MANITOBA WILL RETURN EVERY SEAT A LIBERAL

Reciprocity Will Sweep the Western Provinces Like a Prairie Fire and Destroy the Rogers Machine in Manitoba, Declares a Man Who's Judgment is Worth Something

Ottawa, Aug. 14.—It is beginning to look as if the Conservatives are going to get the surprise of the campaign from the West. Saskatchewan has always been conceded as Liberal, if not a solid one, at least nine. Alberta will hold probably six, and maybe eight, Liberals to the new Parliament, instead of four in the house just dissolved.

Will Kill Machine

But the surprise promises to come from Manitoba. There the Liberals were admittedly suspicious of the Rogers' machine, but a man who came back from Winnipeg yesterday declares that reciprocity will sweep the machine out of existence. The best hoped for by the Western Liberals was four seats in Manitoba. This man says every seat in Manitoba will go for reciprocity.

He is Some Prophet

The statement is so astounding that it is difficult to believe that were it not that it comes from a man, who in 1908 called every constituency west of the lakes ten days before nomination, and made only one error, that in Victoria, where Templeman was defeated by the forged telegram. In every other case he picked the winner, so his judgment is certainly worth something. He declares that reciprocity will sweep the three central Western Provinces like a prairie fire, and that it's like stealing a sugarstick from a baby.

F. G. DAWSON APPOINTED

Receives Official Notification of His Appointment as Returning Officer for Comox-Atlin.

Mr. F. G. Dawson of this city, has been notified by telegraph from the Crown Chancellory of Canada at Ottawa, of his appointment as returning officer for Comox-Atlin. The telegram states that a writ has been issued, dated August 3rd, and is on its way to him, and instructs him to proceed with the preparations for an election without waiting for the writ.

Apparently the local journals which announced the appointment of a Cumberland man last week were the victims of an unreliable source of information.

P.R.I.A. GET PETITION FOR STRIKERS' RELEASE

At Mass Meeting in Empress Theatre Yesterday Afternoon Decided to Circulate Petitions to be Sent to the Minister of Justice

At a mass meeting organised by the P. R. I. A. yesterday evening in the Empress Theatre a resolution to petition Hon. A. B. Aylesworth, Minister of Justice at Ottawa, that the prisoners detained on account of the strike riots may be released as soon as possible, was passed. The grounds on which the petition will be based are several: It is claimed that in engaging contractors to serve as special constables the authorities in Prince Rupert acted unfairly. This is declared to have been the cause of the bloodshed.

Change of Venue

The change of venue of the trial from Prince Rupert to Victoria is said to have militated against the men. Thirty witnesses for the men's defence were unable to be at the trial for financial reasons. The judge's summing up is held to have been biassed. Lastly the character of a number of the witnesses who gave evidence is declared to be doubtful in view of recent events, and their evidence is thus considered unreliable by the petitioners.

Petition Preparing

W. H. Montgomery presided over the meeting, and was supported by the well known P. R. I. A. and I. W. W. speakers H. B. King and R. Gosden who has returned to the city. Preparations are being made to have the petition prepared at once, printed, and circulated amongst the citizens. Those in sympathy with the cause who were at the meeting believe they will have sufficient support from the rest of the citizens to carry their purpose.

PARTY STANDING

How the Parties Stood at the Time of Dissolution

Ottawa, Aug. 14.—The standing of the parties in the House of Commons at dissolution was as follows:

Ontario—Liberals, 35; Conservatives, 51.

Quebec—Liberals, 53; Conservatives, 12.

New Brunswick—Liberals, 11; Conservatives, 2.

Nova Scotia—Liberals, 12; Conservatives, 6.

P. E. Island—Liberals, 3; Conservatives, 1.

Manitoba—Liberals, 2; Conservatives, 8.

British Columbia—Liberals, 2; Conservatives, 5.

Saskatchewan — Liberals, 9; Conservatives, 1.

Alberta—Liberals, 4; Conservatives, 3.

Yukon—Liberals, 1.

The Liberal majority, including the Speaker, was 43.

WILL INCREASE LEAD

Manchester Guardian Predicts Win for Laurier and Reciprocity.

London, Aug. 14.—The Manchester Guardian, the leading paper of the north of England, says it is safe to say that on the plain issue of reciprocity the Government stands to increase its majority by gaining more seats in the West than it can lose in Ontario and Quebec.

REPORT PROVED CHARGES TO BE QUITE UNFOUNDED

Only About $2500 Out of Total Insurance on Telephone Plant Was Held by Ex-Aldermen---Ald. Newton Confronted With Facts "Partially Withdraws" His Accusation---Special Meeting of Council Held on Saturday

As there will not be a quorum of the members of the city council tonight, Acting Mayor Kirkpatrick called a special meeting on Saturday at five p.m. Aldermen Hilditch, Douglas, Clayton, Kerr and Newton were present with Acting Mayor Kirkpatrick. Alderman Smith has gone to Hazelton and the Mayor is still at Victoria. The meeting was over at about seven p.m. no matter of very serious moment being discussed.

A good health report for the past month was received from Dr. Reddie. There have been eleven births and eight deaths in the city during July.

Chinese laundrymen seeking permission to re-erect their premises on Fifth avenue destroyed by fire last fall will be told they must locate on the districts set apart for laundries. No building permits for laundries, or trades licences for them will be issued until the matter of segregation is settled finally.

Telephone Insurance

A statement showing how much of the telephone insurance had been effected through the offices of those who had been aldermen of last and of this council was read by the City Clerk. It had been prepared at the instigation of Alderman Hilditch, and showed that only a meagre proportion of the insurance had been effected through the offices of men who had been instrumental with energy and finances in the establishment of the phone system.

Alderman Newton on hearing this report was willing to withdraw "partially" his accusation of these men to the effect that they had used their office as aldermen to influence business their way. He emphasized the word "partially" and resented the attitude of Alderman Hilditch, who, he said, "had his knife in him at every council meeting."

Prudhomme Appeal

Alderman Newton asked the City Solicitor how the Prudhomme appeal case stood, and was told in short that there was "nothing doing" yet. He enquired as to the costs of the appeal. City Solicitor Peters gave it as his opinion that this item would be trivial. It will have to be borne by the city though, whatever it amounts to.

The new by-law to regulate the discharge of firearms, fire works, etc., in the city, was read for the second time, and considered in committee of the whole. It is intended to take effect on September 1st.

Several applications for dumping space were granted. Alderman Newton spoke on behalf of other possible applicants for this favor, mentioning particularly his neighbor Mr. Kauffmann upon whose head Alderman Newton has a load of coals of fire to dump.

SALMON PACK LIGHT

Reports from Alaska Canneries Indicate Large Shortage

Seattle, Aug. 14.—Chris H. Birchmann, general superintendent of the Northwest Fisheries Company, returned today from a visit to Alaska, and reported the salmon pack as unusually light in most districts.

Mr. Birchmann says that in the southeastern and central Alaska divisions shortages in the salmon pack are reported from the Chilkoot, Prince of Wales Island and Chignik districts. In the Chignik district the shortage in reds may be made up by the run of pinks, which is just setting in. The output of the Ketchikan district is up to standard and may exceed that of last year.

PAY FOR M. P.'S

$2.000 a Year Not Deemed Sufficient by Mr. Asquith's Critics

London, Aug. 14.—The decision that members of Parliament shall receive $2,000 a year for their services as legislators is criticized in Socialist and labor union circles as not being sufficient. Mr. Asquith's critics draw attention to the fact that members of Congress in the United States receive $7,500 per annum, together with their travelling expenses, and they maintain that the same proportion as obtains between the President's salary and expenses of $1,00000 per annum should be observed bweteen the M. P.'s salary and King George's civil list of about $2,500,000.

ADMIRALS ALL INDIGNANT SNIFF YACHT DEFRAUDED

Cargoes are Surreptitiously Loaded — Increasing Trips and Towage Charges—Civic Lords of the Sea Will Engage a Commander at $60 Per, to Prevent This

Indignation prevailed at the council board, or civic court of admiralty, when it was announced on Saturday by Alderman Clayton that the Civic Sniff Yacht is being loaded up surreptitiously with empty wooden cases, cardboard boxes, papers, and other inflammable matter instead of the lawful cream cans and cabbage leaves. "Inflammable material is not the thing for the sniff yacht," said Alderman Clayton. "Such refuse should be burned. It takes up all the space on they acht, and makes more frequent trips necessary, increasing the cost of towing."

Must Have Commander

All the Civic Lords of Admiralty agreed, and it was decided that a permanent commander must be attached to the floating lavender box. The commander's duty will be to keep his weather eye on the vessel, regulate her cargoes, see that she is kept on schedule, and generally do the Barney Johnston stunt for her. He must be able to make a starboard landing at all stages of the tide, and is expected to be well up in navigation, particularly those branches of the science included in that useful handbook "On the Navigation of Arks" by Noah.

Dog Ranch Too

In case the Commander of the Sniff Yacht should have too much time on his hands between trips, Alderman Douglas susggets that he shall also have charge of the proposed City Pound which will be used principally for the detention of stray dogs. Any combustibles to be got rid of may be destroyed by the Commander who will keep bonfires going in his spare time between watching the dogs, and keeping his weather eye on his gallant craft.

"All Commanders"

It came out at Saturday's meeting that City Solicitor Peters is qualifying for the position of Sea Lawyer for the Sniff Yacht. On hearing this Alderman Douglas remarked "It looks as if we were to have all captains and no men for the fleet, but at the bold remark the other Civic Lords of Admiralty frowned and proceeded definitely to authorise the engagement at once of the Sniff Yacht Commander with duties as mentioned, at a salary of sixty dollars per month. Admiral Dr. Reddie contends that the employment of this official will save the man's salary in reduction of towing trips.

LAUNCH NAVIGATES UPPER NASS AT LAST

Wolverine With Two Tons of Freight on Board Gets Through Canyon Safely—First Deep Draught Boat to Safely Reach Upper Naas Country

After a three days' trip in the launch Wolverine with a survey party up the Naas River Mr. H. Robinson of the Rupert Marine Ironworks returned this morning to Prince Rupert. The trip he has just accomplished means a great deal for the Upper Naas country for the Wolverine carried two tons of freight and was drawing three feet of water when she made the trip through the Canyon. So far only light draught boats have managed the journey. The Wolverine has proved that heavier craft can do it, and the settlers up there just now are pleased at the prospect of easier freighting in of supplies as the country opens up.

Great Settlers' Land

In this Upper Naas country will be located one day not far distant, a very fine agricultural community for the soil, situation, and conditions generally are admirable for farming. Mr. Robinson describes the country as extending into stretches of flat farming land covered with cottonwood, alder and maple trees. Berries of all kinds are abundant there, and in farther advanced stages of ripening than in this district. Raspberries literally falling off the bushes with ripeness grow wild. The cultivated patches of currants show bushes loaded down. Rainfall is lighter than in the coast region, and pleasant sunny conditions prevail with just sufficient rain.

Early Land-Stakers

Today also there returned to Prince Rupert Messrs. W. McLean and James Flynn who have been on a six weeks' prospecting and land staking trip into the Upper Naas country. Mr. McLean who has just located and staked for himself a fine stretch of arable land tells of splendid prospects for that district. "The soil," he says, "is a rich black loam. The ground should be easy to clear. In fact on my own location I may not have enough large timber to build a cabin. Before long, whole stretches can be under cultivation. There is water in clear streams at easy distances."

Regarding the navigation of the Naas through the Canyon, Mr. Robinson says that the main difficulty is with snags which lie in the eddies. A rock in the canyon is an obstruction. It is believed that the Dominion Government is to have it blasted out. Then the canyon will be easily navigable for fairly heavily freighted launches

FERDINAND EARLE ON THE HONEYMOON TRAIL AGAIN

Famous Affinity Seeker is Having a Third Guess—In Company With Dora Heis He is Now Encircling the World on a Honeymoon Trip

New York, Aug. 14.—Once more Ferdinand Pinney Earle, discoverer and promoter of "affinity," has found a heart attuned to his own. The new Mrs. Earle, with whom the artist is now circling the world on his third honeymoon, is known here only as "Dora." It is known, however, that she is the daughter of an eminent architect of Workingham, England. Earle's own soulful description, contained in a letter just received here is: "Dora, the dearest, sweetest, loveliest of them all."

Earle's first adventure in amtrimony was with Emily Fischbacher, whom he dismissed for Julia Kuttner.

Miss Kuttner was the original "affinity." She later became Earles bride and wedded bliss was without alloy until Earle attempted to choke his affinity-wife, admitting it in court. The episode landed Mrs. Kuttner-Earle in the discard, and Earle immediately began the quest of a new affinity, whom he found in a young sculptress. Marriage did not crown this attachment.

According to his present plans Earle and his new wife will reach New York next year. The village of Monroe, N. Y., where his handsome home is located, is much interested, for when the Kuttner episode occurred the artist barely escaped mob violence.

He had been in the water fifteen hours, and was completely exhausted. A heavy tide swept him back repeatedly.

London, Aug. 14.—The result of the polling in the Middleton division of Lancashire was declared as follows: W. R. Adkins (Liberal), 7,071; W. A. S. Hewins (Unionist), 6,284. No change.

Professor Hewins, the tariff reform candidate for Middleton, where the polling took place, urged in his final appeal that his election would largely influence Canadian elections.

DAILY EDITION. MONDAY, AUG. 14

BLEEDING THE PRINCE RUPERT PUBLIC

On Saturday, two parcels arrived at the Daily News office. They each contained stereotype cuts for use in the columns of the paper. One parcel came from Toronto, the other from London, England.

The parcel from London, was larger and heavier than the parcel from Toronto, yet the parcel from Toronto had a 30 per cent heavier charge on it for carriage than the parcel from London.

The parcel from London had travelled by train to Liverpool or Southampton, thence by steamer across the Atlantic, and five hundred miles by rail in Canada before it even reached Toronto. Yet it did the entire journey at a very much cheaper rate than the smaller and lighter parcel that came from Toronto. This is bleeding the public with a vengeance.

The explanation for the difference in rates is that the parcel from England travelled by British Parcels Post; that from Toronto by Dominion Express. This goes a long way to explain how it is that the Dominion Express, which is a sideline of the C. P. R., with a total of only $24,500 paid upon its $2,000,000 capital, has paid the C. P. R. in eight years, profits totalling $13,409,240.

An institution that makes over thirteen million dollars profit on an outlay of less than $25,000, can very well afford to reduce its rates. The question of excessive express charges should be taken up by the merchants of the city at the meeting of the Railway Commission next Saturday. The rate charged by the Dominion Express Company on the parcel referred to, was greater even than the cost of sending the parcel by mail.

When the protest is made, it would be a good thing also to draw the attention of the Board of Railway Commissioners to the fact that no effort has been made in Prince Rupert to obey the Board's ruling that after June 1st, the express companies must call for and deliver parcels within the municipal boundaries of cities and towns.

To appeal to the companies direct is only an added vexation of spirit and a waste of time. The Board of Railway Commissioners has been appointed by the Federal Government to hear all complaints in connection with the railways and their subsidiary companies. The Board is clothed with power to make orders and enforce its rulings. The opportunity to draw the attention of the Board to the way in which Prince Rupert is bled by the express companies must not be lost.

NOTES DUE

In selecting Alderman Newton for their candidate, the local Conservatives showed that they are anxious for reciprocity to win in Comox-Atlin.

The council meeting will be so quiet and orderly tonight that it will seem like old times again, but for the vacant chairs.

The Calgary Herals is being poked at by a number of newspapers over a strange piece of inconsistency it has committed.

The Herald is espousing the cause of the interests in the reciprocity fight, and has been trying to make out that if the taxes on food are removed that it will make it hard for us all to live.

A few days ago—at the height of the coal scare, when it looked as if Alberta might face a coal famine this winter—the Herald came out with a big black headline addressed to the Federal Government "Remove the Coal Duties." Of course if the Herald's anti-reciprocity arguments were true, the removal of the coal duty will not make coal more plentiful.

Looks as if the truth slipped out by accident. The effect of a duty, whether on coal or food is just the same, namely, to make it more difficult to obtain.

SOME PARTICULARS ABOUT SCAVENGING AGREEMENT

Official Statement by the Board of Health Tells Citizens How Much They Must Pay and Other Things They Want to Know.

For the information of the general public the Board of Health wishes to draw the attention of the citizens to certain clauses of the Scavenging By-law, which more immediately affects them:

Clause 1.—The contractor (J. G. Weston) shall have the sole right to remove all the garbage and night soil from residences, hotels, restaurants, lodging-houses, stores, tenements, office buildings, hospitals, churches, clubs, public buildings, theatres, school buildings, rinks, factories, printing offices, laundries, and all and every other class of buildings in the City of Prince Rupert, where night soil or garbage is to be found.

Clause 8.—The City agrees with the contractor that during the continuance of this contract, no licence shall be granted to any other scavenger, the intention being that the contractor shall have the sole right as far as the City can give the same, to remove garbage and night soil from all parts of the City of Prince Rupert.

Clause 9.—The contractor shall charge the persons from whose premises garbage or night soil is removed the following fees and no more:

Residences of two rooms and under, for night soil and garbage per month 50c.

Residences of three rooms and over, for night soil and garbage, per month 75c.

Hotels, for removal of garbage, per 15 gallon can 10c.

Hotels, for removal of night soil, per 15 gallon can, 50c.

Restaurants, for removal of garbage, per 15 gallon can 10c.

Restaurants, for removal of night soil, per 15 gallon can 50c.

Lodging houses, stores, office buildings, clubs, banks, printing offices, and all other buildings other than private dwellings, for removal of garbage, per 15 gallon can 25.; for removal of night soil, per 15 gallon can 50c.

Clause 10.—In case of the occupants of two or more cabins using one commode for the accommodation of such cabins, it shall be lawful for the contractor to charge the occupant of each cabin the rate above mentioned for the removal of garbage and night soil.

Clause 11.—In case the occupant of a store on the ground floor permanently uses the same commode in use by the occupants of the upper floor, or vice versa, then the said rates shall be collected from both the occupiers of the upper and lower floors.

Clause 25.—That nothing in this contract shall prevent the owner of any premises from taking away his garbage, by his own conveyance, providing same is done to the satisfaction of the Health Officers; but the contractor shall have the exclusive right under his licence to remove garbage for remuneration.

Clause 26.—And whereas it is possible that disputes may from time to time arise between the contractor and persons dealing with him under this contract as to the proper charges to be made. Now it is agreed that in case any such dispute shall hereafter arise, the same shall at once be referred to the City Medical Health Officer, who shall be empowered in a summary manner to settle any such dispute, and in doing so he shall have power to settle any question as to the proper construction of this contract so far as the rates to be charged are concerned.

NEW ESTABLISHMENT FOR FUNERAL UNDERTAKING

Messrs. Hayner Bros., to Build Chapel, Offices and Embalming Rooms on Grenville Court.—Buildings in Mission Style with Every Modern Device.

Messrs. Hayner Brothers are about to start at once on the erection of a new and entirely up-to-date undertaking establishment on one of the fan shaped lots on Grenville Court adjoining the Salvation Army Citadel. The ground space measures 28 ft. x 50 ft. x 100 ft., and will allow of the erection of a very fine substantial building which is just what the Messrs Hayner have planned. The ground has been leased for a considerable term and the building will be of a permanent type.

Elengantly Equipped

Chapel for funeral services, offices, and embalming rooms, all spacious and conveninetly arranged are included in the plans. Inside the furnishings, fittings, and upholstering will be very highly finished and in the very best of good taste, quiet and dignified. Outside the Grenville Court frontage of the building is to be designed in the well known simple Mission Style, which is still rich and substantial looking without being vulgar or pretentious. Thus the building will exactly meet its purpose. Funeral obsequies conducted there and the last sad services rendered the dead will be carried out in quiet dignity without ostentation.

Experienced Undertakers

Adding to their present equipment many of the very latest appliances which have brought to perfection the art of embalming on this continent, Messrs. Hayner Brothers, who have had thorough training and experience in this class of service will be in a position to attend to undertaking work as fittingly as any of the firms in the older centres of Canada. The chapel attached to their offices will be secluded and quiet. While in the earlier days of Prince Rupert there was no lack of dignity about funeral services held in a little rough shack, the growth of the city has demanded development in line with that of all other cities, and in this department Messrs. Hayner Brothers lead the way.

WRECK OF THE PRINCESS MAY

Investigation to be Held Into Circumstances of Mishap on Sentinel Island on Aug. 5th, 1810. Judge Martin to Preside.

(Canadian Press Despatch)

Vancouver, Aug. 12.—Judge Martin will preside over a marine enquiry to be held Aug. 18 to investigate the cause of the loss of the Sechelt Steamship Company's steamer Belcarra and the stranding of the Canadian Pacific steamer Princess May, which occurred a year ago in Alaskan waters.

During a fog the Princess May, under the command of Captain McLeod, struck the reefs of Sentinel Island, near Juneau, Alaska, and remained for several weeks in her perilous position. The steamer was afterwards towed to Esquimalt, repaired and converted into an oil burner. She is now one of the most popular C. P. R. boats in the North Coast of B. C. and Alaska passenger service.

The Belcarra on September 17, 1910, sank in thirty-five fathoms of water in Agamemnon channel, Jervis Inlet. The vessel crashed into a rock and after being held suspended until the receding tide lowered her stern and then sank to the bottom of the channel.

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

HAIR WASHING HINTS

Carefully Attended to Mean Brilliant Tresses

The most thorough daily brushing cannot keep the head entirely clean, and a good washing is needed more frequently in summer than in winter. No stated intervals can be fixed. One can perceive by the feeling of the scalp and the heavy "listless" condition of the hair when her head needs washing. Those who spend their summers in the country often have the advantage of rain water, which can be caught in the city, too, of course, but usually so impregnated with coal soot and particles of dirt that it is not fit for use. While nothing quite equals a good pure soap and fairly hot soft water, the egg shampoo may be used sometimes with good effect in summer. Beat up an egg, thin it with soft water, and add a few drops of lemon juice. Wet the head, rub on the egg mixture, and wash as usual, and rinse thoroughly. Use tepid water so as not to curdle the egg.

The method of drying should have reference to the color of the hair. Blonde hair may be dried in the sun—if not too hot—but darker hair should not be exposed to the strong sunlight while it is wet, although it will take on a better gloss if it is sunned afterwards. Of whatever hue it may be, the hair should be first patted with a dry towels to absorb as much of the moisture as may be, and then the tresses shaken and tossed about so that they will dry from the roots outward. With the fingers carefully undo any rangles put the hands under the hair and run the fingers over the scalp, then out through the hair, opening a way for the breeze to follow.

SCHOOL BOOTS

Be Careful Not to Alter the Shape of the Foot

Well-fitting boots are exceedingly important during the school age. The child who has to walk to school and play about in boots that are too tight is suffering needless pain. Even a very slight degree of pressure alters the shape of the foot and squeezes the big toe out of the proper straight line. Unconfortable boots make cramped toes, affect the carriage and deportment of a child, and prevent him from enjoying the rapid movement and exercise that is good for him.

Green Gooseberry Jelly

To each pound of fruit allow three-quarters of a pint of water, and simmer till the gooseberries are well broken; turn the whole into a jellybag to drain. Weigh the juice, and boil it rapidly for fifteen minutes; then draw the pan to the side of the fire, and stir it until dissolved an equal weight of powdered lump sugar. Boil for twenty minutes, taking off the scum as it rises; then pour into jars, and tie down when cold.

Girls' Feet Growing

The United States shoemakers have announced in their annual convention at Boston that women's feet are becoming larger. The number two size of women's shoes has practically gone out of use, and very few dealers keep them on sale. This is probably due to the greater prevalence of lawn tennis, hockey, and golf as women's recreations.

Fish Cooked in Paper

Take some thin white paper, rub it over with melted butter or oil, lay the fish in, and just fold the edges together. Bake in a moderate oven. Serve in the paper. This is most delicate and far more tasty than frying.

FILBERT SHELL FASHIONS

Tiney Notelets of News from Paris, London, New York

Sashes are worn a great deal with afternoon toilets.

❀ ❀ ❀

Paris decrees black velvet slippers for evening toilets.

❀ ❀ ❀

Blind embroidery and English eyelet are both favorites for the separate white waist, is a London item.

❀ ❀ ❀

It is going to be a great cotton season, and cottons are going to be tolerated where formerly they have been prohibited.

❀ ❀ ❀

To be really fashionable this season one must be slender, says the New York modistes. En silhouette is the rule of the day, a rule modish women are trying religiously to follow.

❀ ❀ ❀

If a net blouse is to be laundered it should be ironed on the wrong side while it is quite damp with a clean and moderately hot iron. This causes the new fabric to stiffen Lace may be treated in the same way.

REFRESH SUNSHADE

Quite an Idea for the Girl who is Clever

Sometimes the upper half of a silk sunshade is in perfect condition while the lower portion is badly soiled. In this case it is a good idea to apply a wide border of some contrasting shade, color or design. With a magpie striped top, a border of black satin enlivened with Persian figures is most effective, and on a plain pongee an Oriental design in silk is good. Wide black velvet ribbon makes a stunning border for almost any sunshade of pale hued silk or satin, and it lends so rich to even a medium priced article that many girls are buying new ones and dressing them up with bows and borderings.

To Get Cream Quickly

To get cream quickly, pour the new milk into a basin, and stand the basin in another one, containing a little hot water, for an hour or two. The cream will soon rise to the top, and can be skimmed quite easily.

MANY LEFT BY PRINCE GEORGE

Busy Scene on the Wharf This Morning when the Ocean Flier Pulled out.

There was more than ordinary series of departures this morning by the Prince George, many well known Prince Ruperters going south in addition to the usual number of holiday makers returning home.

Prominent among these were Messrs. Clayton, Newton and J. F. MacDonald who are going to Nanaimo to attend the Conservative convention there on Wednesday. They will be joined while away by Messrs. William Manson and J. E. Merryfield who are at present in the south.

Miss MacTavish, matron of the General Hospital, who is on a vacation trip, and Mr. C. E. Gibbons of McCaffery & Gibbons who is going south on business were on board. Several of the hospital staff were present to see Miss MacTavish off.

Among those going east to visit relatives were Mrs. C. B. Wark and Mrs. and Miss Holtby.

There were a large number of people on the wharf to wish the travellers a pleasant voyage.

Jack Cancilla has returned from the States where he underwent an operation, but is well again and is already getting back into the fight game.

ITEMS OF .. SPORT

Henry Groh, of the Decatur team, touted as one of the speediest players ever seen in the Three-I league, has been sold for $3,500 to the New York Nationals.

❀ ❀ ❀

Ty Cobb's contract is out this year and the Detroit club will most likely have to pay the George "Peach" a million or two before he signs for next season.

❀ ❀ ❀

Russell Ford is without question the best twirler in the American League today. His peculiar and mysterious delivery is a puzzle to every batsman who comes before him, and it is safe to say that his excellent work is in a great measure responsible for the Yankee's steady climb to the front.

❀ ❀ ❀

Amateur sport in the West this summer, says the Manitoba Free Press, has been making a great bid for patronage, and has succeeded fairly well. But in the case of baseball and lacrosse there will have to be a sudden change in some respects at least, or the sport will die a natural death. Both the baseball and lacrosse this summer has been of a high-class order, but the games have been marred by continual umpire and referee baiting, which is certainly uncalled for and is causing more trouble every game.

❀ ❀ ❀

President Lynch of the National League said the other day that in view of the player's promise of future good behavior he might soon raise the suspension inflicted upon Magee of the Philadelphia club. He declared, however, that if Magee is allowed to re-enter the game it would be with the understanding that he was on strict probation.

❀ ❀ ❀

A pathetic scene was enacted at Comstock Park, when Pensia Maid, most promising and beauteous of trotting mares, was buried deep in the infield of the track oval. Trainers and ordinarily unemotional stable swipes sobbed unaffectedly, and track dignitaries turned away and choked in their throats as $25,000 worth of horseflesh was consigned to earth.

❀ ❀ ❀

The death of Pensia Maid, whose record stood at 2:04 1-4 occurred in her stall at the park. An autopsy by Dr. Robertson Muir established the fact that compound fracture of the pelvis bone had ruptured a blood vessel, resulting in hemorrhages, which caused her death.

❀ ❀ ❀

Souvenirs of the sad occasion were eagerly grabbed off by the small group of sincere mourners at the graveside. Presiding Judge Keating secured one of the mare's well worn shoes and A. G. Asdikan of the New York Telegraph, took one of the fleetest hoofs that ever stepped on the track. The head, said by most track officials to be the most beautiful which adorned any animal travelling the Grand Circuit, will be preserved and mounted by Harry A. Moormann of the Kent Scientific, museum for her owner, R. J. Mackenzie, the millionaire turfman of Winnipeg.

GRAND HOTEL CHANGES HANDS

Well Known Workingmen's Hostel Taken over by George Broderius.

Owing to other business interests in the south Mr. John Goodman has sold out his business at the Grand Hotel to George Broderius who now assumes the proprietorship.

Mr. Broderius is well known among the patrons of the hotel, as for a long time he has been running the restaurant adjoining the hotel. He is a very popular among his friends and a good business man, and under his proprietorship the Grand Hotel will undoubtedly continue to progress.

Mr. Goodman is leaving this week on a trip to the Islands to look after some of his property interests there, and will return to the city to wind up his affairs before leaving for the south.

SMALL FIRE SATURDAY

Basement of Skandia Hotel Ignited by Hot Stove Pipe

About midnight on Saturday night fire broke out in the basement of the Skandia Hotel, Fulton street and Eighth avenue. The brigade promptly turned out, and the fire whistle was sounded. The outbreak which was caused by an overheated stove pipe was promptly quelled. Although the hour was late, the number of people aroused by the whistle gathered about the scene.

JAPS SCRAP AGAIN

Scratch and Bite. Use Bottle and Knife

Last night Provincial Chief Constable Owens assisted by City Constable McArthur took charge of two Japs who had fallen out at the Cassiar Cannery. One Oriental banged the other on the head with a bottle. The "bottled" one drew a knife. The men closed and there was all kinds of fun going for a minute. Fortunately the knife was not used, but scratches on the men were caused by their teeth and nails. Summed up briefly the situation is that one Jap was "Bottled" while the other one was "Canned." Both are now in the Jug.

WATERFRONT LABOR TIFF

Non-Members of Longshoremens' Union Turned Off Job

Difficulty in finding men for the unloading of the British Empire at the wharf this morning led the foreman stevedore to engage some men who were not members of the Longshoremen's Union. Secretary Morse of the P. R. I. A. who was in the neighborhood was apprised of the situation and the non-union men were ordered off the job. There was no disturbance of any kind though a small crowd of men gathered about the ship's side.

New Freighter

Today the S.S. British Empire, the new steamer added to the fleet of freighters calling at Prince Rupert arrived today. The British Empire is a sturdy vessel and will handle large cargoes with speed and seaworthiness.
