COST OF TRIP AND CHOICE OF ROUTES

Fare for the **entire journey from Spokane** (or any other city in the United States or Canada) which includes $100.00 Atlantic berth fare from Atlantic landing port to Liverpool, **will be $639.10.** Passengers, of course, are required to pay their own maintenance between their **arrival in England** and the **departure of the Empress;** also for their meals and sleeping car accommodations on this continent. Going from Spokane one has the **choice of embarking** at the Canadian seaports, St. John or Halifax, or the American ports, Boston or New York. Schedule of steamers sailing from latter ports gladly given on application

OPTIONAL SIDE TRIPS

An additional charge of $50.00 will cover the following side trips, in connection with this "Around the World" cruise:

Gibraltar to Algeciras, Spain.
Villefranche to Nice and Monaco, including the famous Corniche drive.
Port Said to Cairo and thence to Suez, including the hotel accommodations and a visit to the Pyramids of Ghizeh.
Colombo, a one-day trip in Ceylon.

Necessary meals ashore at the points named are **included in this $50.00 additional charge.**

In case you **do not care to take all the side trips** above described at the inclusive side trip rate of $50.00, you can **avail yourself** of any of the following individual trips desired:

Gibraltar to Algeciras, Spain	$ 2.20
Villefranche to Nice and Monaco with the Cornice drive	5.10
Cairo side trip, including hotel accommodations and the Pyramids, 1st class, $46.50; 2nd class	41.60
Colombo, one-day trip to Ceylon	4.90

A WORD ABOUT THE "EMPRESS OF RUSSIA" and "EMPRESS OF ASIA"

These steamers are 593 feet long, 68 feet beam, gross register 16,850 tons, displacement about 34,000 tons, speed 20 knots, quadruple screw, turbine engines and the first merchant vessels built with the "Cruiser" stern, a feature which is specially adapted for speed and increases the stability, besides securing more room on the various decks. When ocean liners were built so that they could float with two of their compartments open to the sea it was thought a wonderful thing, but the magnificent **"EMPRESSES"** can have **four** of their compartments filled with water and still float.

CABIN PLANS, ETC.

Cabin plans may be had on application to the undersigned as well as complete and further deails relative to this magnificent cruise.

It is intended that the "EMPRESS OF ASIA," sailing May 27 from Liverpool shall call at Marseilles instead of Villefranche, and will stop at Port Said only long enough to coal, as the Riviera and Egyptian seasons will be over by that time. Full particulars on the "EMPRESS OF ASIA" cruise will be announced later.
