Lieutenant-Governor of the Province of British Columbia.

MAY IT PLEASE YOUR HONOUR:

I have the honour to transmit herewith the Annual Report of the Deputy Minister of Municipal Affairs for the year ended December 31st, 1934.

A. W. GRAY,
Minister of Municipal Affairs.

Victoria, August, 1935.

REPORT OF THE DEPUTY MINISTER OF MUNICIPAL AFFAIRS.

VICTORIA, B.C., August, 1935.

Hon. A. Wells Gray,
Minister of Municipal Affairs.

SIR,—I have the honour to submit herewith the report of this Department covering the affairs of the municipalities of the Province for the year ended December 31st, 1934. Generally speaking, there is not much difference in the municipal position as shown by the 1933 report. The total taxable assessment has been reduced on land approximately $8,300,000 and on improvements $6,400,000. This reduction is largely accounted for by further reversions to the municipalities through tax-sale proceedings.

Expenditures increased about $400,000 for the year, and receipts were approximately $200,000 greater than in 1933. Owing to shortage of funds, roads, sidewalks, and other services did not receive the attention that they should have, and it is becoming more evident as time goes on that if the original capital invested in these services is to be protected a considerable sum will have to be spent in the near future for necessary maintenance. I feel that the appreciation of this Department should be extended to the Municipal Councils and officials who have in these trying times carried out their duties in such an efficient and economical manner.

The situation with respect to the ability of property-owners to meet taxation is unchanged, and if at all possible there should be some lightening of the burden at present carried by land. Tax sales, owing to the heavy land taxes, attract very few purchasers—the bulk of the property falling to the municipalities.

Money by-laws passed during the year were nominal, amounting to only $169,408, and borrowing for relief purposes was $185,000 less than the previous year.

The Cities of Prince Rupert, North Vancouver, and Merritt and the District Municipalities of Burnaby and North Vancouver are still being administered by Commissioners. Efforts were made during 1934 by these municipalities to secure the consent of their bondholders to a refunding scheme extending the life of the bonds and reducing the rate of interest. Prince Rupert only was successful so far. They made arrangements with a majority of their bondholders to exchange their present outstanding bonds for new ones due in twenty years and bearing interest at 4 per cent. The City of Port Moody arranged with the majority of their bondholders to exchange their bonds for new ones which extended the maturity date twelve years and provided for a varying reduction in interest. The City of Port Coquitlam also made an arrangement with the majority of their bondholders to accept a reduced rate of interest. These several arrangements were ratified at the 1935 Session of the Legislature.

The 1935 amendments to the "Municipal Act" extended relief granted to delinquent taxpayers, reduced interest on arrears of taxes to 6 per cent., and provided for more latitude in dealing with sinking funds under a closer Government supervision and control.

Following your expressed wishes, it has been the policy of this Department to co-operate with and assist municipalities in every possible way, and it is hoped that they will not hesitate to advise us of any matters wherein we can be helpful.

The statistics in this report were compiled from the audited financial statements and returns submitted by the several municipalities, and I would suggest that if further information is required by any interested party they write direct to the municipality affected or to this Department.

Before closing this report permit me to record the feeling of regret not only of myself, but of all those who came in contact with him, at the passing of my predecessor, the late Mr. Robert Baird, who for twenty-one years so ably and helpfully carried out his duties as Inspector of Municipalities and as your deputy. I feel that the Province and municipalities have lost a very valuable public official and friend, and I sincerely trust that the work commenced by him in this Province will be efficiently carried out by his successors in office.

E. H. BRIDGMAN,
Deputy Minister.

I.—ASSESSMENTS, 1935.

* Sinking funds were all applied in accordance with the provisions of the "City of Greenwood Act, 1921" (Second Session).

† Sinking funds include reserve created by sale of electric light plant.

‡ $1,080,640 applicable to the Greater Vancouver Water District.

Note.—The sinking fund computations cannot be made in exactness. In most cases the requirements are calculated up to the time of the last tax levy, several months before the end of the year. No allowance is made for accrued interest on sinking fund requirements and at the same time only such interest as has actually been received is included in the sinking funds on hand. Interest accrued and not paid is not included on either side.

NOTE.—The figures submitted under the headings of "Receipts" and "Expenditures" are prepared very largely from an analysis of the auditors' reports, and although the classification of expenditures is not uniform in the different municipalities, and it is in many cases extremely difficult to make a distribution of the items, yet the statements have been prepared with a good deal of care and may be taken as substantially correct. Items which are of the nature of cross-entries, deposit accounts, and trust accounts, which would have the effect of inflating the figures, have as far as possible been eliminated.
