FUNCHAL, MADEIRA.

Pr. 62/34. G.

Foreword

THE Shore Arrangements detailed in this programme have been drawn up with a view to affording passengers an opportunity of seeing the places of interest in and around the principal ports of call. Drives are provided through the most characteristic thoroughfares of the towns visited, and, so far as time permits, the most notable buildings are inspected. Passengers taking the organized excursions are assured that adequate precautions are taken to safeguard against their missing the steamer, and wherever necessary one or more spare cars are available in case of breakdown.

The fares quoted are per person and include conveyance according to programme (except where otherwise shown the conveyances used are motor-cars usually holding 5 or 4 persons), meals and hotel accommodation where indicated, fees for sightseeing and to hotel waiters and drivers, and services of local guides and conductor. Except where otherwise indicated, the fares do not include any tax imposed by Government or local authorities.

ALTERATION OF FARES.—**Owing to possible fluctuations in exchange all fares quoted are liable to alteration without notice.**

REFUND.—Refund in respect of any ticket can only be made when notice has been given before arrival at the previous port. In the event of any sightseeing arrangements being withdrawn full refund will be made, and upon the tendering of same, the organizers shall be free of all liability in respect thereof. Should any such arrangement, however, be abandoned through " force majeure " the best possible refund will be made according to the circumstances.

CONVEYANCES.—In no circumstances is any passenger permitted to drive any vehicle provided for Sightseeing Arrangements. If for any reason whatever any passenger should do so, he will be held responsible for accident or damage caused thereby, and no liability therefor will rest on the organizers.

CHILDREN.—Children will be charged full fare for all the Shore Arrangements.
