Come this winter to Canada's Evergreen Playground - golf each day of your stay!

Play out-of-doors in the warm sunshine of Vancouver Island - renew health and vigour in the pine-scented, tangy air - enjoy a real summer holiday here, far away from ice and snow.

All Winter Golf - lawn-like fairways and well-trapped and bunkered greens, smooth as a table-top, call you to sunshiny, healthful days at the royal and ancient game on any of the nine beautiful courses in and around Victoria, B.C., social capital of Canada's Evergreen Playground.

Swimming - each day, you may swim in warm sea-water in the great pool of the Crystal Garden - one of the largest glass-enclosed bathing pools in the world. Just adjacent to the pool is a perfect dancing floor.

Motoring - perfect mile after perfect mile the natural beauties of Vancouver Island unfold as you speed over the Malahat Drive or the Marine Drive, two of the island's favourite motor highways.

Riding - several riding academies and stables open up joyous avenues of pleasure on beautiful bridle paths that stretch for miles through the verdant pine forests near Victoria.

Hiking - on Vancouver Island's road and mountain trails.

Hunting and fishing during the open seasons, with excellent sport assured.

And not the least of your joys will be the comfort, service and cuisine of the Empress Hotel - and, next year, the gracious hospitality which awaits each guest will bring you back again.
