To His Honour WILLIAM CULHAM WOODWARD,

MAY IT PLEASE YOUR HONOUR:

I have the honour to transmit herewith the Annual Report of the Deputy Minister of Municipal Affairs for the year ended December 31st, 1941.

A. WELLS GRAY,
Minister of Municipal Affairs.

Victoria, B.C., October 30th, 1942.

REPORT OF THE DEPUTY MINISTER OF MUNICIPAL AFFAIRS.

VICTORIA, B.C., October 26th, 1942.

Hon. A. Wells Gray,
Minister of Municipal Affairs.

SIR,—I have the honour to submit herewith the annual report of this Department for the year ended December 31st, 1941.

Comparing figures of assessment valuation for the year 1941 with those for 1940 discloses the following:—

TOTAL ASSESSED VALUE OF LAND AND IMPROVEMENTS.

	1940.	1941.	Increase or Decrease.
Cities	$188,978,644	$190,537,094	+ $1,558,450
Districts	200,345,439	204,951,314	+ 4,605,875
Villages	7,017,702	7,125,334	+ 107,632
Totals	$396,341,785	$402,613,742	+ $6,271,957
Vancouver	369,018,668	370,281,560	+ 1,262,892
Grand Totals	$765,360,453	$772,895,302	+ $7,534,849

VALUES ACTUALLY TAXED.

	1940.	1941.	Increase or Decrease.
Cities	$83,067,506	$83,306,185	+ $238,679
Districts	88,270,291	90,048,614	+ 1,778,323
Villages	3,601,856	3,642,925	+ 41,069
Totals	$174,939,653	$176,997,724	+ $2,058,071
Vancouver	208,063,554	207,629,295	— 434,259
Grand Totals	$383,003,207	$384,627,019	+ $1,623,812

During the year debentures were approved for the undernoted amounts and purposes:—

	Cities.	Districts.	Total.
Dominion 2 per cent.	$30,241	$108,400	$138,641
Water	.....	9,850	9,850
Schools	71,500	2,000	73,500
Refundings	.....	79,000	79,000
Drainage	.....	750	750
Totals	$101,741	$200,000	$301,741

All money by-laws before being approved for submission to the electors were carefully examined as to the necessity, the estimated cost, the financial ability to repay the loan, and the relation of the life of the works to the maturity dates of the debentures. Wherever possible debentures issued were in serial form. Following your instructions, the Department has strongly advised that works other than those considered absolutely essential should be laid over until after the war. This policy was supported whole-heartedly by the municipalities.

I am glad to be able to report that there have been no further defaults during the year and the following municipalities were able, after making arrangements with their

bondholders, to have their agreements ratified by the Legislature at the 1941–42 Session:—

City of Greenwood refunded its outstanding debt by issuing thirty-year 2-per-cent. annuity instalment debentures for 40 per cent. of the principal amount outstanding. (*See* chapter 13, 1941–42 Statutes.)

City of Port Coquitlam refunded its outstanding debentures by issuing twenty-year bonds bearing interest at 3 per cent. per annum. (*See* chapter 32, 1941–42 Statutes.)

District of West Vancouver issued serial bonds at lower rates of interest in exchange for certain outstanding waterworks debentures. (*See* chapter 51, 1941–42 Statutes.)

Following the policy inaugurated some years ago, a conference of municipal officials was held at Victoria on June 1st and 2nd of the present year. These meetings have been well attended and the concensus of opinion is that such gatherings are beneficial to all concerned and of particular value to the municipal officials in carrying out their duties as required under the various applicable Statutes, and it is hoped these annual conferences will be continued.

The steady improvement in the municipal financial position in this Province is being maintained and this is due in a large measure to the careful management of municipal affairs by Councils and their officials. The continued spirit of good-will and co-operation this Department has received from both Councils and their officials has been very much appreciated.

In May of this year the Department lost the valuable services of Mr. R. S. Gilchrist who, as Supervisor of Municipalities, was largely instrumental in designing the annual report in its present form. His accounting ability received recognition in his being invited to join the staff of the Federal Wartime Prices and Trade Board. This necessitated a reorganization of the Department, Mr. B. C. Bracewell, the Assistant Supervisor, being promoted to Supervisor.

E. H. BRIDGMAN,
Deputy Minister.

VICTORIA, B.C., October 20th, 1942.

E. H. Bridgman, Esq.,
Deputy Minister of Municipal Affairs.

SIR,—The report of the Department for the year ended December 31st, 1941, is attached hereto.

The following schedules have been added:—

Schedule XX.—Domiciliation of Debenture Debt as at December 31st, 1941.

Schedule XXI.—Total Unmatured Debenture Debt with Rates of Interest as at December 31st, 1941.

Schedule XXII.—Annual Interest on Total Unmatured Debenture Debt as at December 31st, 1941.

These schedules have been included in order to supply information desired by the Dominion Statistician.

The note on Schedule VII. for the year 1941 remains unchanged: "Some municipalities have written up to par the value of their own debentures, purchased for the sinking funds, while other municipalities carry corresponding purchases at cost. This makes it impossible to compare the condition of the funds accurately. Showing, at the end of the year, the difference between par and cost of the above-referred-to purchases creates an excess in the sinking fund account. This difference should be spread over the unexpired term of the purchased debenture. Sinking fund computations are not always reflected with exactness. In many cases the requirements are calculated only up to the time of the last tax levy, several months before the end of the year, and allowance is not always made for the accrued interest."

The schedules on assessments have been changed to include figures showing assessed valuations for extra-municipal areas for school purposes.

The schedule on tax sale property has been changed to show in detail amounts relating to properties acquired subject to redemption and properties acquired not subject to redemption.

Figures in respect of the City of Kaslo have been taken from a report received from Messrs. Crehan, Meredith & Company, as the result of an examination of the affairs of that city for the years 1939, 1940, and 1941, and are subject to the reservations contained in such report.

Figures for the City of Vancouver when comparable have been shown separately, the required information either having been supplied by the Comptroller on request or taken from the 1941 annual report and sources noted.

B. C. BRACEWELL,
Supervisor of Municipalities.

* $1,625,163 applicable to Greater Vancouver Water District (page 57, Vancouver City, 1941, report).

Note.—Some municipalities have written up to par the value of their own debentures, purchased for the sinking funds, while other municipalities carry corresponding purchases at cost. This makes it impossible to compare the condition of the funds accurately.

Showing, at the end of the year, the difference between par and cost of the above-referred-to purchases creates an excess in the sinking fund account. This difference should be spread over the unexpired term of the purchased debenture.

Sinking fund computations are not always reflected with exactness. In many cases the requirements are calculated only up to the time of the last tax levy, several months before the end of the year, and allowance is not always made for the accrued interest.
