BOARD OF WORKS WILL TENDER ON SEWER WORK

Sewer, New Westminster—Tenders for the construction of Sections A and B of the Sapperton sewer will be made by the city board of works in competition with contractors who may figure on the big job, and it is expected that if the board's tender is lower than the contractors' it will be awarded it and in this way will be done directly by the board, practically by day labor. Tenders for the whole project are being called for, and must be in the hands of City Engineer Blackman by July 13. This project is in three sections, A, B and C., the latter being the outfall, requiring an inverted syphon to carry the sewerage across the Brunette creek, much foundation work through the low-lying land to sustain the big tunnel, and in fact is so difficult that the board of works will not tender on it.

The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.

PROPOSALS WANTED

General Contract.

Brewery, Fort George—Plans have been completed by Archts. Wilson & Wilson, 532 Granville st., of Vancouver, and contractors can now tender for the erection of a mill construction brewery bldg to be erected at Fort George for the Peace River Malting & Brewing Co., Ltd., of Fort George to cost about $75,000.

It is said that several Vancouver parties are interested in the venture, but these names are withheld from publication. However, contractors who desire to figure the job can get in touch with these parties, from whom plans can be obtained, through the office of the architects in Vancouver.

The bldg. will be mill construction, with cement plaster finish. There will be a complete equipment of machinery; corrugated iron roof and work is to commence as quickly as a contract is let, so that the structure can be finished by September, if possible. The structure will be apportioned so that one section of the bldg is 5 -sto in height, another section 3-sto and still another section only 2-sto in height.

Sewers, Sapperton—Tenders for the construction of sections A. & B. of the Sapperton sewer will be received by W. A. Duncan, City Clerk, New Westminster, until July 13. The work involves about 7 3-4 miles of combined sewers and also the laying of concrete and vitrified pipe.

Plans and specif. may be obtained from City Engineer Blackman. The city board of works will also submit an estimate and if their tender is lower than other tenders the city will undertake the work themselves.

Paving, South Vancouver—At a recent meeting of the council it was decided to invite tenders for paving Victoria Road from Kingsway to 43rd ave. All tenders must be in by the 7th of July.
