# SUPERANNUATION REPORT, 1928-29.

Report of the business done in pursuance of the "Superannuation Act" during the fiscal year 1928–29.

*Section 5.*—Contributions were made by the employees of the British Columbia Government of $154,346.29, and by Municipal and School Board employees of $179,538.51.

*Section 6.*—On March 31st, 1929, 352 employees of the British Columbia Government, 770 Municipal employees, and 90 School Board employees were contributing more than 4 per cent.

*Section 7.*—Contributions were made by the Government and by the Cities and Municipalities of a like amount to the contributions of their employees respectively.

*Section 9.*—There were forty contributors taking advantage of this section to make voluntary contributions on March 31st, 1929.

*Section 11.*—Interest was credited at the rate of 5 per cent. per annum on September 30th and March 31st on the credit balances of the previous April 1st and October 1st respectively.

*Section 12.*—A statement of all moneys received and paid out under the provisions of this Act and the assets and liabilities appertaining to the granting of superannuation allowances under its provisions is given in Schedule No. 1.

*Section 13.*—(1.) (*a.*) The sum of $40,085.70 was refunded under sections 18, 19, and 39 to employees of the British Columbia Government, and $4,037.04 to employees of the Cities and Municipalities and School Boards, now operating under the provisions of the Act. Like amounts were transferred from the British Columbia Government Employer's Account, the Cities and Municipalities Employers' Accounts, and the School Boards Employers' Accounts to their separate accounts in the Special Reserve Fund.

(3.) The debit balance of the account of the British Columbia Government in the Special Reserve Fund amounted to $149,740.26 on March 31st, 1929. Interest at the rate of 5 per cent. per annum was charged on the debit balance of this account. Total debit balances of certain City, Municipal, and School Board Special Reserve Accounts amounted to $424,445.22.

*Section 14.*—Superannuation allowances were granted to seventy-seven persons, nine British Columbia Government employees, sixty-seven Municipal employees, and one School Board employee.

*Section 18.*—Five Government employees and four Municipal employees died during the year and refunds were made to their legal representatives.

*Section 19.*—One hundred and fifty-two contributors, on leaving the Government Service, secured refunds of the amount standing at their credit, also eighty-seven Municipal and five School Board employees, on leaving the service of their employer, secured a refund of the amount at their credit in the fund.

*Section 20.*—Two contributors who left the Government Service had made voluntary contributions under section 9, and secured a refund of these special contributions.

*Section 32.*—The Act was declared to apply to the following: General Foremen, Public Works Department, Order in Council No. 329–1928.

*Section 39.*—The amount to the credit of one contributor was dealt with pursuant to the provisions of this section.

*Sections 43, 47.*—Certain Cities, Municipalities, and Boards of School Trustees adopted the provisions of Parts III. and IV.

November, 1929.

In presenting the Eighth Annual Report of the business done in pursuance of the "Superannuation Act," I would like to point out the steadily increasing number of City, Municipal, and School Board authorities who are coming under the operation of the Act, and who are participating in the benefits thereof. This fact can be more easily appreciated when it is noted that during this fiscal year (1928–29) the number of contributors has increased from 1,281 to 2,945, and to this number must be added the number of contributors (1,994) in the service of the Government, making a total in all of 4,939 contributors. Of this number, 1,212 are con-

tributing at a higher rate than the minimum of 4 per cent., and some forty employees are contributing voluntarily under section 9.

*Amendment enacted, March, 1929.*—Consequent upon amendment to section 45, Part III., and section 49, Part IV., the basis of calculation of allowances to be granted on account of services rendered by an employee prior to the date of the application of the Act was changed from one seventy-fifth to one-fiftieth, a considerable increase, producing in the case of a long-service employee a superannuation allowance very much more in proportion to the amount of his salary at retirement.

I would again emphasize the fact that it is the desire of the Commission that any contributor anxious to secure information in connection with his or her own particular circumstances, regarding matters affecting superannuation, should seek the advice of the Commission, which will at all times be readily available.

NORMAN BAKER,
*Civil Service Commissioner.*
