OFFICIAL PILGRIMAGE TO VIMY
AND THE BATTLEFIELDS -- 1936

Dear Sir:-

Referring to your application in connection with the above -- you advise it is not your intention to return with the Pilgrimage.

As the sailings from the Old Country during the month of August and early part of September are always very heavily booked, in view of the majority of passengers desiring to return during that period, it is most advisable for you to select definite Westbound sailing now, so that we may obtain space for you and endorse on your Westbound ticket prior to departure. I might say this procedure is absolutely necessary in order to avoid any disappointment or delay when you desire to return; also it will give you an opportunity of securing better accommodation, as space is allotted in the order applications are received.

Am enclosing copy of our current Sailing List and will appreciate if you will kindly indicate in space provided hereunder, Westbound sailing and class of space (Third, Tourist or Cabin Class) desired, returning at your earliest convenience.

Please give this matter your preferred attention.

Name of Steamer	Sailing from	Date	Class Space Desired

Yours truly,

W. C. CASEY,

P.S. It is not necessary to write a letter, merely return this, using the back of same, if you have any remarks to make.
