FRANK MOBLEY IS INVITED TO RUN FOR MAYOR

ALD. NEWTON STARTS THE FIGHT BY ATTACK ON RATEPAYERS' ASSOCIATION

Declares That Latter Body are Opposing Him for Mayor Because They Want a "Real Estate Council"---Says That He is One Who Can't be Throttled and Will Fight it to a Finish

The first shot in the municipal campaign was fired last night when Alderman Newton opened his campaign with a meeting in the Presbyterian Hall. For two hours or more the candidate spoke. His speech was almost entirely denunciatory, the Engineer's department coming in for most of the criticisms. He also denounced the Ratepayers' Association, declaring that it was a real estate council they wanted.

"Why are the real estate men so anxious for representation on the Council?" he asked. "It is because they want to sit in easy chairs in their nice, well lighted and well warmed offices, smoking twenty-five cent cigars and making five hundred to a thousand dollars on a deal, while we work eight or ten hours for a bare living. They want large profits for themselves, but starvation wages for others. And some of my colleagues are helping them to swat me. But there is one they can't take by the throat and throttle, and that is me."

He declared that the secret of the opposition to him was that he was standing for the 45-cent wage rate, but he was willing to debate with anyone and prove that the 45-cent rate was a good one for the city. He said that if the Ratepayers' Association was sincere in wanting a business man for mayor they could show it by supporting himself. He was willing to pit his business capacity against any of them. He claimed that his past record showed that he had the necessary "ginger" and stability of character. The opposition to him was really because he would not be dictated to by a bunch of ringsters like a jumping jack.

W. H. Montgomery, who presided, said he was not ashamed of being there or of any of the sentiments he had heard expressed.

Mr. Gampp, president of the Property Owners' Association for Sections 5, 6, 7 and 8, announced that a meeting would be held on Friday night to select candidates for mayor and Council, and called for three cheers for Alderman Newton.

MEAT PACKERS HAD PLANNED A $500,000,000 GIANT MEAT COMBINE

Sensational Evidence Comes Out in the Trial of the Chicago Meat Packers---Had Planned to Make Loan of $90,000,000 to Put Thing Through---Trial Now on Before Judge Carpenter

(Canadian Press Despatch.)

Chicago, Dec. 27—Details for a $500,000,000 merger on Armour, Swift, Morris interests in 1902 by which the Government contended it was sought to control the wheat industry of this country was revealed today in the trial of the ten Chicago packers before United States District Judge Carpenter.

Attorney Veeder testified that the plans for the giant merger were abandoned and that in March 1905 the National Packing Company was organized to open up trade for certain independent packing companies, purchased with a view of inclusion in the ig companies.

Under the terms of the agreement three of the large packing companies were to be merged into one great concern. In addition the promotors were to receive $25,000,000 worth of companies stock for their goodwill. The promotors planned to borrow $90,000,000 to finish the giant corporation.

TEDDY R. SAYS HE WOULD RATHER FIGHT THAN EAT

DECINES INVITATION TO A SWELL PEACE BANQUET, SAYING HE IS NOT IN SYMPATHY WITH PEACE—CALLS THEM ALL TRAITORS.

(Special to Daily News.)

New York, Dec. 27.—Close on the heels of the great peace meeting which was broken up by disturbers opposed to the ratification o fthe treaties with England and France, disagreements have arisen over what is being planned as one of the greatest peace dinners the country has ever seen.

It developed today that former President Roosevelt had replied to a semi-official invitation to attend the function, at which President Taft will be the principal speaker, declaring that his sentiments were wholly at variance with the theme to be expressed at the affair and censuring as traitorous to their principles all those who accepted the invitation.

MR. FRANK MOBLEY IS INVITED TO OFFER HIMSELF FOR MAYOR

Popular Business Man and Ex-Alderman Got the Spontaneous Support of Ratepayers' Association Last Night—Hope is Widely Expressed That He Will Run

By a unanimous vote last night the members of the Ratepayers' Association decided to invite Mr. Frank Mobley to become a candidate for Mayor, with the assurance of the support of the organization. A committee was appointed to wait on Mr. Mobley and urge him to offer himself as a business candidate.

The call to Mr. Mobley was quite spontaneous, as it was commonly understood that the Association officers had promised to support another candidate. The name of Mr. Cy. Peck was indeed brought forward, but the meeting called for Mr. Mobley. On a vote being taken Mr. Mobley was found to have a 34 to 10 majority, which was at once made unanimous.

Up till a late hour this afternoon the committee had not met Mr. Mobley, and until they had met him that gentleman declined to say anything for publication. "I know no more about it than what I read in the papers, and until I hear the terms of their invitation I cannot say what my answer will be," he said.

It is known, however, that among those who saw in Mr. Mobley the one man who is preeminently fitted to win the support of all classes, and who had privately urged his to enter the field, that he had refused to consider the request unless assured that his candidacy was desired by all classes. "I would not under any circumstances become the candidate of any party or faction," he has repeatedly stated, and it is presumed that his answer to the deputation will depend upon their assurances in this respect.

FRANK MOBLEY.

The hope was very widely expressed all over town today that Mr. Mobley would see his way to accept the invitation. It is probable that other bodies besides the Ratepayers' Association will pledge their support to Mr. Mobley if he consents to the general desire that he stand for office in the interest of a non-partisan business administration.

PASS PLANS FOR NEW CEMETERY

Council Approves New Design for Plots and Roadways Submitted by F. S. Clements on Brett and Hall Basis.

F. S. Clements presented to the Council last night a plan of the new cemetery with roadways according to the graceful curved system of Messrs. Brett and Hall's original design. The plan was approved by the City Engineer and Council. The curvilinear plan reduces the number of plots but slightly, and though considerably more difficult to survey and lay out, is very much more desirable from an aesthetic point of view. A motion was passed authorizing Mr. Clements to proceed with the platting of plots and to report back to Council in a day or two recommending which section of the cemetery it would be most advisable to put in shape for service first.

DAILY EDITION. WEDNESDAY, DEC. 27

THE REVOLUTION IN CHINA.

Revolutions seldom go backward, and the present one in China seems to be the result of intelligence that has found its way through peaceful measures to every section of that vast empire.

As seeds are blown by the wind to distant lands, liberal ideas have taken root and are now developing into strength and power. Like the great changes in nature we see the elements move and witness the result, but we know little concerning the controlling, governing power.

Within the last few decades great advancement has been made in human affairs. All the South American countries followed the example of the great republic. France, under a democracy, has made greater progress during the last forty years than she ever made in any century under a despotism. The people of the empire of Russia, under the reign of Alexander II, the great liberator, and following the leadership of Tolstoi, have moved rapidly toward a constitutional government.

Turkey has sent her despotic Sultan into exile and now rejoices in a constitutional government. Persia has dethroned her sovereign and now has turned her attention toward self-government. Mexico has concluded the reign of its arbitrary President, and Portugal has established a republic.

Now the Celestial Empire is in the throes of political convulsion, undergoing a great change which is the most important revolution of the age. That mighty empire has produced some of the most eminent philosophers, statesmen, scientists and soldiers, and now may be the first to establish a democratic government in the Orient.

The great uprising organized and controlled by Genghis Khan and Tamerlane swept over a part of China, Persia, India and a portion of Europe, spreading terror and desolation along their line of march. The present awakening of China is of a far different character, prompted by different impulses and with far higher motives.

This political revolution is not the creation of a single brain or directed by a single leader. It is the intelligent conviction of the Chinese people at home, supported by those scattered in the remote quarters of the globe.

SHRIMPER JIM MET ILL LUCK

His Fine Record of Sure-Footed Seamanship Since Boyhood Shattered Yesterday Afternoon. Jim Is Sad.

After making the proud boast that he had been at sea from his boyhood without once falling overboard, "Jim the Shrimper," admiral of the good ship Amy, came to grief yesterday and got a ducking off the bulwarks of his own craft. He was boarding the Amy just before lunch time when his foot slipped and i nhe went over his head. The water was like ice. "Jim" floundered there so crest-fallen that he had half a mind to sink for the third time when his engineer nobly did the hero act for him.

"Gee!" said Jim, "I should have been called Peter. Tried to walk on the waves and fell through nearly to the bottom. An' after being at sea since I was a boy without once falling overboard. Now what do you know about that!"

THREE DAY CURE FOR DRINK HABIT

Appeals to the Business and Professional Man, the Banker, and Man in all the Higher Walks of Life

BECAUSE OF THE TIME IT SAVES THEM

When a man's time is worth a great deal more to him than the cost of a drink habit cure he is not going to drag along for twenty-eight to forty-two days taking a treatment when he can get a cure in three days, without hypodermic injections, and be surrounded with every comfort of home.

A PERFECT CURE.

The Neal internal treatment cures the periodical, occasional or moderate drinker and the nervous man who has to drink to keep from becoming nervous. It takes away all inclination to drink, all desire and craving to drink, by neutralizing the poison of alcohol in the system and ridding the blood of the poison by a rapid system of elimination, leaving the drinker in the condition that he was before tasting liquor, so far as the effect of alcohol may be concerned—all appetite for drink gone—and he a new man.

The treatment consists of the internal administration of a harmless remedy, tonic in its action, that removes the craving for liquor in a very few hours.

DRUG HABIT CURED.

At the Vancouver institute we also treat drug addictions with uniform success. Call, write or phone for booklet, giving full information.

SOME BASEBALL YARNS

Billy Evans Has Written Quite a String for The News.

On the old Washington grounds the clubhouse was in right field. When a player was removed from the game he had to march past the crowd to the team's quarters in the outfield.

Bob Groome, the clever twirler, was presented with a bunch of flowers before the game he pitched.

Wildness keeps Groome from being one of the great twirlers of baseball. Whether it was embarrassment over the presentation or not, Groome in the first inning passed five men before he was derricked.

Groome gathered up the flowers and started for the clubhouse and a fan yelled:

"Say, Bob, what kind of flowers did you get?"

Before Groome could reply another fan replied: "Wild flowers, of course."

Washington fans consider Groome the real hard luck pitcher. No matter how well he pitches, his opponent does better and the Senators seldom hit behind him. Last summer a losing streak got on Groome's nerves. After losing a shut-out game he tossed his sweater on the floor and fairly yelled.

"It don't look as if I ever would win. This club never makes any runs behind me."

"Well, I'll tell you how to keep from losing, Bob," said Manager McAleer.

"How?" asked Groome.

"Just keep the other fellows from scoring, and you will play a tie game." Whereupon McAleer departed while the players gave Groome the laugh.

An Expensive Youngster.

Perhaps no more popular youngster ever joined a major league club than Earl Hamilton of the Browns. Bobby Wallace is one of Hamilton's warmest admirers, and is confident his protege will be one of the best southpaws in the league.

Hamilton's father is a wealthy ranch owner and great baseball fan. That Hamilton, at 20, should be a big leaguer is a matter of pride. When Hamilton joined the Browns he confided to Bobby that dad would be awfully disappointed if he failed to make good.

All his life Hamilton has had everything he desired. His salary last year would hardly compare with Cobb's. While he has no bad habits Hamilton found it easy to get rid of his pay. Several times it was necessary to "touch" father. On one trip just after the train left St. Louis, Wallace found Hamilton getting a lot of fun from a letter.

"Something funny, I suppose," said Bobby.

"Read it yourself," replied Hamilton. It was from Hamilton's mother and at the end simply said:

"Father and I don't expect you to save much of your salary, but we would like to see you wearing that diamond ring I gave you when you return."

"That is about all I will be wearing," said Hamilton with a laugh.

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

LUCK FOR LOVERS

The New Year Will Be Especially Favored by the Fates.

Lovers may well take heart this New Year, for, if there be aught in ancient superstition, the year will be a lucky one for all those in the thrall of Master Dan Cupid.

By the ancient astrologers Monday was the day supposed to be especially under the protection of the goddess of love, and therefore are all love happenings on that day specially favored, and a New Year that begins on a Monday fortunate to lovers, without great storms, or wars, or pestilences.

So therefore, O waiting lovers, take heart of grace, and wait no longer once the New Year arrives. There can be no happier time for dating an engagement than the beginning of a fresh year, and no more propitious moment for asking the momentous question than when the bells ring out the old, ring in the glad New Year.

GIPSY PHILOSOPHY

Your Wedding Month Will Decide Your Life, Says the Gipsy.

Married in January's hoar and rime, good things will come to you if you wait your time.

Married in February's sleety weather, life you'll tread in tune together.

Married when March winds whine and roar, your home will lie on a foreign shore.

Married 'neath April's changeful skies, a checkered path before you lies.

Married when bees o'er May blossoms flit, strangers around your board will sit.

Married in month of roses—June— life will be one long honeymoon.

Married in July, with flowers ablaze, bitter-sweet memories in after days.

Married in August's heat and drowse, lover and friend in your chosen spouse.

Married in golden September's glow, smooth and serene your life will go.

Married when leaves in October thin, toil and hardship for you begin.

Married in veils of November mist, Fortune your wedding ring has kissed.

Married in days of December cheer, Love's star shine brighter from year to year.

STEWED CELERY

A Tasty Dish of Nature's Medicated Vegetable.

Take a good head, strip off all the outer part, and wash it well in salt and water. Cut in lengths about four inches long, put into a pan of boiling water, add a little salt and soda to keep it a nice color and boil until tender. Strain, put into a dish and pour white sauce over. This is very nice with roast beef, as well as being one of the most health promoting of dishes.

Say no goodby to summer—
She is not gone for keeps—
She's resting where the bird sings
And where the daisy creeps.
She slumbers that her glory
May still be young and fair—
To awaken with a cluster
Of roses in her hair.

He is a rare man who by doing one thing can do the thing he likes to do, the thing he ought to do and the thing folks want him to do.

What does the old tea-kettle sing
On the long cold winter nights?
Never a strain of the golden year
And the summer's lost delights;
She hums away at a roundelay
That is free of all regret;
"How good to see the folks all home,
Around the fireplace met."

Laughing till your false teeth fall out is carrying the fun too far.

The shoemaker should stick to his last and the husband to his first.

Germany uses almost twice as many postcards for domestic correspondence as any other nation. Japan is second and the United States third.

ALLEGE BOYCOTT BY SUPT. LOVE

Union Transfer Co. Claims That They Have Not Got a Square Deal Over the City Teaming.

Besides their letter demanding fulfillment of the coal contract, the Union Transfer Co. addressed a letter to the City Council last night protesting against the alleged boycotting of their firm by Mr. Love, superintendent of the Light department. The letter gives Mr. Love credit for succeeding "to a certain extent" in carrying out a threat to prevent any city teaming from coming to the Union Transfer Co.

The writer for the company makes his appeal with the sentence: "Knowing you gentlemen as I do to be all just and far-sighted to all matters pertaining to the management of the public utilities and not being of a patronizing nature," but goes on to say "of course we could mention innumerable instances where there has been partiality shown in the matter of the distribution of your public works. But being painful to ourselves, we shall not recall to memory any further of the injustices of this matter."

The letter was received and filed.

What Is Your Family Worth?

If your family is worth the best you can afford in house and food and clothes, is it not worth the best reading as well? And the best reading—best for boys and girls, best for men and women—is to be found in The Youth's Companion.

Of stories alone The Companion will print nearly 300 in 1912. With all the rest of the paper thrown in, and counting the glorious long serial stories, they cost the subscriber less than a cent apiece. Moreover, you will look long before you will find stories so varied and interesting; stories of coolness in the face of peril, strange adventures with creatures of the forest and the sea; moving stories of life's obscure heroisms; stories breezy with good-natured humor, quaint and curious character sketches.

Now is the time to subscribe, for the new subscriber in Canada will receive free from the time his $2 is received all the issues for the remaining weeks of 1911, containing the opening chapters of Ralph D. Paine's great serial story of the Boxer rebellion, "The Cross and the Dragon." And there is the gift of The Companion calendar for 1912, "On the New England Coast," lithographed in ten colors and gold. Only $2 now to Canadian subscribers, but on January 1, 1912, the subscription price will be advanced to $2.25. The Youth's Companion, 144 Berkeley St., Boston, Mass. THERE'S NO GETTING AWAY from a

GREENER GUN

No other gun can equal the GREENER for regularity of pattern (i. e. even distribution of shot) combined with efficient penetration "the force that kills"—it isn't what we say, facts prove it. W. W. Greener was the first gunmaker in the world to "harness" the shooting of a gun. Prior to the introduction of his world-famed system of choke boring, "pattern" had been the gunmakers' "will o' the wisp." W. W. Greener made it his servant and all the world's greatest honors have been won with GREENER GUNS.

This is the kind you want.

FIRST: "CATCH YOUR PRINTER"

DIRECTIONS FOR COOKING A HARE: FIRST:—"CATCH YOUR HARE"

To produce good printing you must "first catch your good printer. . . You can't get good printing from a poor printer, even if he work with never so good an equipment. If he lacks the "knack," the trained taste, the single-minded fondness for his work which real printers have, he will do poor printing for you. If he has all of these, and in addition to them adequate modern equipment, your printing will have distinction, salesmanship, the lure of type-beauty.

As this office produces good printing you may infer the presence of a good printer—who is "catchable."

WAS FLEECED BY LOAN SHARK

A Poor Woman in Chicago Paid $450 Off a Loan of $25, and Still Owed Nearly $900 When Loan Agent Died.

Chicago, Dec. 27.—For fifteen years Mrs. John H. Murphy made payments to a money lender trying to rid herself of a debt of $25 incurred by her son. In that time she paid the loan agent more than $450, and when the payments were finally stopped after his death she still owed nearly double the original amount.

Mrs. Murphy struggled to get together money to make the monthly payments, and when she did not have it she renewed the notes.

When the loan agent died a few days ago his son called at the Murphy home and demanded payment of the notes. Through the action o fthe Legal Aid Society the notes were canceled yesterday.
