GET FLOOR CONTRACT ON VANCOUVER CLUB BLDG.

The B. C. Hardwood Floor Co., Ltd., has been awarded the contract for the laying of the whole of the hardwood and fir floors of the above club.

The specifications of the architects, Messrs. Sharpe & Thompson, call for a very high grade of material and workmanship, the floors being an exceptional feature of the interior finish; that of the large dining room 50ft. by 60 ft., will be the finest in British Columbia.

We understand that the B. C. Hardwood Floor Co., Ltd., was selected for this new task because of the highly satisfactory work put in by that company on the floors of the new St. Paul's Hospital, and of the new Merchants' Bank of Canada, Hastings st, for the same contractors, the Norton Griffiths Steel Construction Co., Ltd.

The B. C. Hardwood Floor Co. has recently been acquired from the Executors of the late Mr. T. B. Walker, by Messrs. Conway & Ross, who have added the "Limited" to the name of the Company, and are now moving it to 2635 Granville st, Fairview, close to Broadway and Shaughnessy Heights, where they are equipping offices, workshop, etc., especially for the flooring business.

Mr. Ross has been all his life in the flooring business and has been manager of the B. C. Hardwood Floor Co. for some time past and is now manager of the new company.

Dept. Bldgs., Ottawa—The commission of architects appointed by the government to direct the preparations of designs for the new departmental buildings at Ottawa has just submitted its report outlining the conditions of the competition.

It will be open to competitors throughout the British Empire. There will be at least two buildings and probably a third one for the courts. Half a million superficial feet of floor space will have to be provided.

Designs of a general character will first be submitted and from this number the best six will be selected and the authors of these will be asked to elaborate their designs. The one finally selected will get the job of superintending the work based on his plans and will be given a five per cent commission. The cost of the buildings will probably aggregate five million dollars.

The other five competitors who will be asked to develop their general designs will each receive $3,000. The sketches will be received up to January 2 next. Then three months will be given for the best half dozen to develop their plans.

The competitors whose plans are accepted will be given a further period of four months to prepare working plans. Afterward tenders will be called for, but, in view of the time allowance, this will not be before next autumn.

The cost of the building will aggregate $5,000,000 dollars. The other five competitors will be asked to develop their general designs and each will receive $3,000. The sketches will be received up to January 2, next. Then three months will be given for the best half dozen to develop their plans.
