M. L. MCCAUSLAND
Director of Film Classification

MINISTRY OF ATTORNEY-GENERAL

Honourable ALLAN WILLIAMS, Q.C.
Attorney-General
Victoria, B.C.

SIR: I have the honour to lay before you a report of the business done in pursuance of the Film Classification Branch during the fiscal year ended December 31, 1979.

MARY-LOUISE McCAUSLAND
Director

February 15, 1980.

INTRODUCTION

The *Motion Pictures Act* of 1970 is the authority under which this Branch operates. All pictures to be shown to the public must first be submitted to the Director for classification. The three categories of classification are GENERAL, MATURE, and RESTRICTED. A warning indicating the possibly objectionable content of a film may be assigned as part of the classification.

The Annual Report of Film Classification is based on a calendar year. This year's report provides a five-year monthly and annual comparison for 1975 to 1979.

Revenue for 1979 increased by $7,370.42 over 1978, although the number of films submitted increased by only three. The increase can be accounted for by the increase in the number of certificates issued. There appears to be a trend toward "saturation booking" of certain features, when a film will open in a large number of theatres simultaneously.

Of particular interest this year is the change in proportions of ethnic films. Whereas Chinese films (PRC, Taiwan, and Hong Kong) made up 22 per cent of films viewed in 1978, they increased to 28 per cent in 1979. American films, on the other hand, decreased from 50 per cent in 1978 to 34 per cent in 1979. Canadian films increased from 8 per cent in 1978 to 16 per cent in 1979. This is less encouraging than it would appear, because in 1977 there were 15 Canadian films, and in 1976 there were 18.

I hope you will find this report useful and informative.

MARY-LOUISE McCAUSLAND
Director
