SERIOUS CHARGES AGAINST STEAMSHIP COMPANY

NANAIMO LUMBER MILL IS VISITED BY FIRE

Sunday Night Blaze Does Big Damage---Firemen Worked Under Constant Fear That Gasometer Would Blow Up---Japanese Workmen Did Great Work in Helping to Prevent the Flames From Spreading---Two Residences, Two Workshops and Five Cabins Were Burned Up

(Canadian Press Despatch)

Nanaimo, July 10.—The Nanaimo Lumber Company suffered a severe loss last night by fire which broke out in the drying kiln of the mill. The kiln and its contents, togther with two dwelling houses close by, two workshops, five cabins, a quantity of furniture and some valuable wood working machinery were reduced to ruins.

The fire was one of the most spectacular ever seen, as the kiln held one hundred and twenty thousand feet of the highest grades of lumber. The dried lumber burned like matchwood, and nothing could be done that stopped the fierce blaze.

Danger from Gas

The firefighters worked under great peril owing to there being a gasometer situated on the opposite side of the street, and an explosion of the heated gases was feared any moment.

Japs Did Good Work

Great praise is given to the Japanese workmen at the mill who turned out and did heroic work in fighting the fire. But for their desparate labors it is probable that the flames would have spread, and disaster become widespread.

Rush to the Rescue

J. M. Barry, foreman of the company's mill at Wellington, four miles away, hearing of the fire, brought fifty of his men in a box car over a steep grade. They did the journey in eleven minutes, and rendered great assistance in getting the fire under control.

Did Considerable Damage

The loss to the lumber company is fixed at $17,000, all of it covered by insurance. In addition M. Dixon lost two dwelling houses-two workshops, five cabins and a quantity of tools, of not less than $5,000 value. The residents of the dwelling houses managed to rescue their furniture before the flames reached them, but the occupants of the five cabins lost every stick and stitch they had.

BROKE HER LEG OVER AT DIGBY

Mrs. G. L. Procter, Wife of Architect on Quarantine Station Job Brought to Hospital in the Evelyn.

On Saturday evening a painful accident happened to Mrs. G. L. Procter at the Quarantine Station Works over at Digby Island where she had been staying with her husband who is looking after the work there for Messrs. Anderson and McKinnon, the contractors. Mrs. Procter was playing around with the dog over the irregular ground there when she fell and broke her leg below the knee.

Fortunately Dr. Tremayne with the Quarantine Launch Evelyn was quickly available, and after her injury had been attended to, Mrs. Procter was conveyed in the launch to the wharf, and thence to the General Hospital. The injury, though painful, is not a serious one.

SAYS PASSENGERS WERE SACRIFICED FOR GOLD

Serious Charge Are Made Against the Pacific Coast Steamship Company by the Survivors of the Santa Rosa---Charged That They Would Not Allow Capt. Faria to Land his Passengers When the Vessel Struck Owing to the Cost

(Canadian Press Despatch)

Los Angeles, July 10.—Very serious charges are being made against the management of the Pacific Coast Steamship Company arising out of the loss of the steamer Santa Rosa last Friday. The survivors of the wreck are organising a committee, in order to bring the true facts connected with the steamer's loss to the notice of the United States Federal authorities.

Lives Were Sacrificed

It is claimed that the company risked the lives of the two hundred passengers for commercialism, by refusing to allow Captain Faria to transfer his passengers from the sinking ship to safety, in order to save the cost of salvage.

The Passengers' Story

The passengers state that Captain Faria wanted to land his passengers in the beeches buoy apparatus to the steamer Centralia on Friday, soon after he struck, and while the sea was still smooth, but the officials of the company ordered him by wireless to put out two more kedge anchors instead and make every effort to hold the sinking ship until the arrival of the steamer President of the same line.

To Save Money

This action was in order to avoid the payment of salvage money to rival companies. It is claimed that Captain Faria had a good chance of transferring his passengers to the steamer Centralia, but was ordered by the management of the Pacific Coast Company by wireless to ask the cost of doing so.

Company's Denials

The company, on the other hand, deny that any lives were lost, although there are at least three persons missing, and also that any such messages were sent. A confirmation of the passengers' claims is made by the statement of Wireless Operator Finkel of the Santa Rosa and Captain Faria.

Twelve are Lost

It is now believed that at least twelve passengers are lost.

MINING, GRADING AND ROAD WORK AT STEWART

Mayor's Flying Visit There Results in Favorable Impressions of Progress in All Directions—Citizens are Hopeful and Enthusiastic

Aftr a flying visit to Stewart where he has been over the week end conferring with E. Gillingham, road superintendent, the Mayor got back to the city hall this morning. Primarily the object of his trip was to discuss the matter of road-work this season with Mr. Gillignham, and Mr. Manson travelled ten miles up the valley to see the progress that has been made on the roads under construction during this season. The work is proceeding satisfactorily.

Grading Townsite

In Stewart itself grading is going on very well on the main streets and sewers are being put in by arrangement with the Provincial Government and the Citizens' Committee. When the city becomes to be incorporated some of the cost of the work will be borne by the citizens. On fifth street, which is to be one of the most important business streets of Stewart good grading progress is going on, and the sewers are approaching completion.

Mining Interests

Everybody is enthusiastic regarding mining development in the Stewart district at present. Portland Canal is doing plenty of development work, and the concentrator is working steadily there just now. Larger shipments than have yet been tried may be expected shortly. The Stewart Mining Company and Red Cliff mines are also hard at work developing, and will be shipping commerically at an early date. Railway development contunies too, a spur line having been run in from the Portland Canal Short Line to the Portland Canal mines ready for the commencement of ore shipping.

Are You Going?

All those interested in indoor baseball are invited to a meeting tonight at 8.30 in the old Presbyterian Church.

READY TO GO AHEAD

Hydro-Electric Co. Would Start Power and Gas Plants

In a letter to Mr. W. Clark Durant this morning, Mr. R. F. Hayward, general manager of the Western Canada Power Co., and secretary of the Prince Rupert Hydro-electric Company, said that his company was prepared to go ahead at once in installing gas works and a power plant at Prince Rupert.

BIG CLEAN UP AT CITY HALL

Formidable List of Necessaries for the Job. No White Washing is in the Contract this Time.

Evidently the biggest clean up of the season is about to take place at the city hall. Just look at this list of necessaries requisitioned for the job:

Three Scrubbing Brushes.
One Broom.
Three Pails.
Three Packets Washing Powder.
Six Large Bulldog Clips.
One Ton Coal (To stoke up).
One Wee Box of Pen Points.

Tonight an alderman (name as yet unknown) will move that the requisition list be signed up for this little lot tonight. Everything comes out in the wash of course, but there must be a powerful lot of washing looming in the distance for the city hall. Much mystery is associated with those terrible Bulldog Clips. Are they to be used along with the scrubbing brushes and washing powder? In the grip of a really efficient "Large Bulldog Clip" even the most refractory alderman might be compelled to submit to the cleansing process. But who are to be the washers and who the washed the requisition list does not relate.

Alderman Kirkpatrick was to have moved that the requisition be authorised at tonight's council meeting, but rumor hath it that he along with another alderman have made their escape by the George this morning. Whether it was the scrubbing brushes or the bulldog clips that scared them the most is a matter for conjecture.

NUMBERING OF OUR RESIDENTS

Street Numbering Committee Meets Tuesday for Final Arrangements. Numbers are Here—Will Soon be Fixed.

Very soon now it will be possible for citizens of Prince Rupert to give their addresses as "Number 1, 2, 3, 4, 5, 6, . . ." or whatever it may happen to be, on Street or Avenue. Prince Rupert is rapidly growing up towards adult city-hood, and the numbering system is needed. A meeting of the Street Numbering Committee will be held in the City Hall on Tuesday afternoon to discuss final matters on this subject, and issue instructions to the contractor, Mr. L. Bullock-Webster. It has been decided that the numbering system to be adopted is the "Hundred Block" system, that is the numbers will be grouped in blocks hundred by hundred along the streets and avenues. The numbers have arrived, and the contractor is only awaiting the final instructions of the committee to commence work.

START CRAB FISHING

Two Young Men Mean to Make Good in Shellfish Business

Messrs. Jim Burke and Frank Harper of this city have got permission from the Provincial Government to start a crab and clam fishing industry in Prince Rupert, and have arranged to supply the hotels and fish stores as well as private consumers. They have got all the equipment necessary to round up and capture nimble crustaceans, and the festive clam, and have already secured and sold some $70 worth.

Went South

W. J. Alder and family left this morning for the south. They will be away two months.

Where to Go

EMPRESS THEATRE, Second Ave. Pictures and Music, 7.30 p.m.

MAJESTIC THEATRE, Third Ave; Pictures and songs, 7.30 p.m.

PHENIX THEATRE, Second Aveuue; Pictures and music, 7.30 p.m.

CITY COUNCIL, City Hall, at 8 p.m. tonight.

INDOOR BASEBALL Meeting, Presbyterian Church, 8.30.

PRESBYTERIAN S.S. PICNIC, tomorrow, 1 p.m.

FELL OFF SIDEWALK

Clayton Casselman Hurt His Head and Ribs, but Not Seriously.

A man named Clayton Casselman was brought in to the Genera. Hospital on Sunday morning suffering from injuries to the head and bodt the result of a fall from the sidewalk. He was attended to by Dr. Eggert and detained. His injuries are not very serious.

CITY BASEBALL INDOOR LEAGUE

Meeting of Committee to Draw Up By-laws this Afternoon—New Teams Forming.

This afternoon a meeting of the committee selected to prepare by-laws for the Indoor Baseball League being started in Prince Rupert is to be held. Already preliminary work has been done towards preparing a set of rules by the members of the committee, and all are enthusiastic for the formation of the League.

New teams are being got together rapidly the latest being the Kaien Island Club. The Kaien Islanders intend to add an Indoor baseball team to their already famous Basketball team, and other basketball teams may be organised in conjunction with the new baseball teams forming.

Regarding the possibility of having an outdoor league in operation by this time next summer prospects grow steadily brighter. Alderman Kerr is a keen lover of outdoor sport, and his enthusiasm for the preparing of a Municipal Athletic Park on the level ground on Acropolis Hill is well encouraged and supported both by young men of the city, and by brother aldermen.

The members of the committee to draw up by-laws for the Indoor Baseball League are Chief Vickers, Alderman Kerr. Rev. W. H. McLeod, Rev. F. W. Kerr, and Mr. George Tite. The meeting will be held in the police court room.

For rent after July 31st, basement in Helgerson Block now occupied by William Grant. Apply O. M. Helgerson, Ltd.

WM. WHITE, ONTARIO MAN MURDERED AT CLINTON

He Was Found Dead Near the Roadside Yesterday, His Head Having Been Crushed With a Blow from Some Heavy Blunt Instrument

(Canadian Press Despatch)

Clinton, B. C., July 10.—Great excitement is being felt at Clinton owing to the discovery of the murdered body of a man named William White, which was found yesterday near the main road, about four miles south of Silver, He had evidently been murdered with a blunt instrument, the top of his head having been crushed in by a blow.

Verdict of Murder

The coroner's jury today returned a verdict of murder against some person or perosns unknown. White was a stranger here, but is said to have come from Ontario. He worked for a short time here with a government bridge gang. The police are following up the case.

Have a Happy Time

Tomorrow the kiddies of the Presbyterian Church hold their picnic. They are going at one o'clock in launches to Metlakatla.

MR. E. LOVE MARRIED

Wedding Took Place on Saturday Evening

A quiet, but pretty wedding took place on Saturday evening at the residence of Mrs. Barber, Third avenue, when Mary Alice Bolen was married to Ernest A. Love, manager of the Municipal Telephone and Electric Light systems.

Rev. F. W. Kerr performed the ceremony. The young couple will live in a house at the corner of Eighth avenue and Young street.

Modified the Charge

The case of supposed theft of money which came up the other day in the police court over a dispute in a down town hotel has been modified into a drunk and disorderly charge. The culprit was fined ten dollars for being violent.

CAMORRA JURY THREATEN TO GO OUT ON STRIKE

Troubles Multiply in the Famous Italian Trial—Jurymen Want the Special Indemnity Voted by the Chamber of Deputies to Begin Again

(Canadian Press Despatch)

Viterbo, July 10.—The jury before which the alleged Camorrists are being tried for murder of Gennaro Couccollo and Signora Cuoccollo, threatened to go on strike today and it was noon before its members could be induced to take their seats and permit the trial to proceed.

A bill now before the chamber of deputies provides a special indemnity for the jurors serving in this case, but the extra allowanec is made payable only from now on. The trial began March 11 and the jurors demand that the extra pay date from the opening proceedings. To enforce their wishes they began obstructive tactics by absenting themselves for several hours this morning and threatening to remain away altogether unless their wishes were granted.

At the Fountain

Ice Cream Cones 5c, Ice Cream Sodas 10c, Sundaes 15c and 20c, Ice Cream 25c pint, 50c quart.—C. H. Orme, Pioneer Druggist, Phone 82.

NEBRASKA FARMERS SWARM INTO CANADA

Authentic Figures Show That 25,000 People Have Crossed the Border During Past Ten Years—Cash and Effects Worth Twenty Millions

(Canadian Press Despatch)

Omaha, Neb., July 10.—Something of the magnitude of the movement of the farmers from the trans-Missouri country into Western Canada may be gathered from the figures, just made public in this city, which show that in ten years 25,000 people went from Nebraska and Western Iowa into Western Canada, and that they carried with them cash and property valued at $21,263,000. These figures are absolutely authentic, as far as they go, being taken from the books of the Canadian government land agent in Omaha. The real number of emigrants is far larger than these figures indicate, as only those settlers are listed who applied to this agent for certificates. Many thousands undoubtedly went from this section to Canada without applying at Omaha for certificates. Of these, the Canadian government has no records.

This is the first set of figures concerning this movement that has been made public. There have been many "guesses," but for the first time these figures are given to the public.

"The newspaper, with the law, should assume the accused innocent until proven guilty; should be the friend, not the enemy of the general public; the defender, not the invader of private life and the assailant of personal character. It should be, as it were, a keeper of the public conscience."—Henry Watterson.

DAILY EDITION. MONDAY, JULY 10

THE QUESTION OF HIGH FREIGHT RATES

For several months, the Winnipeg Free Press has been agitating the question of the excessive freight and express charges levied upon the people of Western Canada. The series of articles are being bound in pamphlet form, to still further carry out the campaign against the burden of heavy railway rates.

Some very pertinent series of facts are quoted to show that the west is being discriminated against by the railways. For a hundred mile stretch in the east the rate per hundred pounds charged was 30 cents; in the west 40 cents. For the 495 mile stretch in the east from Montreal to Bothwell the rate was 58 cents; for a similar distance in the west from Winnipeg to Waldeck, the rate is $1.14, an increase of nearly 100 per cent. In some cases the discrimination exceeds 100 per cent, as in the case of Winnipeg to Sidewood for which $1.26 per hundred pounds is charged as against 58 cents for the journey from Montreal to Windsor, the distance in both cases being the same.

It is shown how the C. P. R. on its Soo line carries coal under the Stars and Stripes for $1.50 per ton for a 396 mile haul, but requires $3.05 per ton for hauling coal in Western Canada under the Union Jack on a 395 mile haul. The Canadian Northern on a 499 mile haul extorts $3.70 per ton.

Express charges are also dealt with, the express companies being subsidiary companies to the railway companies. It is made clear that to quote the words of Judge Mabee, chairman of the Railway Commission, that, "The original principle upon which the express company tariffs are based was 'What are the heaviest tariffs we can obtain from the public for the least service we can give them?'" Figures given by Judge Mabee show that the Dominion Express Company which is a side line of the C. P. R. has a total of $24,500 paid upon its $2,000,000 capital, and has paid the C. P. R. in the eight years covered by the inquiry of the Commission no less than $13,409,240 in profits. The Canadian Express Company with a total of $27,520 paid on its $500,000 capitalization has paid the Grand Trunk an average of $923,909 per annum. The Canadian Northern Express Company, owned by Messrs. Mackenzie and Mann and their associates with the magnificent sum of $5,000 in real money paid up on its capitalization of $1,000,000 (of which $300,000 has been issued by the aforesaid philanthropists to themselves in the form of paid up stock) has paid the Canadian Northern $353,126 in the six years of its existence.

Some such inquiry as that conducted by the Winnipeg Free Press is needed in Northern British Columbia, where the burden of excessive freight rates is very heavy. Why should a shipment of household goods by water from Vancouver to Prince Rupert cost 76 per cent of what it costs to ship them from Toronto to Vancouver even at the excessive rail rates charged on the western journey? Why should a Prince Rupert tradesman bringing a shipment of crockery from the potteries at Newcastle have to pay twenty dollars for the five hundred miles from Vancouver to Prince Rupert, when it costs seventeen and a half dollars to bring the same goods from Newcastle, England, to Vancouver, travelling round Cape Horn.

A dictionary weighing twelve pounds, shipped from Toronto to the Daily News office had a charge of over three dollars to meet for expressage. Even upon goods purchased in the city a heavy percentage has to be added by the storekeeper for the freight charges he has had to pay.

It is time the public wakened up to the fact that it is not the manufacturer, nor the wholesaler, nor the retailer, but the ultimate consumer upon whom the heavy burden of excessive freight rates falls. Through the medium of the means of distribution, the railway companies and express companies impose and collect taxes from every person in the country. Where their charges are fair, the tax is a just one. Where their charges are in excess of an equitable return for the amount of money actually invested, and the cost of the service, the tax is an unjust one, and should be rigorously contested.

INDIAN CHIEF GETS HIS WISH

Paul Legaie of Port Simpson Wanted Five Hours in Which to Get to Heaven.

H. W. Brodie, general passenger agent of the C. P. R. at Vancouver, has recently enjoyed a pleasure and business trip to Skagway and the Yukon. At Port Simpson he was impressed by the sight of a lonely monument of stone that marked the graves of five chiefs of the Tsimpsian Indians. Closer inspection revealed the following inscription, quaint and informal, yet ending with a tag that has done duty for Christian burial grounds for centuries. The inscription follows:

"In memory of 1st Legaie, the Head Chief. Died long ago, before the white people came. Also three other Head Chiefs named Legaie. Also Paul Legaie, the Head Chief of the Tsimpsian Nation, who died a Christian at Port Simpson, B. C. January 7, 1891. Aged 45 years.

"Paul Legaie said the day he died to this people: 'I would like to die in a lonely place so no one would see me, and I hope my people will not find me for five hours, so I think I can get to heaven by that time, and if they find my body after that they can do as they will.'

"His body was found eight hours after. God gave him more than he hoped for."

KNIGHTING OF SIR MAX

Ottawa Journal Takes Issue With Powers Responsible for It.

Ottawa, July 8.—The Ottawa Journal, Independent, takes issue editorially with the powers responsible for the knighting of Sir Max Aitken. The Journal concludes that either the Asquith government or the Laurier governemnt was responsible for this recognition of a Conservative who has done nothing but get rich quick by not particularly creditable methods.

SHERLOCK HOLMES

The Greatest Fiction Character of the Century Come to Life Again

A Great Chance

—FOR—

Daily .. News .. Readers

Sir Arthur Conan Doyle will write two new adventures of the famous detective for the Daily News.

The Daily News has joined a syndicate of leading newspapers of United States and Canada to induce Sir Arthur Conan Doyle the author of the famous Sherlock Holmes stories—the greatest detective stories ever written—to give to the world two more of his entrancing tales of the great detective's skill.

All arrangements are now completed, the stories are delivered, and at an early date to be mutually agreed upon, the stories will be printed. They are called:

The Adventure of the Devil's Foot

—AND—

The Adventure of the Red Circle

We have read these stories in the proof, and they are up to the high standard of skill that the earlier stories set. We can say no more.

The Daily News has secured the sole right of publication for the whole of Northern B. C. These stories can only be obtained in the DAILY NEWS.

They will appear in both the daily and weekly edition. They will start in a few days time.

NEW COINAGE FOR CANADA

The Humble One Cent Piece Will Bear King George's Effigy Now.

Ottawa, July 8.—King George's effigy will appear on a Canadian coin this week. The honor of first appearance goes to the humble cent, which is the only coin for which the dies have yet been received by the Mint. The demand for currency is increasing and the Government must meet it. There is reluctance to keep on making King Edward coins with King George on the throne. The die-makers are therefore being urged to produde in steel as soon as possible the designs of the silver tokens. The designs for the new gold coins have not yet been agreed upon.

NO BABIES

Suppose there were no children,
No babies in the land,
No toddling, pattering footsteps,
No little clinging hand.

No sweet eyes looking upwards
Like flower petals unfurled,
No prattling, lisping voices,
No laughter in the world.

Suppose there were no babies
Drifting downward from the skies,
No toiling and no tending,
No maternal lullabies.

No hopes built on the cradles
Wherein baby forms lie curled,
Methinks 'twould be a desolate
And God-forsaken world.

Katherine A. Clarke

THEY WERE ALL PILS

Amusing Scene in a Fashionable New York Church

One of the fashionable East Side churches recently witnessed a funny incident at a choir rehearsal. They were preparing for the following Sunday morning a beautiful selection, the first words of which were "I am a Pilgrim." It so happened that the music divided the word "Pilgrim," and made a pause after the syllable. The effect was most amusing. The soprano sang in a high key. "I am a Pil—" and stopped. The tenor acknowledged that he was a "Pil—" and when the bass came thundering in with a like declaration, "I am a Pil—" it was too much for the gravity of the singers, and they roared. No amount of practice could get them past the fatal pause without an outburst, and the piece had to be given up.—Musical World.

Won Suits

The following gentlemen won suits in Sloan & Company's Suit Clubs on Saturday:

No. 9—J. M. Minnis.
No. 10—R. B. Reed.
No. 11—E. D. Mader.
No. 12—G. C. Day.
No. 13—W. D. Vance.
No. 14—R. G. Walker.
No. 15—R. M. McIntosh.

Other clubs are now forming.

A CONTRAST IN THE LEADERS

Saturday Review Says Borden Speaks as a Party Man, Laurier Like a Statesman.

(Canadian Press Despatch)

London, July 8.—The Saturday Review, referring to the Dominions withdrawal from the commercial treaties, says Laurier has minimized the importance of what he asked, but it is a very serious step, almost unnoticed in comparison to its importance.

While Laurier is doing what he can here for his party and policy, R. L. Borden is working on the other side. He is frankly out on a political campaign. But his speech at Winnipeg on Monday was not in the least more partisan than Laurier's at the Constitutional Club last Saturday.

Mr. Borden spoke as a party man—Laurier is posing as a statesman.

INSERT YOUR LAND PURCHASE NOTICES IN THE NEWS

LAND PURCHASE NOTICE

Skeena Land District—District of Coast Range.
Take notice that Alexander McIntosh of Vancouver, B C., occupation real estate broker intends to apply for permission to purchase the following described lands:
Commencing at a post planted 40 chains south from the southwest corner of Lot 995, thence 80 chains south, thence 40 chains west, thence 80 chains north, thence 40 chains east to point of commencement containing 320 acres more or less.
Dated April 17, 1911. ALEXANDER McINTOSH

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

COLOR COMBINATION COSTUME

A costume where there is no limit to the color combinations possible is illustrated today, and is one of the season's prettiest and smartest models. Black and white striped silk, with tunic of lovely old blue cachemire de soie, trimmed with insertions of fancy braid in a lighter tint, which are outlined with curved bands of the cachemire de soie.

DELIGHTFUL DATE CAKES

These Nice Novelties Make a Pleasant Supper Surprise

Three cupfuls oatmeal, two cupfuls flour, one cupful lard and butter (mixed), one cupful sugar, half cupful buttermilk, half teaspoonful salt, one teaspoonful soda dissolved in a little milk. Stew a pound of dates with a tablespoonful of sugar and a little water. Cut out the cookies with a large sealer ring. Put a small spoonful of dates in the centre and double up. Then press around the edge. They are very nice without the dates made as ordinary cookies. I have seen them made in a large pan; the first layers spread over the bottom of the pan, then the dates, and then the other row of pastry. When it is cooked it is spread out on the table and not cut until needed.

FOULARDS IN FASHION

Most Desirable Materials of the Season

It is well that foulards come in such a great variety of designs, colorings and prices, for they are among the most desirable fabrics of the season. Certainly they have taken the lead among the silks which should be comforting for the woman of average means, since some very excellent foulards can be bought for seventy-five cents a yard. The black and white effects, made up with chiffsuhe colors delicately embroidered on both edges and tapering at the edges express the last word in French elegance.

Successfully handled the bordure foulards make up very smartly and the knowing makers do not hesitate to cut the border off and apply it to wherever it can be used to better purpose in that way. A chic dark blue and white foulard has its deep brocade border utilized only on the bottom of the tunic, while the bodice trimming is of white embroidery. The vivid colorings which this season is displaying are undoubtedly better in one tone or changeable colorings and in veiled effects than in the figured silks.

KITCHEN HINTS

Every One a Tried and Tested Helper

In making cookies if the dough is thoroughly chilled it will not only be lighter, but will not stick to the board when rolling. Some housekeepers also chill their doughnuts before frying.

To remove grease from a kitchen table scrub well with hot water to which half a teaspoonful of whiting has been added; wipe and then dry thoroughly with a clean cloth. This will make the table look equal to new.

Mutton dripping will not set hard and suety, as it usually does, if directly the fat is poured from the baking tin the vessel containing it is put at the back of the stove and allowed to stay there until the stove itself cools.

For Dull Needles

Keep a piece of sandpaper in the machine drawer for rough or blunted needles; a file, too, will quickly smooth a dull machine needle, and scissors may be sharpened on a large needle or the stem of a glass (or piece of glass) by opening and shutting quickly, as if you were trying to cut the glass.

ANGRY WITH THE C. N. R.

Prince Albert, July 8.—The cutting out of the Saskatchewan Express to this town has incensed the citizens and merchants are discussing the advisability of having freight sent by the G. T. P. to Saskatoon. The city also has passed a resolution to ask the G. T. P. officials to confer with them and arrange to rush the G. T. P. line to Prince Albert to completion.

ITEMS OF .. SPORT

Edmonton does not feel very joyous over the decision of the league meeting held in Brandon on Sunday night whereby the two games in which they were concerned were decided very much against them.

✿ ✿ ✿

Gordon Springs, who the other day received an offer of five thousand dollars to play home for the Toronto lacrosse team, declined the offer. He will stick with New Westminster.

✿ ✿ ✿

George Longanecker has signed up and will handle the indicator for the Western Canada League. Loganecker was with the same circuit last year from start to finish and gave satisfaction.

✿ ✿ ✿

Ernie Murray, the dashing home fielder who was with the Vancouver lacrosse team part of last season, and then went on strike along with the rest of the home brews, has signed a contract to play with the Westminsters for the rest of the season.

✿ ✿ ✿

Asserting that the umpires failed to apply the infield fly rule in the third inning of Monday's game with Cincinnati, Manager Clarke of the Pittsburg ball team, has filed a protest with President Thomas J. Lynch of the National League and asks that the game be thrown out.

✿ ✿ ✿

Judge W. O. Chapman of the Superior Court at Tacoma, faces the unusual judicial task of determining the monetary damage that would be suffered by the Tacoma Baseball Club it its grounds were so reduced in size that a batter could not smash out a home run without knocking the ball over the fence. This unique point was brough up at the hearing of a suit by the city to condemn a strip sixty-six feet wide on the south side of the club's field.

✿ ✿ ✿

Johnny Powers was a star in his palmy days when he played for the Capitals and then for the famous Brantford's, when the latter town had a team in the professional end of the Canadian lacrosse association. When he wanted to retire from the game and the Capital lacrosse team of Ottawa, was not working properly, he was brought out of retirement and it was his work which won for the Senators the trip to England which President Emmanuel Tasse had promised the team if they won the championship. Powers has been one of the most punished men in the game, but his carefully developed physique, brought about by boxing, wrestling, gymnasium work, and the scientific methods of developing the body, has made mih immune to lasting injury, although he bears many scars to give testimony that he has been in the brunt of the fight.

✿ ✿ ✿

Manager Dooin, of Philadlephia, is still trying to make some kind of trade with Boston or Brooklyn. He is anxious to get Graham, Boston catcher, to help him during the long summer stretch, but Graham is about the only thing Boston has on its team, and it is not likely that the deal will be made unless Dooin were to give some live wires, which he will not. He also wants either Burch or Davidson of the Brooklyns to fill in the gap left by the accident which put Titus out of the game, probably for the rest of the season Dooin is willing to give a raft of ex-Cincinnati pitchers and a handful of youngsters for a classy outfielder.

✿ ✿ ✿

Ever hear of a baseball team with a .300 batter covering every position in the field, including the pitcher's box? The Philadelphia Athletics, champions of the world are such an organization and bid fair to make some baseball history that will stand for years to come. According to the latest averages here is how they line up: Pitcher, Plank .300; catcher, Livingston, .310; first baseman, McInnis, .442;; second baseman, Collins, .397; shortstop, Barry, .301; third baseman, Baker, .332; left fielder, Lord, .354; centre fielder, Strunk, .300, and right fielder, Murphy, .354. When you consider that this team can also field and run bases, it certainly looks like a dream, and explains why the champions have only lost something like four games in the last thirty played.

PROSPECTS LOOKING GOOD ON QUEEN CHARLOTTES

Gold Commissioner Sandilands Says Mining, Boring for Oil and Coal Development is Going On

E. M. Sandilands, gold commissioner for the Queen Charlotte Islands, is in the city and tells of considerable general development going on in various parts of the islands. Activity is greatest in coal mining, though so far only development work has been attempted. Boring for oil is going on also, but the valuable stuff has not been struck yet. Near Skidegate there is coal development work in hands, and at Cumshewa a small gang of miners is employed.

James D. Sword who put through the big deal in valuable iron ore property in the Islands lately, is over at Skidegate now in his yacht. The prospects of these iron mines being soon developed are bright. Mr. Sandilands is aware that soild men are behind the deal and that they mean business. The advantages to the Islands of having the iron mining industry developed shortly is appreciated, and the proceedings of the Seattle men concerned are watched with interest.

ANOTHER REVOLUTION IS REPORTED FROM MEXICO

General Jose Espinosa Torres at Head of Revolutionary Army Forces Town of St. Christobel to Surrender—May be Signal for More Bloodshed

(Canadian Press Despatch)

Monterey, Mexico, July 10.—A revolutionary army headed by Jose Espinosa Torres has captured the town of St. Christobel, and enforced the resignation of the Provisional Governor, Reinaldo Gordillo, according to a report made here today. The fact that the Southeast of Mexico was loyal to the Diaz government throughout the revolution adds to the seriousness of the situation.

Fears are expressed that the revolution will be the signal for a recurrence of bloodshed in various parts of the republic.

LATE JOHN YORKE BURIED

Funeral Service in Anglican Church Attended by Deceased's Comrades.

In the Anglican Church at two o'clock yesterday afternoon were held the funeral services over the late John Yorke, the Longshoreman who died as a result of injuries caused during his work. A large number of deceased's fellow-workers attended the funeral out of respect for their late comrade who was an old-timer on these coasts and oppular. Rev. Mr. James conducted the service. The coffin was afterwards taken to Garden Island for interment, many of the longshoremen accompanying the launch. Messrs. Hayner Bros. had the funeral arrangements in charge.

MAIDEN VOYAGE OF SNIFF YACHT

Civic Sanitation Scow Braved the Perils of the Deep for First Time in Her Official Capacity Saturday.

Saturday afternoon saw the civic sniff yacht make her maiden voyage. Great enthusiasm greeted her departure from the place where she has been tied up for the past week. But for fully an hour the anxious denizens of this little district of the waterfront were apprehensive that the sniff yacht would not get away at all. Her lines are less graceful than those of a Cup challenger, and there was a bit of a breeze blowing.

Puffing and gasping with all the might of her gasoline engines the little launch commissioned to tow the sniff yacht out to sea pulled frantically without getting a budge out of the lumbering sniff yacht. Shouts of encouragement rang from the neighboring wharves. The voices one and all had a peculiar nasal twang due to the pressure on the shouters' noses of their fingers and thumbs.

"Couldn't you hitch her to the smell?" yelled one humorist, "that should be strong enough."

"Perhaps that's what's holding her to the bank," answered another.

Under the taunts the sniff yacht at length rose to the occasion, and left the wharf. Solemnly with a tipsy list to starboard, she lurched off behind the little tug-boat. Out in the harbor the breeze got her with more effect, and again and again she paused in her progress, while the anxious watchers dreaded lest she might drift back and go ashore aromatically still nearer to their boat slips. When at length the fragrant ocean grey-hound vanished into the dim sitantce some were hard hearted enough to hope that they had seen the last of her. Others having heard the rumor that the next trip of the civic sniff yacht will be a joy-ride to Metlakatla with the City Fathers under command of the Medical Health Officer and Sanitary Inspector anxiously await her return.

Refund Road Tax

At the city council meeting tonight Alderman Kirkpatrick will move that authority be given the city assessor to refund the road taxes of those property holders who were not on the assessment roll at the time the amount of this tax was deducted. The receipt given for the road tax at the time it was paid to be accepted at the city hall as cash.

Sealed Tenders addressed to the undersigned, and endorsed "Tender for Public Building, Chilliwack, B.C.," will be received at this office until 4.00 p.m. on Monday, July 24th, 1911, for the construction of a Public Building, Chilliwack, B.C.

Plans, specification and form of contract can be seen and forms of tender obtained at the office of Mr. Wm. Henderson, Resident Architect, Victoria B.C., at the Post Office, Chilliwack, B.C., and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

R. C. DESROCHERS.

Secretary

Department of Public Works,

Ottawa, June 29, 1911

Newspapers will not be paid for this advertisement if they insert it without authority from the Department. 152-154

Coal for Light Plant

Two hundred and twenty-five tons of coal are required for the municipal light plant. Coal is one of the heaviest items in the expenditure on this civic enterprise, which is not as profitable as the telephone system. At tonight's council meeting Alderman Smith will move that the coal requisition be passed.

Pantorium Pioneer Cleaners, 'Phone 4

CONFERENCE FOR INDIAN WORKERS

Will be Held at Port Simpson Some Time in August by Methodist Church.

Toronto, July 8.—Following the recent loan of $5,000 free of interest granted by the Methodist General Board of Missions to the church at Prince Rupert, Rev. T. Egerton Shore, general secretary of missions, was authorized to arrange a conference of the Indian workers in British Columbia, some time in August, probably at Port Simpson, with a view to developing and reconstructing the missionary policy affecting the Indians.

PRINCESS MARY COMING

New C. P. C. Boat will be Here Thursday—Takes Place of Princess Royal.

The new C. P. R. boat, the Princess Mary, will arrive on Prince Rupert on Thursday afternoon at one o'clock, on her first northern run. She is taking the place of the Princess Royal. The Princess Mary only reached the coast in March of this year, after a trip from England. Her experiences crossing the Atlantic, and round the south coast of South America proved her splendid sea worthy abilities.

She is 210 feet long—about the same as the Princess May, but with larger beam—has twin screws and high pressure boilers. Her fittings are most luxurious. She has sixty staterooms and capacity for five hundred passengers. Her speed on the run is fifteen knots, At present she is being fired with coal. Later on she will probably have her furnaces converted for burning oli.

Rev. W. H. McLeod left this morning for Vancouver to attend a convention of Baptist Church pastors. He will be back in about ten days' time.
