AWARD CONTRACT FOR NEW GOVERNMENT DOCK

Dock, Vancouver.—The contract for the proposed government dock in Vancouver has been awarded to the firm of Henry, McFee & McDonald, according to a special dispatch from Ottawa, at the figure of $1,250,000.

The local address of the contractors is not given, and as nearly as can be ascertained, they have no Vancouver office to date.

From the office of H. H. Stevens, M. P., it was said that the firm was known to the manager of the Merchants Bank of Canada, but enquiry at the latter developed the fact that such was not the case, as the bank's officials professed to have no knowledge of any such firm.

The member of the firm are said to be Canadians who have large financial interests in Vancouver.

The work included in the contract embraces the construction of a concrete pier, with appurtenances, the extent of which has been previously described in the Building Record.

CONTRACTORS PROTEST RIXFORD'S APPOINTMENT

....Victoria contractors are preparing to register a strong protest against the action of the directors of the Provincial Royal Jubilee Hospital in awarding Mr. H. Loring Rixford, who they allege is not a citizen of Canada, nor a resident of Victoria, the position of supervising architect in connection with the construction of the fine new hospital which is to be erected on the site of the present structure.

Designs of a general character will first be submitted and from this number the best six will be selected and the authors of these will be asked to elaborate their designs. The one finally selected will get the job of superintending the work based on his plans and will be given a five per cent commission. The cost of the buildings will probably aggregate five million dollars.

The other five competitors who will be asked to develop their general designs will each receive $3,000. The sketches will be received up to January 2 next. Then three months will be given for the best half dozen to develop their plans.

The competitors whose plans are accepted will be given a further period of four months to prepare working plans. Afterward tenders will be called for, but, in view of the time allowance, this will not be before next autumn.

The cost of the building will aggregate $5,000,000 dollars. The other five competitors will be asked to develop their general designs and each will receive $3,000. The sketches will be received up to January 2, next. Then three months will be given for the best half dozen to develop their plans.
