REPORT OF THE LIQUOR CONTROL BOARD.

INTRODUCTION.

Amendments to the "Government Liquor Act" passed at the 1922 session of the Legislature provided, *inter alia*, for the Annual Report of the Board to be for the twelve months ending on the 31st day of March of the year in which the report is made, and this report, therefore, covers the period of the fiscal year from April 1st, 1922, to March 31st, 1923.

In making statistical comparisons between the results shown in this report and those in the First Annual Report, it must be borne in mind that the First Annual Report covered a development period of nine and one-half months only, during which time the establishment of Government Liquor Stores in various districts was only accomplished as the organization of the business proceeded, and due allowance must therefore be made in comparing the results with those of the fiscal year 1922–23.

As previously, this report has been arranged to conform with the headings under which the provisions of the "Government Liquor Act" are classified. The Appendices covering the accounts of the Board, certified to by the Comptroller-General as required by section 106, and the statistical data required by section 101 have been grouped as follows:—

Appendix A.—Accounts.

"GOVERNMENT LIQUOR ACT AMENDMENT ACT, 1922."

Reference will be made throughout this report, as the context may require, to the amending Act passed at the 1922 session of the Legislature.

The following synopsis of this Act, which came into operation on January 1st, 1923, briefly describes the changes effected:—

SECTIONS AMENDED OR ADDED.

11, 16. Reducing fee for permits and abolishing non-resident and single-purchase permits.

45A. Re-enacting section 45A, requiring liquor advertisements to conform to regulation of the Board.

(*s.*) To regulate export liquor warehouses, and prescribe the books and records to be kept therein, and to provide for inspection of warehouses, books, records, and liquor kept therein.

GOVERNMENT LIQUOR STORES.

ESTABLISHMENT OF GOVERNMENT LIQUOR WAREHOUSES.

Additional warehouse space in Vancouver for the handling of beer formerly shipped from outside breweries to agents in Vancouver was secured under a monthly tenancy in the basement warehouse premises situate at 840 Cambie Street at a rental of $125 per month.

Negotiations with the owners of the Pither & Leiser Warehouse, Victoria, for a renewal of the lease on these premises were entered upon, and a further lease secured for three years at the reduced rental of $9,000 per annum, to become operative on expiry of the present lease in June, 1923.

ESTABLISHMENT OF GOVERNMENT LIQUOR STORES.

To the fifty-one Government Liquor Stores enumerated in the last report there have been added a further fourteen stores in the following localities:—

Electoral District.	Government Liquor Store.
Alberni	Parksville.
Columbia	Invermere.
Comox	Powell River.
	Campbell River.

Electoral District.	Government Liquor Store.
Cranbrook	Yahk.
Delta	Langley Prairie.
	South Westminster.
Fort George	McBride.
Islands	Sidney.
Kaslo	Kaslo.
Prince Rupert	Ocean Falls.
	Terrace.
Kamloops	Salmon Arm.
Similkameen	Coalmont.

The Board deemed it unnecessary to continue in operation the store at Telegraph Creek and this store was closed.

The store at Powell River was confined to the sale of beer and light wines, whilst the South Westminster Store supplies beer only.

Applications for the establishment of stores, supported or otherwise by petitions and counter-petitions, continued to reach the Board, and a careful investigation by the Board's officials was instituted before localities were determined upon. Wide latitude for expression of opinion as to the desirability of establishing a vending-point was afforded those immediately concerned, and where local conditions neither required nor warranted a store, petitions advocating the opening of such were refused.

In the stores conducted by three or more employees arrangements were made for keeping such stores open throughout the week, it being felt that service to this extent was necessary to offset the activities of the "bootlegger." Provision, however, was made to enable each employee to have the usual half-holiday on one day in every week.

The opening and closing hours of sale for the stores in the Cities of Victoria, Vancouver, North Vancouver, New Westminster, and Nanaimo were advanced one hour, business being conducted during the eight hours allowed by the Act, from 10 a.m. to 6 p.m. on week-days and 12 noon to 8 p.m. on Saturdays.

It was found necessary to enlarge the premises of two of the Vancouver stores situate at 602 Robson Street and 219 Hastings Street East, and in both instances suitable arrangements were made to lease the property immediately adjoining on favourable terms.

MANAGEMENT OF STORES.

During the summer months Vendors and all employees who had been in the service of the Board for one year were granted one week's holiday, arrangements being made by the appointment of Relief Vendors, assisted by the Supervisor of Stores, to allow the Vendors operating stores without assistance to participate in the same. At the other stores the senior assistant was temporarily gazetted to act in the Vendor's absence.

Stocks were carefully checked under instructions from the Chief Accountant, and the necessary changes for relieving the entire staff of Vendors were carried through without any disruption of business.

To facilitate the handling of the Christmas and New Year trade extra assistance in the stores was provided, and the Board is pleased to report that during the rush business, as well as throughout the whole period under review, the standard of service and efficiency has been well maintained and complaints in this respect have been entirely negligible.

Few changes have been necessary in the staff of Vendors, and with the co-operation of the Supervisor of Stores and the Travelling Auditors, the business at the various stores has run smoothly and effectively in conjunction with the head offices of the Board.

In order that the policies of the Board might be better understood and a closer co-ordination of management arrived at, conferences have been arranged at frequent intervals between the Board and Vendors in charge of the stores in Vancouver and Victoria, supplemented by personal visits of members of the Board to many of the stores in other districts.

SALE OF LIQUOR TO THE PUBLIC.

With the development-work of the Board accomplished and the business in operation for a period of over twelve months, the Board recommended a general revision of prices, which recommendation was adopted by Order in Council, and the new schedule, which became effective

September 1st, 1922, provided for a considerable reduction in the prices of many varieties of wines and spirits.

Additional price-lists providing for the sale of ale and stout, Palestine wines for the Jewish community, and minor alterations in existing price-lists were effected by Order in Council. (*See* Appendix C.—Price-lists.)

PERMITS.

INDIVIDUAL PERMITS.

The amending Act abolished the non-resident individual permit and the single-purchase permit, and reduced the fee for the individual permit from $5 to $2 per annum, the fee for the individual malt liquor permit being also reduced from $2 to $1.

To conform to these amendments Regulation No. 1 of the Board was revised and necessary changes in the permit forms effected. The new form combined the application with the permit, and thereby greatly reduced the clerical work in the Government Liquor Stores.

Regulation No. 4 of the Board, limiting the quantity of liquor purchasable on the non-resident permit, was rescinded by Order in Council.

The issuing of permits by Government Agents, which for convenience, at the commencement of the Board's business, had been adopted, was discontinued, this work being now entirely confined to the Government Liquor Stores.

A detailed statement showing the sales of each variety of permit is furnished in Appendix D.

SPECIAL PERMITS.

The Board further amended Regulation No. 1 by reducing the price to $2 (to conform with the individual permit) of the permits obtainable by physicians, dentists, veterinaries, persons engaged in manufacturing or in scientific pursuits, and persons in charge of hospitals.

Applications for special permits for banquets, picnics, civic and other special gatherings in public places were carefully dealt with, the Board making the approval of the local Chief of Police in the larger centres of population a conditional feature toward granting the permit.

No complaints from any source have been received in connection with the issuance of these permits, and the discretionary powers conferred on the Board in this respect have proved a valuable adjunct in providing some elasticity in what might otherwise have been a too rigorous restriction on the consumption of liquor at gatherings of a public nature.

PERMITS CANCELLED.

At the request of responsible persons, and after due investigation had been made, permits have been cancelled in a few instances by the Board, whilst the cancellation of permits by Magistrates on conviction of an offence against the "Government Liquor Act" numbered forty-eight.

PROHIBITIONS.

Appendix B shows in detail all prosecutions reported by the police for infractions of the "Government Liquor Act."

LAW ENFORCEMENT.

The difficulties attendant upon establishing an effective system for law enforcement are too well known to warrant reiteration.

The "bootlegger"—now a recognized "international pest" on the American Continent—has proved his ability to provide increasing embarrassment to all classes of officials directly or indirectly concerned with the administration of liquor laws. Whether it occurs in a "wet" or "dry" territory, the illicit sale of liquor is a continuous source of trouble.

The financial ability of liquor-sellers generally to carry their cases to the higher Courts can be explained on the sole ground of their profits from this illegal traffic. Distasteful as it may be to the public and administrative officers themselves, the employment of secret-service operatives would appear essential to secure any real measure of success in curbing secret and illicit sales.

By instruction of the Attorney-General the Inspector's Department has been placed under the immediate direction of a Supervisor of Law Enforcement, and the large sum expended on the operations of this Department is an indication of the activities necessary to cope with a situation which in the final analysis is largely determined by the measure of support which the Act receives from law-abiding citizens.

The Board has no apologies to make for such abuses of the "Government Liquor Act" as may from time to time occur, a parallel to all of which may be found in the history of the liquor problem in its legislative aspects throughout the entire world.

Attention is drawn to the following important decisions which have been rendered in connection with cases which have come before the Appeal Courts:—

Rex *v.* Ferguson.
Rex *v.* Caskie and Sparks.
Rex *v.* Rock

Rex v. *Ferguson.*—(Court of Appeal.) The Court of Appeal disallowed the appeal of Ferguson against a conviction for keeping liquor for sale contrary to section 26, in which the constitutionality of the Act was attacked.

Rex v. *Caskie and Sparks.*—(Court of Appeal.) Appeal allowed June 28th, 1922. The accused were convicted of selling liquor in violation of section 26 of the Act and sentenced to six months' imprisonment as provided in section 62. The liquor in question was beer, and on appeal the Court of Appeal unanimously held, quashing the conviction, that the provisions of section 62 were not applicable and that the accused should have been convicted under the provisions of section 46 and punished under the provisions of section 63, a fine for first offence.*

Rex v. *Rock.*—(Appeal to County Court. Cayley, J., February 3rd, 1923. Appeal allowed.) The Court held, on the evidence in this case, that no violation of the Act had taken place, the facts presented being that the accused had waited upon a member of the club and handed such member a bottle of beer in exchange for a token, and no evidence being adduced touching the ownership of the bottle of beer in question, the Court held: "If it is the member's own beer, then the accused was simply waiting on him, not distributing. If it were beer bought by the club itself, under camouflage of members' names, then it was 'distributing'"; and in such case the accused would have been properly convicted of selling beer.

GIFT OF LIQUOR.

By the amending Act sections 26A and 26B were added, prohibiting the gift of liquor to any person by any brewer, distiller, manufacturer, or warehouse-licence holder, or by any employee or agent of the aforesaid persons.

SALE OF BEER.

By an amendment to section 46 a special penalty was imposed for selling beer, providing for imprisonment with hard labour for not less than one month nor more than three months for the first offence without the option of a fine.

Identification of beer (section 46A) was established by making compulsory the labelling of malt liquor with a distinctive label showing the nature of the contents, name of brewery, and place where brewed; barrels and other receptacles containing malt liquor being required to be marked "beer," "ale," etc., on the outside.

APPLICATION OF ACT.

PHARMACEUTICAL AND OTHER PREPARATIONS.

The consent of the Board required in the case of manufacturers in bond making application for licences from the Government of Canada to purchase liquor in bond was granted to the following firms:—

1922—

Burns Drug Company, Limited ..... Vancouver.
Chilvers-Johnston, Limited ..... "

* Since this decision the Act has been amended (section 7, chapter 45, Statutes of British Columbia, 1922), and attention is called to the following decisions of the Court of Appeal:—

Rex v. *Goslett.*—(Court of Appeal.) May 3rd, 1923. The accused, an hotelkeeper, was convicted of a violation of the provisions of section 43—namely, keeping liquor in an hotel in other than a private guest-room. The liquor in question was beer and the Court of Appeal held: " . . . there is no necessity to cut down the ordinary meaning of the definition of *liquor* in section 2. In other words, that definition as the Act stood before 1922 includes beer in all cases except where there is a conflict between section 26 and section 46, arising out of the difference of penalty applicable under each."

Rex v. *Smith.*—(Court of Appeal.) May 3rd, 1923. The accused was convicted of selling a liquid known as beer contrary to the provisions of section 46 as amended in 1922, and sentenced to imprisonment for one month with hard labour. The Court of Appeal held that accused was properly convicted, and that the Legislature, by the amendment to section 46 above referred to, imposed a new penalty for the unlawful sale of *liquor* as defined by section 2, where the liquor in question is beer.

TAXATION PROVISIONS.

In an effort to deter persons from engaging in the business of importing and exporting liquor, the fee for a warehouse licence was increased from $3,000 to $10,000 per annum by the 1922 amending Act, this amendment automatically increasing the penalty to a like amount for failure to pay the fee prescribed.

The following table indicates the firms who received warehouse licences between April 1st, 1922, and December 31st, 1922, at the old rate, and those who have paid the fee of $10,000 and received warehouse licences for the calendar year 1923:—

On August 25th, 1922, a number of liquor-dealers incorporated under the title of "Consolidated Exporters Corporation," with a nominal capital of $1,000,000; this firm having as its first object the taking over as a going concern the assets, shares, and rights of thirteen other companies to whom warehouse licences had been issued during 1922. (B.C. Gazette, Vol. LXII., No. 35, p. 2752.)

It will be observed from the foregoing table that this corporation has paid $50,000 in warehouse licence fees for the year 1923, covering their establishments at Vancouver, Victoria, Grand Forks, Fernie, and Prince Rupert.

TAXATION OF LIQUOR NOT PURCHASED FROM A GOVERNMENT LIQUOR STORE.

In spite of the favourable decision in the Appeal Court in the case of Little v. Attorney-General, upholding the collection of tax on liquor not purchased from a Government Liquor Store, the collection of accrued taxes continued to present considerable difficulties. In the month of December, 1922, a detailed statement of outstanding accounts was submitted to the Attorney-General's Department, and subsequent action by the Department has resulted in the collection of a considerable portion of the amounts owing.

Revision of the price-lists already referred to necessitated revising the general order of the Board providing for this tax (*see* First Annual Report, Appendix C). Commencing as from February 1st, 1923, the general order of the Board of August 27th, 1921, was rescinded and a revised general order promulgated, providing for a schedule covering the tax, plus 10 per cent., on liquor and malt liquor, which in the opinion of the Board would be equal to the amount of profit which would have accrued to the Government if the liquor so taxed had been purchased from a Government Liquor Store. (*See* Appendix C.)

To expedite the collection of this tax the Inspector at Vancouver was empowered to collect the same through the Deputy Inspectors, and to issue official receipts, the original declaration being forwarded to the head office of the Board for further scrutiny and filing.

It is gratifying to report that a large proportion of the outstanding accounts have been received, the collections for the period under review totalling $26,076.48, as against $9,224.80 for the first period, and it would appear from recent reports that private importations are rapidly dwindling, due doubtless to the establishment of a greater number of stores and a more widespread knowledge of the requirements governing the payment of this tax.

INTERDICTION.

During the year 1922–23 ninety-six persons throughout the Province have been ordered "interdicted" by Magistrates and Chief Constables. One interdiction was set aside by the County Court, and six orders of revocation have been issued by interdiction officials after being satisfied that the justice of the case so required.

In all cases Vendors have been notified both of the interdiction orders and the orders of revocation.

PENALTIES AND PROCEDURE.

The amending Act altered section 62 of the Act to include a term of imprisonment for giving or selling liquor to minors or interdicted persons contrary to the provisions of sections 35 and 38 respectively.

The Board in turn issued special instructions to all Vendors to exercise particular care in the issuing of permits to any person who might reasonably be suspected of being under 21 years of age, and prohibited the delivery of liquor at the stores to minors acting in the capacity of messengers for permit-holders.

FORFEITURE OF LIQUOR UNCLAIMED.

Liquor seized under the provisions of section 68 of the Act, for which no claim was filed with the Board within the prescribed limit of thirty days, consisted of: Whisky, 471 bottles and 10 part bottles; gin, 169 bottles and 2 part bottles; rum, 1 bottle; beer and ale, 2,711 bottles; Chinese and Japanese liquor, 21½ bottles; non-descript, 2⅓ gallons.

LIQUOR FORFEITED OR SEIZED.

Section 69 as amended provided for the valuation of all forfeited liquor by the Purchasing Agent and for payment to the Crown by the Board for such liquor as the Purchasing Agent deemed suitable for sale in the Government Liquor Stores. Provision was also made for the destruction of unsuitable liquor under competent supervision as directed by the Attorney-General.

Adequate arrangements have been made with the Purchasing Agent's Department for carrying into effect the conditions laid down in this section of the Act, and, supplemented by reports from the Supervisor of Stores and the Warehouse Managers, the Purchasing Agent forwards to the Board his recommendation as to the disposal or destruction of forfeited liquor wherever situated throughout the Province. All liquor, other than beer, ordered to be destroyed is forwarded to the Government Liquor Warehouses to be held for six months from date of forfeiture as a protection against further claims or Court proceedings, and no liquor, other than beer, is taken into stock or destroyed by Vendors or Warehouse Managers until six months have elapsed from the date of forfeiture, or for such further period as may be necessary pending litigation.

Destruction of this liquor, which frequently includes non-descript samples of illicit manufacture, is provided for from time to time by Order in Council when a sufficient quantity has accumulated in connection with which the six months' interval has elapsed.

Proof of destruction of all forfeited liquor previously authorized by Order in Council is supported by statutory declaration of the person destroying same, such declaration also being signed by the two witnesses in whose presence the liquor was destroyed. These declarations are forwarded to head office for filing.

References to the Orders in Council covering the destruction of forfeited liquor during the period under review are as follows:—

General Order of the Liquor Control Board effective February 1st, 1923, passed in accordance with the provisions of section 55 of the "Government Liquor Act":—

(1.) Every person who keeps or has in his possession or under his control any liquor or malt liquor which has not been purchased from a Vendor at a Government Liquor Store shall pay to the Board, for the use of His Majesty in the right of his Province of British Columbia, a tax on such liquor or malt liquor equal to the amount of profit which would have accrued to the Government in respect of the liquor or malt liquor so taxed if it had been purchased from a Government Liquor Store, increased by the addition to that amount of an amount equal to ten per cent. (10%) thereof; such tax to be in accordance with the schedule attached hereto to be known as Schedule A.

(2.) The tax on liquor and malt liquor payable to the Board, in the opinion of the Board and in accordance with this General Order, shall be based on the aforesaid Schedule A, and in such cases where the liquor or malt liquor on which such tax is payable is not of the same variety or brand as the liquor or malt liquor mentioned in Schedule A, the tax payable shall be equal in amount to any liquor or malt liquor of a like nature at a corresponding invoice price.
