SUPPORTERS OF FRED STORK HERE

Bert Kergin, M. L. A. and Mary Ellen Smith, M.L.A Address Large Gathering Of Stewart Citizens

A capacity house last Monday evening accorded Bert Kergin, M.P.P. for this district, and Mrs Mary Ellen Smith, M.P.P for Vancouver, a good hearing. The two speakers supporting Fred Stork, Liberal candidate for Skeena in the federal election, were introduced by the chairman, Dr. Whillans, who, after a few well chosen remarks, called upon the first speaker of the evening, Mr Kergin, who, is a fighting humor, dealt heavy blows in profusion.

In speaking of their trip down from the Premier, where he and Mrs Smith addressed a meeting Sunday evening, Mr Kergin referred to "the stink of rotting fish" as they passed Fish creek in the car, and told how Mrs Smith had said that one would not want "a second whiff." This he said reminded him of the Conservative regime from 1911 to 1921. He could not believe that anyone in Stewart would want a "second whiff."

The Liberal party had done more for Stewart than had ever the Conservative. It was the Liberals who built the present telegraph line, the old dock approach, and gave Stewart the best mail service in its history. Recently the Federal government contributed very largely toward the construction of the present highway between Stewart, the dock and Hyder. After all that had been done in the early days for Stewart by the Liberal party it made him mad every time he thought of Stewart's ingratitude when in 1911 the people here turned down the Liberal candidate and gave H.S. Clements, a Conservative, a majority, a man who after elected never returned to even visit the district. It made him mad when he remembered the way the people of this town fell at that time for the bluff and bunk of the Conservative party.

He time and again challenged Conservatives present to refute his statements; failing to get a rise he turned his attention to what he termed the poisonous campaign of the Provincial party at the last Provincial election. Getting no response to his challenges, the speaker dealt with and gave a lot of statistics to prove that the Mackenzie King Government had, on assuming office in 1921, taken over an impossible condition, but in spite of great difficulties, have improved the financial condition of the country, reduced the national debt, taxation, and improved business and living conditions and brought money back to par.

In what was possibly the meat appealing speech of the campaign Mrs Mary Ellen Smith of Vancouver was the next speaker.

In her opininion national politics is nothing but national housekeeping, and all her life having a reputation as a good housekeeper, her good friends in Vancouver, after the death of her husband, induced her to turn her housekeeping talents to the larger sphere which she has done now for some years.

In dealing with national questions she referred to conditions in Canada from 1890 to '96, when Canadians by the thousands left Canada for the States. After the election of '96 and Laurier formed his cabinet, second to none in the history of the country, things improved. His Government inaugurated policies that spelt progress and advancement and large immigration to Cadada was the result. They created the first Department of Labor in Canada; created the Imperial preferential tariff and progress was rapid until 1911 when the Conservative party set up the diabolical cry of annexation, which defeated the Liberal government of the day. "I wish to ask any person in this vast audience what has been Canada's progress since that fatal election in 1911," Mrs Smith challenged.

The Borden government had three years before the war and three years afterwards. Did they, between 1918 and 1921, advocate high tariffs? If they were not the cure all then, why are they now? she asked.

The Conservative party, she contended, is greatly responsible for Canada's present heavy national debt and therefore have no grounds for criticism now. When the Liberals went into power in 1921 they took over the bankrupt national railway system of Canada, and have put it on its feet. They have reduced the National debt reduced taxation on a ratio of $3 now for $4 before paid, reduced the western freight rates. The policy of the Mackenzie King Government is the unity of Canada, north, east, south, west.

She concluded with a plea for support for Fred Stork, the Liberal candidate on Oct. 29th, a man who has worked long and hard for this district under very arduous conditions. Your opportunity is here now, she said, in the most important election in the history of Canada. "Are you going to send a man down to Ottawa to sit in the cold shades of opposition, or a man who has had four years' experience in your service? My advice to you is to send Fred Stork back with a big majority on Oct. 29th, such that will show the whole of Canada that you are behind him, and in this way strengthen his hand."

Upon assuming her seat Mrs Smith received an outburst of applause, which was fully deserved. The speakers then left to catch the outgoing boat south.

ANXIETY IS FELT FOR JOHN GRANT

There is considerable anxiety over the disappearance of John Grant, who arrived here from Terrace the 12th of the month and has not been seen nor heard of for the past ten days, when he left Stewart for Hyder, at which place there is no apparent record of his arriving. A thorough search of the tide flats and bay has been going on all week without result. His wife has been communicated with by the local authorities and has replied that he has not returned home. Mr and Mrs Grant will be remembered by a number of Stewart people, they having resided a year or so ago in the small house near the corner of Brightwell and 8th streets, Mr Grant being at that time in the employ of the Premier at the tram terminal. They left for Terrace where they are reported to have a farm.

Residence close in, cheap for cash. Rolston & Co.

NOTED ENGINEER VISITS THE CAMP

Harry Rogers, brother of the late M.K. Rogers, and member of one of the most famous western mining families, paid Stewart a visit for a few days during the week end, visiting several properties, including the Premier, Dunwell, B. C. Silver and others. Mr Rogers, who came to this district first in 1903, staked at that time several properties including the George Copper and property that his family still hold on Glacier creek. Mr Rogers and the interests he at that time represented, opened, with his brother, the Hidden Creek properties that resulted in the big smelting and mining operations of Anyox. Mr Rogers may possibly return in the spring, as he left more than satisfied with what he saw.

Poppy Day

As in the past so again this year, the United Services Club will hold Poppy Day in keeping with the rest of Canada, commemorating the signing of Armistice Nov 11th, 1918. Mrs H.C. Bennett has again been requested by the Club to form a committee of ladies for the sale of poppies, which this year will be on Monday, Nov. 9th.

W. G. Norrie Visits the Camp

W.G. Norrie, representing the Porcupine Gold Fields, a subsidiary of the New Consolidated Gold Fields of South Africa, after spending a few days looking the district over, left yesterday for Alice Arm to examine properties in that camp.

NEW ORE BODY ON B.C. SILVER

According to reports the B. C. Silver has, by following one of their diamond drill holes, opened some 18 feet of ore said to average approximately $40 at a vertical depth of about 700 feet, though it is not known whether this ore body goes through to the surface. It has to date been drifted on for some 60 feet. Picked samples are said to run as high as $350 per ton, with the principal values in gold. The strike is understood to be about N 30 deg. E, and the discovery was made approximately in the widest part of the property. If this body proves anything like it promises, it is only natural that the present camp accommodations and equipment will be increased as soon as practicable.

H. Comer says that time is money and that his car clocks have stopped, so there will be "no more tick."

Examine C.N.R. ad, Page 3.

GEO. W. NICKERSON OUTLINES HIS STAND

To The Electors of Skeena District:

You will be given an opportunity of choosing your representative in the Dominion house for Skeena Electoral District on October 29th. I am asking for your support as a Progressive candidate. The Progressive Party is composed of Western members whose first interests are in the west. Too long the more numerous voices of the East, both Liberal and Conservative, have been heard at great sacrifice to the interests of the west. High protection, discrimination in favor of Eastern rates and Eastern routes have been the result. Unfortunately for the West, during the past two decades, our representatives have been uniformly good party men whose principles were easily subdued by the clever politicians of the East.

Our mining, lumbering, fisheries, notural harbors and splendid did shipping facilities remain dormant. The possibilitities of mining in B.C. are said to far surpass Northern Ontario and closely approach to that of the Rand. British Columbia is looked upon as the lumber warehouse of the Empire, yet the British Government continue to place their big orders in the United States.

As a candidate I stand four-square for the development of Skeena district; for improved railway service, improved coastal service, and for increased publicity by the Canadian National Railways of the "Inside Passage" and the Portland Canal as points of interest to the tourist as well as Jasper Park, Vancouver and Alaska, as prevails entirely in all their past advertising. We must have such development as will at least give adequate employment to all our present population.

I am opposed to the loose administration of our Oriental immigration laws and will advocate an absolute closing of the lid against this class of immigrant. I stand for the principles of the Progressive Party in its entirety, that Canada should first of all be made a good place for Canadians to live in before any immigrants are invited. Immigration largely means unfair competition with our own Canadian workmen, who are on a higher plane of living.

I stand first of all for the best interests of the West and secondly for Canada as a whole. And when sitting in parliament I will not be handicapped by an overwhelming Eastern majority in the Progressive Party. I respectfully solicit your vote and influence in the best interests of the West.

GEORGE W. NICKERSON.

STRIKE BLIND VEIN ON THE EMPEROR

Crosscut Tunnel Encounters Fine Vein of Ore Which Adds Materially To Value of the Property

Gus Seiffert, managing director of the Emperor mine, sent down word last Friday evening that a "blind" vein had been encountered in the crosscut tunnel at a distance of 280 feet from the portal. This vein has since proven to be 4½ feet in width and averages between $60 and $70 per ton in all values, the contents being gold, silver, lead and zinc. Samples of the ore sent down show a preponderance of the last named metal. Mr Seiffert considers the unexpected strike of utmost importance to the property, as in itself it would make a mine without the large vein that is his objective, and which should be reached with about 200 feet more of tunneling.

TEAM WORK

Geo. G. Bushby

AN OPEN LETTER
To the Electors of Skeena Riding:-

I am in this election contest for the purpose of throwing into the scales whatever ability, energy and influence I may possess in order to help cut the expenditures of Canada to a point where rigid economy in the administration of the public affairs may be brought about.

To reduce taxation.

To pay our bills.

To reserve for the use of Canadians the boundless natural resources of Canada.

To provide for the people of Canada a means of earning a living in Canada.

To develop traffic for our National Railway system, and our Government Merchant Marine.

To provide a reasonable tariff which will enable the people of Canada to peacefully conduct their business without being subjected to the onerous mass competition of the gigantic manufacturing and producing nation to the south of us and also to the low wage competition of Europe.

To encourage the establishment and operation of a smelter at tide water for central and northern B.C.

Yours Faithfully,
Geo. G. Bushby,
Conservative Candidate.

BRITISH COLUMBIA
The Mineral Province of Western Canada
Has produced Minerals valued as follows: Placer Gold, $77,382,953; Lode Gold, $118,473,190; Silver, $68,824,579; Lead, $70,548,578; Copper, $187,489,378; Zinc, $32,171,497; Coal and Coke, $260,880,048; Building Stone, Brick, Cement, $42,225,814; Miscellaneous minerals, $1,431,349; making its mineral Production to the end of 1924 show

AN AGGREGATE VALUE OF $859,427,386

The substantial progress of the Mining Industry of this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895 inclusive, $94,547,241; for five years 1896-1900, $57,605,967; for five years 1901-1905, $96,507,968; for five years 1906-1910, $125,534,474; for five years 1911-1915, $142,072,603; for five years 1916-1920, $189,922,725; for the yea. 1951, $28,067,641; for the year 1922, $25,158,843; for the year 1923, $41,304,326 and for 1924, $48,704,604.

PRODUCTION DURING LAST TEN YEARS, $372,604,641

Lode mining has only been in progress for about 25 years, and only about one-half of the Province has been prospected; 200,000 square miles of unexplored mineral-bearing land are open for prospecting.

The mining laws of this Province are more liberal and the fees lower than of any other province in the Dominion, or any Colony in the British Empire. Mineral locations are granted the discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES, Victoria, British Columbia

N. B.—Practically all British Columbia Mineral Properties upon which development has been done are described in some one of the annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports of the Geological Survey of Canada, Pacific Building, Vancouver, are recommended as valuable sources of information.

Instead of shows being held in the Hyder moving picture theatre on Wednesdays and Sundays as formerly, two shows will be given on Sundays, at 3 and 8 p.m. through the winter.

Party and Dance

On Friday Oct. 30th the Women's Auxillary of St. Mark's Church will hold a Children's Hallowe'en Party followed by a Dance at which all taking part are requested to wear paper costumes. Gentlemen's hats may be obtained at the door. Admission to dance one dollar each including supper.

Warning To Electors

Liberals will not stop at anything to discredit Nickerson. Last Saturday's Prince Rupert Daily News charged Robert Forke refused to endorse Mr. Nickerson. The following telegram to Nickerson from Mr. Forke dated Pipestone, Manitoba September 18th is sufficient reply to the usual Liberal propaganda: "Regret delay. If nominated on Progressive platform, will be satisfactory."
Nickerson Campaign Committee.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

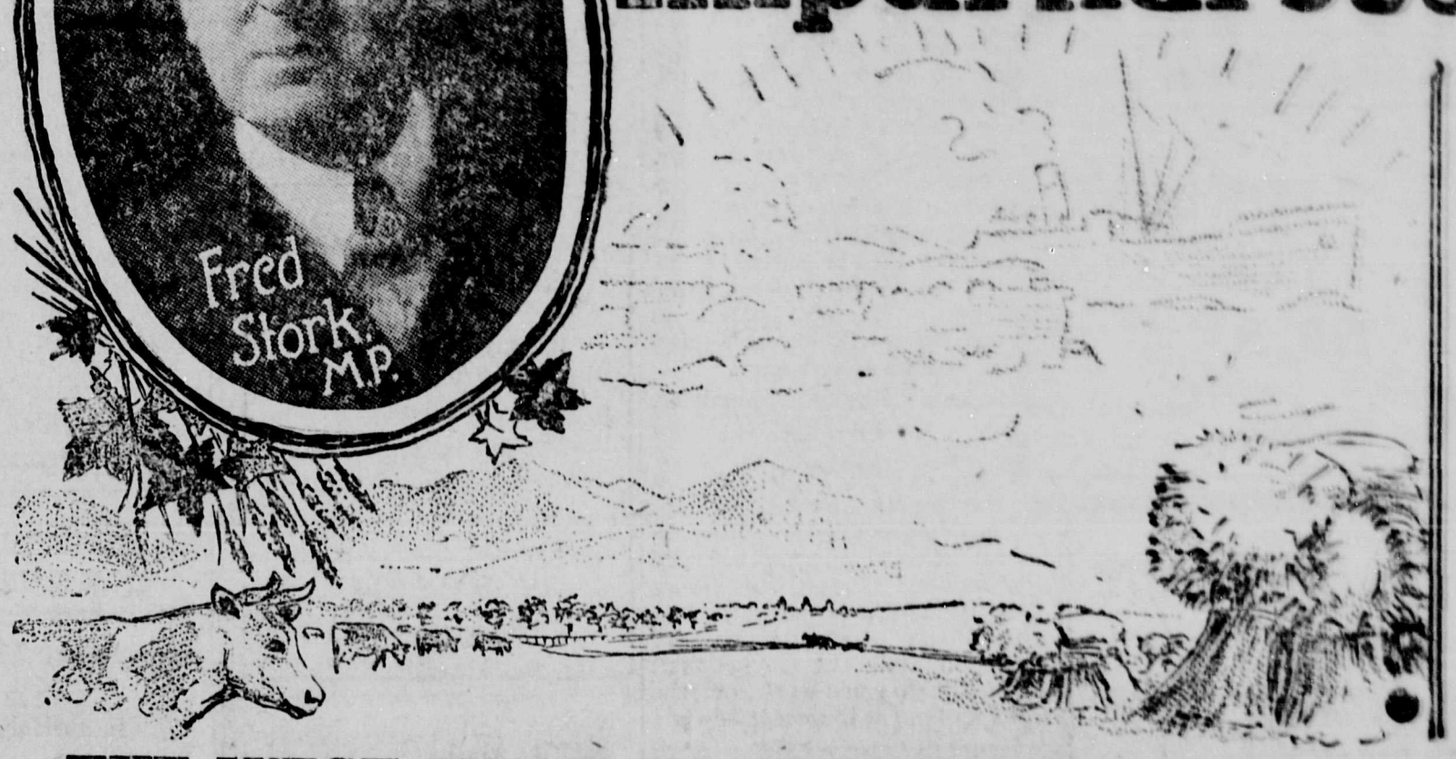
LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

The Rt. Hon. W. L. Mackenzie King Says ~ "We will give the West Equal Treatment Impartial Justice"



"Our Tariff must have due regard for all parts of the country in its present stage of development," said Mackenzie King recently.

The Liberal tariff is a tariff primarily imposed for revenue. This tariff, which is a tax, should be as light as possible on the people.

Premier King says, "Especially do we believe that the instruments of production essential to the development of our basic industries and the necessaries of life should be taxed as lightly as possible."

THE WEST MUST COME INTO ITS OWN

Put your trust in men who believe in the West's future — men who in Canada's darkest hour held out hope—men who believed in developing the West.

Under almost insurmountable difficulties, Canada faces the world today on the wave of industrial prosperity. She has met every debt on its due date to her foreign creditors—her dollar is the highest in the world. And the West flourishes. In the last four years, since Mackenzie King took the helm at Ottawa, the West's port, Vancouver, has shown greater industrial development than in all her previous history.

This in the face of the cries of ruination and foreclosure from Meighen and Stevens in 1921. This in the face of the repudiation of Mr. Meighen by Canada's strongest Conservative journal, which styled his outlook at that time, "the whisper of death." And more than ever in the history of the West does the West need friends at Ottawa. Men who will stand in the councils of the nation afraid of no moneyed interests, no combines, no section of their party or rival city of the Dominion.

Such men are the Liberal Candidates. They know they will have the support of the leader of Canada's next Government, the Rt. Hon. W. L. Mackenzie King. For he has said throughout the country that there must be justice for every section.

The Liberal Candidates are pledged to secure absolute equalization of freights for the West. If it is necessary to make this a national issue in the House of Commons at Ottawa, they will do it.

G. G. McGeer, K.C., Liberal Candidate for Vancouver Centre, said recently:

"There is one Court where we can secure lasting and final justice, and that is the GREAT COURT OF PUBLIC OPINION, the Parliament of Canada."

Vote Liberal, and you will bring about Western development and prosperity for all.
