Jos. Willard has returned from Victoria.

Mr. S. F. Rowe, of Union Bay, has gone to Honolula, Hawaiian Islands.

Miss Nellie Tagg, who has been visiting with Mrs. W. G. McKean for the past two months, left on Saturday evening's boat for her home in Victoria.

Harry F. Brine is still in the hospital at Vancouver. He expects to be out in a couple of weeks however, but will likdly be a long time recovering.

Mr. G. P. Thompson, of Vancouver has joined the staff of the Royal Bank here. Mr. W. W. Lumsden who has been here for some months leaves for Kelowna this week.

Victoria citizens are up in arms against the Asiatics, and a "Strong Asiatic Exclusion League" is about to be formed with the intention to see what can be done to prevent the city, the province and the industries being overrun by the Orientals.

It will be lawful to shoot cock pheasants for one month this fall. The time has not yet been set by the department, This is made necessary by the large number of cock pheasants fighting over the nests and breaking the eggs while the hens are off feeding.

Dr. Morrison, of Vancouver, a graduate of the Chicage and Detroit College of Dentistry, is located at the Restmore hotel. He is a specialist in bridge work, also expert in all other branches of dentistry. He will visit periodically all the villages fn the Comox Valley, including Comox, Union Bay and Cumberland. A resident dentist is necessity in the valley and we bespeak Dr. Morrison a full share of the public's patronage.

The case against the Acadia Trust Co. of having used literatnre which had not been authorized by the department was disposed of at the police court, at Vancouver on Monday, when the president, Mr. Wilson, was fined $50, and the case against the other directors was withdrawn. It appears that a solicitor named Strands got the prospectus printed in Vernon for use in soliciting subscriptions for stock in the company, and the company failed to file the same with the Registrar of Joint Stock companies at Victoria as required by law. There was no other evidence of wrong doing.

FISHERY BOATS TO CHASE THE SAMPAN

Ottawa, July 24.—The Dominion department of marine and fisheries has ordered two fisheriers cruisers to search for the Japanese junk which landed eleven Japanese at Bella Coola and of whom only nine were captured, one later escaping. The junk was last reported becalmed well within the three-mile limit and if apprehended the government can collect $600 for each Japanese landed, $500 for the infringement of the Oriental immigration regulations and $100 for discharging members of the crew without segistration.

The fisheries cruisers will also be organized into a patrol to watch for other junks which, it is believe-ey here, have already left for Japan A cable regarding the incident has been sent to Tokyo and the Japanese authorities will, it is expected, co-operate, as it is obvious that the men captured left their own country without passports, which are nacessary under the Lemieux agreement.

Plan" Birth Strike"

Berlin, July 26—A "birth strike" as a means of bringing about electoral reform in Prussia is reported to be under discussion by a Socialist gathering, which heard the idea recently advanced by a speaker.

The father of the idea was Dt. Alfred Bernstein, who declared that most successful pressure would be exerted on the government if mothers would make such announcement as this "We will bring no children into the world to become citizens of this state, unless better rights of citizenship are accorded."

CONSERVATIVE CONVENTION

This means that delegates from all parts of tne province to the number of about five hundred will be visitors to that city. The Conservarive Associatiou of Nanaimo is now making preparations for the reception of the visiting delegates.

He had attended his partner's wedding, and at the reception he stepped gallantly forward to pay his respects to the newly weds.

"I hardly feel like a stranger" he said in his sweetest tones, addressing the bride. "In fact I feel as though I ought to be well acquainted with my partner's wife since he has so often done me the honor to read me extracts from his dear Susie's letters."

The faces of husband and speaker were studies as the bride drew herself up and said, emphatically and distinctly:

"I beg your pardon, sir. My name is Helen."—Ex.

CUMBERLAND

Several carloads of lumber have arrived for the new addition to the Union Hotel. A large force of men have commenced the needed improvements.

An attempt was made about 2 o'clock on Wednesday morning to blow up the Trent River bridge. No great damage was done. This sort of thing is to be deplored. The report of the discharge was heard in town.

We were very much impressed with improvements at Courtenay when we visited it a few days ago, for the first time in a year. It is certainly going ahead, and will soom be half the size of Cumberland, if Cumberland don't get a move on. Now you Courtenay folks, don't get indignant and protest that Courtenay is as large as our City.—News.

ROYSTON

Division of Highways

Nothing has yet been done to put the dangerous crossing, recently reported in our columns, in good shape. Mr Darcy Scott of the Railway Commission in giving his decision in a similar case to this Cumberland road at Ottawa on the 28th inst. said:—"I don't see why people travelling an old highway should be called upon to submit to the inconvenience and danger of a division in the highway to save the railway companies expense."

Unless this crossing is made good without further delay the users of it will certainly take action.

Wharf at Roys Beach

The Government has commenced to make a 30 ft roadway leading from the Union Bay Island Highway to the Beach so that it may be ready for the haulage of material for the building of the new wharf.

Some of the Canadian papers have been reprinting an article from the Christian Science Monitor to the effect that in some parts of China oysters grow on trees, as though that were an extraordinary thing. Why, oysters do that in our own country. Many a good Prince Edward Island oyster has spent his existence on the branch of a tree that is under the water at high tide, and out of the water when the tide is low.

What is believed to be a scheme to land Japanese and Chinese into British Columbia by wholesale was unearthed at Bella Coola a tew days ago when ten Japs were captured that had just landed from a Sampan. How long this has been going on can only be surmised. The number of orientals in the country is constantly increasing and in view of this disclosure it is safe to say that many are here without paying the head tax.

The Monroe doctrine is about to be tested, and Mexico is the country which will bring about the test. The statement that the Powers have officially agreed to inqure of the Washington Government its intentions appears to be well founded. The United States must now outline a definite policy in regard to Mexico, or by failing to do so, furnish tacit approval of any steps the Powers might take to protect their interests in Mexico. In other words, the Monroe Doctrine must be lived up to or it must be repudiated. Washington's reply to the inquiry of the Powers will show which course is to be adopted.

Holland will build a fleet of nine dreadnoughts to protect the Dutch East India Islands. Holland is the home of the international peace tirbunal.---Hamilton Herald.

Medicine is a progressive science. It is now only 1,500 years since Hipocrates' time, and a cure for whooping cough is believed to be in sight. At least the specialists of Paris hope so.---Chicago News.

It will soon be time for the owners of fast horses hereabouts to commence training them for the speeding contests at the Comox Fair which takes place on Thursday and Friday Sept. 18 and 19 this year. The prize lists will soon be ready, when the secretary Mr. R. Carter jr. will be pleased to mail one to any intending exhibitor. This year the Fair will have an additional attraction. A Baltimore man, interested in the education of the young, recently visited a kingergarten in that city. After the first exercise, the visitor was asked to put a few questions to the pupils. To a boy of five the caller said:

"Have you ever seen a lion's skin?"

"Yes, sir," came in ringing tones from the youngster.

"And where" asked the visitor, impressed with the child's earnestness.

"On the lion," answered the boy.

Building Notes

The framework of the new addition to the Couatenay hotel is up already.

The timber and lumber are on the ground for McKean's new block. The excavating is all done and building operations will commence at once. J. W. McCann has the contract.

The work of moving S. Calhoun's building onto his lot in the orchard is a tedious one. It will take a day or two yet to get it into place.

"Cuddy" Johnston's new houses have been plastered and are now in the hands of the finishers.

Mr. Kirkwood's house in the orchard is about ready for occupation. A large load of new furniture arrived for it this week.

Excavating for the Royal Bank's new building was started on Monday. It will be a two story affairr 25 x 40, with commodious offices and vault downstairs. Upstairs there will be sitting and bedrooms for the siaff.

The Co-Operative Society's new butcher shop is nearing completion and will be very commodious.

The Riverside has just received its last coat of paint, and presents a handsome appearance. Besides the offices, dining and bar rooms there are 29 bedrooms, all of good size.

Work is progressing on the new Presbyterian Church.

Messrs. Duncan & Birch's new garage, with dwelling above, is completed, and presents a very handsome appearance.

O. H. Fechner has three cattages on the way on Isabel street. Mr. Fechner has purchased the old schoolhouse and intend moving it up beside the Palace Livery.

One day last week a fellow named Jess Major, a solicitor for Fletcher's music house, Nanaimo, struck town, got out of his car, walked up to Mr. Thomas, who was standing in the Riverside hotel, and deliberately struck him in the face three or four times, then told him that if he had him arrested or fined, he would beat him up every time he met him. This sort of thing may go in some parts of the country but it should not be allowed to go here. We have no brief for Mr. Thomas. Anyone who is guilty of an act like that, no matter what the provocation may have been, is a dangerous character and should not be allowed to go around unmuzzled. Neither of them are citizens of this place' and are here trying to sell foreign made pianos, and contribute nothing to our tax rate.—Another case where incorporation would help. This morning the case came before Magistrate Bates, who inflicted a fine of $20 and costs against Major, who was also bound over in two securities of $500 to keep the peace for six months.

Notice

Messrs. E. T. Cliffe and W. B. Higgins have purchased the Comox Livery Stables from Mr. John McKenzie, and will continue to carry on the business as formerly. Your patronage is solicited.
