ADJURN AGAIN OVER SOOKE LAKE CONTRACTS

VICTORIA (Special Dispatch)—Once again the Victoria council has adjourned without definitely settling the disputed Sooke Lake waterworks construction contracts.

This time it is announced that the adjournment is made "until the Graff Construction Co. of Seattle demonstrates its ability, to Waer Commissioner Rust, to carry out the concrete pipeline contracts previously awarded the company."

Just what measure of time this will take is not indicated.

Editorial Note—It is now thought highly probable that the two contracts, concrete pipeline awarded to the Graff Const. Co., and the steel rivetted pipe line, let to Macdonald Godson & Co. of Vancouver, will eventually be confirmed by the Victoria council.

The Macdonald Godson Co., it is reported from Victoria, will most likely establish a local plant there and handle practically all of the actual construction work from the Victoria office. This eliminates the (Victoria) objection of having the work go outside of that city.

Just what demonstration will be required for he Graff Const. Co. to denote an ability satisfactory to the Victoria water commissioner to execute its contract is not known at this writing, and the dispatch to the Building Record made no explanation on that point.

The local officials of the Macdonald Gedson Co. decline to make any statement for publication.

WILL PREPARE REPORT ON NEW WATER MAINS

Water Mains, Vancouver—The city engineer has been instructed to prepare a detailed report showing where the installation of new water mains is necessary, together with the cost, to be submitted for consideraion at an early meeting of the council's water committee.

A report is now on hand calling for permanent extensions in place of temporary pipe, involving an expenditure of $55,856.

MAY PREPARE PROFILE FOR "PIPE" TENDERERS

It is understood that City Engineer Fellowes is considering the preparation of a profile plan showing the bed of False Creek at Connaught Bridge, which will be of value to contractors intending to tender on the proposed Point Grey-Vancouver partnership water pipe. The pipe will cross the bed of the creek at this location.

MUST ERECT DEPOT AT FORT FRASER, B. C.

Depot, Fort Fraser, B. C.—It is announced from Ottawa that the Dominion railway commission has ordered the Grand Trunk Pacific to erect a railway station bldg. at Fort Fraser, B. C.

It is understood that plans for this bldg. have already been prepared.

PACIFIC WALL BED CO. OPENS VANCOUVER OFFICE

The Pacific Wall Bed Co. has opened offices and show rooms at 1087 Granville St., where they will carry a full line of wall beds and accessories.

A. R. Stebbings is manager of the company.

PRINCE RUPERT DRY DOCK DREDGING STARTS

RECEIVING PROPOSALS FOR VICTORIA SCHOOL

School, Victoria—The Sec. of the Board of School Trustees of Victoria is receiving proposals until 4 p.m., Nov. 14, for the erection of the Margaret Jenkins School (Hollywood).

Plans for the bldg. were prepared by Archts. Spurgin & Wilkins, of Victoria.

A description of the bldg. is not available at this writing.

The Victoria school board has also decided to experiment with school construction by day labor, selecting for the experiment the proposed manual training depts. of the new Quadra St. and Hollywood bldgs., which are expected to cost about $4,200 each.

It had originally been decided to call contract tenders, but it was thought that the work could be done cheaper by day labor.

CONTRACTS ARE AWARDED AND MATERIALS REQUIRED

Plumbing and Heating—Kydd Bros. Ltd., 155 Pender W., have been awarded the contracts for plumbing and heating in the 10-sto. Credit-Foncier bldg., now being erected at Hastings and Hornby sts., by the H. L. Stevens Co., architectural engineers, and are in the market for tenders on the materials for the work.

PLAN ALTERATIONS IN LIBRARY BUILDING

The directors of the local (Carnegie) library propose to make addns. and alterations to two rooms of the present bldg. to cost about $500, work to be undertaken about the last of the year.
