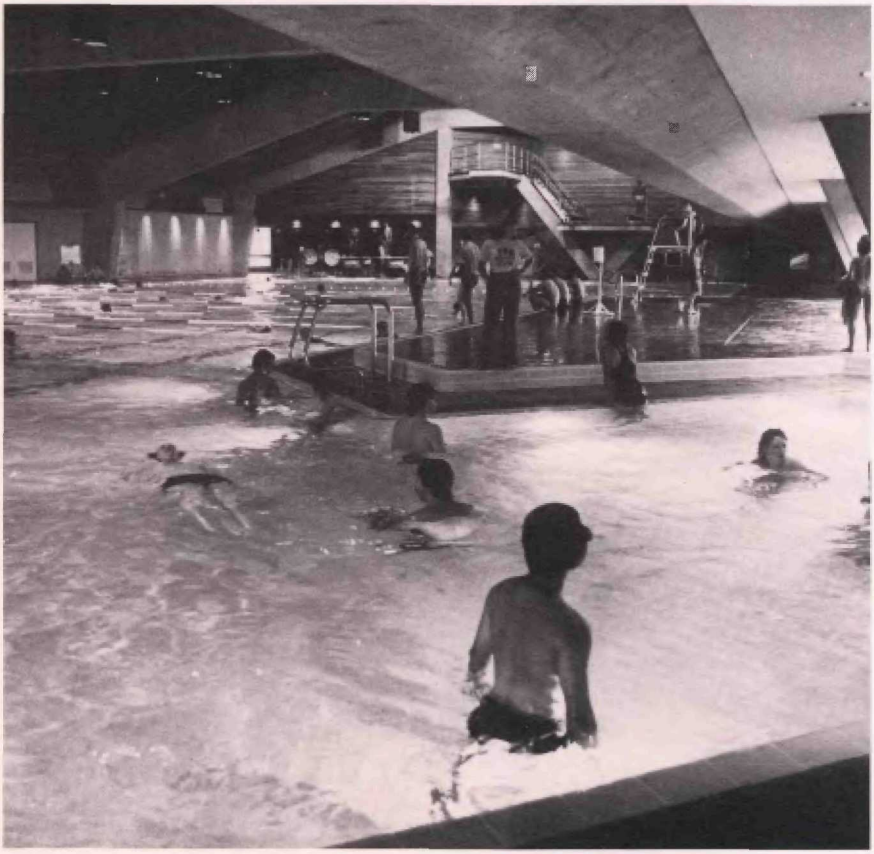
CREATIVE GIVING

APRIL 1977 - MARCH 1978



A Thank You and Report of Private Gifts, Grants and Bequests to the University of British Columbia

The long-awaited Aquatic Centre at the University of B.C. was officially opened September 27. It is much more than just a swimming pool: it is designed to meet the recreational, competitive and academic needs of UBC's students, faculty and staff; and to supplement existing pool facilities in the community. In addition, The John W. Buchanan Fitness and Research Centre at the pool will offer exercise apparatus and fitness testing as well as research facilities for faculty and graduate students.

The dream of an aquatic centre was realized through the generosity of students, alumni, faculty, staff, friends of UBC, corporations, foundations and government grants. See page 4.

IN MEMORIAM

During 1978, the University of B.C. was saddened by the deaths of two people closely associated with its fund-raising activities -- Dr. Walter H. Gage and Alfred T. Adams.

The death of former president Walter Gage on October 3 at the age of 73 ended a 52-year association with UBC that began in 1921 when he enrolled as a freshman student. In addition to many generous personal gifts, Dr. Gage inspired graduates and friends of the University to support its many activities and needs by his unparalleled example of selfless devotion to the welfare of the University.

Alfred T. Adams served UBC as executive director of the University Resources Council from 1964 until his untimely death at the age of 63 on December 22. For more than 14 years he was an untiring ambassador on behalf of the University in the community. He did his utmost to ensure the success of dozens of projects, large and small. The University has much to be grateful for as the result of the perseverance of this modest and resourceful man.

THE UNIVERSITY THANKS ITS FRIENDS

The University owes much of its stature to private gifts. Research, teaching projects, scholarships and bursaries have been supported by individual benefactors, alumni, firms, students, foundations and associations. Many of the major buildings, as well as a wide variety of other projects, serve as testimony to the generosity of those who helped to build UBC.

Gifts have been made anonymously, directly, in memory of relatives, in honour of friends and by bequest. Many alumni and other donors contribute annually. During the year benefactors donated $7,163,761.

The University is deeply grateful to those who have given such generous support and also thanks the many volunteers who have helped generate gifts.

This brochure does not include the names of donors to the Alumni Fund. Provincial and Federal grants are recorded in other publications.

THE UNIVERSITY WANTS TO SERVE YOU

The University wishes to express gratitude to donors in a variety of ways.

If you do not receive *UBC Reports* or the *Alumni Chronicle* we will be pleased to place you on the mailing list.

You may wish to have a list of faculties, departments, schools and institutes, information regarding a specific teaching or research program, faculty or department, or advice in seeking sources of information or answers to problems.

The results of research conducted at the University are freely available and we are eager that they should be of the widest benefit.

A variety of excellent facilities are open to the general public for conferences, social functions, workshops and seminars. They cater for ten or a thousand persons and are backed by food, accommodation and programming services.

The magnificant site, the beauty of the campus and the varied activities of its community make UBC an outstanding place to visit. We will be happy to help you guide a friend or conduct a tour.

A SPECIAL GIFT TO HELP FULFILL A SPECIAL NEED

The establishment of the Royal Canadian Legion Chair in Family Practice has enabled UBC to create a separate Department in Family Practice in the Faculty of Medicine. The Royal Canadian Legion - Pacific Command has pledged $40,000 a year to support the chair. Major activities of the new Department will be development of a service, teaching and research program in community geriatrics.

There are some 152,000 people aged 85 years and over in Canada. Since older people require a great deal of health care support, this is perhaps Canada's most urgent social issue.

With our present pattern of care, 14,000 extra hospital beds will be needed by 1984 to accommodate elderly people. However, many would prefer to remain in their own homes and would do so if assistance were provided by visiting health specialists and volunteers.

These health care experts, trained for a team effort, would provide support and care for the elderly to enable them to continue to function in their home settings.

There is great need for financial support of the research aspects of this program. Members of the faculty will be pleased to discuss with any interested person ways in which this community involvement of the University can be supported.

WILLS & BEQUESTS COMMITTEE

The Wills & Bequests Committee appreciates how greatly the stature of the University has been enhanced by gifts through the wills of its friends. The first bequest -- for $12,000 -- was received in 1928. The many subsequent bequests range from $50 to approximately $14,500,000 from the estates of Isaak and Dorothy Killam. This magnificent support has enabled the University to develop in fields that otherwise would remain fallow.

During the fiscal year 1977-1978, $343,006 was received from 30 bequests. Since 1928, the University has been advised of a beneficial interest in 245 wills, known amounts in 1978 cases totalling over $25 million, most of which has been received. In addition, there have been a variety of bequests-in-kind in the past year including books, paintings, photographs, carvings and collections of artifacts.

The University would appreciate the opportunity to discuss with its friends and their estate advisers, intentions in regard to bequests. UBC is concerned that benefactors should be kept up-to-date in their particular fields of interest.

Howard C. Green
Chairman
Wills & Bequests Committee

PRESIDENT'S ADVISORY COMMITTEE ON FUND RAISING

The University is grateful to the Chairman, Mr. David Brousson, and to the members of this Committee, for the exhaustive examinations they have conducted; and to those many individuals, foundations, corporations, associations and universities in Canada and the USA, who assisted their work.

The Committee:

Mr. D.M. Brousson, *Chairman*
Mr. A.T. Adams
Mr. A. Baxter
Mr. J.L. Denholme
Dr. W.C. Gibson
Mr. S. Hebenton
Mr. E.C. Hurd
Mr. R.W. Macdonald
Mr. A.M. McGavin
Mr. G.A. Thom

COMMERCE/ENGINEERING FUND

The fund was established to supplement monies from Provincial capital grants for additions and renovations to the Henry Angus Building (Commerce and Business Administration) and a new building now shared by the Departments of Civil and Mechanical Engineering. Pledges and gifts in the amount of some $750,000 have been received and were divided equally between the two buildings. Both facilities are in full operation.

THE ASIAN CENTRE FUND

To promote cultural, trade and academic relations between North America and the Asian countries of the Pacific Rim, steel girders from the Sanyo Corporation's Expo '70 Pavilion in Japan were accepted on March 22, 1971 by the Government of British Columbia as a first gift for a fund to build an Asian Centre in Vancouver.

The leaders of the fund recommended that the building should be sited on the UBC campus so that it could house UBC's Asian-language library, the largest collection in Canada, and also serve as a research and community centre backed by the Asianists working at the University.

The University is grateful to friends in Japan, in the Pacific Rim and to the Fund Chairman, Mr. Joseph L. Whitehead, and the Committee for their sustained efforts.

On November 4, 1978, the Honourable Patrick McGeer, provincial Minister of Education, announced that the University had been authorized by the provincial government to borrow $3.59 million to complete construction of the centre, which now is expected to open late in 1980.

The Aquatic Centre is a place for community activity as well as University activity. These youngsters can learn to swim in one area of the pool while individual and group activities go on in other sections of the pool.

THE UBC AQUATIC CENTRE FUND

The official opening of the Aquatic Centre took place on September 27 and fulfilled the dreams of generations of students, faculty and alumni that the University should have a covered pool.

In 1972, the students by a referendum imposed upon themselves and their successors a levy and raised a bank loan to provide $925,000 in cash as the lead gift for the fund.

The student gift was backed by grants from the University, the Government of British Columbia and the B.C. Recreational Community Facilities Fund and Sport Canada/Recreation Canada; and by generous gifts from alumni, faculty, staff, friends, corporations and foundations. These various sources produced some $2,000,000 in grants, gifts and pledges towards the cost of the Aquatic Centre.

The design of the pool is unique: its style is recreational, yet it provides for almost all major aspects of international aquatic competition. Five unrelated activities can take place in the water at any one time. Empire Pool will remain in service in conjunction with the Aquatic Centre during the summer months.

This magnificent centre - possibly the finest in North America - will serve as the core for swimming, teaching, training, research and competition throughout British Columbia. It is also a community pool, available to the general public.

Included in the complex is the John M. Buchanan Fitness and Research Area which provides a variety of sophisticated facilities. The late Dr. John Buchanan made an outstanding contribution to UBC as President of the Alumni Association, member of Senate, member of the Board of Governors and Chancellor.

THE UBC MEMORIAL FUND

The University has established a Memorial Scholarship and Bursary Endowment Fund which it is hoped will provide a significant source of student support in future years.

The purpose of the fund is to encourage memorial donations, and to cater for donations that in themselves would not provide sufficient investment income to ensure a meaningful award.

The fund is designed to serve persons willing to leave small bequests to UBC, to serve lifetime donors and to serve corporations wishing to make gifts in memoriam.

A brochure will be produced listing the persons in whose name contributions have been received, and these brochures will be given to each student receiving an award from the fund.

From time to time there have been and will continue to be organized in memoriam funds of sufficient amount to provide meaningful awards over a long period.

However, the shrinking value of the dollar has meant that some earlier and small funds no longer perform the full function intended. With the permission of the donors concerned, some of these funds might become part of the new Memorial Fund and this will ensure that the names of the persons to whom tribute has been paid will remain known to future generations of students and faculty.

During the year ending March 31, 1978, several hundred donors made gifts (a number being repeat gifts) in memory of 101 perons. In most cases these gifts supported student aid.

A special feature of the Memorial Scholarship and Bursary Fund is the help it will give to individuals and small groups of donors who are not in a position to make major gifts at the time of death of a friend or relative but who may hope to make further lifetime gifts and/or to include an appropriate provision in their wills. By means of this new fund the name of a deceased person will be memorialized regularly from the time the original gift is made.

DONORS INTERESTED IN MAKING IN MEMORIAM GIFTS FOR SCHOLARSHIPS AND BURSARIES, OR CONSIDERING OTHER FORMS OF STUDENT SUPPORT, ARE ASKED TO WRITE OR CALL BYRON HENDER, THE DIRECTOR OF STUDENT AWARDS, THE UNIVERSITY OF BRITISH COLUMBIA, TELEPHONE: (604) 228-5111.

OUTSTANDING STUDENT SUPPORT

This past fiscal year students at UBC contributed $489,864 to the capital development of the University: $107,730 to the Aquatic Centre, $308,100 to the Student Union Building and $74,034 to the Leon and Thea Koerner Graduate Centre.

Since 1928, students have funded or helped fund 11 major campus buildings for more than $6 million. This outstanding support is believed to be unequalled by the students of any other North American university.

In addition, students have worked for and donated to six special building campaigns in the past decade. Each year the graduating class supports various campus activities. The class of 1978 donated $5,000 for day care, $1,500 for rehabilitative medicine and $2,500 to student aid and legal aid.

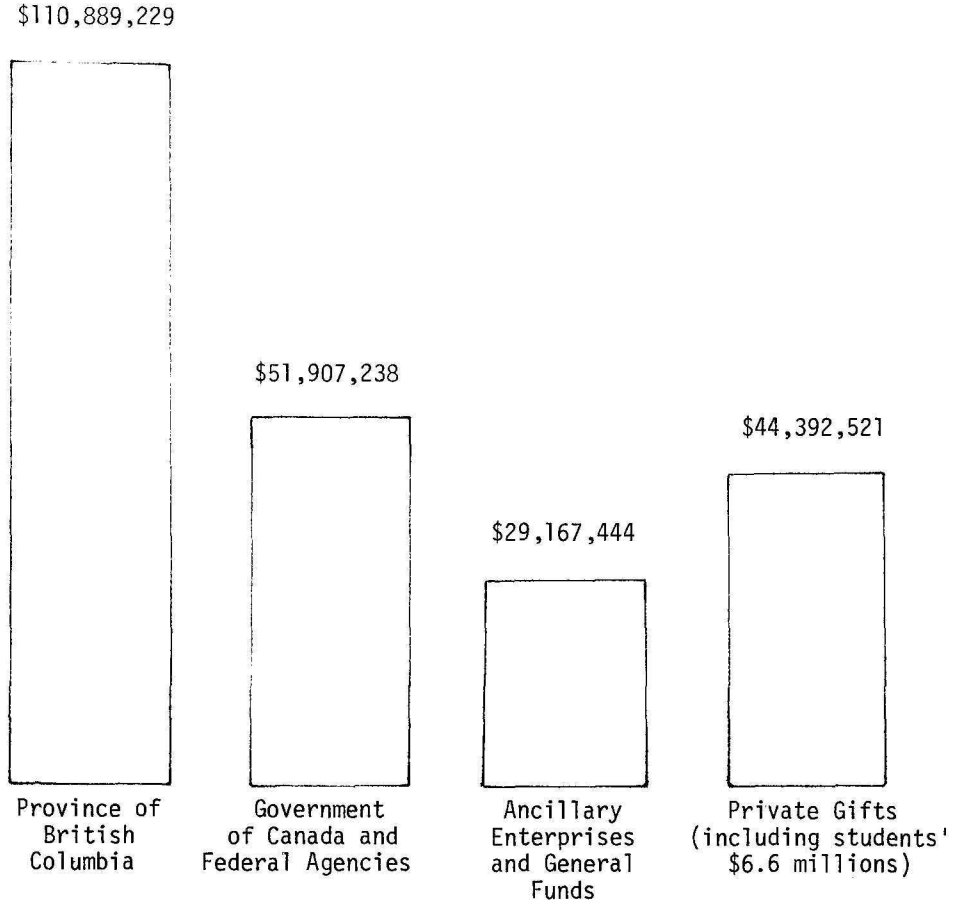
Student Contributions to Buildings

1928:	$ 24,543	Women's Gymnasium
1937:	39,032	Stadium on East Mall
1939:	78,900	Brock Hall (for nearly 30 years the centre of Alma Mater Society activities)
1941:	48,000	The Armory
1947:	367,000	War Memorial Gymnasium
1957:	325,000	Extension of Brock Hall
1959:	150,000	Place Vanier Residences
1962:	185,000	Thunderbird Winter Sports Centre
*1968:	3,500,000	The Student Union Building
*1968:	747,000	Additions to the Thea Koerner Graduate Centre
*1974:	925,000	UBC Aquatic Centre

*Continuing

SOURCES OF FUNDS FOR CAPITAL CONSTRUCTION AT THE UNIVERSITY OF BRITISH COLUMBIA

From 1915 to 31 March 1978



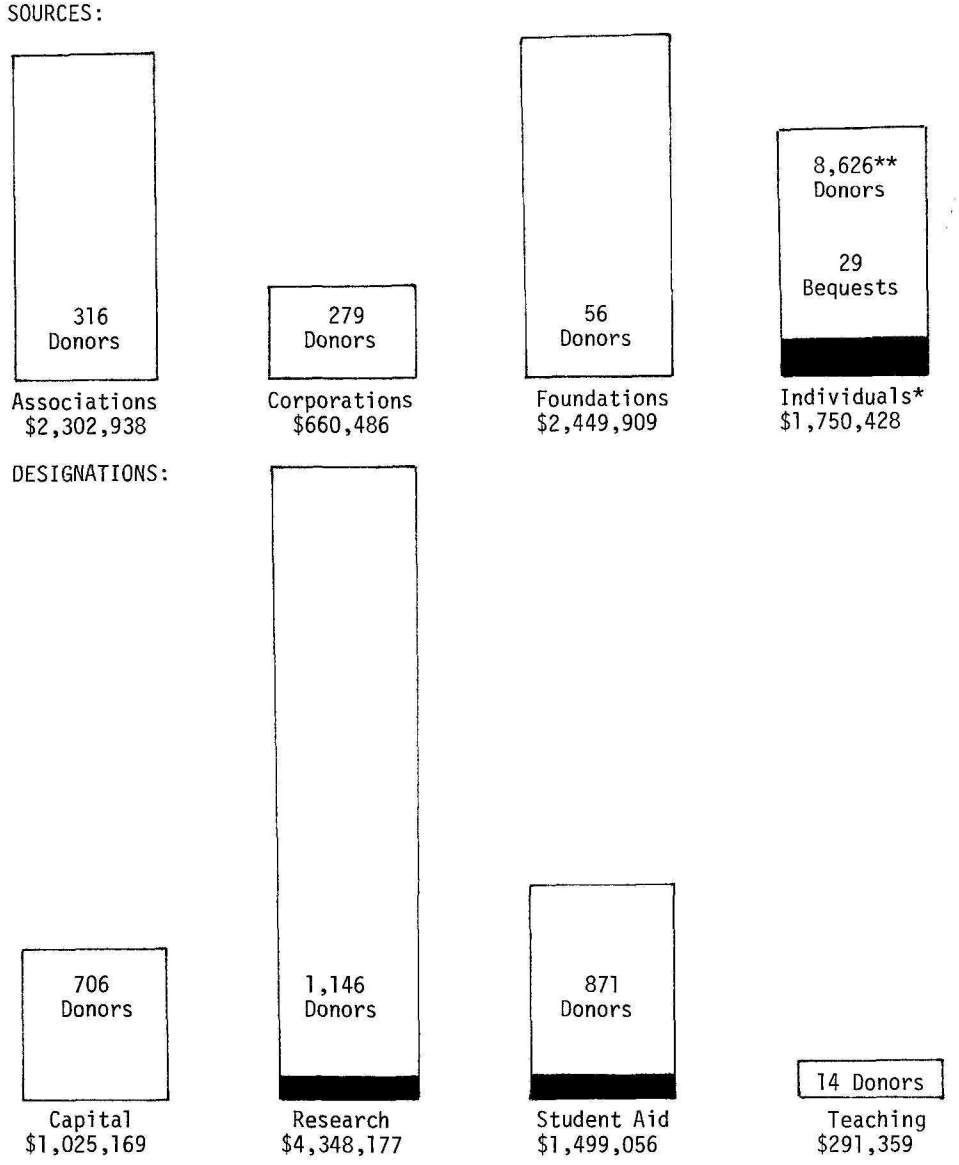
TOTAL INVESTMENT IN UBC LAND, BUILDINGS, EQUIPMENT

$236,356,632

PRIVATE SUPPORT FOR THE UNIVERSITY

April 1977 -- March 1978

Grand Total $7,163,761



Note: Some donors made gifts to more than one project thus the discrepancy between the number of donors and the number of donations.

*Includes $547,986 from 24,224 students for the Student Union Building, Aquatic Centre Fund and Graduate Centre and $349,424 from the Alumni Fund.

**Includes 6,953 donors to the Alumni Fund.

BUILDINGS ON UBC CAMPUS

Buildings on the UBC Campus wholly or largely funded by private gifts (excluding buildings funded by students)

Faculty Club - private donors (plus faculty)

Graduate Student Centre - private donors (plus graduate students)

International House - Rotary and others

Cecil Green Park

Geological Sciences Building

Animal Sciences Teaching and Research Unit

Asian Centre

Berwick Special Education Building - Variety Club

James Mather Building

Nitobe Garden

Pan Hellenic (Sorority) Centre

Private donors have assisted funding a number of other major buildings. In all, private gifts account for some 20% of capital construction. This proportion might be the highest for government universities in North America.

GIFTS-IN-KIND -- April 1977 to March 1978

These gifts included costumes from Tibet, Korea and Africa, a Han dynasty horse's head, a birchbark container, Chinese and Japanese scroll paintings, an African necklace and basket, and an Egyptian alabaster head.
