SAANICH—Two unoccupied houses on Maywood road, one owned by Mr. Bond and the other by a Hindu have been destroyed by fire. The loss is about $4,000.

Recently the best ore body ever encountered in the Standard holdings was opened in the upper tunnel of the Alpha claim, Silverton, and late reports indicate that the strike is even more important than at first anticipated. Assays of the deposit are said to run about 75 per cent lead and 200 ounces in silver to the ton, with fair values in grey copper in addition.

The gross receipts of the Granby Consolidated Mining, Smelting and Power Company for the year ended June 30, 1916, were $9,299,337, more than double those of any of the two years preceding. The expenses were $5,191,717. The net profits were $4,107,621, as compared with $1,340,558 in 1915, while the surplus is $3,819,295 nearly five times that of the year before, according to a statement made at the annual meeting in New York on Tuesday.

PROPOSALS WANTED

Tenders will be received by the undersigned for the supply of groceries, meat and fish to the Royal Columbian Hospital for a period of three months from November 1st, 1916. Tenders must be sealed and marked "Tenders for Supplies" and must be in my hands not later than Friday, October 27th, 1916. Forms of tender may be obtained in their entirety, but the lowest or any tender not necessarily accepted.

E. S. WITHERS, Secretary,
Royal Columbian Hospital.

PROVINCIAL ESTIMATES ARE TABLED IN THE HOUSE

VICTORIA.—A revenue of just under $6,000,000 and an expenditure of $11,000,000 for the year commencing April 1 next is predicted in the provincial estimates which were tabled in the House by Hon. Lorne Campbell, Minister of Finance, on Monday. The revenue shows a falling off of about $1,000,000 for the anticipated revenue for this year, while the expenditures show a slight increase. The exact estimated revenue is $5,944,015, as compared with $7,134,615 for the present year, a difference of $1,095,000. The estimated disbursements are $11,301,374, as compared with $11,163,056 for the previous year, an increase of $138,000. The increase is more than accounted for by the increased fixed charges, which are over $300,000.

Summary of Expenditure

The summary of estimated expenditure indicates that in four of the 14 Government services there will probably be an increased expenditure over last year. In the rest a reduction is predicted.

The following are the totals:

	1915-16.	1916-17.
Public debt	$1,152,376	$1,422,254
Civic government (salaries)	1,709,566	1,687,736
Administration of justice (salaries)	68,000	67,428
Legislation	89,820	167,620
Public institutions (maintenance)	467,426	472,575
Hospitals and charities	374,100	525,800
Administration of justice	378,000	308,670
Education	1,594,800	1,524,500
Transport	83,000	43,000
Revenue services	59,000	25,000
Public works	3,067,315	3,023,010
Miscellaneous	2,128,752	2,032,000

In this year's report of the estimates the service "miscellaneous" is divided into three distinct services. "Lands," upon which $565,000 is to be spent this year, and "agriculture," upon which $176,500 will probably be expended, are each given a service to themselves, thus greatly reducing the "miscellaneous" total.

Present conditions have also necessitated more and larger hospitals, the result being an unusually large increase for hospitals and charities. Last year $16,000 was voted in the way of assistance in the construction of hospitals. This year about $150,000 will probably be granted for that purpose. Grants to refuge homes, aid societies, etc., is increased from $19,000 to $80,000.

University of B. C.

Among the appropriations in this year's estimates is a conditional one of $200,000 for the University of British Columbia. Last year's estimate was $175,000. Included in the works and buildings to be constructed by the Public Works Department are the following: Okalla prison farm, $15,000; improvement of government reserve, Burnaby, $10,000; mental hospital and colony farm, Essondale, $35,000; provincial government buildings, London (completion and maintenance), $175,000; maintenance, $8,000. The appropriations provincial normal school, Vancouver, for roads, streets, bridges and wharves in each constituency are the same as last year. Chilliwack gets $33,300; Delta, $22,500; Dewdney, $68,500, and Richmond, $40,000. Eighty thousand is revoted for Kingsway through the Municipality of Burnaby. Point Grey gets $10,000 for roads, and Nicomen Island the same amount for dyking; $13,500 is a subsidy for the Ladner-Woodward ferry.

The vote of $400,000 on last year's estimates for the Second Narrows bridge is left off. For bridges generally $450,000 is set down, while for the bridge over the Fraser River at Prince George there will be an appropriation of $150,000.

An item in the Land Department appropriations is that for $20,000 for "timber testing and investigation of wood products." An indication that the government intends to continue seeking overseas markets for the B. C. lumber trade is that another $50,000 is appropriated for salaries, travelling expenses, and purchase of material.

Other Appropriations.

Among the other appropriations are the following:

Grant to B. C. regiments $5,000, grant to patriotic fund $6,000, grant to boy scouts $1,000, grant to Victorian Order of Nurses $500, grant to returned soldiers' aid commissions, $15,000; Royal Commissions $15,000 (last year $50,000), cougar bounty $35,000. Contribution to Vancouver toward purchase of certain lanes in Ward VIII., $5,000. Fraser River Bridge, New Westminster, maintenance and repairs, $20,200. Songhees Reserve improvements, $240,000.

CONGOLEUM
Floor Coverings
If you have Congoleum on your floors, you can run a mop over them and they will be cleaner than any swept floor. Congoleum is waterproof right through—water cannot injure it. Compared with printed linoleum, Congoleum is more durable, more attractive, more waterproof, yet the price is less. Congoleum requires no fastening—any one can lay it—it won't curl up.
Congoleum Rug Borders, laid next to a rug or carpet, give the actual appearance of polished oak.

THE MEDIUM.

Did you ever notice that 95 per cent. of the big successful firms are firms who advertise? They figure advertising as an investment not an expense. The secret of advertising is the selection of a medium which reaches those people who are or will be the most likely "purchasers of your product." If you are in the building supply or machinery line don't select a moving picture publication in which to do your advertising. Because of the fact that the RECORD is the only paper published in the province devoted exclusively to the contracting business it is read by practically every one you would like to sell your products to. Your ad. where they will see it will put a capital C on your cash.

SAANICH—At the last meeting of the Saanich council it was decided to curtail ward appropriation expenditures as much as possible until full information is to hand regarding the amount of money to be expected from general taxes. A report on the subject will be presented at the end of the month, an interim statement from the clerk showing that over sixty per cent. is in hand.

HOPE—In the spring a group of claims on the Coquihalla were bonded for $150,000. Last week a group on Cheam mountain near Jones Lake was bonded for $100,000, with a considerable cash payment made. On both of these properties work is in progress.

Hope is the centre of at least three big mineral fields, the Coquihalla, Jones Lake and 23-Mile on the Skagit. The first two are close to railway transportation, Hope, states the West Yale Review, is thus the logical place for a smelter, to heat the ores of all these camps.
