NEW CITY COUNCIL

Met Monday Night---Committees Appointed---Inaugural Speeches

The first meeting of the Grand Forks city council for the year 1910 was held on Monday evening, the 17th inst.

Mr. Fripp, the retiring mayor, called the meeting to order. The hour had come, he said, when the old council must give way to the new council. After reviewing the work of the retiring board, he extended congratulations to the members of the new city government and expressed confidence that they would carry on the business of the city in a manner that would reflect credit on themselves and be satisfactory to the ratespayers.

Mayor-elect Clark said the old council had acted for the best interests of the city, and he hoped the new council would retire with as creditable a record as the present council had earned.

The oath of office was then administered to the mayor and aldermen-elect by ths city clerk.

Mayor Clark, in his inaugural address, welcomed the new aldermen. He was glad to have such a representative board, and hoped their deliberation would he marked by zeal and integrity. The coming year looked bright to him. There were indications of railway construction, which should bring prosperity to the city. He advocated permanent improvements in road and street work, although economy would probably have to be practiced to a certain extent. A great many sidewalks would have to be renewed during the coming summer. The time had also arrived when a sewerage system should be planned. The city needed an improved fire alarm system. The committees should meet and transact their business prior to council meetings. All city employees should be under the supervision of the city clerk. Home industries should be fostered as much as possible. The coming year would be a prosperous one, and he wished everybody success.

The mayor appointed the following standing committees:

Finance—Follick, Rutherford and Manly.

Water and Light—Wolfram, Folliek and Manly.

Board of Works— Rutherford Smith and Henuiger.

Health and Relief—Smith, Henniger and Wolfram.

Cemetery—Wolfram, Smith and Follick.

The clerk read the returning officer's report of the municipal election, which was accepted.

The clerk stated that it had been impossible to have the annual financial statement ready for this meeting owing to his recent illness, but said it would be completed by next Monday night.

The mayor wished the chairman of the health and relief committee would ascertain the duties of the health officer and report at the next meeting.

The council then adjourned till next Monday night.

After adjournment the various committees met and appointed the following chairmen:

Finance, Follick; water and light, Manly; board of works, Rutherford; health and relief, Smith; cemetery, Wolfram.

AWARD CONTRACT

P. Welch Will Build Fifty Miles of V. V. & E. on the Coast End

Construction of the V. V. & E. railway, from Abbotsford to Hope, a distance of approximately 50 miles, will be in full swing within the next month, or at least as soon as the contractor can get his outfits on the ground. Says the Vancouver Province. Information to this effect was secured today in connection with the announcement that the contract for the building of this stretch of the road which is to link the coast with the Kootenay and Boundary districts had been awarded to Mr. P. Welch of Spokane.

Incorporated in the contract is a clause to the effect that, all things being equal, all supplies to be used in connection with construction shall be bought in British Columbia. The Vancouver board of trade has been notified of the existence of this stipulation in the contract.

The contract was let from the head office of the Great Northern railway in St. Paul, the V. V. & E. being, as is generally known, a subsidiary company of the former railway. Coast officials of the Great Northern were yesterday afternoon notified of the awarding of the contract. Mr. Welch is a member of the contracting firm of Foley, Welch & Stewart which is now engaged on Grand Trunk Pacific construction work from Prince Rupert eastward. The same firm built the existing line of the V. V. & E from Marcus, Wash, into Princeton, a distance of approximately 200 miles.

The amount of money involved in the contract was not given out for publication, but it is known that none of the work between Abbotsford and Hope will be costly owing to the generally level nature of the country traversed, practically all of it being flat benches flanking the Fraser river. It is expected that this section of the railway will be finished next September.

It was generally understood that the contract for the construction of 18 miles of railway from Princeton to Otter Flat, on the Coldwater river east of Hope pass, would be awarded at the time the work between Abbotsford and Hope was let, but no word of this is contained in the message from St. Paul.

Nothing has been made public by the Great Northern as to when construction will be undertaken from Hope up the Coquahalla river and over the pass to the Coldwater. This section of the road is the most difficult on the entire route and will be the most costly owing to the rugged nature of the valleys leading to the pass and the heavy expenditure which will be involved in securing a maximum grade of even 2½ per cent.

Good Performance

Many residents of the city renewed friendships with the good folk of Drumtochty on Wednesday evening at the Grand Forks opera house. With Lachlan Campbell impersonated so faithfully as Alexander Milne does it, and with Posty present in the person of Wm. G. Colvin, the play couldn't lack interest. And two others, who must be players after Ian MacLaren's own heart, are Wm. White as the shepherd, Tammas, and Miss Jaquish as the sweet and gentle Margaret Howe. The part of poor wronged Flora, driven from home by her iron-willed father, was taken by Miss Walley. While perhaps not admirably filled in every way, yet this role suited the talents of the slight, girlish actress. In the simplest costume and coiffure, she was winsome enough to be loved even by a laird's son. Wm. Meikle, as Dr. MacLure, was predestined to have friends, and since his long suit is bag-pipe playing, he would have made them in that way if no other. Clara and Gertrude Lindsay had the children's parts to take, and very much like children off the stage did they romp and quarrel. But, shortly, one's memories of the acting will narrow down to Lachlan's part and Posty's, the former not to be forgotten because of his splendid dignity and passion, and the latter because scarcely even the Sphinx could have resisted his Irish humor. "Bonnie Dundee," "Caller Herrin'" and other Scottish air on the piano kept the audience in the Glen between acts.

Knights of Pythias Install

The joint installation of the lodges of the Boundary district occurred Tuesday night, January 11, Grand Forks Lodge No. 30 entertaining the visitors. The splendid new lodge room in the Davis block was taxed to accommodate the gathering. Owing to some changes in the smelter shifts at Greenwood, the members of Greenwood lodge were unable to be present, and consequently that lodge and Midway will install in the near future. The officers of Phoenix Lodge No. 28 and Grand Forks Lodge No. 30, being present, were duly installed by the district deputy grand chancellor, Geo. Chapple, assisted by the following grand lodge officers: G. M. A. Max Berger, of Greenwood; G.P. Ernest Miller, of Grand Forks; C.V. C., H. J. Gardner, of Phoenix; G. K. of R. and S., Frank Miller, of Grand Forks; G.O.G. Frank Tebo, of Grand Forks; G.I.G., M. J. Meagher, of Grand Forks. The officers installed were: Grand Forks Lodge No. 30—P.C., F. W. Stewart; C.C., Frank Latham; V.C., E. C. Henniger; Prelate, Roy Curran; M. of W., E. W. Stuart; K. of R. and S., W. E. Haddsn; M. of F., Geo. Chapple; M. of Ex., W. E. Hadden; M. at A , A. J. Stendal; I.G., Nels Sutterlund; O.G., Matt Miller. Phoenix Lhdge No. 28—P.C., R. H. McCracken; C.C., W. H. Perkins; V.C., Chas. McKay; Prelate, M. McHall; M. of W., Jos. Bateman; K. of R. and S., R. H. McCracken; M. of F., A. Almstrom; M. of Ex., G. Kay; M. at A., A. Butterworth; I.G., L. McKelvey; O.G., M. McLeod. Work in the three ranks of knighthood was conferred on two candidates. The banquet room proved a most inviting place, and the refreshments were appetizing and satisfying. The members of Phoenix lodge came down on a special train. The manner in which they conferred the work in the third rank was impressive and interesting.

MANY MEETINGS

Agricultural and Horticultural Topics to Be Discussed at Victoria

During the week commencing January 31 Victoria will be en evidence in all matters pertaining to agriculture. On Monday, January 31, a meeting of the secretaries of the agricultural fairs and associations of the province will take place. The main aims and objects of the convention are to arrange about the securing of judges for future exhibitions so as to compile a circuit that will enable fairs to be held on dates not conflicting with others situated in the same district. Other matters pertaining to the more effective carrying out of the annual exhibitions throughout the province will be considered, and no doubt as a result of such a conference much good will accrue to the advancement of fairs and exhibitions in British Columbia.

On Tuesday, February 1, and the following day a meeting of the Central Farmers' Institute will be held, when all proposals, resolutions and matters for important consideration will be placed on the agenda and finally dealt with during the convention. The institute is representative of all the farmers' institutes throughout the province, and all matters pertaining to agriculture and the betterment of the present condition of the farmer are laid before the conference for consideration and decision. It is anticipated that many of the institutes are furnishing their representative delegates with proposals to submit to the convention, and which, if carried out, cannot but have the best results for practical operation.

On Thursday, February 3, the annual convention of the British Columbia Dairymen's association will be held, and on the following day the British Columbia Stock Breeders' association will be in session. A good program has been arranged for both of these meetings, and many interesting and valuable lectures will be delivered by well-known authorities on all matters pertaining to agriculture.

Nothing succeeds like success, and it is evident that the knowledge disseminated throughout the proceedings of these gatherings cannot but have the best possible results in the further advancement of the agricultural industry throughout British Columbia. The Canadian Pacific Railway company is issuing special excursion tickets at single rate, and the opportunity afforded the people from near and far to combine pleasure with business in coming to Victoria during the convention is one not often offered the public. It is to be hoped that many will avail themselves of the chance to hear some first-class practical addresses and will also seize the opportunity to take part in the discussions which will follow.

Full information and particulars of the conventions can be obtained from R. W. Hodson, Secretary-Treasurer, Department of Agriculture, Victoria, B. C.

SUNSET SAUNTERINGS

The musical Highlanders will appear at the Dreamland Theatre on Friday, January 21st. The Pendleton Tribune has the following to say of this company: "The opera house was filled on Monday night with our local music lovers to listen to the concert of the Musical Highlandars, under the direction and management of the Spokane Lyceum Bureau. The company is one of the best to ever visit this section, each individual member proving an artist in his or her line. The local numbers were all good, but that of the Colonial Trio and Archie and Mary Strang was particularly pleasing. The lady character impersonator was a strong feature, and Archie Strang in his Scotch numbers was warmly received."

An afternoon tea in aid of the Woman's Auxiliary will be given at the residence of Mrs. W. K. C. Manly, on Wednesday, Jan. 26th, from 3.30 to 5.30. During the afternoon Mrs. Edward Davis and Mrs. Norman McInnes will sing and there will also be several other musical numbers. All are cordially invited to attend.

The annual congregational meeting of the Presbyterian church will be held Monday evening 24th inst. The business meeting will be followed by a social gathering in the manse. All members and adherents are ergently requested to be present.

J. B. Henderson left on Monday last for Enderby, where he is superintending the construction of some buildings for the Okanagan Milling company.

Sam Horner returned this week from Cascade, where he has been engaged in erecting a compressor building for the Fife Mines, Ltd.

H. C. Kerman had the misfortune to fall and break one of his ribs on Sunday last.

C. A. S. Atwood returned this week from a month's vacation trip to Ontario.

Geo. R. Belton and family left for Spokane last Saturday.

Ernest Miller, M P., left for Victoria on Saturday last.

British Elections

Intense interest is being taken in this city in the political contest now being waged in Great Britain. The standing of the parties at the conclusion of Wednesday's polling was as follows:

Unionists	120	gains 51
Liberals	98	gains 11
Nationalists	28	gains 0
Labor	19	gains 2

Acute Conjunctivitas

Owing to the presence of an acute inflammation of the eyelids of many of the school children, the medical health officer deemed it necessary to either close the school down or else inaugurate a two weeks' treatment in the school, which would be done under the supervision of the health officer and would also be free of cost to the parents. This is now being done, and the parents as a whole appear to be satisfied with the measures which it has been found to be necessary to adopt. The inflammation which attacks the eye acts very rapidly. A child may be well one day and the eyes quite affected the next. The inflammation usually runs from five to ten days and it is expected that this treatment, which will be carried on for two weeks, will very largely tend to prevent the spread of it in the schools.

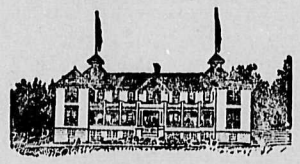
The January Rod and Gun

With the advent of another year, Rod and Gun in Canada, published by W. J. Taylor, Woodstock, Ont., is to the front with a fine issue for January. Running through all the stories—and there are many of them—is that pleasant out-door tone which always proves a healthful tonic, the plentiful supply of which, in stories and pictures, has given the magazine an assured position. Fishing and hunting experiences are interspersed with camping stories, Indian legends, prospecting tales of the far Queen Charlotte Islands and strange happenings in the backwoods, all appealing in some of their many sidedness to sportsmen of varied tastes and inclinations. In reading such delightful stories, everyone redolent of the actual, one lives over again some of one's own pleasures, thus obtaining a double measure from the outing which yielded so much enjoyment at the time. To begin the new year well and continue throughout in the same good way, the companionship of Rod and Gun should be secured. If he adopts this course the sportsman will have continual reminders throughout the year of his own outings, and aditions to the bright anticipations with which he looks forward to future joys. Of these reminiscences and anticipations no one can rob him, but Rod and Gun adds to both, and makes the year one continual pleasure, no part of which the sportsman will lose if he secures its companionship for the ensuing twelve months.

Would You Provide for the Care of Canada's Needy Consumptives?

THEN SEND YOUR CONTRIBUTIONS TO THE

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES



MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES, MAIN BUILDING FOR PATIENTS.

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily:—

John D. McNaughton, New Liskeard, Ont.: A young man not belonging here, and suffering from, it is believed, consumption, is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The conditions where he is offer him no chance. Could he be admitted to your Free Hospital for Consumptives? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admittance?

NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS OR HER INABILITY TO PAY.

Since the hospital was opened in April, 1902, one thousand five hundred and twenty-four patients have been treated in this one institution, representing people from every province in the Dominion.

For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a copper for their maintenance—absolutely free. The other twenty-nine paid from $2.00 to $4.90 a week. No one pays more than $4.90.

Suitable cases are admitted promptly on completion of application papers.

A GRATEFUL PATIENT

Norah P. Canham: Enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there.

TAKING THE CURE IN WINTER AT MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

The Muskoka Free Hospital for Consumptives is dependent on the good-will and gifts of the Canadian public. Money is urgently needed at the present time to make it possible to care for the large and increasing number of patients that are entering the institution.

Will you help?

Where greater urgency?

Truly, Canada's greatest charity.

THE COPPER HANDBOOK

New Edition Issued Nov. 15, 1906.) Is a dozen books in one, covering the history, geography, geology, chemistry, mineralogy, metallurgy, terminology, uses, statistics and finances of copper. It is a pracical book, useful to all and necessary to most men engaged in any branch of the coppes industry.

Its facts will pass muster with the trained scientists, and its language is easily understood by the everyday man. It gives the plain facts in plain English without fear or favor.

It lists and describes 4636 copper mines and companies in all parts of the world, descriptions running from two lines to sixteen pages, according to importance of the property.

The Copper Handbook is conceded to be the

World's Standard Reference Book on Copper

The mining man needs the book for the facts it gives him about mines, mining and the metal.

The investor needs the book for the facts it gives him about mining, mining investments and copper statistics. Hundreds of swindling companies are exposed in plain English.

Price is $5 in Buckram with gilt top; $7.50 in full library morocco. Will be sent, fully prepaid, on approval, to any address ordered, and may be returned within a week of receipt if not found fully satisfactory.

Synopsis of Canadian Homestead Regulations

ANY available Dominion Lands within the Railway Belt of British Columbia may be *homesteaded by any person who is the head* of a family, or any male over eighteen years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1.00 per acre. Not more than 2,560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior.

When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, *free.* All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 31 one-cent stamps to Dr. Pierce to pay cost of mailing *only,* and he will send you a *free* copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 50 stamps.

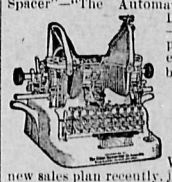
The Oliver Typewriter for 17 Cents a Day!

Please read the headline over again. Then its tremendous significance will dawn upon you.

An Oliver Typewriter—the standard visible writer—the most highly perfected typewriter on the market—yours for 17 cents a day!

The typewriter whose conquest of the commercial world is a matter of history—yours for 17 cents a day!

The typewriter that is equipped with scores of such conveniences as "The Balance Shift"—"The Ruling Device"—"The Double Release"—"The Locomotive Base"—"The Automatic Spacer"—"The Automatic Tabulator"—"The Disappearing Indicator"—"The Adjustable Paper Fingers"—"The Scientific Condensed Keyboard"—all



Yours for 17 Cents a Day!

We announced this new sales plan recently, just to feel the pulse of the people. Simply a small cash payment—then 17 cents a day. That is the plan in a nutshell.

The result has been such a deluge of applications for machines that we are simply astounded.

The demand comes from people of all classes, all ages, all occupations.

The majority of inquiries has come from people of known financial standing who were attracted by the novelty of the proposition. An impressive demonstration of the immense popularity of the Oliver Typewriter.

A startling confirmation of our belief that the Era of Universal Typewriting is at hand.

A Quarter of a Million People are Making Money with

The OLIVER Typewriter

The Standard Visible Writer

The Oliver Typewriter is a money-maker right from the word "go!" So easy to run that beginners soon get in the "expert" class, learn as you learn. Let the machine pay the 17 cents a day—and all above that is yours.

Wherever you are, there is work to be done and money to be made by using the Oliver. The business world is calling for Oliver operators. There are not enough to supply the demand. Their salaries are considerably above those of many classes of workers.

An Oliver Typewriter in Every Home!

That is the battle cry today. We have made the Oliver supreme in usefulness and absolutely indispensable in business. Now comes the conquest of the home.

The simplicity and strength of the Oliver fit it for family use. It is becoming an important factor in the home training of young people. An educator as well as a money maker.

Our new selling plan puts the Oliver on the threshold of every home in America. Will you close the door of your home or office on this remarkable Oliver offer?
