GOVERNMENT LIQUOR STORES.

During the period under review the Government Liquor Store at Cumberland was destroyed by fire, and arrangements were made for the occupancy of new premises which were built to plans approved by the Board.

After careful investigation as to the demand and necessity for the establishment of a Government Liquor Store in Vancouver for operation as an all-night store, it was decided to establish same at 822 Howe Street, adjoining and forming part of the same building in which the Government Liquor Store at 820 Howe Street is situate. Prior to the establishment of the all-night store the premises in question were occupied by the Licensee Vendor. The results have fully justified the Board's action in establishing the store, the hours of which are from 12.01 a.m. to 8 a.m. daily, except Sundays and holidays.

Premises were rented at a nominal cost at No. 238 (rear) Hastings Street East, Vancouver, for use as an office for the Licensee Vendor; also warehouse attached, from which premises beer is distributed (on direction of the Vendor in charge of the Government Liquor Store, 230 Hastings Street East, Vancouver) to permit-holders on telephone orders.

On expiry of leases of premises covering Government Liquor Stores, and in conformity with volume of business, the Board has obtained reductions in rentals in many instances, such reductions amounting in the aggregate to $4,200 per annum. During the past three years the Board has obtained reductions in rentals on this account amounting to $12,678 per annum.

STAFF.

The Board wishes to take this opportunity of expressing its appreciation of the co-operation of the various members of the staff throughout the Province, which has contributed to a considerable extent to the successful operation of the Board's business during the period under review.

Notwithstanding the fact that the volume of sales has increased, it is nevertheless necessary to maintain the system of part-time employment in the warehouses and many of the stores, as the business has not yet reached a point which would utilize the full services of all employees.

STOCKS.

The value of the stocks of liquor on hand at March 31st, 1934, amounted to $660,965.11, being a decrease of $108,837.43 under the inventory figure of the fiscal year immediately preceding.

SALES.

The total sales of $9,262,102.11 show an increase over the previous period of $654,785.41, or 7.6 per cent.

British (Imported) Ale and Stout	90,227.55	
		3,836,796.95
Total		$9,262,102.11

The increase in the volume of sales can be interpreted as due to general improvement in conditions throughout the Province. This is particularly indicated by the fact that in March, 1933, there were five Government Liquor Stores showing an increase in sales to permit-holders over the same month the previous year, whereas in March, 1934, sixty-eight stores showed an increase in business over the month of March in 1933.

The above-mentioned increase in sales is all the more apparent when it is considered that on March 1st, 1933, a general reduction in the price of bottled beer throughout the Province was made. The reduction in question amounted to approximately 25 cents per dozen pints and 50 cents per dozen quarts. In certain instances the reduction was even greater where the Board was able to improve methods of shipment and reduced transportation costs.

A considerable increase is noted in the sale of British Columbia bottled beer, which is accountable for the following reasons:—

(1.) Improved financial conditions in the Province.

(2.) Reduction in the price of bottled beer.

(3.) By an amendment to section 27 of the "Government Liquor Act," whereby the holders of beer licences are able to sell beer by the bottle for consumption elsewhere than on the licensed premises, which has been of great convenience to the public, and also of assistance to the licensee.

Arrangements were made in the larger centres of the Province for the acceptance by Vendors of telephone orders for local bottled beer. The delivery of the beer is made to the permit-holder's residence without charge either to the Board or the purchaser, the cost of this

service being entirely at the expense of the brewers. The results indicate that the system is duly appreciated, more particularly in the Cities of Vancouver and Victoria.

It is further pointed out that the repeal of the Eighteenth Amendment and certain Dry Laws in the United States took place within the period under review and brought the neighbouring States of Washington, Idaho, and Montana under the State laws of the sale of liquor.

British Columbia wines continue to meet with favour with the public and the increase in the volume of sales over the same period last year amounted to $112,384.35, or 43.3 per cent.

British Empire wines continue in popularity and, exclusive of British Columbia wines, the increase of sales over the previous period amounted to $20,993.87, or 21.9 per cent.

DUTY, EXCISE, AND SALES TAX.

The duty, excise, and sales tax paid direct to the Federal Government for the period under review amounted to $1,754,385.65, the details of which are as follows:—

Duty	$1,165,576.92
Excise	318,492.74
Sales tax	270,315.99
Total	$1,754,385.65

The above total does not include taxes paid by brewers in connection with local beer, and also liquor purchased by the Board duty paid.

INSURANCE.

Fire.

A fire of considerable proportions occurred in the City of Cumberland on July 13th, 1933, and a large portion of the business section of the town was destroyed, including the Government Liquor Store. The loss of liquor in this connection amounted to $2,834.31 and was covered by insurance.

Burglaries.

Burglaries and attempted burglaries at the following Government Liquor Stores occurred during the period under review:—

Date.	Store.	Value, including Cash, Goods stolen, and Equipment damaged.
1933.		
May 3.	Pouce Coupe (attempted)	*Nil*
Aug. 7.	869 Beatty Street, Vancouver	$91.17
Oct. 13.	775 Davie Street, Vancouver	155.77
Oct. 21.	Invermere	132.30
Dec. 7.	775 Davie Street, Vancouver	5.37
Dec. 23.	Duncan	32.44
1934.		
Jan. 20.	214 Carrall Street, Vancouver	614.15

All losses which occurred in the above-mentioned burglaries were paid in full, in accordance with the terms of the insurance carried by the Board.

PERMITS.

A detailed statement showing the sale of each variety of permit is shown in Appendix C.

Pursuant to the provisions of section 115 of the "Government Liquor Act," the revenue derived from the sale of permits was transmitted to the Honourable the Minister of Finance, to be accounted for as part of the general revenue of the Province, and amounted to $43,948.50, being a decrease of $52,913.50 under the previous year.

The decrease in the revenue received is explained by the fact that section 2 of the "Government Liquor Act Amendment Act, 1933," which provided for the reduction in the individual liquor permit fee from $2 to 25 cents became operative on April 18th, 1933.

It is interesting to note that the revenue derived from individual liquor permits of all kinds shows a decrease of 54.8 per cent. under the revenue from the same source in 1933, but, on the

other hand, the number of permits sold in 1934 shows an increase of 54.7 per cent. over the fiscal year 1933, as shown by the following table:—

	Fiscal Year 1932–33.	Fiscal Year 1933–34.
Individual liquor permits	26,450	163,293
Single-purchase permits	79,687	2,993*
