Vol. II. Grand Forks, B. C., Tuesday, January 6, 1903. No. 19

## ELECTION ON 22D

### Nominations Will be Made on the 15th in the Grand Forks City Hall.

The situation in municipal political circles has changed but slightly since our last issue. At present there are three avowed candidates in the field for mayor—P. T. McCallum, Martin Burrell and W. H. Creitz, the latter having been put forward by the socialists and labor element. The list of aldermanic aspirants remains about the same as published last Friday.

Nominations will be made on the 15th inst. at the Grand Forks city hall, and the election will be held on the 22d at the same place. Some dissatisfaction has expressed by the electors of the Centre and West wards because only one polling place has been designated, but at present there appears to be no remedy for the blunder or oversight.

Ernest Miller has been appointed returning officer, and W. B. Bower, J. A. McCallum and H. C. Kerman deputies.

## *OUR NEXT MAYOR.*

A forthnight hence the electors of the comhined municipalitics of Grand Forks and Columbia will be called upon to elect a mayor and a full aldermanic ticket, and good judgment will be required in order to avoid the pitfalls into which we have been plunged in former years by hasty action and misplaced confidence.

On the result of the forthcoming election depends, in a great measure, the future greatness of our city, and sober and unbiased judgment is called for the part of the electors. During the coming year great strides in the march of progress will surely be made by the city, and we need a a man in the mayor's chair who is sufficiently broad-minded to work impartially in the interest of every section of our beautiful city, and for the betterment of the entire population; a man who has no private interests to foster, to the detriment of the community as a whole; a man who will not be ruled by ruled by any faetion or combination of men having their own aggrandizement alone at heart; a man who will work for the general welfare of all the people; and, above all things, we need a man whose personality will help to conciliate the discordant elements that pulled in oppssite directions in the past, and are still doing so in a milder form, and make every citizen work hand in hand first, last and all the time for the upbuilding and advancement of Greater Grand Forks. If such a man is elected the future of out city is secure.

Looking over the list of mayoralty candidates, we have come to the conclusion that Mr. P. T. McCallum answers the above description better than any of the other candidates, and THE SUN will therefore give him its hearty support.

Of the aldermanic candidates we will speak in a later issue, as soon as the list is complete.

POLITICAL ANNOUNCEMENT.

## TO THE VOTERS OF GRAND FORKS AND COLUMBIA

THE FEDERAL LABOUR UNION of Grand Forks, of which we are members, put us forward to contest for the honors of Mayor and Alderman in the approaching municipal election, for the combined cities of Grand Forks and Columbia.

The principles upon which we solicit your support are incorporated into a platform which is hereunto attached, and which has been approved by the organized workmen of the city. We believe these principles should, and will, appeal to evory unprejudiced voterf who appreciates honest, representative, and moral government.

The two planks in our platform which deal with Sunday closing and public gambling will, no doubt, meet with considerable opposition. However, we sooner be defeated advocating good principles, though unpopular, than be elected on a platform, the principles of which have a tendency to degrade rather than elevate mankind. A large majority of the union men, many of whom are in the habit of gambling themselves, are opposed to open gambling. They realize that when the temptation is removed, the desire for gambling in a large measure is also removed. When we speak of Sunday closing, we mean that the side and back doors to bar-rooms be closed as well as the front door, and in accordance with the act now on our provincial statutes.

With this brief statement, we submit to you our platform of principles for your consideration. If it is accordance with your ideas and principles, we humbly ask for your vote and support, and if elected we hereby pledge ourselves to carry into effect the principles contained in our platform if it is in our power to do so.

WM. H. CREITZ, for Mayor.
THOMAS FOULSTON,
For Alderman of First Ward.

## PLATFORM.

CLAUSE 1.—The honest and impartial conduct of the affairs of the city government, in all its details and departments.

CLAUSE 2.—The economic and wise application of the funds of the city.

CLAUSE 3.—The full and impartial enforcement of all ordinances beneficial to the city, and the repeal of all ordinances that may be unnecessary.

CLAUSE 4.—The Sunday closing of all places of business.

CLAUSE 5.—The closing of all public gambling halls, and the use of slot machines to be discontinued.

CLAUSE 6.—The employment of union and citizen labour on our streets, and all public works, if such is procurable, at the union rate of wages.

CLAUSE 7.—That all city improvement work shall be done by day labour to the extent of $500 for any one improvement. Any one improvement the estimated cost of which is more than $500 may be let by contract, if thought advisable, to the lowest responsible bidder.

CLAUSE 8.—That all contracts entered into by the city for improvement work shall contain a clause stipulating the class of labour to be employed, and the rate of wages to be paid, in accordance with Clause 6 of this platform.

CLAUSE 9.—That public improvements should be carried on in all parts of the city in a just proportion, or as near as possible, according to the amount of taxes paid by the people in different ports of the citp.

CLAUSE 10.—That all city printing shall bear the union label.

CLAUSE 11.—That no Chinese or Japanese labour be employed on city work.

CLAUSE 12.—That a Treasurer be appointed to perform a portion of the work now performed by the City Clerk, instead of an Assistant Clerk as now.

CLAUSE 13.—That a true and correct report of all the finances of the city be made once a month, which shall state just what monies are in hand, at the time of publishing the said report.

CLAUSE 14.—The right, when fifty voters of the city demand it, to a referendum vote on all important questions coming before the city council, especially when franchises are to be carried.

## REV. IRL R. HICKS' 1903 ALMANAC

To say that this splendid work of science and art is finer and better than ever, is stating it mildly. The demand for it is far beyond all previous years. To say that such results, reaching through THIRTY YEARS, are not based upon sound sense and usefulness, is an insult to the intelligence of the millions. Prof. Hicks, through his great Almanac, and his famous family and scientific journal, *Word and Works*, is doing a work for the whole people not approached by any other man or publication. A fair test will prove this to any reasonable person. Added to the most luminous course in astronomy for 1903, forecasts of storms and weather are given as never before, for every day in the year, all charmingly illustrated with nearly two hundred engravings. The price of single Almanac, including postage and mailing, is THIRTY CENTS. *Word and Works* with the Almanac is $1.00 a year. Write to WORD AND WORKS PUBLISHING CO., 2201 Locust Street, St. Louis, Mo., and prove to yourself their great value.

## IMPERIAL LIFE.

In reviewing the list of prominent Canadian life insurance companies, the "Imperial" of Toronto stands out prominently on account of its remarkably successful career. The board of directors is composed of strong financiers and gentlemen of large experience in the insurance business. This company nas nothing but up-to-date liberal policies to sell, and the fact that many large policies have been issued by the Imperial, running as high as $200,000 on one single life, indicates the class of people who are patrons of this company. Mr. J. A. McCallum is agent at Columbia and Grand Forks.

## BOUNDARY MINES AND SMELTERS

The mineral production of the Boundary district for the year 1902 was not only considerably larger in tonnage than that of 1901, but exceeded by nearly 20,000 tons the production of 1900 and 1901 added together. That it does not show a much larger iucrease is owing to serious shortages in the supply of coke to smelters and to insufficiency of power to run the Granby smelter at full capacity. The output of the mines could without difficulty have been increased by 100,000 or 150,000 tons, but as the smelters, for the reasons above stated, were unable to treat a larger tonnage, there was no advantage to be gained by shipping more ore to them. The output for 1902 was about 504,000 tons; the exact figures are not available at this time, for the tonnage during December is estimated, though it will probably be rather larger than is here shown. The output of the respect mines was os follows:

| | *Ore Shipped to Nov. 30.* *Tons.* | *Total (Esti.)* *Tons.* |
|---|---|---|
| Granby mines | 280,601 | 310,601 |
| Mother Lode | 122,577 | 137,577 |
| Snowshoe | 15,940 | 20,800 |
| B. C. mine | 11,627 | 14,627 |
| Sunset mine | 6,750 | 8,010 |
| Emma mine | 6,700 | 7,900 |
| Jewel Gold mines. | 2,175 | 2,160 |
| Winnipeg mines.. | 785 | 785 |
| Golden Crown | 625 | 625 |
| No. 7 mine | 532 | 532 |
| Providence mine . | 132 | 175 |
| Sundry small ship. | 158 | 158 |
| Total | 448,602 | 503,962 |

The new company to take over the Oro Denoro, in Summit camp, is to be styled the Denoro Mines, Ltd., and development work is to be commenced this month. The capital of the new corporation is placed at $1,500,000 in dollar shares, the deal being put through by Smith Curtis, M. L. A.

Last Wednesday a new record in hoisting was made at the No. 2 shaft of the Old Ironsides mines. In eight hours. 440 cars of ore were hoisted from the 300-foot level, each car having about a ton of ore. As about half an hour is allowed for lunch, this makes about a car every minute on the average.

The Granby smelter last week treated 10,115 tons of ore.

The ore shipments from Republic to the Granby smelter tast week were: Lone Pine-Surprise, 105 tons; Morning Glory, 25 tons; Quilp, 303 tons; total, 523 tons.

For the last ten days the C. P. R, has had a good deal of trouble in getting the ore trains from the mines to the smelters, on account of the great amount of snow continually falling, coupled with the lack of motive power.

Wm. Yolen Williams, superintendent of the Granby mines at Phoenix, returned New Year's day from a holiday trip to Portland, Ore.
