INVITING TENDERS FOR NORTH SHORE PAVING

Tenders are being received by the City Clerk, City of North Vancouver, up to 5 o'clock on Monday, July 28th, for constructing 23,200 square yards of 2-inch Asphaltic Concrete Wearing Surface. Official notice of tender appears elsewhere in these columns.

TENDERS WANTED BY PUBLIC WORKS DEPT.

Tenders are being invited by the Honourable the Minister of Public Works, for the erection of a one-room addition to the school at Vanderhof and for the erection of an office for the Mining Recorder at Hope. Notice of tenders appear elsewhere in these columns.

CONTRACT IS AWARDED FOR SHAUGHNESSY HOME

Architect Bernard C. Palmer, 606 Credit Foncier Building has awarded a general contract to Messrs. Wallace & McGougan, 602 Hastings street west for the erection of a home on Shaughnessy for Mr. D. H. Christie, of Bishop & Christie, Granville street, at a total cost of $10,800. Orr Bros. were awarded the heating contract. The electrical work will be let separately.

WILL REMODEL BLOCK FOR FINE DRUG STORE

A Seattle drug firm has just secured a lease on the store and premises on the south side of Hastings street, near Abbott, at present occupied by P. Paris, shoemaker. The lessees are to secure possession of the premises early next month. Mr. Paris moving his shoemaking and repairing plant to a new location just across the street on the north side of Hastings. The Seattle firm plan extensive remodelling and alterations to the premises at 64 Hastings street, that will transform the building into one of the most up-to-date drug stores with ice cream parlor in connection that can be found anywhere in the North Pacific. Decidedly novel effects in lighting and illumination are planned while the structural changes to the building will also amount to considerable.

MAY ERECT MACHINE SHOP ON KINGSWAY

It is understood that Ex Reeve W. B. Russell of South Vancouver, is planning to erect a machine and repair shop, 33x75 feet, on Kingsway near Commercial Drive.

ASKING TENDERS FOR HIGHWAY BRIDGE

Tenders are being invited by the Department of Provincial Public Works up to the 26th instant, for the erection and completion of a bridge over Sturgeon Slough, on road between sections 13 and 14, township 40, E. C. M., and distant about 6½ miles from Pitt Meadows station, C. P. Rly. Plans, etc., may be seen in the District Engineer's office, Court House, Vancouver.

ARCHITECT PLANS BANK FOR HAMMOND

Plans are being prepared by Architect A. E. Henderson, Davis Chambers Building, for a new bank building to be erected in Port Hammond for the Bank of Hamilton. The building will be a two-story structure, 50x50 feet in size and as soon as the plans are completed, which will be in the course of a few days, tenders will be asked for from selected contractors.

Plans will also be started soon by Mr. Henderson for another building to be erected by the bank of Hamilton in Trail.

LITHA PAVEMENT PROVES SUCCESSFUL

Messrs. Harrison & Lamond, Pacific Bldg. have completed paving the C. P. R. wharf sheds with patent Litha. The Company's Engineers have been so well satisfied with the way this pavement stands up under the heavy grill and traffic that they have instructed the contractor to put down instructed the contractors to put down a further stretch. The success this pavement is having the probability is that this system will be universally adopted by the various Railroads and Steamship Companys for Wharf and shed floors.

Messrs. Harrison & Lamond are specializing on Driveway's and Walks in the Shaughnessy Heights section and are receiving a number of orders for this class of work.

OFFICIAL ORGAN.
The British Columbia Record is the official organ of The Architectural Institute of British Columbia, federated with The Royal Architectural Institute of Canada, and The Engineering & Technical Institute of British Columbia, and as such is used by them as the medium through which to make their official announcements to the general public.
By such selection the British Columbia Record is no wise pledged to editorial support of any policy advanced by these societies, but maintains an absolutely independent position on all matters subject to editorial opinion.

EMPLOYMENT CONDITIONS IMPROVING.

The increase in the volume of employment, which has been a marked feature of official labor reports in Ontario and Quebec for the past two months still continues, and even conditions in British Columbia are also beginning to show improvement in this respect, according to the latest weekly reports issued by the employment bureau of the Department of Labor. This improvment, it is intimated in the reports, is largely due to increased building activity, which combined with an increased demand for farm labor in the prairie provinces.

For the week ending June 7, the reports of 2,329 employers in these two provinces were compiled. On June 7, these firms were employing 330,825 persons, an increase of 1,522 persons, or .55 per cent. over the preceding week. In addition, the same firms anticipated an increase of 1,987 persons or .60 per cent. during the following week.

That this anticipation was more than realized is shown by incomplete returns for the week ending June 14. The preliminary compilation for this week covers 2,046 firms with a payroll of 278,627 persons on June 14. This represents an increase of 2,660 persons or .96 per cent during the week. By July 2 these identical establishments expected to be employing 279,854 persons, an anticipated further increase of 1,227, or .44 per cent.

Aside from the building trades which have shown a very marked increase, the largest increases during the past two weeks have occurred in the food, drink and tobacco groups. Next to these the increases by groups in order are the metal working industries, railroad construction, pulp, paper and printing, and textile manufacturing. The food, drink and tobacco group shows an actual increase of 1.01 per cent. in the week of June 14th, and an anticipated increase of 1.35 per cent. during the week of June 21. For the metals group the corresponding figures are 1.08 per cent. and .23 per cent.

Further reports, which will deal with the increase in the building trades, will be watched with interest by builders and contractors all over Canada as an indication of whether or no the expected revival in building activity is going to commence this season or deferred until next spring, largely owing to the recent labor unrest and consequent delay in the season.

Put your money into W. S. Stamps.

NOTICE TO CONTRACTORS.
Tenders will be received up to July 26th, 1919, addressed to the undersigned for the erection and completion of a frame residence at Eburne.
Particulars may be obtained at the office of Joseph H. Bowman, 716 Yorkshire Bldg., Vancouver, B.C.

PERMIT TO ERECT WHARF

NORTH VANCOUVER—Permission has been granted to the E. C. Walsh Co. for the erection of a wharf at the foot of St. Andrew street, providing necessary permission from the harbor authorities is obtained and a proper agreement entered into with the city.

YALE ROAD PAVING AT CHILLIWACK

CHILLIWACK—The Westminster-Yale road through the city will be hard-surfaced this year, the government agreeing to pay half of the cost of the work. The distance to be treated starts at the public school, and ends at the Major Coote farm at the easterly limits of the city, and the paved portion will be 18 feet wide and probably from curb to curb in the business section of the city through which the road runs.

THE IRON AGE

June pig iron output shows definitely the turn in the industry. For the thirty days the total was 2,114,863 gross tons, or 70,495 tons a day, against 2,108,056 tons in May, or 68,002 tons a day. Seventeen furnaces blew in and twelve blew out last month, a gain of five, and estimated capacity active on July 1 was 71,700 tons a day for 200 furnaces, as compared with 68,600 tons a day for 195 furnaces on June 1.

GAS HEATING IN THE HOME
By means of the Rector system of gas radiators you can heat your home as economically as with coal and the system is no more costly to install than a hot water system.
You can decide the temperature of each room and the thermostat does the rest. You can attach an alarm clock to the radiator in your bedroom and have the heat shut off at night and turned on before you wake up.
All the drudgery of tending a furnace, all work you used to do in the basement can be done by us at the gas works.
Your inquiries are solicited.

MINING

Two shifts are already working at the Silversmith mine at Sandon, B. C., and a third shift will probably be added shortly. The main ore body of the mine is appearing to be just as big and rich on the upper level as where it was first opened. On the

The Wild Horse Dredging company, having leases covering the bed of Boulder creek, near Fort Steele, and from the Kootenay river to a point up stream about five miles, expects to begin operations in the near future. A full crew is working to get the machinery in shape.

The Silver Bear group of claims, situated on the south fork of Kaslo Creek, owned by Frank Helane, a mining man of Nelson, B. C., are reported bonded for $100,000, with a $10,000 cash payment. R. F. Green and Clive Pringle, mining men of that district, will take over the claims.

Americans have bought the Rio Tinto group in the Salmon river district from J. H. McDonald of Rossland for $60,000. The property is in the Nelson mining division, between the main Salmon river and the international boundary. The ore is said to be characteristic of the ore in the Sheep creek camps, carrying good values in gold, silver and lead, with the latter predominating.
