ASK TENDERS FOR FOUR AND FIVE-ROOM BUNGALOWS

The Honourable the Minister of Public Works is receiving tenders up to Friday, May 30th, for the construction of a four and five-room bungalow to be erected in South Vancouver. Official notice of tender appears on page 4.

WORK TO START SOON ON IRRIGATION SCHEME

Tenders will be called at once by the Provincial Land Department for the first portion of the irrigation work which it is proposed to undertake in the 22,000-acre tract of South Okanagan lands recently acquired by the province for soldier settlement purposes. The first contract will be for the removal of 250,000 cubic yards of dirt.

ARCHITECTS LET CONTRACT FOR ELECTRICAL FACTORY

Architects Gardiner & Mercer, 827 Birks Building, have awarded a contract to Messrs. Wallace McGugan, 415 Bank of Ottawa Bldg., for the construction of the new factory building for the Electrical Manufacturing Company to be erected on Industrial Island. Orr Bros. were awarded the plumbing contract. The building will cost in the neighborhood of $5,500.

$13,000 RESIDENCE TO BE BUILT ON SHAUGHNESSY

A contract has been awarded to Messrs. Purdy & Lonergan by Architect Fred Townley, 325 Homer street, for the construction of a residence in Shaughnessy for Dr. Archibald Smith. The new home will be of colonial and stucco design with porte cochere, consisting of eight rooms, hot water heating plant, fireplaces, hardwood floors and stationary vaccum system. An attractive garage will also be erected on the property. The cost wil be about $13,000.

ERECT FARM BUILDINGS ON UNIVERSITY GROUNDS

After competition from selected contractors Mr. S. N. McLeod, 2857 Fifth avenue west, was awarded a contract from Architects Sharp & Thompson, London Building, for the construction of two farm buildings to be erected on the University grounds at Point Grey. The buildings consist of a Beef Barn adapted for horses and dairy cattle, and a Dairy Produce Building. The improvements will cost $11,500.

BUILD NEW HOSE TOWER

WEST VANCOUVER.—The West Vancouver council, at the request of the Ambleside volunteer fire department, intends to call for tenders at once for the erection of a tower to the fire hall to afford facilities for drying of the fire hose. The tower will be sixty feet high and of frame construction.

TWELVE MODERN HOMES TO BE ERECTED ON NEW TRACT IN KERRISDALE

Another undertaking that promises to help materially in relieving the present shortage of houses is about to be inaugurated by Messrs. W. and H. Burroughes of this city who have secured an admirable residential tract comprising a new subdivision fronting on the Wilson Road, Kerrisdale. On this property, which is conceded to be almost ideal from a residential standpoint. Messrs. Burroughes have arranged to erect twelve modern houses.

Messrs. Gardiner & Mercer, architects of this city, have been commissioned to prepare the plans for this latest and up-to-date venture in the housing scheme. They are already at work on the first unit of the undertaking which is to comprise three houses. In designing these houses the architects plan to get away as much as possible from the average, sterotyped dwelling, and will introduce some pleasing innovations in interior arrangements that are sure to be appreciated. The houses will range in price from $4,000 to $5,500 and will comprise equipment that will be thoroughly up to the minute in the matter of plumbing, heating, conservatory, gar-

OFFICIAL ORGAN.
The British Columbia Record is the official organ of The Architectural Institute of British Columbia, federated with The Royal Architectural Institute of Canada, and The Engineering & Technical Institute of British Columbia, and as such is used by them as the medium through which to make their official announcements to the general public.
By such selection the British Columbia Record is no wise pledged to editorial support of any policy advanced by these societies, but maintains an absolutely independent position on all matters subject to editorial opinion.

WANT BUILDING BY-LAW ENFORCED.

Among the leading and responsible contractors of the city there is a strong movement afoot to secure a stricter and more general enforcement of the city's building bylaw, and especially those sections of the bylaw which especially pertain to the securing of a permit from the city building inspector's office before any actual construction work or alterations costing over $25 are commenced.

It is an open secret that for some time past, and especially since the former building inspector, Mr. Robert A. McKenzie, resigned that post, the city's building bylaw has been observed more in the breach than otherwise. And that fact does not reflect any discredit on the present acting building inspector, Mr. W. McKenzie, aswith the staff of the building department reduced by half at a time when it should be increased by that much, it is little wonder that the affairs of the department should become somewhat disorganized. The fault lies with the council primarily for not taking advantage of the ample time which the former building inspector gave them, and appointing a successor to Mr. R. A. McKenzie.

But the most common breach of the city building bylaw regulations is committed by many of the small contractors. Many of these men make a practice of getting construction of small jobs and dwelling houses started, and often have it well on towards completion before they think of taking out a permit. This of course, is not only strictly illegal and renders them liable to prosecution, but is also unfair to the owner for whom they are erecting the building. For should the building not be erected in compliance with the city's building bylaw, as regards the different classifications of construction in the various fire limits, the building inspector has the right to order it demolished or such changes made as are necessary to make it conform to the bylaw.

While a contractor may legally proceed with and complete the excavations for the foundation of a building before taking out the permit, he can not legally make a start on laying the foundation, no matter what material it consists of, until he has had his plans approved by the city building department and taken out a permit to cover the erection of the building—such permit, of course, carrying with it the right of the building inspector's department to inspect the construction in progress at all times.

As previously stated, a number of leading contractors are taking steps, as a matter of self-protection, to have other small contractors live up to the bylaw in this respect. Other common practice — too common among some contractors who ought to know better—is to take a contract for alterations or repairs, and because they do not know just what precise sum the repairs or alterations may run into, they omit taking out the permit in many known instances until the job is complete. This is a practice that is also condemned by the city building department and an effort is to be made to stamp it out.

MINING NOTES OF INTEREST THROUGHOUT THE PROVINCE

All free miners' certificates in B. C. expire on May 31st.

The Silversmith mill at Sandon has resumed operations.

Robert Wood is resuming operations on the Sally, near Beaverdell.

Cunningham's new mill at Alamo, near Three Forks, has a capacity of 300 tons daily.

The Granby smelter at Grand Forks is now receiving regular shipments of coke from Fernie.

A plaster mill will be erected and the gypsum deposits worked at Falkland, Grand Prairie.

The Rambler-Cariboo, near Three Forks, has resumed operations, after being shut down for months.

TENDERS ARE WANTED FOR HIGHWAY BRIDGE

Tenders will be received at the Department of Provincial Public Works, Victoria, B. C., up to noon of June 5th next, for the erection and completion of a highway bridge over the Isable River, near Fanny Bay Station, distant about Four Miles from Union Bay, Vancouver Island.

Drawing, specications, forms of contract and tender may be seen in Room No. 7, East Wing, Parliament Buildings, Victoria, B. C.; in the office of the District Engineer, Court-House, Vancouver, B. C.; and in the Government Agent's Office, Cumberland and Nanaimo, B. C.

GAS HEAT YOUR BUILDING
Gas heating by means of a system like the Rector has been the dream of engineers for years.
It does away with dirty, smoky furnaces, dusty basements filled with fuel, and the necessity of constant stoking.
Each radiator is a unit—you can cut as many of them out as you wish. You pay for your gas after you use it, not as you pay for coal, in advance.
We will be glad to give you figures on a gas-heating installation.

PROVINCIAL NOTES.

PENTICTON — Penticton Lumber Mill has been re-opened after a brief closing, by the former manager, Mr. H. Leir, who has just returned from overseas service.

ALDERGROVE. — The Canadian Customs department are calling for tenders for the erection of a story and a half building on the boundary line south of this place to be used for Customs purposes.

INDUSTRIAL ACTIVITY MARKED

It was predicted some weeks ago that the present year would be one of the most active in an industrial and business sense in the history of the interior of British Columbia.

That prediction is being proved true by events. Gold mines which were closed for three or four years on account of war conditions are being opened up, while other mining activity is increasing.

Farming is undergoing speedy development and many new settlers are arriving every week, while good prices for ranch produce are resulting in a record number of acres being brought under cultivation.

The lumber business is also becoming more active. The interior of British Columbia has little cause for anxiety as to the effect of the reconstruction period.—Nelson News.

ISSUES INSTRUCTIVE CATALOG

The Trussed Concrete Steel Co. of Canada Ltd., Walkerville, Ont., have issued the eighth edition of their catalog of Truscon Building Products. This is a concise little book which may easily be slipped in the vest pocket, and which will be found very convenient by the construction man. Everything the company manufacturers is listed and described, usually illustrated. Much practical building information is contained with instructive tables on the use of Truscon products. A number of important buildings in which these products have recently been used are also illustrated. Copies of this valuable little booklet may be obtained at the local offices of the company, 425 Standard Bank Building.

Don't expect buyers to meet you half way; it's your job to go all the way.

COMMENCE SOUNDINGS ON NEW BRIDGE SITE

VICTORIA. — Foreshadowing the commencement of work on a new link between the city and the Songhees Reserve, soundings about the proposed site of a successor to the present Johnson Street bridge were commenced this morning. The work is in charge of Government and city engineers.

War Saving Stamps are convenient to carry and they pay well.

BUILDING NEWS ALONG THE COAST

FIFTY HOMES WILL BE BUILT AT OREGON CITY

OREGON CITY, Ore.—The present plans of the housing plan is to erect 50 homes costing from $1500 to $2200. A R. Jacobs, of the Oregon City Woolen Mills, is head of the organization.

ANOTHER NEW APARTMENT IN UNIVERSITY DISTRICT

SEATTLE.—A general contract has been awarded to the Puget Sound Bridge & Dredging Co., Central Bldg., for the construction of a four-story masonry apartment house at a cost of $55,000.

SPOKANE PLANS MILLION-DOLLAR MEMORIAL BUILDING

SPOKANE, Wn.—The special committee appointed by the reconstruction committee of the Chamber of Commerce to investigate and report on a memorial auditorium for Spokane, met at the Davenport at call of A. L. White, chairman. An auditorium to cost $1,000,000 is to be built.

SALESMANSHIP

No man can keep on pretending good will to his fellows. He has to feel it in order to show it; and if he feels it, he will try to render service, not run bluffs.—Sales Sense.

age and other accessories of an ultra-modern suburban home.

Messrs. Gardiner & Mercer expect to be able to call for tenders for the first three of the twelve new residences in a short time, and due notice will be given in these columns.

TO FLOAT BIG ISSUE OF SEWERAGE BONDS SOON

Mr. James Stables, chairman of the Greater Vancouver and District Sewerage Board, announced yesterday that formal sanction has been secured from the provincial government for the bond issue for the Point Grey and South Vancouver sewerage scheme, and that the $800,000 bond issue would be floated within the next few months, whenever the market is considered the most favorable.

He also announced that the Columbia and Yukon streets sewer which has been under construction for some time, would be completed about next August. This sewer is on Yukon from Sixteenth to Nineteenth avenues, where it branches over to Columbia and extends along that street to Twenty-second avenue. About 50 men are steadily engaged on this job, returned soldiers being given the preference.

When the $800,000 bond issue is floated, it is planned by the board to spend about $500,000 of the amount on the Point Grey trunk sewer and a considerable portion of the balance will be expended on the purchase of a suitable sand and gravel pits so that the board can control its own supply.

WORK STARTS GRADING NEW C. N. R. EXTENSION

NEW WESTMINSTER.—Having completed the clearing work on the C. N. R. right-of-way from the yard limits to Lytton Square, in good time last week, the Great War Veterans' Contracting Committee started work Monday on the actual grading of the line. The expeditious manner in which the war veterans carried out the preliminary clearing operations has convinced railwaymen and contractors who have watched them that the Veterans' Committee has collected a bunch of experienced men in this class of work.

The grading job which the veterans have commenced this week is of considerable magnitude, as it involves the removal of about 30,000 cubic yards of earth comprised in a considerable bluff near the B. C. Electric right-of-way. The contract will involve between $18,000 and $20,000 and the veterans plan to rush it through as soon as possible so as to allow the men working on this job an opportunity to go to the prairies during the harvesting season. All the men employed on the work are returned soldiers, who are paid $4 per day.

BUILDING WILL COST $130,000

PORTLAND.—A contract will be let shortly for the construction of an Experimental Engineering laboratory building to be built for the Oregon Agricultural College at Corvallis. The cost will be $130,000.

Vancouver, B. C.

NOTICE TO CONTRACTORS
ESQUIMALT DISTRICT—PAVING ISLAND HIGHWAY

Sealed Tenders, endorsed "Tender for Paving Island Highway," will be received by the Honourable the Minister of Public Works up to 5 p.m. of the 5th day of June, 1919, for the grading and paving of the Island Highway from Craigflower Bridge to Parson's Bridge.

Alternative tenders will be considered for paving with (a) one-course concrete, (b) asphaltic concrete on concrete base, and (c) asphaltic concrete on macadam base.

Plans, specifications, contract, bills of quantities, and forms of tender may be seen on and after the 21st day of May, 1919, at the Public Works Department, Victoria, or at the District Engineer's Office, Court-house, Vancouver. Copies of plans, etc., can be had on payment of $5 deposit.

Each tender must be accompanied by an accepted bank cheque on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works for the amount equal to twenty (20) per cent. of the tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques of unsuccessful tenderers will be returned to them upon the execution of this contract.

Tenders will not be considered unless made out on the form supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer.
Department of Public Works,
Victoria, B. C., May 14th, 1919.

NOTICE TO CONTRACTORS SOLDIERS HOUSING ACT

Separate sealed tenders, superscribed "Tender for four room and five room bungalows," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon of Friday the 30th day of May, 1917, for the erection and completion of a four room bungalow on Lots 33, 34, Block 2, Prince Albert Street, and a five room bungalow, Lots 11, 12, Block 5, Windsor Street, on District Block 663, South Vancouver Municipality, South Vancouver Electoral District, B. C.

Plans, specifications, etc., can now be seen at the office of Government Agent, Court House, Vancouver, or the Department of Public Works, Victoria, B. C.

Lowest or any tender not necessarily accepted.
