ASKING FIGURES FOR POINT GREY BUNGALOW

Figures are being received by architects Gardiner & Mercer, 827 Birks Bldg. for the erection of a bungalow in Point Grey.

PLAN TO REMODEL OLD SAFE BLOCK

Architect A. E. Henderson, Davis Chambers Building has prepared plans and is accepting figures for the remodelling of the Old Safe Block on Seymour street.

WHARF AT COMOX TO BE REPAIRED

Tenders will be received up to July 15, by the Dominion Department of Public Works for repairs to the wharf at Comox, B. C. Notice of tender appears elsewhere in this paper.

REES AND KRUSE GET ELECTRICAL WORK

The electrical contract in connection with the remodelling of the premises at 111 Dunsmuir street, for the Navy League of Canada has been awarded to Messrs. Rees and Kruse of the Electric Shop, 12 Hastings street east.

WORK ON TWO BUNGALOWS TO START IMMEDIATELY

Plans will be completed in a few days and work will be started immediately by the Vernon Construction, 436 Richards street on the erection of a 5-room half timbered and stucco, California Bungalow and garage on sixteenth ave., at the foot of Shaughnessy for Mr. Thomas A. B. Ferris. The new home will be modern throughout having a full concrete basement, hardwood floors, hot air furnaces, fireplace etc. and will cost $5,000.

Work will also start at once on a 5-room semi-bungalow for Mr. J. Hewitt to be erected in West Point Grey at a cost of $2,850.

CALLING TENDERS FOR CONCRETE LIGHT TOWER

Tenders are now being called for the big lighthouse and foghorn station on Triple Rock, outside of Prince Rupert.

The structure to be built on Triple Rock consists of a concrete lighthouse tower, fog alarm building and dwelling combined. It will be the largest concrete navigation aid built by the Marine Department on the Coast. Tenders must be in by July 17.

The rock is exposed to the full fury of the Pacific and owing to this and to its small size the job of building the structure will be one of the most difficult of its kind to build.

TENDERS ARE WANTED ON OKANAGAN PROJECT

Hon. T. D. Pattullo, Minister of Lands, announced Tuesday morning that tenders are now being called for in connection with the development and irrigation work on the Government's 22,000-acre settlement area in the area in the Southern Okanagan Valley.

The first unit of construction, to which the tenders will apply, is eight miles of irrigation ditch. All bids are to be in the hands of the Minister on or before July 8, upon which day they will be opened and the contract awarded.

It is the intention of the Department to push ahead with this important development work and just as soon as the contract has been let there will be no delay in getting the initial programme under way.

EXTENDING THE WATER SERVICE

POINT GREY—The municipal council has authorized the laying of permanent water mains on Thirty-ninth Avenue, between Carnarvon and Balaclava streets, in order to supply a number of new residences there which are without service. The cost of this extension will be about $350. Temporary mains are also to be laid on Sixty-first avenue, between Heather and Franklin streets, at a cost of $65.

SEATTLE LEADS COAST IN BUILDING FOR MAY

Seattle appears to be the center of Northwest building activities and shows a gain in the volume of building permits issued during May of this year of 62% over the volume of the same month of last year, according to figures compiled by the American Contractor, covering building construction in 164 principal cities in the United States.

During May of 1918, permits issued by the local building department were valued at $862,760, while the permits issued last month amounted to $1,407,080.

Other Northwest and California cities covered in the summary were Portland, Ore., with a loss of 64%, San Francisco with a gain of 18%, Tacoma with a 38% loss and Oakland, Cal., reporting a gain of 45%.

BUILD-A-HOME MOVEMENT GAINS IMPETUS HERE

Despite the temporary set-back of labor troubles, the "Buy Your Own Home" and "Build Your Own Home" movement is taking a firm hold of Vancouver's population—and especially among the thousands of returned men who, now that they are united with their families again, are more than ever determined to be in the home-owning class, even if taxes are high. The scarcity of houses to rent at almost any price, and unsuitability of many of those available to the needs of families is leading to a very noticeable inquiry for suitable sites and investigation into costs of material and construction and costs of homes already erected.

Just how serious the housing problem is in Greater Vancouver may be appreciated from the fact that the City Housing Commission, which stated some time early last spring that at least 200 new houses were required then, has now changed its latest revised estimate to a minimum of 1,000 new homes required in Vancouver alone. There are at least another 500 new dwellings needed in the various suburbs of the city that go to make up Greater Vancouver. So that it is a safe estimate to say that there is need, or at least room for at least 2,000 new dwellings in Greater Vancouver in order to provide for the rapidly growing population and the many returned soldiers and their families for whom accommodation must be found.

What is materially stimulating the "Build Your Own Home Movement" is the unwillingness of those who make a business of building houses for rent to make further investments along the same lines. It seems altogether probable that apart from organized provincial, or municipal effort, development will be largely confined to the activities of individuals building to their own particular requirements. For that reason, the "Build Your Own Home" movement should lead to more superior construction than is usually the case where houses are thrown together for the purpose of quick sale or to derive revenue from renting. The man who is building for himself will make sure that the structure is built to last and is lacking in those vents that make many homes practically uninhabitable during the winter months.

In reality, the cost of owning a home today is little greater than in pre-war days. It is true that labor and materials have advanced, but the prices at which building sites are obtainable is much more reasonable than in the days of the real estate boom immediately preceding the war. Real estate activities in vacant building lots, though not as noticeable as in farm lands of choice business properties, are said to be confined almost wholly of late to those contemplating the building of their own homes.

AUDITORIUM PLANNED

That Vancouver needs a public auditorium for the accommodation of music and kindred arts was the decision of a meeting held to discuss this last night with Mr. Chris. Spencer in the chair. It was decided that an auditorium capable of holding at least 5,000 people should be built as soon as possible. A plan of campaign and methods for financing the project will be discussed at a future meeting at which all the public and semi-public bodies in the city will be represented.

Put your money into W. S. Stamps.

PLAN NEW BATHING PAVILION

POINT GREY—The municipal council is awaiting the normality of permission from the provincial government before starting the erection of a temporary bathing pavilion at Jericho Beach to fill the insistent demand for some facilities of that nature at that popular beach. The arrangements with the Country club have been practically concluded for the construction of the pavilion which will cost about $600. It is expected that authorization to use the forshore for this purpose will be received some time this week, and in that case tenders will be called for the work next week.

ALLEN COMPANY BUYS 3 WINNIPEG THEATRES

WINNIPEG—The Allen Theatrical Enterprise, which recently purchased the Waverly Hotel property in Vancouver as the site for a big theatre which it proposes to erect there as soon as labor conditions become more settled, has also put through a big deal here which involves three local theatres. The deal for the three local motion picture houses which pass into the control of the Allens, involved over $1,000,000.

Make up your mind to be a "bear" at your work and you'll never lead a "dog's life."

GAS HEAT YOUR BUILDING
Gas heating by means of a system like the Rector has been the dream of engineers for years.
It does away with dirty, smoky furnaces, dusty basements filled with fuel, and the necessity of constant stoking.
Each radiator is a unit—you can cut as many of them out as you wish. You pay for your gas after you use it, not as you pay for coal, in advance.
We will be glad to give you figures on a gas-heating installation.

NEW IMPETUS GIVEN STEEL EXPORT TRADE

NEW YORK—Steel exports are beginning to see a boom ahead for their products as a result of the steadily growing market here. The most encouraging sign is that purchasers are finding comparatively easy financing facilities, although sales for the present are for the most part merely to cover current needs. Heavy demands from Belgium are now occupying the attention of the steel market here, according to the local correspondent of the Iron Trade Review.

FOREIGN TRADE OPPORTUNITIES

Additional information regarding these inquiries may be obtained from the Secretary of the Board of Trade, Vancouver, or upon application to "The Commercial Intelligence ranch of the Department of Trade and Commerce, Ottawa."

Correspondents are requested to quote the number of the "opportunity" when asking for additional information. Request for each opportunity should be on a separate sheet and state opportunity number. The Bureau does not furnish credit ratings or assume responsibility as to the standing of foreign inquiries; the usual precautions should be taken in all cases.

LATEST ENQUIRIES.

The following inquiries are the latest received. For rapid perusal the reader may know at a glance items of interest by noting the class of goods mentioned at the end of each inquiry.

IMPORTANT—Quote the number of the "Opportunity" in your correspondence.

1316. Glass.—A wholesale firm in St. John's, Newfoundland, ask for the name of a Canadian manufacturer of window glass.

1317...Agency in Bucharest.—A returned soldier formerly engaged with one of the banks of Canada is about to establish an agency for Canadian manufacturers in Bucharest, Roumania. POINT GREY TO ASK FOR LARGER HOUSING GRANT

POINT GREY—The Point Grey council has formally requested the provincial government to make an immediate allotment of $20,000 from the municipality's allocation under the Soldier's Housing Act, in order to commence immediate operations in the construction of the first half dozen homes for returned men. The plans have all been approved, the sites selected and just as soon as the transfer of the first $20,000 of the appropriation is made, the contracts will be awarded for this first half dozen dwellings under the new housing plan.

The municipality has already received fifty applications from returned men under the Soldier's Housing Act, and more are being added at an average of several a week. In view of the fact that Point Grey's grant is only $54,000 in all for this purpose, and as this sum will not be sufficient to erect all the houses already applied for, it has been practically decided that the municipality will ask the provincial government to increase the amount over that originally allotted.

All other necessary details have been completed in connection with Point Grey's part in the housing scheme. The agreement between the government and the municipality was approved at the last meeting of the council and everything now awaits the receipt of the first instalment of $20,000 to commence operations. There are also sufficient workmen in sight despite the strike, it is stated, to ensure rapid progress on the first half dozen buildings.

TENDERS ARE WANTED FOR HANCEVILLE LOCK-UP

The Hon. the Minister of Public Works is inviting tenders for the erection of a Lock-up on Government Blk. 325, about 2 miles from Hanceville in the Cariboo Electoral District.

Plans and specification can be seen at the office of the Government Agent Court House, Vancouver. Tenders close June 30th.

ARCHITECT PLANS SHAUGHNESSY HOME

Another ultra-modern bungalow which promises to rank with the more select class of new homes being erected in Shaughnessy is being planned in the office of Architect Robert M. Matheson, 508 Northwest Building.

The new home will be a 1 1-2 story, nine-roomed house, stuccoed, in highly colonial style, with six spacious rooms on the lower floor and three on the second floor, and will include hardwood floors, hot water heating system, full sized concrete basement, tile bath room and fire place. Bids will be taken from selected contractors and work will be started as soon as the present labor troubles are settled.

WESTMINSTER THEATRE TO BE REMODELLED

Architect Edwardes Sproat, 303 Duncan Bldg., is preparing plans for alterations and additions to the Royal Theatre, New Westminster.

The alterations consist of a new sloping floor and operating booth, enlargement of the seating capacity, removing floor above the present premises, new emergency exits, heating and electrical systems, and redecorating the theatre throughout.

Tenders for this work will be asked for from selected contractors in about a week.

Notice to Contractors.

The SOUTH VANCOUVER BOARD OF SCHOOL TRUSTEES is desirous of obtaining tenders for the following work:

(1) Erection and completion of a two-roomed frame annex to Richard McBride School.
(2) Eection and completion of a four-roomed frame annex to Sir Alexander Mackenzie School.

Plans and specifications may be seen and form of tender obtained on application to the Secretary, Municipal Hall, South Vancouver.

Tenders are to be sealed, marked "Tender for School Building," enclosed with a marked cheque equal to ten per cent. of tender, and delivered to the Secretary, not later than twelve noon, Saturday, June 21st, 1919.

The Board does not bind itself to accept the lowest or any tender.

J. A. BLAIR,
Secretary.

TENDERS FOR ROOFING

Tenders will be received by the undersigned up to 12 o'clock noon on Friady, June 27th, 1919 for stripping and putting on shingle roof of No. 4 Firehall, Tenth Avenue West.

Specifications may be seen at the office of the building inspector, City Hall.

A deposit of an amount equal to 5 per cent. of the contract price must be made with each tender by marked cheque payable to the city treasurer.

The lowest or any tender not necessarily accepted.

WM. McQUEEN,
City Clerk.

City Hall, Vancouver, B. C., June 19, 1919.

Sealed Tenders, addressed to the undersigned, and endorsed "Tender for repairs to wharf at Comox, B. C.," will be received at this office until 12 o'clock noon Tuesday, July 15, 1919, for repairs to the wharf at Comox, District of Comox-Alberni, British Columbia.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the office of the District Engineer at Victoria, B. C.; and at the Post Office, Vancouver, B. C., and Comox, B. C.

Tenders will be considered unless made or printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if required to make up an odd amount.

Note.—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of $10, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, June 11, 1919.
