If it is in The Review, it is so.

O. H. Fechner returned from Victoria, on Sunday's boat.

Mr. Horace McPhee is confined to his home through illness.

The season for shooting duck closes on the last day of February.

A new sidewalk is being laid in front of George Willard's store this week.

Work was started on the foundation of the new Riverside hotel on Monday morning.

W. J. Murphy, cook at camp 5, has been on the sick list for the last couple of weeks.

Two correct answers were received to the puzzle in last week's paper. The answer is 15.

The building occupied by the Courtenay Pressers has been raised to a level with the sidewalk.

M. W. Knickerbocker, of camp 2, has returned to duty after an extended visit to Vancouver and Portland.

The Comox Logging Co. raised their railways tracks about a foot at the crossing on Union street, on Sunday morning.

Mr. R. H. Wilkie has severed his connection with the Royal Bank here, and has accepted the position of accountant with the Island Realty.

A "hardtimes" ball will be held in the Courtenay Opera House on March 17th. The proceeds will be devoted towards the formation of an athletic club.

Dr. Kerr the dentist is now at the Courtenay hotel. Consult him without delay.

For Sale—13 Jersey cows, first-class, 8 freshly calved. Apply, Lyman Hart, Little River.

Miss Dency Smith is selling off her stock of winter millinery, notions and toys at greatly reduced prices.

Found—Yearling Jersey heifer, V off right ear. Also old black and white cow, piece off left ear, and V off right. Apply at Campbell's ranch.

Found—On Thursday, a gentleman's watch and chain. Owner can have same by proving property and paying expenses. Apply, J. Hannay, constable, Courtenay.

Just arrived at Willard's Harness Emporium: a fine line of horse blankets, lap rugs, trunks and suit cases at all prices. Harness repairing promptly and neatly done. Wesley Willard, Cumberland and Courtenay.

For sale—in blocks of from one-half acre to eighteen acres, with house and barn—the best of land; all cleared. Small mill, school and church within one mile of property. Part cash and the rest to suit the purchaser. Apply to F. Childs, Sandwick P. O.

For Sale—Pair Black Percheron horses, weight 3,350, harness and wagon, price $1,000. The horses are sound and true. The harness and wagon are in first-class shape. Also a Two horsepower Fairbanks-Morse gasolineengine, and pump to match. Apply, J. Creech, Courtenay.

GEORGE W. WILLARD

Mrs. J. Sutton and childdren are laid up this week with la grippe.

Richard Carter, who has been at Victoria for some days in connection with Agricultural Society affairs, returned home on Sunday.

George Willard received his automobile from Victoria yesterday, where it had been in the hospital for the past six weeks undergoing repairs.

Mrs. J. Miner, of Headquarters, was taken to the hospital, at Cumberland, on Friday, where she will undergo an operation for appendicitis.

Mr. and Mrs. Fred Faber left for Blaine, on Sunday afternoon. Having been called there by the serious illness of Mr. Faber's father.

Miss Birdie Woodhus of Oyster River, and Miss Bella Murdock, of Cumberland, were the guests of Mrs. O. H. Fechner for a few days last week.

W. L. Scott, proprietor of the dry cleaning works, was a passenger on the boat to-day for Vancouver, where he has gone to purchase a pressing outfit.

Mr. Walter Woodhus, of Oyster River, was in town for a time yesterday on his way to Cumberland where he expects to purchase a pair of heavy draft horses.

In future the Royal Bank will not keep open on the Saturday following pay day in the camps. Cheques and time cheques will now be paid without charge.

No one has any conception of the amount of traffic over the Courtenay bridge. During one hour, last week, 58 vehicles and 89 foot passengers crossed over it.

Despite warnings from the police and several notices in The Review, some parties still persist in trotting their horses over the bridge. Constable Hannay says this is the last warning. So beware. Ignorance of the law is no excuse, anyway.

There will be a meeting of the citizens, in the club rooms, this Thursday afternoon, at 3 o'clock, to consider the advisability of forming a Board of Trade.

That The Review is appreciated is shown by the mailing of copies to friends of subsribers, living as far away as New Brunswick, California and Great Britain.

It is reported that the office of camp 1 burst into flames on Monday, during the clerk's absence. The fire was quickly overcome and little damage was done.

Professor Kidson, of the Courtenay Dancing Acadamy, left on Sunday's boat, on a short vacation, for Vancouver. His friends are looking forward to the return of "Two Happies."

Reginald Carwithen caught a large cock pheasant, nearly dead, in the creek, near his place, the other day. He took him home and thawed him out, and is now nursing him back to health.

A very successful dance was held in the Headquarters hall on Friday evening. The ladies provided the refreshments, and Professor Thomas, engineer on No. 5, provided the music.

Mr. and Mrs. Chas Callin arrived home on Sunday afternoon. They had some exciting times on their journey, being on the Princess Charlotte, when she struck the dredge Mastadon, at the entrance to Vancouver harber.

Parties owing dogs that will run deer are taking big chances in letting them run loose, as they are likely to be shot on sight. Last week a fine young buck was found dead at Brown's Creek, still warm, with both legs ham-strung, which showed that whatever dog did the deed was an old hand at the game. Several deer tracks have been noticed likely, with dog tracks following. The deputy game warden is giving fair warning. Don't blame him or anyone else if you lose your dog.

Wedding and other invitations printed on short notice at the Reviewoffice.

If you want pictures framed, cabinet or sign work done go to J. Sutton

Advertisers—Please note that in order to insure changes, copy must be in our hands not later than Monday evening.

Let us know the coming and going of your friends. We will be glad at any time to have notice of any local happenings.

Read the announcements of the different merchants in every issue of the Review. They carry a message which should benefit you.

The S. S. Cowichan, which usually arrives here about 8 o'clock on Sunday morning, did not put in an appearance at all, having met with some accident to her machinery. About 2 o'clock the Chelolisin came up in her place.

A meeting of the Comox District Central Conservative Association will be held at Cumberland on wednesday, February 12, at 7 p.m. when delegates from Cumberland, Courtenay, Comox, Campbell River Powell River, Union Bay, Denman Island, Heriot Bay, and Valdez Island are expected to be present. F. D. Camerom, secretary.

Last Thursday evening the members of the Courtenay Club held a very succeseful whist social. The prizes were won a, follows:—1st prize, lady, Mrs. Lynden, gentleman, Mr. Lance Berkley; booby prize, lady, Miss Hilda Bridges, gentleman, Mr. J. W. Hornby. During the evening very acceptable songs were sung by Messrs. Shephard, Lynden and Dr. Crompton. After dainty refreshments had been served, dancing was indulged in for a couple of hours by the younger people.

Traders in the Comox district have reason to complain of the treatment meted out to them by the C. P. R. The boat from Victoria, arriving on Tuesday, could not land her freight, owing to the Union Bay freight, which also had not been landed on the outward journey, being in the way. The result was that the freight had a free trip to Vancouver and back, and arrived on Thursday, all the better for the extended sea trip. It is a pity that the waiting teams and wagons were not shipped as well. This sort of thing is so common that the Vancouver merchants are getting the preference above Victoria. Wake up, Victoria.

$500 Reward

The great problem of feeding and clothing the thousands who will come to Vancouver Island, when the Panama Canal opens, will be solved by Agriculture and the etstablishment of manufacturing industries

We have the land at Comox, Courtenay and Union Bay, the shipping port to and from all parts of the world, to suit the farmer and manufacturer, and will give FIVE HUNDRED DOLLARS to anyone who can prove that there is a better spot on Vancouver Island for the farmer or manufacturer

Have not the manufacturers of Great Britain and Germany found out that it is better for themselves and their employees to locate the factories in the country?

A woman may know a man like a book, but she cannot look ahead and see his finish.

It has been proposed that to mark the hundred years of peace between Britain and the United States, a monument to Washington should be erected in Westminster Abbey. Washington was a British subject until well advanced in years, and a brave and skilful British officer. In addition he was a great and heroic man, and the honor now proposed for his memory is, some think, not beyond his deserts.

Tenders Wanted

SEALED Tenders will be received by the undersigned, up to noon on Friday, February 28, for the erection of a Church in Courtenay. Plans and specifications may be seen at the office of the Co-Operative Society's butcher shop. Lowest or and tender not necessarily accepted.

Have You Pictures to Frame?

I have just opened up the finest line of Mouldings, Mattings, etc., that was ever shown in the Comox Valley, and by bringing your pictures in at your first opportunity you can profit by having a full line to select from.

I make frames to fit your pictures and do not cut your pictures to fit ready-made frames as a great many framers do.

You can get your pictures at any time to suit your convenience, and if you are not satisfied with both the material and workmanship when you come for them, you are under no obligations to take them.

I also do Cabinet and sign making in all their branches, and if you have anything in these lines, I will be pleased to submit sketches and prices.

Four Reasons Why You Should Use

OUR BEST FLOUR

Because it is made from Canadian No. 1 Hard Wheat, (the best in the World), by the most modern process. Because it is from a Farmers Mill that grinds honest flour, and honest feed for farmers use. Because it is better than most other brands of flour. Because it is about forty cents a barrel cheaper than any other standard flour.

Snow! Snow! Snow!

The S. S. Chelolisin took the place of the S. S. Cowichan on Sunday's trip from Vancouver. She did not arrive at Comox wharf until 2 p. m., having struck a sunken log, which slightly disabled her We all hope the Cowichan's non return is only temporary.

Mr. Eustace Smith, who has been up on a business trip, returned to his home in Vancouver on Sunday.

Mr. Carto, who has been ill since the beginning of the New Year, died at his home in Comox on Monday at 8 p. m.

Dr. Foote has been appointed Medical Inspector of Schools in this district.

Jack MacKenzie, jr., had a narrow escape from pneumonia, but he is recovering rapidly.

Mrs. Barlow, of the Lorne Hotel, sprained her ankle some time ago. She is able to be about again.

Mr. Jack Martin has moved into the new Elk Hotel. The formal opening of the new hotel, ending in a dance and free supper, took place on Wednerday evening, February 5.

One of our young ambitious lads has invested in a "wireless outfit" We wish him success.

We hear rumors of more new buildings being erected in the near future.

Mr. H. Cummings returned to Vancouver, after spending a few weeks with his aunt, Mrs. Dr. Beadnell.

Miss Cyril Pircey made a flying trip to Comox last week.

SANDWICK

Notable victims of "la grippe" include Mr. and Mrs. W. J. McQuillan, to whom we extend our sympathy.

In view of the remission of poll tax, which means three dollars in the pocket of every adult male, it has been suggested that this amount might well be given to the Courtenay hospital, while the local branch of the B. C. Anti-Tuberculosis Society might well claim a share.

Mr. and Mrs. William Surginor have been spending part of their honeymoon with Mr. and Mrs. J. McQuillan, and left on Saturday for their home. Mr. Surginor was injured in a train smash, at Rock Bay recently.

Mr. Dawson, hook tender at camp 1, was unfortunate enough to be hurt by a rolling log on Friday last, and was taken to Cumberland. The sooner the proposed Courtenay hospital becomes a fact the better.

Mr. William Duncan, of the Agricultural Commission, arrived home on Sunday. We venture to say that Sandwick, and the Valley in general, could have had no better advertisement than Mr. Duncan's presence on the Commission. Now he will drop the pen for the plough and turn the furrow in readiness to apply right away some of the startling evidence he has heard given during the sittings of the Commission, that is, unless this Commission is different from the rest.

HEADQUARTERS

Mrs. S. A. Rogers, of Tacoma, Wash., w' o has been visiting her son, Mr. G. L. Rogers, of Headquarters, left last Friday for her home.

The new mill, at Headquarters, will likely be ready for operation in about six weeks. Five carloads of machinery was received on Thursday last.

The two Ledgerwood flying machines for the woods are being installed.

Work in the woods commenced again on Wednesday. The men had been off since the severe storm.

On Wednesday last, Mr. Robert Filberg, got up early in the morning and lit his fire, then went back to bed for another snooze. The fire got going pretty good, and the first thing Robert knew the roof was afire. The timely arrival of neighbors saved his whole home from going up in smoke.

The many friends of Mr. Tom Jolly of Camp 2 will be pleased to learn that he is recovering, though slowly, from his sudden and alarming illness, and hopes ere long to be able to return to camp.

Camp 2 must be right in the snow belt, for during the recent spell of eastern winter five feet of snow was registered there, while at the other camps and in Courtenay only 18 inches was noted. Again on Monday night another 4 inches fell, which hardly makes logging the most desirable of occupations.

Mr. Clay Walsh, the popular foreman of Camp 2, returned last week after spending the Xmas. and New Years holidays in Seattle and other Sound cities. As he was in very poor health when he left, his many friends were pleased to notice the improved condition in which he returned.

During the past year a company has been drilling for oil at Pitt Meadows, not many miles from Vancouver. The hole is now down 1600 feet. The last 500 feet was drilled through white granite.

CUMBERLAND

Interesting Items from the Coal City

29,541 tons of coal were shipped from the local mines last month.

The Labor commission will visit Cumberland on February 19th.

Customs returns at Cumbirland for the month of January amounted to $2,454.69.

D. Irving, organizer and financial agent of the U. M. W. of A., was in town last week.

L. W. Nunns, postmaster, who is visiting Sound cities on a leave of absnce, will resume his duties upon his return.—Islander.

The employes of the Canadian Collieries, Ltd., entertained their friends at an informal dance last Friday night in the Cumberland hall. There was a large and brilliant assembly present, and dancing was kept up till 2.30 a.m.

Frank Parks has been recommended by the Conservative Association for the position of postmaster, in succession to Mr. Nunns, who will by his request, be transferred to the Customs office, Mr. Dalby having resigned to take a position with the Colliery Company.

GRANTHAM

Mr. and Mrs. M. B. Ball returned home from Vancouver on Thursday last.

The snow is now rapidly disappearing. Thus, while the delightful sleighing parties must cease for this year, the pheasants and other wild game need no longer suffer from exposure and starvation.

Last Saturday evening one of the Grantham bachelors accidently discovered that he held the lucky ticket (No. 600) in W. G. McKean's drawing for the 52 piece dinnr esett. Good for him! Better late than never. His friends reminded him that the dinner set would be a good start towards furnishing a house, but he does not like living alone. What are we going to do about it? Some suggestions would be esteemed a favor.
