PARADE IN HONOR OF LORD MAYOR

His Formal Introduction Into London In Accordance With Time-Honored Ceremony.

London, Nov. 9.—The time-honored Lord Mayor's show took place today, and the new lord mayor of London, W. Vaughan Morgan, was formally installed in office, succeeding Sir John Pound. The old established custom showed little sign of becoming obselete, and owing to the popularity of the new lord mayor and some unusual features in the street parade the occasion was the most interesting of recent years.

The procession started from the Guild hall at 10:30 a.m. The route to the royal courts of justice, where the formal installation took place, and was by way of Gresham street, Lothbury, Princess street, Mansion House, Cheapside, Queen street, Cannon street and Fleet street. All along the route the usual bunting and decorations were displayed.

A picturesque feature of the parade was the presence, in carriages, of a deputation of blue-coat boys from Horsham, with their masters, to signalize the close connection of the new lord mayor with Christ's hospital, of which he was once an inmate and for many years past the treasurer.

The procession included three cars, one emblamatical of l'entente cordiale, another of peace between Japan and Russia, and a third of the colonies, with special reference to Canada, the new lord mayor being a director of the Hudson Bay Company. The Cutlers' Company, of which Lord Mayor Morgan is a member, attended him in the procession. The procession included the usual military display. The cavalry escort comprised regiments stationed at Hounslow, one of the bands of the Household Cavalry, the mounted band of the Royal Artillery, and the City of London, (rough riders) yeomenry.

The decorations in front of the Guild hall were of the customary description. Arriving at the law courts the ancient ceremonies of installation were gone through as they have been for centuries past. The return to the Guild hall was by way of the Strand, Northumberland avenue, the Victoria embankment, Queen Victoria street and King street.

The scene at the annual banquet in the Guild hall this evening was a brilliant one. The huge oaken rafters were decorated with flags and bunting, the hall was brilliantly lighted, showing to the best advantage the glittering uniforms and the dresses and jewels of the women. The lord mayor sat at the south table, near the center of the room, with the sheriffs at his right and left, and the premier and other dignitaries of state coming next. Whitelaw Reid, the American ambassador, had a special seat of honor at the main table.

The new lord mayor is a member of the firm of Morgan Brothers, merchan's and newspaper proprietors. In addition to his Hudson's Bay directorship, he holds a prominent position in connection with some prominent Australian companies and other great commercial concerns. He was born in 1831, educated at Christ's hospital, and was in the banking business at Manchester till 1856, when he came to London and joined his brothers in commercial and banking enterprises. He is a Free Mason of many years' standing and a former grand treasurer of the grand lodge of England.

Lord Mayor Morgan has chosen for his chaplain the Rev. W. H. Horuby Steer, vicar of St. Phnlips, Lambeth. As the lord mayor is a bachelor the duties of lady mayoress will develve upon Mrs. Hornby Steer. She is well known throughout the metropolis for her activity in charitable work.

DISTRICT MINING NEWS.

Of Interest to Those Engaged in the Development of the Mining Industry.

The St. Eugene is the chief silver-lead shipping mine in the Kootenay.

James Finlay, manager of the Sullivan group of mines was in town last week. He states that the new diamond drill, recently installed, is working smoothly, and there seems to be no doubt but that a large amount of successful prospecting will be done with this drill.

The Bessemer group of iron claims are located on Ha Ha creek. Six claims comprise the group, which are owned by Cranbrook mining men. During the past week three new locations have been made. The ore body or dyke has been prospected on the surface over 2000 feet. It is the intention of the owners to thoroughly develop the property this winter. A tunnel will be run in from Ha Ha creek, which when completed, will tap the ore at a depth of 1800 feet. A cabin has been built for the accommodation of the miners, and winter supplies will be sent in this week.

Bombay Welcomes Royalty.

Bombay, Nov. 9:—The battleship Renown having on board the Prince and Princess of Wales reached here today. Everything was in readiness for a great welcome to the heir apparent and his consort. The appearance of the battleship was the signal for an exchange of salutes and a magnificient pyrotechnic display in which was shown in fire portraits of the Prince and Princess of Wales, King Edward and Queen Alexandra, Lord and Lady Minto and others.

The Prince and Princess of Wales are to stay in India until March, visiting the principal cities and native states, and receiving the chiefs and princes on behalf of King Edward. Lord Curzon of Kedleston, the retiring viceroy, will share with his successor, Lord Minto, the honors of receiving the royal party.

New Publication.

The newest publication along the Crow line which has reached us is the Lethbridge Herald, published by Fred Simpson and A. S. Bennett. It is independent in politics, bright and newsy, and a credit to its promoters. Long may the Herald reign, and put golden shekels into the pockets of its owners.

Drowned in Mission Lake.

A young Indian boy was drowned in Mission Lake Thursday.

The boy had been sent out to look for some horses or cattle, he took his skates with him. The supposition is that upon reaching the lake, which was covered with ice, put on his skates for a few minutes pleasure A hole in the ice, and the fact that the boy had taken his skates with him, furnished a clew to his disappearance. Searching parties were trying to recover the body during the afternoon, but were not successful.

KING EDWARD CELEBRATES BIRTHDAY

A Purely Family Affair at Sandrengham.

London, Nov. 9.—King Edward celebrates his sixty-fourth birthday today. As usual he spends the day quietly with his family at Sandrengham. The day is treated purely as a family affair, as officially the birthday of the king is invariably celebrated on some day in the early part of spring, specially designated for that purpose by the king. Letters and telegrams of congratulation were received by the king from all the crowned heads of Europe and rulers of foreign countries all over the world. The king also received the congratulations of the members of his family and of his intimate friends and the officials of his household. As usual on the king's birthday a large number of honors were bestowed upon distinguished men in England and the colonies.

Entertained by the F. O. E.

On Friday evening last, the F. O. E. gave their first social entertainment in the hall of the I. O. O. F. The president, J. Edgar Davis, took the chair, with a committee comprising Messrs. Musser, Black, Smith, Drew and Lind. Some 50 gentlemen took part in a whist tournament which was ultimately won by Mr. Harris, after a very hard contest. Light refreshments were then served, after which instrumental music and singing. At the conclusion the president, Mr. Davis, in a happy little speech, presented Mr. Harris with a neat case of gentlemen's toilet brushes. The harmonious evening was then closed by singing "God Save the King." We are given to understand that this is but the forerunner of many such pleasant evenings to be given by the F. O. E. during the coming winter. The efficient manner in which the committee worked conduced greatly to the success and enjoyment of the evening.

NO GRAFT PARTY.

Railway Men in Convention Nominate Candidates for Mayor and Aldermen.

The meeting of the railway men, which was held in Wentworth hall on Monday night was largely attended, there being about 250 citizens who responded to the call of the committee.

The meeting was called to order by DeVere Hunt, chairman, and C. A. Abbott acted as secretary. Chairman Hunt in a brief speech, explained the reasons for calling the meeting, and then declared it was in order to nominate candidates for mayor.

D. E. Murphy was first nominated. Mr. Murphy declined the nomination, and nominated G. T Rogers. Thos. Cavin seconded the nomination.

J. McNab nominated Alex. Moffatt, and A. C. Abbott placed in nomination the name of J. D. McBride.

For Aldermen. T. S. Gill, nominated C. D. McNab. Thos. Cavin presented the name of James Ryan. A. McCowan nominated J. Jackson, and W. Walton stood sponser for H. Hickenbotham, H. Stewart nominated James Greer, R. Moffat named J. P. Fink. Mr. McEarchen the name of DeVere Hunt, J. McNab nominated D. E. Murphy, Mr. English the name of T. Worden, who declined. The name of G. Tisdale was also placed in nomination.

Nominations for aldermen were closed, and J. A. Harvey was called upon to address the meeting. Mr. Harvey in a very appropriate and earnest speech advocated the selection of candidates and their election by acclamation, in order to save the cost of an election, also from the fact that good men had been nominated. G T. Rogers candidate for mayor then addressed the convention, followed by candidate J. D. McBride. The following citizens and voters were then called upon and responded with timely and well chosen remarks: Dr. Connolly, Thos Cavin, Rev. J. P. Westman J. Hutchison and A. McCowan.

In his closing remarks the chairman said: "that the name of ticket nominated would be the 'No Graft Party' which was received by his hearers with considerable applause. The convention then adjourned.

Sitting of County Court.

His Honor Judge Wilson held court for the first time in Cranbrook Tuesday. Mr. Wilson is a graduate of the Toronto University and Osgood Hall. During the past few years Judge Wilson had been a partner of W. A. Galliher at Nelson. He is a young man of 33 years, and has a useful life before him and The Prospector wishes that he may long enjoy a life of so much usefulness and honor.

There were on the docket 22 cases of a civil nature, two criminal cases were tried. Thos McKee who had appropriated a large quantity of W. H. Wilson's jewelry, got five months hard labor in Nelson jail. Chas. Delaney who was charged with attempting to burglarise W. H. Wilson's store, got a sentence of twelve months.

Voters List to Close.

There has been many rumors in circulation as to the time of closing the voters list. The following telegram received on Friday by the returning officer, T. M. Roberts, will be read with interest by those seeking to have their names placed on the list:

"T. M. Roberts, Cranbrook, B.C.—Municipal Election Act does not specify time for closing voters list at first election. If poll is held, would suggest closing list at 4 o'clock on the afternoon of the twenty-first.

FRED J. FULLTON,
Provincial Secretay.

MINERS ARE IN DEMAND

St. Eugene is Rushing Things—Will be Running in Full Force By December First.

Within ten days or two week's time a full force of 300 men will again be working at the St Eugene. This means that between now and that date upwards of 150 men, mostly miners, will be put to work. Miners seem to be scarce, but it is thought there will be no difficulty in getting the required number. The mill will start up and shipping will be commenced about December 1st.

The new shaft house and framing shed are being rushed to completion as fast as carpenters can do the work. The shaft house is 40x200 feet, and the gallows frame will be 80 feet in height. The framing shed is 30 feet wide and 60 feet long. The new buildings are larger, more convenient and in every way superior to the ones which were destroyed by fire some three weeks ago.

The new tunnel which was started some time ago is now in a distance of about 200 feet, and the lead has been struck. This tunnel is between the 1100 foot level of the Moyie and the 1500 foot level of the Lake Shore property.

Work on the Lake Shore shaft will be commenced in about a week's time. Moyie Leader.

The Corporation of the City of Cranbrook.

THE editorial felicitations in this week's journals are more than ordinarily cordial and happy in their tone, giving further evidence of the remarkable hold King Edward has upon the affections of his people. Some of the papers take occasion to point out the marvelous personal influence which His Majesty exerts not only throughout the British Empire but in other parts of the world. Mention is made of the influence the King had in the settlement of the late war in the far East and it is broadly hinted that the present liberal reforms in Russia are due in no small measure to the personal influence of advice of King Edward, for whom the Czar entertains the highest regard. The King has also played his part in the happy ending of the troubles in the Scandinavian peninsula, it being due almost entirely to his persuasions that his son-in-law, Prince Charles of Denmark has agreed to accept the offer of the Norwegian throne.

An election will be held on Wednesday, November 22nd., in Cranbrook to fill the offices of municipality. The campaign preceding the contest at the polls will be the first in the history of Cranbrook, and the result will be watched with keen interest by all who have the welfare of the city at heart.

Now that the day for nominating a city council draws near it behoves every citizen, who has a vote at the first municipal election to weigh well the qualifications, as well as the many arguments put forward by opposing candidates so as to be able to cast an intelligent vote on election day for the men who will do the most good towards furthering the interests of our city of Cranbrook.

• • •

While in Cranbrook there are a large number of citizens who possess and feel a deep interest in the result of the municipal contest, there is no real outward manifestation of that interest. This is due to the fact that a great number of citizens are rendered incapable of actual participation in the contest on account of the property qualification of a voter at a first municipal election.

Cranbrook Might Imitate This.

Indianapolis, Ind., Nov. 7--An election, unique in the history of Indiana, is being held today in the little city of Tipton to fill the offices of the municipality The campaign preceding the contest at the polls was so novel that the result of the experiment is being watched with keen interest by politicians as well as reformers.

For many years there has been a clamor for reform in campaigns in Indiana. The system of casting and safeguarding the ballot was somewhat improved by the Australian election law, but the corruption of the voters has increased to such a deplorable degree that the Governor in his latest message to the legislature called attention to it.

The legislature enacted a law to punish the vote buyer as well as the seller, but a similar regulation a few years ago did not bring about a reform, as it merely caused the parties to the transaction to be more careful.

But at Tipton, a county seat of nearly 4,000 population, an agreement was reached that may give the reformers a glimpse of the ideal election. No money except for legitimate expenses was spent in the campaign just closed, every candidate having pledged his word that he would not even buy a cigar to influence a voter.

The understanding was that absolutely no effort was to be made with money to get out the vote of either party, and according to report the agreement is being rigidly kept. No conveyances were employed today to bring voters to the polls, except as were necessary in cases of sickness or physical disability. The candidates of both parties assembled at an appointed place at 6 o'clock this morning and marched to the polling places. When all had voted they returned to the public square with the understanding that they were to keep together until the polls close this evening. The plan is regarded as the best test of practical reform ever witnessed in this state and the outcome is awaited with much interest.
