TITAN NEWS INTERESTING

Full Face of Iron Sulphides Encountered in Last Few Days---Ore Carries Commercial Values

Most encouraging reports are coming from the Titan and the faith shown by a large number of local residents who invested in units when the Titan-Salmon River Syndicate was organized, appears about to be justified.

S.P. Fitzgerald who, with his brother Jack, originally owned the group and organized the syndicate, came down from the property a few day ago and reported that the main drift, at 310 feet from the portal, had broken into almost solid iron sulphide ore which now fills the face of the tunnel. The ore assays $9 60 in gold and $4.35 silver, a total of $13.95 per ton, which is good enough, if a large body is developed. The tunnel has reached a vertical depth of 175 feet.

On the surface there is a large outcrop that runs much higher than this and which, if its width and length form any criterion, should extend to depth. An average taken across ten feet of this in an open cut, gave values of $.6, of which $28 was gold. This does not include a shoot which carries considerable zinc, and from which assays running into the hundreds of dollars may be obtained. Careful measurements have determined that the present face of the drift is 30 feet from a point perpendicularly below this shoot. So the next few weeks promise to be an exceptionally interesting period in the history of the Titan's development.

Crosses Great Divide

Oldtimers will regret to hear of the death of Bob Cameron, in the Vancouver General Hospital last Wednesday. Deceased was well known in the district, having been the first man to bring native silver down the Salmon river and the original staker of the Silver Tip. Prospector, trail blazer, explorer, his memory will live in the history of the camp.

Kenny McCuaig Bereaved

Friends of Kenny McCuaig, until recently in charge of the Stewart meat market, will be sorry to learn of his bereavement in the loss of his mother, who passed away in Vancouver October 26 and was buried October 31. Death resulted from an attack of pneumonia following a long illness. She is survived by six sons.

Ice cream Campbell & Duke's

ARMISTICE DAY CELEBRATION

The International Service Club have the plans for the Armistice Day entertainment and dance to be held in the Hotel Stewart on Tuesday night are well under way. The first part of the program, starting at 8:45, will be devoted to three short sketches and a number of songs, Miss Fraser, Mrs Dayton, Frank Bowler and W. Orr having consented to sing. Ridley's three-piece orchestra will furnish music for the dancing, which starts about 11 o'clock. At 12 o'clock a two minute silence will be requested in honor of the dead.

The ladies of both Stewart and Hyder who had near relatives in either the British or American forces during the war are requested to assist the International Service Club by selling poppies on the streets of both towns Monday, which is the official day. Four hundred poppies have been ordered and are expected to arrive Sunday.

Everything possible is being done to e sure this year's Armistice Day celebration being the most successful ever held in the district.

Fred Coram Married

Fred Coram, the popular wireless operator and freight clerk of the Prince Rupert, and for a short time in charge of the Premier dock office, was married in Vancouver yesterday, Nov. 8, to Miss Jessie McNaughton of that city. Norman McLean, purser of the Prince Rupert, acted as best man.

Damage at Anyox

The smelter at Anyox is closed down owing to about 40 feet of the pipe line near the dam having burst under the great pressure of water occasioned by the excessively heavy rains of last week end. Full details are unavailable but it is understood that the management have wired to Vancouver for the installers of the pipe line to come north and make repairs. It is hoped to have the water turned on again in about ten days.

Change at Silver Grill

Jack Ellis, formerly cooking in tne Poodle Dog and latterly in the Silver Grill, has gone into partnership with Geo. McDupe, also formerly cook in the Poodle Dog, and together they have taken over the Silver Grill from J. S. and Mrs Stickney, who expect to take a trip outside during the winter. Both Mr Ellis and Mr McDupe are returned soldiers the former having served in France with the 5th Batt. and the latter with the P.P. C.L.I., being one of the original 14 who, of that battalion, are still alive.

Wear a poppy Armistice Day.

STEWART ENLISTMENT

Five years ago, on the 11th day of November, the Armistice was signed, therefore this is the time of year when those who went to serve their country should be remembered. Stewart, like every other district in the Empire, sent her quota, and like the others, a number did not return. Details of those former residents who joined the various forces are very difficult to obtain; but below is given a list of their names, as far as available:

CASUALTIES

Major T. H. Callaghan, 72nd Battalion, killed in action.
G. Taylor, killed in action.
T. B. Hume, 47th Battalion, killed in action,
J. A. McDonald, killed in action.
John Law, killed in action.
"Shorty" Stevens, killed in action.
—Chappell, killed in action.
Jack Inch, killed in action.
C. T. Baker, 49th Battalion, killed in action, September 28, 1918.
Frank Rodolf, 16th Battalion, killed in action, April 20, 1915.
G. Boultby, killed in action.

The following went overseas and returned:

George Fitzmaurice	Vince Lade
O. Morreau	J. McMillan
R. L. Clothier	William Sloan
Wm. S. Orr	Paddy Quinn
Walter Broad	— Esplin
H. C Bennett	Sandy Cuthbertson
"Little" Jock Cameron	A. Hodson
Sid Chalmers	Dr. Richards
Percy Godenrath	A. Dalgiish
Tim Williams	A. Bagg
"Big" Jock Cameron	Bert Badger
Henry Avison	A. Woodcroft
Charlie O'Niel	Thomas Dunn
William Forrest	James McGuire
J Pinkerton	Dan McFarlane
	George Thomas

Memories of Etaples

A waning moon is rising
Behind some straggling pines
So tall, so green, and so slender,
And thro' them the North wind whines,
Whipping away their needles,
Scattering far their cones—
But the moonbeams, softly shining through,
Lend ghostly, silvery tones.

Clear-cut across the silence comes
The sound of a bugle-call,
From a barracks perched high on a hill-top
Lording it over all;
And the bugle-call, yes, and the moonlight,
And the tall, green, straggling pines,
Bring memories that an aching heart
And a sob in my throat combines.

Memories of crosses at Etaples—
Row, upon row, upon row—
And back of them, tall trees and moonlight—
Ah! My heart it is aching so!

Thella Daye Dayton

In memory of Harry W. Tooley, (Salisbury, Rhodesia,) died of wounds, 1916, and buried at Etaples.

R. W. Wood, president of the Premier Gold Mining Co., arrived from the south on the Prince Rupert Sunday and went up to the mine.

C. A. and Mrs Mackenzie returned Sunday from the south, M Mackenzie having gone to Vancouver in connection with his mining operations.

TIMELY TOWN TOPICS TOLD IN TERSE TERMS

Father Allard left last Monday night for Rupert.

Constable J. A. Williams left on the Cardena for Rupert on official business.

The Hospital Board yesterday decided to hold a carnival dance on New Year's Eve.

George Merrill returned on the Cardena from visiting Anyox, Alice Arm and Rupert.

Edgar Provinse, prominent Hyder merchant, left Sunday on a business trip to Seattle.

Bert Smith, superintendent of the Premier, returned Sunday from a month's holiday outside.

General Manager and Mrs D.L. Pitt of the Premier, returned on the Cardena from a trip to Rupert

J.S. and Mrs Stickney are taking up their residence in the house formerly occupied by Pat and Mrs Benson, on 5th St. W.

Sam and Mrs McNiel will soon move to Hyder, Sam having taken charge of the power and light plant in Alaska's most attractive mining centre.

Don't forget the entertainment and dance being given in the Hotel Stewart by the International Service Club next Tuesday evening. Gentlemen $1; ladies free; supper extra.

A. B. Trites, Mrs Trites and son, after spending some time at the Premier mine, left for the south Sunday. Mr Trites who, with W. R. Wilson, has been developing the Big Missouri, had nothing to say concerning that property.

Frank Bowler who, with Mrs Bowler, went south a short time ago, returned Sunday with a team of horses which it is his intention to place on the Stewart-Hyder stage run during the winter. Mrs Bowler is expected back Sunday.

Flood Damages Bridge

During the high water, caused by the heavy rains of Saturday and Sunday, eighty feet of the temporary trestle and three bents of the false work at the Bear river bridge were carried out, together with some of the iron work and timbers of the first span, which was being erected. Fortunately, all of the timbers were saved. The bridge crew set to work immediately to repair the damage, with the result that traffic will again be open tomorrow. Other than at Bear river bridge, no damage was done in the district.

Arrange for Christmas

All ladies interested in preparing a Christmas tree for the children are requested to meet in Moose Hall, Saturday, Nov. 10, at 3 p.m.

TRAGIC DEATH OF FRANK JOHNSON

Well Known Teamster for Premier Stricken While Driving From the Mine To Town

Frank Johnson, aged about 45, dean of all the Premier teamsters, was found dead on his wagon at Fish creek late last Friday afternoon, by Geo. Traut, caretaker of the Chicken Inn.

In his evidence at the inquiry in Hyder, Mr Traut stated that he noticed the team coming down the road, and not at first seeing any driver, thought that he must be walking behind. The team coming to a stop, he noticed a man lying back over the seat, whom, on examination, he found dead. He at once notified the authorities and mine office by telephone. Commissioner Sandford went to Fish creek and brought in the body to Hyder. Dr. Whillans of Stewart was called, and pronounced death due to cerebral hemorrhagee.

The funeral was held in Hyder Tuesday, under government supervision, there being no relatives to take charge.

Nothing can be learned of any relatives, and only two letters from friends found in his effects. One of these was from John Blair, of Ruby, Alaska, and the other from a man in Iditarod.

It is requested that anyone knowing anything of deceased's relatives communicate with Commissioner Sandford of Hyder at once.

By some extraordinary turn of fate, the usual card of particulars used by the employes at the Premier does not appear to have been filled out, Johnson having entered the employ of the company before the card system was adopted.

New Hyder Commissioner

Gentlemen, take your hats off to Judge Sandford. The versitile editor of the Hyder Weekly Miner has definitely accepted the appointment as United States Commissioner for the Hyder District of Alaska and, through the public courtesy attaching to this distinguished office, is hereafter entitled to be saluted as "Judge." His fellow members in the Fourth Estate will hope that his justice may be tempered by mercy. Knowing the failings and foibles of the human race as only a newspaperman can, Judge Sandford should become a benign factor in what is at the best a difficult duty—that of giving his fellow-man a square deal, while keeping within a requirement of complex, lawyer-made laws.

1914 - - - 1918 - - - 1923

1914---OUT of a clear summer sky broke the thunder-clap of war, sending men and women by the thousands, cheering, into the streets of the great cities of Europe.

Starting from a little blaze in the Balkans, the holocaust of blood and slaughter soon swept over Europe, dragging into its voracious flames the nations of the earth, as wisps of straw into a furnace. Men who, in their tens of thousands, a few short months before, had been enjoying the peace of their firesides, were flocking to the various banners raised. Cheering as they marched through the streets, singing as they went to the front, thinking not of themselves, thinking not of the morrow; swept up in a gale of excitement that carried them to an inferno as of hell. Filling the trenches today, filling the graves tomorrow; leaving forever their dear ones; mothers, wives, sisters and little children with tear-stained cheeks and anxious eyes, peering hour after hour at the papers, standing hour after hour in the streets watching, in spite of snow, rain or broiling sun, while the telegraph wires ticked the news to the bulletin boards; bravely attempting a smile, to cover an anguish of heart that at times seemed to consume their very souls.

NOVEMBER 11th, 1918--Peace--The Armistice was signed, and civilization staggered back from its race to suicide. War let loose its death grip on the throat of blood-stained Europe, and gave the peoples of the earth a breathing spell, in which to gaze upon countless ruins of cities, millions upon millions of graves; a world filled with widows, orphans, maimed and suffering, crushed and tumbling nations, and a strained and almost shattered eivilization.

NOVEMBER 11, 1918---A day of relief, a day of joy, a day of thanksgiving!

TODAY---NOVEMBER 11, 1923, five years later, finds a world full of thanksgiving for the relief granted, for the suffering ended, for the sacrifices no longer demanded; finds a sore-tried humanity slowly struggling back from the abyss of war and destruction to the cool, green hills of peace, and the broad, flat fields of prosperity---to better, freer, higher standards of civilization.

BUY A POPPY

Shall we forget the time they marched away
Singing, as though to some glad holiday?
Shall we forget what anxious watch we kept
Of the returns? How mothers wept?

Shall all our sense of gratefulness be lost?
Shall we, who 'scaped the dreadful holocaust
Be niggardly in a response to give
To those who cannot work—but who must live?

W. R. H.

GIVE THANKS

November 12 is Thanksgiving Day—so decreed by Parliament—and Thanksgiving Day it should be in every sense of the word, for Canada-with a record breaking crop, and other industries flourishing, is on the high-road to prosperity. Even the community of Stewart has reason for giving thanks; for while the past season carried a few disappointments, it was, on the whole, a remarkably successful one. When a review of the results obtained is made, it is difficult to conceive wherein the district could have made better progress. Four properties have been proven capable of being converted into shippers—a truly exceptional record for any mining camp in one season.

United States Funds

THE BANK OF MONTREAL has a system of direct private wires between its leading offices in Canada and its offices in the financial centres of the United States. These facilities enable the Bank to provide unexcelled service and to give its customers the advantage of close competitive rates on the purchase and sale of United States Funds.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, unsurveyed Crown lands may be pre-empted by British subjects over 19 years of age and by aliens on declaring intention to become British subjects, conditional upon residence, occupation and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, "How to Pre-empt Land," which can be obtained by addressing the Department of Lands, Victoria, B.C., or any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timber land, i.e., carrying over 8,000 feet per acre west of the Coast Range and 5,000 feet per acre east of the Coast Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land is situated, and are made on prescribed forms, copies of which may be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements to value of $10 per acre, including clearing and cultivation of 5 acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt a Land."

PURCHASE

Applications are received for purchase of vacant, unreserved, unsurveyed Crown lands, not to be used for agricultural purposes, at the price of first-class land $5 per acre, and second-class land $2.50 per acre. Information regarding purchase of Crown lands is given in Bulletin No. 10, Land Series, "Sale and Lease of Crown Lands."

Mill, factory, or industrial sites, timber land, not exceeding 640 acres, may be purchased or leased, conditions including stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 5 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title obtainable after residence and improvement conditions fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by any one person or company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered by the Grazing Commissioner. Applications for grazing permits are issued based on numbers ranged, preference being given to established owners. Stock owners may form associations for range management. Free or partial permits are available for settlers, campers and travellers with stock.

METEOR MINE IS PRESERVING FAME

Very encouraging reports regarding the Meteor mine, situated on Springer creek, near Slocan City, are given by Wm. Buchan and Geo. Long, who are operating the property on behalf of the owner, J. C. Buchanan, of Dallas, Texas.. This mine is regarded as one of the richest in the Kootenay district, and former shipments have yielded over 600 ounces per ton in silver, besides a considerable value in gold.

No. 6 tunnel is a crosscut, in about 450 feet to the vein. They have drifted 60 feet on this, and have ore all the way. In the stope eight to ten inches of solid ore is encountered, with values probably over $300 per ton. In addition there is 180 feet of stopeing ground through No. 5 tunnel. The ore shoot on No. 5 level is 125 feet long and there are four other ore shoots ahead.

This mine has been shipping periodically for the past twenty years, and it never looked better than it does at the present time.

The Cork Province near Kaslo is taking out three tons of clean ore daily, it is reported.

EXTENSION OF TIME

NOTICE is hereby given that the time for the reception of tenders for Office-Dwelling and Boat Landing at Schooner Passage, B. C., is extended to Friday, November 16, 1923.

Lode Gold, $109,647,661; Silver, $59,814;266, Lead, $51,810,891' Copper, $170,723,242; Zinc, $24,625,839; Coal and Coke. $238,-289,565; Building Stone, Brick, Cement, $36,605,942; Miscellaneous inerals, $1,358,839; making its Mineral Production to the end of 1922 show

AN AGGREGATE VALUE OF $734,259,619

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,509,968; for five years, 1906-1910, $125,-534,474; for five years, 1911-1915, $142,072,603; for five years, 1915-1920, $189,922,725; 1921. $28,066,641: for the year 1922, $35,158,843.

PRODUCTION DURING LAST TEN YEARS, $339,280,940

Lode mining has only been in progress for about 33 years, and not 20 per cent. of the Province has been even prospected; 300,000 square miles of unexplored mineral-bearing land are open for prospecting.

The mining laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES, Victoria, British Columbia.

LOCAL NEWS

Christmas gifts of quality at Zeffertt's.

Dr. Lee Hedger, formerly of Hyder has left Wrangell Alaska, and opened dental offices in Seattle.

Stampede John writes from Seattle that he has been in B. C. all summer and is now on his way south.

Fred Miller of Alice Arm lost a large boom of logs last week by the flood carrying them out into the inlet.

J. P. Hawkinson has received a letter from J. C. Wells, formerly employed in the Exchange Grill. Wells is now in Los Angeles and has bought a car. He figures on bringing it to Stewart in the spring.

J. Wilson, of the crew working on the new Stewart-Hyder road, was struck by a flying rock from a blast last Tuesday and has a badly bruised and lacerated hand as a result. A crowbar held by this hand in front of his body probably saved him from fatal injuries.

Davie MacIntosh is on a business trip to Rupert.

P. C. Beaudreau and family of Hyder left for the south Sunday on the Prince Rupert.

Joe Jackson left Monday night for Hazelton and Smithers where he is interested in mining claims.

The Crawford Transfer Co. possesses the only pink horse in captivity. It is a source of wonder to visitors in Stewart.

Dr. H. A. Whillans, physician and surgeon; consultations at office of Stewart General Hospital, 10 to 11 a.m., and by appointment.

Mrs B. M. Stone has left Ketchikan and gone to Anchorage to join Berney, who is connected with a new morning paper in that town.

Special Thanksgiving and Armistice Day services will be held in St. Mark's Church next Sunday by Rev. Edwin Moss, at 10:45 a.m and 7:30 p.m.

Jack Stanier, one of the camp's oldtimers, left for the south last Sunday after spending the summer in the district. He is interested in some placer ground in the northwest corner of Alberta.
