MAY IT PLEASE YOUR HONOUR:

SIR: We have the honour to transmit herewith, in accordance with section 56 of the *Milk Industry Act,* the Thirtieth Annual Report of the Milk Board under that Act for the year ended December 31, 1975.

THE MILK BOARD

E. D. DAUM, *Chairman*
J. D. HONEYMAN, *Member*
C. H. P. KILLICK, *Member*

Vancouver, B.C., April 29, 1976.

Thirtieth Annual Report of the Milk Board

For the Year Ended December 31, 1975

This Report of the Milk Board is made in accordance with section 56 of the *Milk Industry Act* and covers the calendar year ended December 31, 1975.

LEGISLATION

Milk Industry Act

The Thirtieth Legislative Assembly amended the *Milk Industry Act* during the 1975 Spring Session of the Legislature to allow milk production areas to be designated by Order in Council. Subsequently, Order in Council 2145/75 (B.C. Reg. 460/75) was passed defining the Vancouver Island and the British Columbia Mainland milk production areas. The latter area replaced those areas previously defined as the Vancouver, the Okanagan-Kootenay, and the Cariboo and Central British Columbia areas of production.

During late 1975 the Milk Board was impowered to make orders to carry out its obligations and functions under the Comprehensive Milk Marketing Plan.

Milk Board General Orders

General Order 60 (B.C. Reg. 210/75), made on February 27, 1975, to come into operation on March 1, 1975, repealed General Order 58 (B.C. Reg. 599/74) and amended General Order 57 (B.C. Reg. 277/74).

General Order 61 (B.C. Reg. 355/75), made on April 29, 1975, to come into operation on May 1, 1975, repealed General Order 59 (B.C. Reg. 676/74), and General Order 60 (B.C. Reg. 210/75), and amended General Order 57 (B.C. Reg. 277/74).

General Order 62 (B.C. Reg. 487/75), made on June 27, 1975, to come into operation on July 1, 1975, repealed General Order 61 (B.C. Reg. 355/75), and amended General Order 57 (B.C. Reg. 277/74).

General Order 63 (B.C. Reg. 593/75), made on August 29, 1975, to come into operation on September 1, 1975, amended General Order 57 (B.C. Reg. 277/74).

Milk Market Sharing Order 1 (B.C. Reg. 768/75), was made on November 14, 1975, to come into operation immediately.

The general orders and the milk market sharing order referred to herein are printed in Appendix A.

Milk Board Membership and Activities

Membership of the Board remained unchanged from the previous year, with Elmer D. Daum, B.A., C.A., as Chairman, and J. D. Honeyman and C. H. P. Killick, P.Ag., as the other members.

The Board held many meetings to discuss matters of policy and held numerous additional meetings with producers, vendors, and other interested parties to discuss matters pertinent to the milk industry.

Board representatives attended meetings of the Dairy Committee of the British Columbia Federation of Agriculture, and the Board members attended the Federation's Annual Convention.

The Board Chairman and the Administrator attended the meeting held by the International Association of Milk Control Agencies which took place in Quebec City, Que., Canada.

The Board Chairman and the Administrator, together with the members of the Market Share Advisory Committee, attended the meetings of the Canadian Dairy Commission Milk Supply Management Committee which, with the exception of one meeting held in Vancouver, B.C., were held in Ottawa, Ont. The Administrator of the Milk Board continued to serve on the Secretariat of the Milk Supply Management Committee and attended all meetings of the Secretariat.

The membership of the Market Share Advisory Committee remained unchanged from the previous year with J. Gilbert, S. Hanson, and J. Waardenburg as the continuing members of the committee. The committee held many meetings to discuss matters of policy and administration related to market sharing quotas and the Milk Supply Management Program. They also held many additional meetings with producers and other interested parties to discuss matters related to these programs.

Areas of Production

As stated previously, Order in Council 2145 defined the two milk production areas of British Columbia as the Vancouver Island area and the British Columbia Mainland area. The latter included the areas previously defined as the Vancouver, Okanagan-Kootenay, and the Cariboo and Central British Columbia areas of production.

Statistical Information

To provide comparability between 1974 and the current year in the tables applicable to the newly defined British Columbia Mainland Milk Production Area, the totals in the tables of the Board's 1974 Annual Report pertaining to the Vancouver, the Okanagan-Kootenay, and the Cariboo and Central British Columbia areas of production have been consolidated.

Table I (A, B, C)—Analysis of Quart Sales by Product Category

Total quart sales decreased 0.28 per cent in the controlled production areas of the Province during 1975. This decrease in quart sales is equivalent to the 0.77-per-cent decrease in Class I sales shown on a pound basis in Table IIIc and Table IVc.

Quart sales of low-fat milk showed a 4.75-per-cent increase. However, this was not sufficient to offset the decline in quart sales of other product categories.

Both controlled areas showed a continued switch from retail to wholesale. The aggregate decrease in retail sales was 13.89 per cent, while the aggregate decrease in wholesale sales was 2.55 per cent. Retail sales in the controlled areas accounted for 14.86 per cent of all quart sales and wholesale 85.14 per cent.

Table II (A, B)—Analysis of Class I Sales, Including Interarea Sales

Total Class I sales in pounds, which is the aggregate of all Class I sales in an area of production, whether made by the vendors within the area or by vendors located outside the area, decreased in the British Columbia Mainland area and increased in the Vancouver Island area. The British Columbia Mainland area also showed a decrease in sales within the area. However, the Vancouver Island area showed a small increase within Class I sales.

Table III (A, B, C)—Analysis of Qualifying Milk: Production and Utilization

Total qualifying milk production during 1975 increased 6.01 per cent in the controlled area of production.

Total quota milk receipts in the controlled areas of production were 77.06 per cent of the total production during 1975, a decrease from 79.65 per cent in 1974.

Total Class I utilization in quota receipts decreased from 87.71 per cent in 1974 to 84.85 per cent in 1975.

Table IV (A, B, C)—1975 Year-to-date Production and Class I Utilization Compared to 1974

This table shows a monthly comparison of 1975 production and Class I utilization to 1974, in both pounds of milk and percentage change.

Table V—Class I Accounting Value Formula and Producer Price

The contents of this table summarize the accounting values for each class of utilization announced by the Milk Board for the calendar year 1975. Also shown are producer prices (before adjustments), calculated monthly by the Board. Details relative to Milk Board General Orders referred to in the table may be found in Appendix A, where Milk Board General Orders are reprinted.

Table VI—Licensing Information

Under the provisions of the *Milk Industry Act* and General Order 57, as amended, the Milk Board issues Class I licences to vendors and milk jobbers and Class II licences to producers. Both classes of licences are issued April 1 each year for a 12-month period or portion thereof. A summary of the 1975/76 licences issued, cancelled, and in effect December 31, 1975, is contained in Table VI. There was a net decrease of 24 producers from December 1974 to December 1975, which is a 1.88-per-cent reduction.

MILK INDUSTRY ACT

MILK MARKET SHARING ORDER 1, MADE BY THE MILK BOARD ON THE 14TH DAY OF NOVEMBER 1975

Purpose

1. The general purpose and intention of this order is to establish the terms and conditions under which the Board administers and apportions equitably amongst producers in British Columbia the share of the Canadian industrial milk market allocated to British Columbia by the Comprehensive Milk Marketing Plan for the 1975/76 dairy-year.

Interpretation

2. In this order, unless the context requires,

"Act" means the *Milk Industry Act;*

"allotment period" means the dairy-year April 1, 1974, to March 31, 1975;

"British Columbia Reserve" means an amount of unallocated market sharing quota resulting from

(*a*) unallocated production from producers,

(b) producers reducing their British Columbia daily milk quota or going out of production during the 1975/76 dairy-year,

(*c*) producers delivering less than 85 per cent of their market sharing quota during the 1975/76 dairy-year,

(*d*) other sources;

"Board" means the Milk Board established under the Act;

"catastrophe" includes severe illness or death of the quota holder, sudden death of a significant part of the producing herd, destruction of the production facilities, severe infection of an uncontrollable disease or a disease which resquires slaughter by health authorities, or any other factor the Board may consider eligible;

"Commission" means the Canadian Dairy Commission;

"Comprehensive Milk Marketing Plan" means a plan for regulating the marketing of milk in accordance with an agreement or agreements entered into by the Federal and Provincial authorities and includes the Interim Comprehensive Milk Marketing Plan, dated January 14, 1971;

"dairy-farm" means a place where cattle are kept for milking;

"dairy-farmer" means the owner or occupier of a dairy-farm, and includes the manager or other person in charge of a dairy-farm;

"dairy plant" includes every place or building

(*a*) where milk is received from dairy-farmers; or

(*b*) where dairy products are processed, manufactured, or pasteurized, except where the processing, manufacture, or pasteurization consists only of

(i) the incidental manufacture of butter or cheese by a dairy-farmer from milk produced only on his dairy-farm; or

(ii) the operation and use of any freezing device in a retail store by means of which ice-cream mix, purchased from a licensed manufacturer of the mix, is frozen;

"dairy-year" means the 12-month period as designated by the Canadian Dairy Commission;

"Federal Subsidy Eligibility" means the amount on which subsidy may be paid;

"fluid milk producer" means a producer of qualifying milk as defined under the Act;

"fluid quota" means a daily milk quota established and allotted by the Board;

"fluid sales in defined areas of production" means all milk accounted for at the Class I value pursuant to the General Orders of the Board;

"fluid sales in other than defined areas of production" means Class I in the fluid quota established by agreement between a fluid milk producer and the processor;

"immediate family" means a father, mother, husband, wife, son, daughter, brother, sister, son-in-law, or daughter-in-law, or any other person the Board may consider eligible;

"industrial milk" means all milk delivered to a vendor less that portion which makes up 101 per cent of fluid sales;

"industrial milk producer" means a producer of industrial milk or cream;

"market sharing quota" means a quota fixed and allocated by the Board to represent a producer's share of the industrial domestic market of Canada expressed in pounds of milk or butterfat a year;

"market sharing quota-year" shall be the same period of time as the dairy-year;

"policy advisory committee" means the policy advisory committee appointed pursuant to section 5 of this Order;

"processor" means any person who alters the form or composition of milk in any manner from the form or composition in which it is received from the producer;

"producer" means any dairy-farmer who produces milk;

"Provincial entitlement" means the total of market sharing quota to which British Columbia is entitled and which has been agreed to by the Canadian Dairy Commission;

"transfer" means the acquisition of a market sharing quota by one producer from another producer;

"transferee" means the person to whom a market sharing quota is being transferred;

"transferor" means the person from whom a market sharing quota is being transferred;

"vendor" means any person dealing in milk, whether by purchase or sale or on the basis of delivery on consignment for sale, and includes agents for producers and co-operative associations, which agents and co-operative associations sell and distribute milk produced by their principals or by the members of such association, and includes a jobber and a producer-vendor, but does not include a producer as such.

Registration and Shipping

3. (*a*) All producers shall register with the Board by making application in writing to the Board in such form as may from time to time be prescribed by the Board.

(*b*) All milk or cream produced or sold by a producer holding a market sharing quota shall be produced or sold in the name of that producer.

(*c*) A producer may request the Board to hold in abeyance the producer's market sharing quota and his participation in the plan for a period up to 12 months if

(i) the producer's herd or production from the herd is affected by a catastrophe, or

(ii) for any other reason the Board considers proper during the period the producer does not ship.

(*d*) Upon application by the producer the Board may extend the period of time mentioned in subsection (*c*) that a producer may hold in abeyance his market sharing quota and his participation in the plan.

Appeal Procedure

4. Where any person considers himself aggrieved by any order, direction, or decision of the Board, he may appeal such order, direction, or decision in the manner prescribed by the Act.

Policy Advisory Committee

5. The Minister of Agriculture shall, upon recommendation of the Milk Board, appoint a Policy Advisory Committee whose function shall be to advise and make recommendations to the Board on matters relating to the objectives and functions of the British Columbia Plan.

6. (*a*) The Chairman and Secretary of the Policy Advisory Committee shall be selected by the members of the Policy Advisory Committee from among the members of the committee.

(*b*) Members of the Policy Advisory Committee shall be appointed for a term of two years.

(*c*) The Policy Advisory Committee and the Board shall meet together

(i) at the request of the chairman of the Policy Advisory Committee, or

(ii) at the request of the Board.

Allotment of Market Sharing Quotas to Producers

7. (*a*) The Board shall allot market sharing quotas from the Provincial entitlement as agreed to under the comprehensive milk marketing plan to fluid milk producers and industrial producers of milk and cream in accordance with subsections (*b*), (*c*), (*d*), and (*e*) following.

(*b*) A fluid milk producer

(i) who was producing milk during the 1974/75 dairy-year shall be allotted a market sharing quota equal to the greater of

(*aa*) the deliveries of industrial milk during the 1974/75 year or,

(*bb*) an amount which will permit deliveries of milk equal to 110 per cent of the fluid quota;

(ii) commencing to produce during the 1975/76 dairy-year will be allotted a market sharing quota which will permit deliveries of milk equal to 110 per cent of the fluid quota.

(*c*) When a milk producer is allotted a fluid quota, the Board may require the producer to relinquish to the British Columbia Reserve market sharing quota equal in pounds of milk to the fluid quota allotted.

(*d*) An industrial milk or cream producer

(i) who delivered milk or cream to a vendor during the 1974/75 dairy-year shall be allotted a market sharing quota for the 1975/76 dairy-year equal to the deliveries of industrial milk or cream made during the 1974/75 dairy-year;

(ii) commencing to produce industrial milk or cream during the 1975/76 dairy-year may, upon written application, be alloted a market sharing quota, when the Board deems it is available from the British Columbia Reserve, equal to their industrial milk or cream deliveries to a maximum of 1,000 pounds for each month during the 1975/76 dairy-year the producer makes deliveries of industrial milk or cream.

(*e*) Notwithstanding the provisions of (*a*), (*b*), (*c*), and (*d*) hereof, if special circumstances appear to warrant action at any time during the 1975/76 dairy-year, allotted market sharing quotas may be adjusted or new market sharing quotas allotted on a basis which the Board in its discretion deems advisable.

Transfers of Market Sharing Quota

8. The Board may upon written application permit transfers of market sharing quota from a producer to members of his immediate family.

Market Sharing Quota Adjustments

9. When changes occur in the Canadian Domestic Market for industrial milk or cream the Board may adjust the producer's market sharing quota in accordance with the comprehensive milk marketing plan.

10. The Board may draw from the British Columbia Reserve when the Board deems it necessary to adjust the allotment of market sharing quota held by a producer.

11. (*a*) A producer who fulfils 85 per cent of his market sharing quota during a dairy-year is entitled to the same amount of market sharing quota for the following dairy-year.

(*b*) A producer holding a fluid milk quota who delivers more than 420 pounds of butterfat during the 1975/76 dairy-year but who fails to fulfil 85 per cent of his market sharing quota will surrender April 1, 1976, to the British Columbia Reserve that market sharing quota which is in excess of that which will enable him to maintain total daily deliveries of 110 per cent of his fluid quota.

(*c*) A producer not holding a fluid milk quota who delivers more than 420 pounds of butterfat during the 1975/76 dairy-year but who fails to fulfil 85 per cent of his market sharing quota will surrender April 1, 1976, to the British Columbia Reserve that market sharing quota which is in excess of 110 per cent of his deliveries of industrial butterfat during the 1975/76 year.

(*d*) Producers who fail to deliver 420 pounds of butterfat during the 1975/76 dairy-year will surrender to the British Columbia Reserve, effective April 1976, the market sharing quota allotted to them.

(*e*) Producers transferring a portion of their fluid quota on or after April 1, 1975, will surrender to the British Columbia Reserve, on the same date the fluid quota transfer is effective, the same percentage of market sharing quota held by them as the fluid quota transferred.

(*f*) Producers transferring all their fluid quota on or after September 1, 1975, will surrender to the British Columbia Reserve, on the same date the fluid quota transfer is effective, all the market sharing quota held by them.

Assessment and Levies

12. (*a*) Each holder of a market sharing quota shall be assessed levies as ordered by the Commission in accordance with the comprehensive milk marketing plan.

(*b*) Each producer is assessed by the Board one cent per pound butterfat delivered.

(*c*) Each vendor before making payment to a producer shall deduct from the total amount payable to such producer the amount levied by the Commission pursuant to subsections (*a*) and (*b*) and shall forthwith pay the amounts so deducted to the Board.

General

13. This order shall come into operation on the 14th day of November 1975.

Dated at Vancouver, in the Province of British Columbia, this 14th day of November 1975.
