INVITE TENDERS FOR LOCK-UP

The Department of Public Works is asking for tenders for the erection and completion of a lock-up at Yahk. Official notice of tender appears elsewhere in this paper.

LIGHTHOUSE CONTRACT LET

The marine department announces that Mr. Stockley, a Prince Rupert contractor, has been awarded the contract for the erection of the buildings to house the Aga light and fog alarm on Barrett Ledge, near the entrance to Prince Rupert.

The plant will be electrically-driven, power being generated from a station to be erected at the nearest shore point.

NEW COMMUNITY HALL IS PLANNED IN POINT GREY

POINT GREY—At a largely attended meeting of Point Grey ratepayers held at Kerrisdale on Thursday evening, it was definitely decided that a large, well equipped community hall would be the most fitting and lasting memorial to the Point Grey soldiers who took part in the great war. With the object of furthering the erection of a community memorial hall, the preliminary steps to form a limited liability company were taken. The company will be capitalized at $50,000, and it is planned to raise $25,000 of this immediately, by public subscriptions from ratepayers in the municipality, while the other $25,000 has been promised by the municipal council as its donation towards the venture.

WEST VANCOUVER FOLLOWS SUIT

WEST VANCOUVER—A public meeting is to be held in the municipal hall in the near future for the purpose of considering the preliminary steps towards erecting a memorial hall to fallen soldiers of this district.

MAKE FIGHT FOR SEED WAREHOUSE

The final choice of a location for the seed grading warehouse will probably be made at a gathering of B. C. seed growers in Penticton on Tuesday, June 10.

The two points in favor as locations for the warehouse are Penticton and Kelowna. Both are pulling strongly for the establishment of this warehouse, and doubtless there will be a close vote at the covention.

VICTORIA RECEIVES NEW HOUSING CONTRACT

VICTORIA—Concessions favorable to the municipality are contained in the new Housing Agreement received by Mayor Porter. The agreement is similar to that recently accepted by Vancouver and allows Victoria an additional $45,000 over its original allocation under the Housing Scheme, making a total allocation of $180,000.

WILL ASK CITY TO JOIN IN TRIUNE BUILDING

NEW WESTMINSTER—In view of the fact that the local Young Women's Christian Asociation is shortly to be without a home owing to the fact that the present Y. W. C. A. building will shortly be raised to make way for the extension of the Canadian National Railway system track along Front street, there is a movement afoot for a new building to be erected under the triune ownership or co-operation of the Y. W. C. A., the city and the Great War Veterans.

A committee of the Y. W. C. A. has already approached the G. W. V. A. with a view to securing the consent of the latter organization to join issues for the erection of a new building. There is a suitable site available on Front street, and it is proposed to erect thereon a sort of triple utility building with the city occupying the central portion and the Y. W. C. A. and the Great War Veterans in the two wings. Tentative plans are now

OFFICIAL ORGAN.
The British Columbia Record is the official organ of The Architectural Institute of British Columbia, federated with The Royal Architectural Institute of Canada, and The Engineering & Technical Institute of British Columbia, and as such is used by them as the medium through which to make their official announcements to the general public.
By such selection the British Columbia Record is no wise pledged to editorial support of any policy advanced by these societies, but maintains an absolutely independent position on all matters subject to editorial opinion.

"OWN YOUR OWN HOME" MOVEMENT GROWS

Everybody sincerely interested in the future of Vancouver is interested likewise in the success of the "Own Your Own Home" Movement, which, started in a modest way in the eastern states, has now become of national importance on both sides of the line. It has become of national interest because it expresses a fundamental corollary of the Dominion's prosperity—a great mass of homes owned by the masses of the people.

For one reason or another it has hitherto gained no great headway here, although today more houses are being built by private owners and the building situation generally is much better than a year ago. The subject came up recently in a group of local contractors and realty men and one well-known builder expressed the opinion that the situation would be materially bettered if more people could be encouraged to build—or if small building loans could be obtained more rapidly and with less trouble.

In other words, as explained by this builder, the intending home builder, unless he happens to be returned veteran and entitled to assistance under the Soldiers' Housing Act, is in scores of instances deterred from building because the banks as a rule, are not interested in making small loans. The fact is very soon borne in upon the average prospective home builder, that unless they have sufficient cash in hand to "swing" their whole deal, including the furniture for the house when built, instead of just enough to cover the complete payments on the lot, they had better not build at all, as far as any financial encouragement is concerned.

If this expresses a condition the time is ripe for correction. Any reputable person bulwarked by a steady income, whether from wages or from dividends, should be in a position to borrow enough to build his own home, providing he has been thirfty enough to have saved the first few hundred dollars—and he shouldn't be made to carry an interest charge so large as to reduce him to virtual beggary merely to satisfy someone's extravagant ideas of profit. A great city is great in the number of its property owners. This is a particularly inopportune time to discourage home owning and home building.

FIRES

Half a block in the industrial section on the south shore of False Creek burned Thursday night, when the sash and door factory owned by Arbuthnot & Helmer, at Sixth avenue and Oak street, was totally destroyed and seven dwelling houses gutted or partially burned.

OPINIONS

The steel industry sent a representative committee to Washington which, in consultation with a board representing the Government, agreed upon standard quotations for the principal steel products, representing a reduction of about $5 a ton. Some further revision in copper and other metal prices has likewise occurred.

GAS HEAT YOUR BUILDING
Gas heating by means of a system like the Rector has been the dream of engineers for years.
It does away with dirty, smoky furnaces, dusty basements filled with fuel, and the necessity of constant stoking.
Each radiator is a unit—you can cut as many of them out as you wish. You pay for your gas after you use it, not as you pay for coal, in advance.
We will be glad to give you figures on a gas-heating installation.

being prepared and the proposal will be laid before the city council in the near future, it is understood.

THE IRON AGE.

Pig iron statistics for April show that industry is rapidly adjusting itself to the shrinkage in iron consumption. No less than 54 furnaces blew out last month, leaving 212 active as May came in, against 372 on Sept. 1 last year when the peak was reached. In April the output was 2,478,218 gross tons, or 82,607 tons a day, against 3,090,243 tons for the 31 days of March or 99,685 tons a day. Capacity active May 1 was 75,860 tons a day for 212 furnaces, against 93,165 tons April 1. Production at the opening of this month, estimating charcoal iron, was at the rate of 28,000,00 tons a year. This compares with an actual output of 39,052,000 tons in 1918. Not since May, 1915, when there were the first signs of a war demand for American steel, has pig iron production been at so low a rate as today.

B. C. INCORPORATIONS.

During the past week the following certificates of incorporation were issued: Canada Food Packers Limited, $150,000, Vancouver; Belgo Lumber Company Limited, $40,000, Vancouver; Decorators Limited, $10,000, Vancouver; Lexinton Motor Sales Limited, $20,000, Vancouver; Victoria Ball Club Limited, $4,000, Victoria; The Robert McNair Shipping Company Limited, $500,000, Vancouver; E. C. Walsh Lumber Company Limited, $50,000, Vancouver; The Somme Fishing Company Limited, $10,000, Victoria; Douglas Furnishers Limited, $50,000, Victoria; Taylor Mining Company Limited, $1,500,000, Vancouver; Mills Insurance Limited, $10,000, Vancouver; United Aircraft of British Columbia Limited, $100,000, Vancouver; Lapan Logging Company Limited, $10,000, Vancouver; General Construction Company Limited, $250,000, Vancouver.

BUILD NOW

Set your money to work on building a home of your own. This is the period of readjustment, and idle dollars are as detrimental to the national welfare as idle men.

Building is a basic industry. To build a home, aside from the obvious benefits to the home owner, is to make an important and direct contribution to national readjustment and reconstruction.

First, the country needs thousands of homes. After that the home builder creates a demand for stone, bricks, lumber, hardware, concrete, paint, etc., etc.; money circulates—only blood that circulates makes for health. Building absorbs labor. That is of prime importance right now when thousands of soldiers are being released from the army and industry is in transition from the war to peace gear.

Your money, invested in building a home, works for your permanent prosperity and welfare and at the same time renders a not less tangible service to your country. Put your money to work—BUILD NOW.

MEETINGS

An important meeting of the Architectural Institute of British Columbia will be held on Monday afternoon, June 2, at 5:00 p.m. in the offices of Mr. Fred L. Townley, 325 Homer street.

Important Business—Come!

CORPORATION OF THE DISTRICT OF NORTH VANCOUVER

Sealed tenders on the prescribed forms and accompanied by cash or certified cheque for five per cent. of the amount of tender (which sum shall be retained as a guarantee until the satisfactory completion of the works), will be received until noon on Wednesday, June 4th, 1919, by Mr. John G. Farmer, Municipal Clerk, for the following work:

All labour and material necessary for construction of Float and Gangway Floats at end of Road Allowance between Blocks 17 and 18, D.L. 575, Cove Cliff; also taking down and removing existing wharf and float and clearing beach so that the Gangway Floats will be free to rest on an even bed when they are aground.

In accordance with Plans and Specifications to be seen at the District Engineer's Office, Municipal Hall, Lynn Valley.

The lowest or any tender not necessarily accepted.

FRANK M. SHARP,
Acting District Engineer.

FOREIGN TRADE OPPORTUNITIES

Additional information regarding these inquiries may be obtained from the Secretary of the Board of Trade, Vancouver, or upon application to "The Commercial Intelligence ranch of the Department of Trade and Commerce, Ottawa."

Correspondents are requested to quote the number of the "opportunity" when asking for additional information. Request for each opportunity should be on a separate sheet and state opportunity number. The Bureau does not furnish credit ratings or assume responsibility as to the standing of foreign inquiries; the usual precautions should be taken in all cases.

LATEST ENQUIRIES.

The following inquiries are the latest received. For rapid perusal the reader may know at a glance items of interest by noting the class of goods mentioned at the end of each inquiry.

IMPORTANT—Quote the number of the "Opportunity" in your correspondence.

1081. Lumber and shingles.—Firm in Barbados would be glad to open up correspondence with firms in Eastern Canada exporting lumber and shingles.

1082. Nails and spikes.—A firm in Barbados is desirous of getting in touch with a Canadian firm exporting nails and spikes.

1088. Nails.—A correspondent in the west of England, already representing two Canadian manufacturers of other allied lines, and about to establish an office in London, is open to take up agencies of Canadian manufacturers of nails.

1089. Wooden clothes hangers.—A London firm reports a market in Great Britain for wooden clothes hangers and would like to get into touch quickly with Canadian manufacturers.

1090. Maple roller blocks.—A correspondent in Yorkshire asks for names of Canadian manufacturers of maple roller blocks for wringing machines.

1091. Raw materials.—An Italian commission agent, at present in the United States, who intends to open offices in Genoa, Milan and Trieste, would be glad to be put in touch with Canadian firms interested in export to Italy, especially raw materials.

1095. Agricultural machinery.—An organization in the Amur province of Siberia desires a representation of Canadian firms manufacturing agricultural machinery, tractors, engines, etc. Further particulars on application at the Commercial Intelligence Branch, Department of Trade and Commerce, Ottawa.

ERECT BEACH HOTEL AT COST OF TWO MILLIONS

SANTA MONICA—Features that will make it the most remarkable hosterly on the Pacific Coast are embodied in the plans for the magnificent $2,000,000 hotel which the Santa Monica Beach Association proposes to erect shortly on the ocean front at Santa Monica.

The building will rest on concrete piles directly on the sand and abutting the bluff which at this point is 75 feet high. It will be ten stories high in the main, eleven stories in the centre with a twelfth floor roof loggia. It will comprise a main building with a wing on either side, the whole having a frontage of 500 feet. There will be 350 bed rooms and 280 baths with forty groups of public plumbing. One entire floor will be given over to the grill and amusements, including the ball room, which will extend along the centre of the building overlooking the sea. There will be a garage affording accomodation for 100 cars as well as parking space for another 100. For the hotel will cater largely to the automobile tourist trade as well as transient tourists.

TWO GARAGE BUILDINGS PLANNED FOR SEYMOUR ST.

Plans have been prepared and work will be started almost immediately on the construction of a two-story reinforced concrete garage building, 50x120 feet, to be erected on the corner of Seymour and Drake streets for Chapman's Motor & Machine shop. The ground floor of the new building will be used for garage purposes while the second floor will be used as a machine shop.
