednesday June 14th, and Prince Rupert will now have a railway service to Copper River and back.

First Train Schedule

Mixed trains, freight and passenger will leave Prince Rupert at 1 p.m. and will arrive at Copper River at 9.20 p m. on Wednesdays and Saturdays, and will leave Copper River at 9 a.m. arriving at Prince Rupert 5.20 p.m. on Thursdays and Sundays. The trains will thus make connections with the G. T. P. steamers for the south at Prince Rupert.

River Boats to Connect

An arrangement has been come to with the river steamer owners by which the river boats will connect with the trains as nearly as possible at Copper River on Wednesdays and Saturdays taking passengers on to Kitselas and Hazelton. The line is in excellent order for the maintenance of a speedy regular service.

WILL WELCOME NO MORE NEGROES

Conditions in Oklahoma Have Been Improved so Will Stay There.

Winnipeg, June 12.—Mr. W. J. White, who has charge of the immigration offices as representative of the Canadian Government in the United States, said in an interview here that the influx of negroes from Oklahoma was likely to terminate soon. Discrimination against colored men in that State has been partially removed by decisions of the Supreme Court at Washington on questions relating to franchise. Churches are opposed to the movement, and the Dominion Government similarly regards it. It is recognized that the climate of western Canada is unsuitable for negroes, and every effort will be made by organizations interested in keeping them in the south to show the folly of their attempting to make a livelihood in this country.

MUST NOT USE G. T. P.'S NAME

Railway Company Will Prosecute Anyone Using Their Name.

Anyone using the name of the Grand Trunk Pacific will be prosecuted.

This is the order that has come from Charles M. Hays, president of the company, who is now in Vancouver. Action has been brought against the Grand Trunk Pacific Transfer Company of Vancouver to restrain that concern from future trading under the name of the big corporation.

It is not in anyway connected with the Grand Trunk Pacific Railway Company, and so Mr. Hays believes that the public may be deceived by it and other "G. T. P." concerns

The Grand Trunk Lands Company is another concern which is not connected with the railway company. Similar action will be brought against the men who form this company.

Scores of real estate companies, employment agencies, hotels, livery stables, transfer companies and grocery establishments throughout the west make free use of the name of the G. T. P.

D'Arcy Tate, solicitor for the company, stated to the press that the practice must in future be stopped and that actions are now pending in the courts against six or seven concerns using the company's name.

CORAL COMES IN THIS SUMMER

Revival of Fashion in the Pretty Pink and Red Treasure of the Sea.

Coral is now being shown in every variety of necklet, beads of all sizes being offered for sale, and the natural coral, which is very reasobanle in price, even in choice varieties, being also very popular. Tiny beads are used for bead embroideries, and to embellish all sorts of fancy work. They come in bunches of strings, like the steel and metallic small beads and fancy goods stores should be sure to have some in stock. Extremely pretty little woven daisy chains made by combining these with pearls.

So far the pink, rather than the red, coral, appears the favorite. Ear studs for unpierced ears are seen in this style, as also some very pretty claw sets, brooches, pins and buckles.

Pearl beads in all grades and sizes are selling even better than usual. Pearl necklets will be widely worn with lingerie dresses next summer.

There has been, and continues to be, a strong demand for neck bands of black velvet, beaded with steel, combined with coral or turquoise.

Hatpins are, on the whole, rather smaller than usual. Extremely popular numbers are being got up to retail at surprisingly low prices. These include a pin about one inch across of cluster brilliants, with pearl centre in filigree set, to retail at ten cents.

LIGHTNING HIT A FERRIS WHEEL

Five Persons Killed and Five Missing in Terrific Storm Which Hit New York.

(Canadian Press Despatch)

New York, June 12.—While the pleasure seekers were enjoying themselves on the huge Ferris wheel at Classin Point yesterday afternoon, a storm broke, and the lightning struck the wheel. It threw the monster wheel off its axis and in the panic which followed the passengers endeavored to escape from the cars. They were all rescued at last be means of long ladders.

In the city enormous damage was done by the storm. Five persons were struck dead, and five more are reported missing. The property loss is placed at a million dollars. Several New Jersey cities are reported to be flooded. The storm is still raging over a large portion of New York state.
