ADMINISTRATIVE OFFICES, WAREHOUSES, AND GOVERNMENT LIQUOR STORES.

The Head Office of the Board was located on the fourth floor of the Belmont Building, 805 Government Street, Victoria, B.C., since early in 1921, but due to the fact that this building was taken over for war purposes by the Western Air Command, Royal Canadian Air Force, it was necessary to obtain suitable premises elsewhere.

The Board purchased for the Head Office the Temple Building, situate at 525 Fort Street, Victoria, B.C.

During the period under review, the Board purchased new premises for use as Government Liquor Stores at Sidney and in the City of North Vancouver, owing to the fact that the premises occupied at that time were found to be entirely inadequate for the Board's business.

The premises occupied for use as a Government Liquor Store at Pouce Coupe were also purchased by the Board and subsequently enlarged to meet the increased business at that point due to the construction of the Alaska Highway.

Due to the Federal Government restrictions in regard to the sale of liquor, and because of the great increase in the population of the Province owing to war conditions, many problems arose with regard to giving the widest possible distribution of the available stocks of liquor on a just and equitable basis.

During the last three months of the period under review, conditions were such as to necessitate various restrictions to meet the situation as it arose and changed from time to time.

STAFF.

The number of employees on the permanent staff of the Liquor Control Board as at March 31st, 1943, is 252, being 237 males and 15 females.

During the period under review, four employees were retired and placed on superannuation in accordance with the provisions of the Superannuation Scheme.

Due to the great increase in the civilian population and also in the personnel of the armed forces, an increase in the volume of sales was experienced. This increase in business, coupled with a shortage of labour and loss of experienced personnel, who enlisted in the armed forces, resulted in Vendors in charge of Government Liquor Stores in many instances labouring under very difficult and trying conditions, and the Board wishes to express its appreciation and loyalty to all those members of the staff who executed their duties and overcame many difficulties.

STOCKS.

On December 16th, 1942, an Order in Council was passed by the Federal Government, under the authority of the "War Measures Act," restricting the quantity of proof spirits, wine, and beer which could be purchased during the twelve months ending October 31st, 1943, to 70 per centum, 80 per centum, and 90 per centum respectively of the quantity which was purchased during the period ended October 31st, 1942.

Although an Order in Council was passed on December 16th, 1942, the details of which were not received by the Board until late in December, same were nevertheless made retroactive to November 1st, 1942. The operation of seventy-three stores made it difficult for the Board to determine immediately what restrictions would be necessary commensurate with the great increase in the population.

During the past number of years the Board has endeavoured to build up the reserve of stock carried and by September 30th, 1942, just one month before the date selected by the Dominion Government for the commencement of the Federal Ration Plan, the largest supply of merchandise ever carried by this Board had been accumulated. The goods bought and paid for as shown by the balance-sheet of September 30th, 1942, being $2,540,460.55; in addition to which, consignment goods were carried to the value of $269,196.78, making the total stock available $2,809,657.33; however, the increase in business and the restrictions of purchase imposed reduced the stock on hand at March 31st, 1943, to $865,610.14, only slightly more than the average stock carried for the five years previous to the war.

SALES.

The total sales of $28,711,281.35 show an increase over the previous period of $7,741,326.21.
