PLAN PICTURE THEATRE AND HOTEL FOR SUMAS

Sumas Theatre—J. H. Swall of the Swall hotel announced several new building plans of importance to this city which will be carried out at once. Adjoining the present hotel building on the south a modern theatre will be constructed, plans having already been drawn and accepted. The theatre will be steam-heated, well ventilated, have ladies' rest room and other conveniences. A continuous run of vaudeville with moving pictures will be booked for the new house which it is thought will be opened New Year.

Adjoining the hotel on the west a three-storey annex is already under way. Plans had originally been drawn for a one-storey annex to be used as a sample room, but it was decided to make this annex three storeys high, providing about twenty additional rooms.

UNIVERSITY BUILDING PLANS ARE PROGRESSING

University Bldgs., Vancouver—In a statement from Victoria, Hon. Dr. Young, minister of education, states that actual construction on the bldgs. of the proposed University of B. C. at Point Grey, would probably be taken up immediately after the land was cleared.

Architects Sharpe & Thompson, London bldg., Vancouver, are finishing up plans for the bldgs., and as tenders for the land clearing close on Nov. 15, it is believed that bldg. operations will be under way within a few months.

A preliminary appropriation of $500,000 is available on this work. The ultimate cost of the bldgs will be several millions of dollars.

OIL EQUIP. TENDERS CLOSE ON NOVEMBER 15

Oil Equip., Vancouver—Proposals for installing oil-burning equipment on the govt. tug Petrel will close at the office of J. L. Nelson, supt. of dredges, Vancouver, on Nov. 15, noon.

Specifications can be seen and forms of tender obtained at the office of J. S. MacLachlan, District Engineer, Victoria, B. C.; at the office of C. C. Worsfold, District Engineer, New Westminster, B. C.; and at the office of Mr. Nelson, Room 40, P. O. Building, Vancouver, B. C.

PERMIT IS ISSUED FOR "GATE" LODGE BLDG.

Gate Lodge, Shaughnessy—A permit has been issued by the Point Grey officials for the construction of the proposed "Gate" Lodge building to be erected in connection with the new residence planned for B. T. Rogers, of the Vancouver Sugar Refinery.

The contractors are Hodgson, King & McPhalen Bros., 319 Pender W., Vancouver, and the architects Somerville & Putnam, London bldg., Vancouver.

NEW PLANS SUBMITTED FOR JOHNSON ST. BRIDGE

Bridge, Victoria—An entirely new set of plans submitted for the proposed Johnson street bridge is held responsible for the delay in undertaking construction. Provincial government officials have promised to have the work taken up as quickly as possible.

CONTRACTS AWARDED FOR THREE SCHOOL BUILDINGS

Schools, Calgary—Contracts have been awarded by the Calgary school board to T. R. Yerger, of 706 6th Ave. W. (Calgary), for the erection of three new school buildings, in West Mt. Pleasant, Riverside and Ogden.

The blds will be 1-sto. fr., 4 rooms each, steam heat, ventilation, etc., cost-in $12,000 each.

REPAIRS TO SEWER PIPE ENTAILS LARGE EXPENSE

Sewer, Victoria—Repairs to the large Oxford street brick sewer which recently collapsed, may cost $30,000. The pavement has sagged above the break, and it is believed the trouble is owing to the pipe being laid on a "soft" bed.

Permit for Bungalow

Res., New Westminster—A permit was taken out at the building inspector's office, Saturday, for a five-roomed bungalow to be erected on Simpson street for J. H. Diamond. The building will cost $1500.

VANCOUVER BUILDING PERMITS

Only Permits amounting to less than $1000 will be found under this head.

5866—J. R. W. Carrington, 1 sto. fr. garage, 3630 Carolina Stree, owner, $125.

5887—W. P. Atkin, 1 sto. frame garage, 12 7th Ave. W., owner, $25.

5888—Chas. Brown, 1 sto. frame garage, 1645 14th Ave. W., owner, $200.

EXPECT CONTRACT ON VICTORIA BLDG. SOON

Hudson's Bay Co. May Build in Victoria Full 10 Storeys

Store Bldg., Victoria—It is definitely announced from London that the Hudson's Bay Co. has increased the appropriation for its proposed Victoria store bldg. from $450,000 to a full $1,250,000.

The smaller appropriation was intended to cover the construction of only the first four storeys of the building, but as all plans have been completed for a 10-sto. structure it is believed that the company intends to go ahead with the complete structure at once.

Excavation has now been under way for five weeks and will be completed in about six weeks more. Those closely in touch with the company's building plans say that a building contract will be let before the excavation is finished.

No public tender has been invited for building proposals, but the company will more than likely ask for figures from selected contractors only.

COLD STORAGE PLANTS MAY NOT BE MOVED

Cannery, New Westminster—There is still a possibility that the Columbia Cold Storage and the St. Mungo Cannery may not be moved from New Westminster to Steveston. Negotiations are still in progress between the city and these companies with a view to arriving at some amicable adjustment of the differences regarding sites and waterfront rentals.

SECOND NARROWS BRIDGE HEARING ON THIS WEEK

Bridge, Vancouver—The various proposals covering the erection of the Second Narrows Bridge will be taken up by the government authorities at Victoria this week, and it is expected that a final decision will be reached as to plans and calling for tenders.

It is believed that government will take over the work itself.

GOVERNMENT MAY BUILD BRIDGE AT EDMONTON

Bridge, Edmonton—The provincial government is contemplating building a bridge across Saskatchewan ave. from Eighth street to the parliament buildings, and it is asking concessions from the city regarding overhead crossings of the avenue.

AWARDS CONTRACTS ON TWO PROVINCIAL SCHOOLS

Provin. Schools—Contracts have been let by the Dept. of Public Wks., Victoria, for the erection of two B. C. provincial school bldgs, one at Grindred and the other at White Rock, the first to Donham & Gildemeister and the second to Croy & Wishart.

Amount of tenders not known.

SAS TERMINAL WORK WILL BE STARTED SOON

R. R. Terminals, Vancouver—That work on the proposed False Creek terminals of both the Great Northern and Northern Pacific would be taken without delay was the announcement of Jas. J. Hill in this city last week.

Plans for the work, it is understood, are in the hands of the draughting depts. of the railroads.

PLANS IN VANCOUVER FOR AINSWORTH WHARF

Wharf, Ainsworth—The plans for the proposed government wharf to be built at Ainsworth, B. C., have been received by the secretary of the Vancouver Builders' Exchange and will be on view at the Builders' Exchange office until November 18.

Joins the Benedicts

Building Inspector A. W. Street, of Eburne, Point Grey, has joined the benedicts, having been married in St. James Church on last Friday to Miss N. W. Trounce of Vancouver. The Building Record extends to Mr. and Mrs. Street many happy wishes.

The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foreman or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.

Consulting Engineer A. D. Creer tates that specif. and date may be obtained from him at his Vancouver offices, 119 Pender W., beginning Monday, Nov. 17.

The tenders will be received upon the basis, first, of "concrete in place," tnd as an alternative, on "concrete pipes."

The probable cost of the work is variously estimated at from $200,000 to $400,000, depending a great deal upon which of the alternative methods is adopted.

It is desired to have the work completed as quickly as possible, so the contract will probtbly be let and undertaken as quickly as possible.

Sewer, Victoria—The city engineer is preparing to call for alternative tenders on pipe for the Northwest trunk sewer. Water Commissioner Rust explains that this would enable the engineers to go ahead whether Saanich passed the by-law in time to authorize proceedings or left it over till the annual election. There is no intention of delaying commencement a day longer than necessary.

Elec. Machinery, Calgary—City Clerk J. J. Miller is receiving proposals until noon, Nov. 16, for a 1000 kw Synchronus Motor-Generator and Exciter Set." See Official's Proposals on Page 4.

School, Nanaimo.—Tenders will be received by the Minister of Public Works at Victoria, up to noon of Wednesday, the 12th day of November, 1913, for the erection and completion of a one-room addition to the existing school-house at North Nanaimo, in the Newcastle district.

Piers, Victoria—An Ottawa dispatch announces that proposals have been invited by the Dept. of Public Works, at Ottawa, for the construction of two piers for Victoria; tenders to close at Ottawa on Dec. 9, 1913, 4 p.m. (The official call stating where specif. may be obtained has not reached Vancouver).

The piers, which are part of the big development scheme of Victoria harbor, are to be known as Piers Two and Three and are between Rithet's wharf No. 2 and the breakwater.

The harbor scheme calls for two additional piers. One will be next the breakwater and the fourth between Pier Three and Rithet's wharf.

The first plans called for the construction this year of Piers One and Two but owing to the work now proceeding on the breakwater it was afraid it might interfere with construction there, so it was decided to build Piers Two and Three.

The two piers will have four slips—hree being eight hundred feet long; and one a thousand feet.

The piers are 250 feet wide and each slip has a width of 300 feet.

The specifications call for reinforced concrete work throughout so that the piers will be thoughly modern in every respect.

The arrangement will be as follows: On the east the breakwater, then a space that will be left vacant until that great work has been completed; then will come a pier, then a slip 300 feet wide; then another pier and then a vacant space where a fourth pier will be built. The two piers now to be built will give 3,400 feet of dockage and this will be at least doubled when the others are built, so that the present plan provides in all for a mile and 1,500 feet, approximately, of dockage.

Detention Bldg., William Head, B.C.—Proposals for erecting a first-class detention bldg. at William Head quarantine station, will be received by R. C. Desrochers, of the Dept. of Public Works, at Ottawa, until 4 p.m., Nov. 17.

Plans, specifications, etc., may be obtained from the office of Wm. Henderson, resident architect, at Victoria, and at Ottawa.

Wharf, Ainsworth, B. C.—Proposals for the construction of a wharf at Ainsworth, B. C., will be received by R. C. Desrochers, Dept. of Public Works, Ottawa, until 4 p.m., Nov. 17.

Plans, specif., etc., may be obtained at Ottawa and also at the offices of J. P. Forde, Dist. Engineer, at Revelstoke; C. C. Worsfold, Dist. Engineer at New Westminster, and from the postmaster at Ainsworth.

COMPETITION OPEN.

Masonic Temple, Toronto—Competitive designs for this structure will be eceived up to noon on the 20th day of January, 1914. The conditions of competition have been prepared by a competent professional adviser who will also report upon the merits of the various designs. For copy of conditions apply to Mr. W. H. Best, No. 181 Avenue Road, Toronto.

Dept. Bldgs., Ottawa—The commission of architects appointed by the government to direct the preparations of designs for the new departmental buildings at Ottawa has just submitted its report outlining the conditions of the competition.

It will be open to competitors throughout the British Empire. There will be at least two buildings and probably a third one for the courts. Half a million superficial feet of floor space will have to be provided.

Designs of a general character will first be submitted and from this number the best six will be selected and the authors of these will be asked to elaborate their designs. The one finally selected will get the job of superintending the work based on his plans and will be given a five per cent commission. The cost of the buildings will probably aggregate five million dollars.

The other five competitors who will be asked to develop their general designs will each receive $3,000. The sketches will be received up to January 2 next. Then three months will be given for the best half dozen to develop their plans.

The competitors whose plans are accepted will be given a further period of four months to prepare working plans. Afterward tenders will be called for, but, in view of the time allowance, this will not be before next autumn.

The cost of the building will aggregate $5,000,000 dollars. The other five competitors will be asked to develop their general designs and each will receive $3,000. The sketches will be received up to January 2, next. Then three months will be given for the best half dozen to develop their plans.
