The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.

NOTICE TO CONTRACTORS.

Bridge—Pitt River.
Substructure.

Sealed tenders, superscribed "Tender for Substructure for Pitt River Bridge," will be received by the Hon. the Minister of Public Works up to 12 o'clock noon of Tuesday, the 26th day of May, 1914, for the complete substructure of a bridge across the Pitt River at Port Coquitlam.

A 66-foot right-of-way from the Dewdney Trunk Road to the bridge-site on both sides of the Pitt River will be provided as shown in the drawings.

Drawings, specifications, contract, and forms of tender can be seen at the offices of the Government Agents, Vancouver, New Westminster, and at the office of the Deputy Minister and Public Works Engineer, Parliament Buildings, Victoria, B. C.

Intending tenderers can, by applying to the undersigned, obtain one copy of the drawings and one copy of the specifications for the sum of twenty-five dollars ($25).

Each tender must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works, for the sum of $10,000, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

The successful tenderer shall furthermore furnish a bond of a guarantee company authorized to carry on business in the Province of British Columbia and satisfactory to the Minister of Public Works, in the sum of $50,000 for the due fulfilment of the contract.

Tenderers will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Deputy Minister and Public Works Engineer.
Department of Public Works,
Victoria, B. C., April 27th, 1914.
